

SYDNEY SCIENCE FESTIVAL

**IMPROVING COMMUNITY
HEALTH THROUGH
COLLABORATION**

How can we use sport as a tool to promote health?
How can we use churches as a setting to tackle diabetes?
Have you ever wondered how to do more to promote healthy
ageing, cancer screening or health service engagement?

DATE

Friday 9 August 2019

1-5pm

VENUE

Janice Reid Pavilion
Parramatta South Campus
Western Sydney University
171 Victoria Rd, Parramatta NSW 2150

RSVP

Registration is essential as places are limited.

RSVP by Friday 2 August

<https://sydney-science.com.au/2019/event/collaborating-on-improving-community-health/>

Join us at Western Sydney University's Parramatta South campus where, as part of Sydney Science Festival, we showcase Western Sydney University's collaborative and innovative approaches to improving health and wellbeing.
