**WE ARE
WESTERN
SYDNEY**

Located in the heart of one of Australia's fastest growing economic regions, Western Sydney University offers unlimited potential to students with the talent, drive and ambition to succeed.

Western Sydney is an exciting place to be. As the nation's third largest economy, and one of the fastest growing population and employment centres, it is an increasingly important, dynamic and culturally diverse hub of business, industry and innovation.

With a large multicultural population of more than two million people from 170 nations, Western Sydney's global links are creating unlimited opportunities for international business, investment, education and cultural exchange.

Ranked amongst the top two per cent of universities in the world, Western Sydney University values academic excellence, integrity and the pursuit of knowledge. We are globally focused, research led and committed to making a positive impact on the communities we engage with.

Your success starts here.

WESTERN'S HSC TRUE REWARD EARLY OFFER PROGRAM.

WE SEE THE AWESOME IN YOU.

Most people are good at something. What's your passion? Do you excel at English literature? Are you a mental mathematician? An advocate for social justice? A designer extraordinaire? Do you breathe foreign languages?

It's important to acknowledge and play to your strengths because, ultimately, your strengths will determine your future. This is the premise behind Western Sydney University's HSC True Reward - a unique early offer program that recognises the strengths of each individual.

True Reward offers you a place at Western before you receive your ATAR, on the basis of relevant HSC subject results. Why? Because at Western we recognise that too often, the ATAR system overlooks natural strengths and talent.

At Western, we see the awesome in you. We recognise that you are much more than your ATAR. True Reward focuses on the scores that reflect your strong points.

True Reward is a better system. It's a more equitable system. It's a system that makes sense.

True Reward acknowledges the idea that if you're good at something, you're just what Western is looking for.

WHY STUDY AT WESTERN SYDNEY?

→ A BUSINESS DEGREE WITH A MAJOR DIFFERENCE

With our revamped Bachelor of Business you're the boss. Start your major in your first year of study. Combine business units with majors and electives from across the whole university for a more diverse and adaptive skill set. Mix theory with real world industry projects. Get a firm foundation in the emerging thinking in leadership, innovation, entrepreneurship, enterprise law and markets. Gain industry specific accreditation from Australia's leading institutions. And tailor your degree to suit the career you want.

→ CONTEMPORARY CURRICULUM

With modern unit choices and materials, industry-based projects and placements, a flexible course structure, and a balance of theory and practical field studies, you will have the best preparation to be career-ready when you enter the world of business.

→ LEARN IN SPACES THAT USE CUTTING EDGE TECHNOLOGY

Most of our courses are delivered at the new Parramatta City campus. Located at One Parramatta Square, the campus offers the latest in high-tech learning and teaching facilities.

→ GAIN REAL-WORLD EXPERIENCE

Industry experts are invited to present case studies related to particular contemporary issues within various business disciplines. Our students will have access to local work experience opportunities and get involved in projects relevant to their business discipline with organisations located in the Western Sydney region.

→ PROFESSIONAL RECOGNITION

Our courses are developed in consultation with leading industry practitioners and an external advisory board to ensure you have the skills you need to be competitive in today's workplace. For example, industry feedback on the need for graduates to be able to solve problems using a holistic business perspective rather than a narrow discipline approach, has been utilised in the design of our Business degrees.

→ PRACTICAL LEARNING

Our Business programs give you a practical approach to learning, while also improving skills and performance. We expect our graduates will finish their degrees being 'business-ready', with not only the practical knowledge and skills but also the experience of what it is like to work within their discipline, addressing real-world problems and developing solutions.

→ LIFT YOUR PROFILE

Learn from academics with a high international profile, who are experts in their fields, and gain accreditation from leading Australian industry organisations. Take advantage of international work experience opportunities, and get involved in our active research program.

→ FREE DIGITAL TEXTBOOKS

Western was the first university to provide all the digital textbooks for your first year units for free. We are pleased to be offering the benefit of free digital textbooks for first year units to students once again in 2019! That's up to \$800 in value. Why? Because money shouldn't stand between you and opportunity. Discover more about free digital textbooks at westernsydney.edu.au/textbooks

Note: Part-time refers to study load, not to timetabling of evening classes.

Completing the Bachelor of Business (Advanced Business Leadership) degree gives you a competitive business edge. Entry to the program is exclusively for high-achieving students, and will challenge you to build on your current academic successes. Through design thinking and reflective learning, this degree aims to transform today's brightest business minds into tomorrow's adaptable, innovative, entrepreneurial and enterprising leaders.

