

WESTERN SYDNEY UNIVERSITY

STUDENT MASK FIT TESTS

**STUDENTS CAN BOOK MASK FIT TESTS FROM THE PROVIDERS BELOW.
COSTS ARE TO BE MET BY STUDENTS.**

All students are required to have evidence of valid mask fit testing (MFT) throughout their program. This is a student's responsibility. Students without valid evidence may have their placements impacted. There are a number of health facilities and wards where MFT is compulsory and a placement may be cancelled if you do not have valid evidence.

The [Clinical Excellence Commission Respiratory Protection Program](#) states that Health Care workers should be re-tested annually, but no longer than 18 months.

- Students are encouraged to research their own private Mask Fit Testing providers.
- The provider needs to offer the quantitative fit test method.
- It is a student's responsibility to maintain valid Mask Fit testing evidence throughout their program.
- After you have had a Mask Fit Test, complete the [Mask Fit Submission WesternNowForm](#)
- Mask Fit testing undertaken by your employer can be used as evidence of your test.
