Duration: 2 mins 27 secs - ASR AUD 22,676 - National - Australia - ID: M00053740144

Ed Husic, Federal Labor MP, has been attacked for using the Koran whilst being sworn in as a Parliamentary Secretary, with some social media users calling it un-Australian. Tony Abbott, Federal Opposition Leader, and others have supported him. Kevin Dunn, University of Western Sydney, says many people believe this is a Christian nation. The Cronulla riots were eight years ago, but many say there is still a long way to go for multiculturalism.