Throughout your degree, you will be personally mentored by leading business academics and industry practitioners so that you have the critical knowledge and skills required to manage the complexities of contemporary businesses and their emerging local and global contexts.

CORE UNITS AND ELECTIVES

The multidisciplinary degree provides flexibility and choice, allowing you to select your primary business discipline from three professional streams. Each stream is organised around a broad theme: money (accounting, economics, applied finance, property), markets (marketing, international business, hospitality management, sport management), and management (human resource management, management).

These units will enable individual career planning, innovation exploration, refined applied business techniques, and engage students in a capstone unit that explores enterprise futures in an applied and integrated model of learning specific to a professional discipline context.

Additionally, our students in the Advanced Business Leadership program are required to complete four compulsory core leadership units: Advanced Business Seminars; Frontiers of Business Theory and Analysis; Business Leadership; and Entrepreneurial Team. You will also choose four electives from Business disciplines or other courses offered by Western Sydney University.

For detailed information about the course structure and units, visit westernsydney.edu.au/future

PRACTICAL EXPERIENCE

All our students are encouraged to independently gain practical experience in order to enhance their knowledge and skills in a variety of enterprise contexts. Our students also have the opportunity to take up paid and unpaid internships with an industry and community organisation. Opportunities for overseas study tours and international internships are available. These practical experiences serve as an invaluable stepping stone to future employment opportunities.

PROFESSIONAL RECOGNITION

Professional recognition is associated with several majors (see detailed information regarding majors via the Bachelor of Business course). The available majors are:

- Accounting
- Applied Finance
- Economics
- Hospitality Management
- Human Resource Management
- International Business
- Management
- Marketing
- Property
- Sport Management.

FURTHER STUDIES

Advanced studies through the Master of Research course are available to our high-achieving students. Information and details on how to apply for the Master of Research will be provided to you as you progress through your Bachelor degree, or you can find out more at westernsydney.edu.au/research

The Bachelor of Accounting at Western Sydney University is unique in its scope and coverage, offering a qualification in accounting and, in combination with available specialisations, in financial planning, taxation, and financial planning and taxation.

PROFESSIONAL ACCREDITATION

The course is accredited with, and satisfies the pre-admission educational requirements for, membership of CPA Australia (CPA), Chartered Accountants Australia and New Zealand (CAANZ) and the Institute of Public Accountants (IPA). On successful completion of both the Financial Planning and the Taxation specialisations, students will have satisfied eligibility requirements for Financial Planner FPA membership, as well as educational requirements for entry into the CFP® Certification Program of FPA. This course also meets the RG146 generic knowledge requirements, specialist knowledge requirements and skills requirements as they currently stand. Details regarding RG146 requirements are available via the University Handbook. In addition, by completing available specialisations within the program, students are expected to satisfy the tertiary qualifications requirements to register as a Tax (Financial) Adviser with the Tax Practitioners Board (TPB) (application for recognition by this professional body is in progress).

CPA, ICAA, IPA and FPA all have additional educational requirements for full membership, and those applying for membership must also complete relevant work experience. TPB has similar work experience requirements.

CORE UNITS AND ELECTIVES

Principles of Economics; Accounting Information for Managers; Enterprise Law; Statistics for Business; Financial Accounting Applications; Management Accounting Fundamentals; Corporate Financial Management; Intermediate Financial Accounting; Contemporary Management Accounting; Law of Business Organisations; Corporate Accounting Systems; Taxation Law; Accounting Information Systems; Advanced Accounting; Auditing and Assurance Services; and The Accountant as a Consultant, plus eight approved elective units.

Financial Planning major: Insurance Advising – Theory and Practice; Retirement and Succession Planning; Financial Planning; Principles of Economics; Enterprise Law; Law of Business Organisations; Taxation Law; Personal Asset Management.

Taxation major: Principles of Economics; Enterprise Law; Law of Business Organisations; Financial Services Law; Retirement and Succession Planning; Taxation Law; Self-Managed Superannuation and Trusts; Advanced Taxation Law.

Financial Planning and Taxation major: This major combines units from both the Financial Planning major and the Taxation major. This major provides opportunity for our students to extend their qualification and professional recognition in accounting, financial planning and taxation.

CAREER OPPORTUNITIES

Accounting knowledge is essential in business, as all managers and executives must understand the importance and significance of accounting reports. Professional accreditation adds to the value of the qualification. Financial planning as a profession is growing in importance and the added skills provided by this program complement the accounting core. Taxation knowledge is integral to both accounting and financial planning.

