

# INVITATION

## SOIL BIOLOGY

### MASTERCLASS 2022

Incorporating soil health and biology with management practices to sustainably increase productivity and profitability.

Monday 8 and Tuesday 9 August

**VENUE:** Building R6,  
Hawkesbury Campus

**REGISTRATION:** \$395.00

For growers, consultants,  
and agronomists

The 2-day soil biology masterclass will provide you with the core knowledge and principles to assist in incorporating soil biology and health in management practices to sustainably increase productivity and profitability.

- Gain an in-depth understanding of the latest research in soil biology and health, the role of microbes in nutrient availability for plant growth and resistance against disease and pests.
- Learn about the future direction of research, technologies and practices.
- Network with our guest presenter and expert researchers.
- The Masterclass is not run for profit. The registration fee recovers the cost of bus transfers, site tour, and all workshop catering for both days, as well as a networking dinner.
