

Translational Health Research Institute (THRI) Digital Health Showcase

Digital Health: Harnessing technology, big data and systems science to enhance population health

THRI invites all computer scientists, biostatisticians, epidemiologists, and public health researchers across the University to showcase current research and identify potential collaborations in the application of technology, data science, big data, and systems science methods to population health problems.

Date: Friday 23 February

Time: 9am – 12:15pm

Where: Parramatta South - PS-EA.1.28 (CLS)

RSVP: <https://www.eventbrite.com.au/e/thri-digital-health-showcase-tickets-43114996114?aff=eac2>

Program

9am Welcome and Introductions

9:10 Dr Anupama Ginige – School of Computing, Engineering & Mathematics, WSU
'Information Systems Development for Fully-online Large Scale RCT Management System'

9:40 Prof. Andrew Page – Chair of Epidemiology, WSU
'Current projects in suicide prevention.'

10:10 Morning Tea and Networking

10:30 Dr Jo-An Atkinson – Director Decision Analytics, Sax Institute
'Co-development of interactive decision support tools for health policy and planning.'

11:00 Dr Bahman Javadi & Professor Athula Ginige – SCEM, WSU
'Empowering Population Health Service Providers and Users through Actionable Information'

11:30 Group discussion and Panel – Opportunities and Directions

12:15 Concludes