Examples include employment in public practice; assisting clients by providing business, financial planning and taxation advice; auditing and assurance services; and consultancy work in areas such as financial planning, taxation and accounting. Graduates can also work as systems accountants, management accountants, auditors, or financial accountants and financial controllers in commercial enterprises, government and non-profit organisations.

To succeed in business, individuals must possess both the knowledge and know-how to create opportunities for professional advancement and the development of original and exciting initiatives. This degree aims to harness your energy and passion for success by focusing on your career and the future of enterprises in a range of contexts.

Whether you wish to start your own business or pursue a corporate role in a global enterprise, this course provides the necessary skills to allow for adaptability, expertise and innovation. By providing an enriched program that utilises design thinking and work-integrated learning, this degree will embrace your entrepreneurial spirit to enable you to kick-start your business career.

CORE UNITS AND ELECTIVES

The course consists of four interdisciplinary core units; four themed professional core units. Students may use their remaining eight units to undertake electives – this may include a second major.

As business students, it is imperative to have a clear understanding of how enterprises operate. It is also essential to adopt specific numeracy, literacy, diagnostic and legal skills to enable industry analysis and effective decision-making. This course begins with four key areas of business basics: Financing Enterprises; Enterprise Innovation and Markets; Enterprise Leadership; and Enterprise Law. These units will provide the foundation knowledge for all majors, as well as incorporating introductory academic tools to assist with ongoing study in the degree.

As a future business owner or corporate leader, it is crucial that you focus on your own professional development. All students will undertake a professional stream of study that will improve their employability by developing personal skills and an appreciation for the demands of the 'real world'.

There are three professional streams for students to choose from – each stream is organised around a broad theme: money (accounting, economics, applied finance, property), markets (marketing, international business, hospitality management, sport

management) and management (human resource management, management). These units will enable individual career planning, innovation exploration, refined applied business techniques, and engagement in a capstone unit that explores enterprise futures in an applied and integrated model of learning specific to a professional discipline context.

PRACTICAL EXPERIENCE

All our students are encouraged to independently gain practical experience in order to enhance their knowledge and skills in a variety of enterprise contexts. Our students also have the opportunity to take up paid and unpaid internships with industry and community organisations. Opportunities for overseas study tours and international internships are available. These practical experiences serve as an invaluable stepping stone to future employment opportunities.

Good accountants understand numbers. Great accountants understand how to think creatively, apply innovative solutions to everyday problems and develop trusting, long-lasting business relationships.

The Western Sydney University Accounting major teaches you to be a great accountant. This major offers a broad approach to provide you with an in-depth knowledge of accounting, supported by solid knowledge in relevant areas, such as law, economics, marketing, information systems, management, applied finance and statistics. We place particular emphasis on the development of the technical and personal skills you will need to have as a business and financial professional.

CORE UNITS AND ELECTIVES

To graduate with a Bachelor of Business (Accounting), you will be required to complete 24 units. All our students are required to complete the core units of the Bachelor of Business.

In addition to the core units referred to above, as a part of the Accounting major that meets professional requirements, you will complete Financial Accounting Applications; Intermediate Financial Accounting; Corporate Accounting Systems; Advanced Accounting; Management Accounting Fundamentals; Contemporary Management Accounting; Accounting Information for Managers; The Accountant as a Consultant; Accounting Information Systems; Corporate Financial Management; Law of Business Organisations; Taxation Law; and Auditing and Assurance Services.

Students entering the program with advanced standing based upon prior studies must consult with an Academic Course Advisor for Accounting, as the requirements for membership of the Australian professional accounting bodies reduces the number of 'free' electives available.

There are four 'free' electives within the Bachelor of Business Accounting major due to the four 'professional' electives required for accreditation. The 'free' electives may be chosen from other courses offered by Western Sydney University. For detailed information about the course structure and units, visit westernsydney.edu.au/future

INDIGENOUS AUSTRALIAN STUDIES

Enrolment in the Indigenous Australian Studies (IAS) major, sub-major or units is available to all undergraduate students who have open electives. For more information visit westernsydney.edu.au/future or refer to the University Handbook.

A major in Economics prepares you to be an active participant in addressing the wide range of problems faced by governments, social organisations and the business community in the domestic and international economies.

The world's commercial and political systems affect the quality of life and standard of living of every single person on the planet. If you would like to play a part in the workings of these systems, and have an impact on their outcomes, a major in Economics is the ideal choice.

