

16th June 2023

Integrated Projects - Your Key to Success!

Integrated Projects, the leading experts in hospitality projects, are on the lookout for a part-time Site Engineer to join their team for an exciting new project in Penrith. This site-based opportunity guarantees a minimum commitment of one year, providing invaluable hands-on experience for local students.

You will be working four days a week, starting bright and early at 7 am. Collaborating with tradesmen, taking on tasks assigned by the Site Manager.

So, if you're an organised wiz, known for your reliability, excellent communication, and tech-savvy nature, then Integrated Projects want to hear from you! Don't miss this chance to thrive in the thriving commercial construction industry.

Engineering and Construction Management students are encouraged to apply!

Interchange yourself and the world

Are you a current international student? Have you identified gaps in your resume? Are you looking for opportunities to gain experience, network & build transferrable employability skills?

We have the perfect opportunity for you!

Interchange is an exciting employability challenge that will introduce you to the world of entrepreneurship & innovation. Best of all, there is no previous experience required. This is a fantastic way to build career confidence whilst collaborating with professionals & students from a range of educational institutions.

The 2023 Interchange themes include: ChatGPT & Artificial Intelligence, Sustainability, Friends & Networks, Smart Cities & or a Passion Project. But hurry, as applications close on 23rd June, and places are strictly limited!

Set Sail as a Junior Digital Marketer

Do you want to gain valuable experience while getting paid and putting your studies into practice? Webbe Marine, a Multi Award Winning Marine Dealership in Kirrawee, has an exciting opportunity for you!

Webbe Marine is looking for a talented student to join their team and help enhance their online presence. This casual position offers flexibility to work around your schedule, including the ability to work from home.

You will be responsible for developing engaging content for social media, implementing content initiatives, tracking digital strategy, creating and editing video content, and updating the website. Proficiency in Microsoft Office, Adobe Creative Suite, and front-end web development is desired, along with knowledge of social media platforms and digital communication. While a marine industry background is not essential, it would be advantageous.

So, if you are enthusiastic, self-motivated, and ready for a hands-on experience in a fun and safe environment, apply now to join Webbe Marine!

Please Note: This position is full-time hours and the ideal candidate would have their own transportation.
