

Invitation Dutch TCM Congress 2021

Dear Australian congress partner member,

Registration is open! For the 4th year in a row, we are bubbling with energy for the organisation of the Dutch TCM Congress.

It will be a completely virtual event taking place on Saturday 6 and Sunday 7 November 2021. Reserve these dates in your agenda and make sure you don't miss a thing!

The theme of 2021 is "Health, We All Count!"

With this year's theme, "Health, We All Count", we strive for inclusiveness in the health care system. Instead of emphasising regular medicine vs alternative medicine, western medicine vs eastern medicine, or modern medicine vs traditional medicine, we focus on medicine from all health professionals that brings health and well-being to mankind.

The program is filled with national and international experts, each of whom will share their valuable TCM knowledge with you from their own discipline. The topic 'Health' will be highlighted from various disciplines including herbal medicine, acupuncture, tuina, shiatsu, qigong and many more. A diverse and fascinating 2-day programme to expand your TCM knowledge with useful information and practical skills.

Varied virtual program

Saturday, 6 November: Plenary session with **11 lectures** (of 30 min.) by renowned international TCM experts. Program from 09:00-17:30h

Sunday, 7 November: The program consists of **3 parallel forums** where workshops/lectures are given. **You will choose 1 forum** with a choice of: Dutch Language Forum/ English Language Forum/ Chinese Language Forum. Program from 09:00-17:30h

Special offer for you as member of our Australian congress partner