At Western Sydney University the study of economics introduces our students to the application of economic analysis and to issues affecting both the business sector and a range of government institutions. Our students learn how economies function and how public policy and the way organisations behave affects diverse social, economic and environmental problems.

Also, you will be introduced to a wide array of competing economic theories, so that you are critically informed about the ways in which they can transform the world.

Our students can expect to develop their analytical and problem-solving skills. For example, you will develop the capacity to apply modern statistical techniques, and also to critically examine issues from multiple theoretical perspectives.

An Economics major is highly regarded in the business world and opens up a very large range of career prospects in general business, banking, finance and the public sector.

CORE UNITS AND ELECTIVES

To graduate with a Bachelor of Business (Economics), you will be required to complete 24 units. All students are required to complete the core units of the Bachelor of Business.

The best product or service in the world will only sell if marketed intelligently, and that requires far more than just advertising. Marketing is a much larger, more comprehensive field, requiring a detailed understanding of customers, competitors and other stakeholders, as well as their influences, needs and strategies.

To succeed in marketing, you need a head for business and an understanding of people and management. The Bachelor of Business with a major in Marketing will give you exactly that. The course will provide you with a strong foundation in business, combined with an in-depth knowledge of marketing. You are also able to choose electives to suit your personal career goals. The course is aimed at producing graduates who are well-versed in the increasingly complex economic, social and technological forces affecting modern marketing.

Although sport provides entertainment and excitement to millions around the world, it is important to remember that the sporting event itself is just the tip of the iceberg. Behind the scenes, there is an entire industry and, like any other industry, the sport industry needs first-class management.

The Bachelor of Business with a major in Sport Management combines management skills with a specific sport focus. This combination is rare in the market, and such skills are in high demand in the areas of event management, sport venue management, and the management of athletes and sporting teams.

The course provides a coherent, broad, business-based program, with advanced in-depth development of the functions required of a practising sport management professional. It also equips graduates with the skills, knowledge and attitudes to enhance, support and encourage healthy lifestyles through sport, including elite sport, rehabilitation or social activities. The course has been developed in close consultation with the industry's emerging professional association and is well suited to equip students with the real-life education required for them to contribute effectively to the development of a dynamic industry.

CORE UNITS AND ELECTIVES

To graduate with a Bachelor of Business (Sport Management), you will be required to complete 24 units. All students are required to complete the core units of the Bachelor of Business.

PRACTICAL EXPERIENCE

The Sport Management major includes a number of units that provide students with interaction with industry partners, providing valuable insight and networking opportunities. This culminates in an engaged unit of study in the final semester of study, in which students work on an industry-based problem. All of our students are encouraged to independently gain work experience in order to enhance their practical skills and career prospects.

CAREER OPPORTUNITIES

As a Sport Management graduate, you may find employment at all levels of government and community engagement, as well as within the private sector for both commercial and non-commercial organisations. Graduates with management skills are keenly sought, and those with knowledge specific to the sport arena are rare.

Opportunities exist to manage events, venues, organisations, teams and/or individuals.

Key: B = Bachelor of; F = Full-time; N/A = Not applicable, alternative entry.

The Bachelor of Business (Pathway to Teaching Secondary) is a three year degree that brings together a comprehensive foundation of business knowledge and skills to teach effectively across the full curriculum range at secondary school level.

Business units are designed to equip you with foundation knowledge in Accounting, Marketing, Management, International Business and Economics. Education units are broadly structured so you can investigate and critique contemporary education issues.

You will also be provided with the opportunity to study additional subject content units in either Modern History or Geography and Urban Studies, depending on your interest.

This degree leads into a Master of Teaching (Secondary), an accredited postgraduate qualification which presents opportunities for employment across Australia as well as internationally.

