from the School

STUDENT FEEDBACK

Thank you. It’s good to get connected to other students and networking with organisations, companies.

It was a great day where I learnt a lot of beneficial information.

Thank you for providing such great opportunity for us to become better future teachers.

BEST COMPONENT OF THE CONFERENCE?

TOP RATED WORKSHOPS

- Top Rated Overall
- Graduate Teaching Panel

- Early Childhood:
- Pedagogy in the digital age
 - Sustainability: Into the Food Forrest

- Primary:
- Using literature in the Early Childhood setting/classroom
 - Non-verbal communication

- Secondary:
- Innovative approaches to teaching HSIE subjects
 - Behaviour Management

RECOMMENDATIONS

- Use a centralised communication platform, such as a Teams App, for real-time updates and coordination among staff, presenters, and attendees. This can help in managing schedule changes and addressing logistical issues promptly.
- Avoid sharing the event schedule too early to prevent confusion. Instead, direct participants to a website with the most current version and print the final schedule on the day of the event OR revisit the option of a dedicated conference app that provides schedules, speaker bios, session details, and allows for instant feedback and communication.
- All workshop sessions received excellent reviews from students.
- Students expressed that the event duration was lengthy, in particular the first session in the auditorium.
- Maps for students to navigate their way around the campus to reduce confusion and ensure workshop sessions run on time.
