PLEASE NOTE: The term "EFTSL" refers to Equivalent Full Time Student Load. 1 EFTSL at Western Sydney University is equivalent to one full time year as a research student. At Western Sydney, a research student's load and progress is measured in EFTSL, not credit points. The availability of some research units of study may be subject to demand. Research fees are reviewed each calendar year and may increase accordingly.

For further information on fees and charges please refer to the Western Sydney University Policies and Procedures Directory and also Western Sydney website at www.westernsydney.edu.au/fees

The term "Tuition Fees" refers to course fees paid by higher degree research (HDR) students for the attendance pattern and discipline area in which they are enrolled. Please note that "Tuition Fees" do not include other expenses associated with the university study such as books, equipment, accomodation and living expenses.

The minimum periods of research candidature are one year for Master Honours students and three years for Doctoral students. The maximum periods are two years and four years for Master Honours and Doctoral respectively.