CORE UNITS AND ELECTIVES

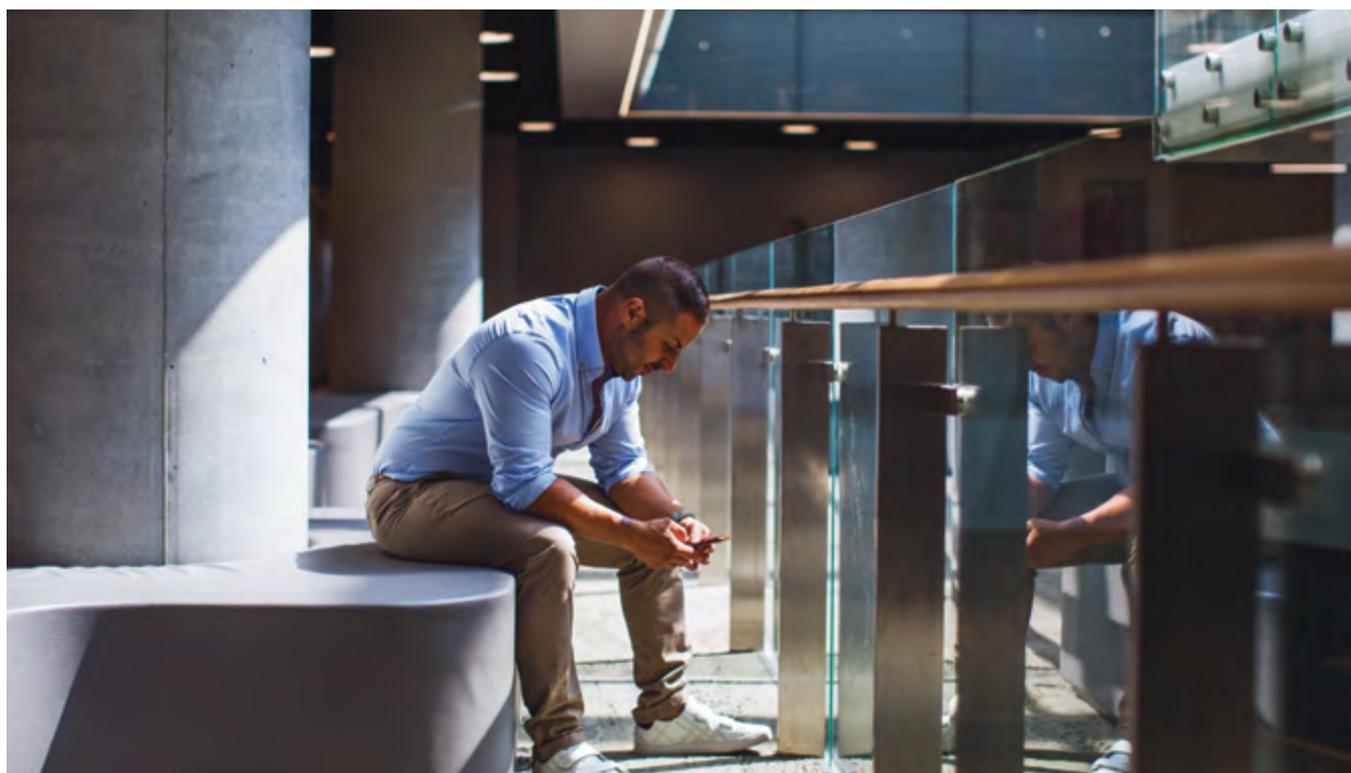

To graduate with a Bachelor of Business Pathway to Teaching (Secondary), you will be required to complete 24 units (240 credit points) which include four core units plus four professional units and two majors – Business Studies and Secondary Teaching. These units of study are structured to gain the necessary learning areas to satisfy the NSW Education Standards Authority discipline knowledge requirements for entry into teaching.

You must successfully complete four core units: Enterprise Law, Financing Enterprises, Enterprise Innovation and Markets and Enterprise Leadership.

In addition you will need to complete one unit from each of the four professional key focus areas: numeracy, career planning, innovation and enterprise engagement.

CAREER OPPORTUNITIES

As well as being equipped with the necessary elements of an initial teacher qualification, you will be prepared for professional work in a business environment and associated alternate employment opportunities in accounting, marketing, management, international business and economics.

Bachelor of Applied Leadership and Critical Thinking

When you enrol in an advanced degree at Western Sydney University, you also qualify for the Bachelor of Applied Leadership and Critical Thinking. This degree is designed to be undertaken in combination with any Bachelor degree.

It focuses on ethical leadership, creativity and innovation, the capacity to deal with complex issues, relationships, and critical thinking skills. You will learn to think from multiple perspectives, see and create opportunities, and bring creative, cooperative, and ethical leadership to your future role in the workplace – even if that role is, as yet, unimagined. This unique degree can be taken in combination with a cross-section of Bachelor degrees, including Business.

Note: The Bachelor of Applied Leadership and Critical Thinking is not a stand-alone degree. It can only be taken in combination with an existing Bachelor degree. Students enrolled in a degree linked with the Bachelor of Applied Leadership and Critical Thinking will gain entry into The Academy. The minimum ATAR for the Bachelor of Applied Leadership and Critical Thinking is 85.00. However, course specific cut-offs may be higher. You will only be able to select courses where you meet the required ATARs.

All units in these concurrent degrees are delivered on the Parramatta campus only.
