

Barriers to Research

Prof. Barney Glover, Vice-Chancellor

Prof. Scott Holmes, DVC (Research & Development)

A/Prof. Paul Wormell, Chair of Academic Senate

Schedule

9.30am Introduction and Welcome

9.35am Opening Presentations

10.00am Table discussion

11.00am Short report back from each table

11.20am Summary and discussion of next steps.

Report to University Executive and Senate.

Morning tea will be available.

Table Discussion

- Please identify your recorder and reporter.
- Discuss any over-arching questions from the question and answer session.
- Focus on two or more questions from the sheet, but broader discussion is welcome.
- Two-minute report from each table, but please send/hand detailed notes to Gill Brown (email: gillian.brown@uws.edu.au).

Some Questions

What are the barriers that have the most impact on achieving research goals?

- Are they institutional or are they individual?
- Or a combination of both?
- How do we build effective research teams within UWS and with external partners?
- What would be the most effective approach to fruitful and longstanding international partnerships?
- If there is one thing you could change tomorrow what would it be?
