

LATE START REQUEST FORM

For commencing international students only

Note: A request to start classes late will only be considered under special circumstances. If approved, the maximum period will be one week only from the course start date indicated on your Confirmation of Enrolment (CoE). A late start is not permitted for some courses under any circumstances.

Have you submitted your application for a visa? Yes No

If "Yes," date of visa application submission?

When will you submit your application for a visa?

When will you be available to start?

Students should seriously consider the potential academic and financial impact of starting classes late. It may be in your best interests to defer your start to the next intake to avoid the problems associated with trying to catch up with missed classes.

If you are unable to commence on the approved late start date, you will not be permitted to enrol and will have to defer your commencement to the next intake.
