NURSING AND MIDWIFERY

Post Graduate

NURSING

MAKE A DIFFERENCE IN THE LIVES OF PEOPLE.

Postgraduate courses in nursing and midwifery provide students with the theoretical knowledge and critical skills to prepare them for advanced practice in clinical settings. Students will be able to align their career goals with a number of professional pathways.

WHAT YOU'LL STUDY

Specialisations available include clinical leadership, clinical teaching, aged care, primary health care or research studies. Opportunities are provided for students in their final sessions of study to synthesise and apply advanced nursing concepts through a capstone experience or research project relevant to their professional goals.

INTERNATIONALLY RANKED RESEARCH

Western Sydney University's growing international reputation has been reinforced with the release of the 2017 edition of the QS World University Rankings.

Eleven subject areas at Western Sydney University were ranked in the top 400 worldwide, with Nursing ranked in the top 100.

The 2017 QS rankings evaluated over 4,200 universities by measuring academic and employer reputation surveys, as well as metrics gauging the productivity and impact of researchers across the world.

GRADUATE ENTRY NURSING

A REWARDING PROFESSION.

The aim of the Bachelor of Nursing (Graduate Entry) course is to provide graduates with eligibility to apply for registration in Australia as Registered Nurses.

WHAT YOU'LL STUDY

Graduation from the Bachelor of Nursing (Graduate Entry) course requires the successful completion of 17 units in the recommended schedule. Students commence this course by undertaking an accelerated introductory unit providing an overview of the knowledge and skills in fundamental nursing practice. Satisfactory completion of this unit enables progression to the other 16 core units.

Areas of study include: conceptualising nursing; primary health care in action; evidence based professional nursing practice; application of behavioural, social and biophysical sciences in nursing and health care. For detailed information about course structure and units, visit: westernsydney.edu.au/courses

PRACTICAL EXPERIENCE

Integrated throughout the course are scheduled placements in a range of health facilities and community settings. These will provide you with a variety of clinical experiences, opportunities to practice and to consider career options as a graduate nurse.

CAREER OPPORTUNITIES

Registered Nurse

- acute care hospitals
- community health
- paediatric health
- mental health care services
- disability services
- rehabilitation services
- aged care services
- operating theatres
- emergency or trauma units
- forensic, drug, alcohol, and occupational health
- palliative care
- oncology
- nursing education
- child and adolescent health

BACHELOR OF NURSING (GRADUATE ENTRY)

CHILD AND FAMILY HEALTH (KARITANE)

The aim of the Master of Child and Family Health (Karitane) is to provide Registered Nurses and Registered Midwives with theoretical knowledge and associated skills that prepare them to work autonomously and across a variety of clinical settings with children and families. Graduates will be able to apply advanced nursing concepts and analysis, and lead nursing practice to promote optimal health outcomes for children and families. This will involve among other things, design, implementation and evaluation of advanced clinical nursing care systems, and analysis and synthesis of nursing concepts leading to a basis for advanced nursing practice and the facilitation of change.

WHAT YOU'LL STUDY

Graduate Certificate: Child and Family Health: Professional Practice and Frameworks, Child and Family Health Practice: Supporting Growth and Development, Clinical Practice: Infant and Child Nutrition and Feeding, Healthy Families and Communities.

Graduate Diploma: The above 4 units plus Partnership in Practice, Perinatal Mental Health, Evidence Based Health Care, and one elective.

Master: The above 8 units plus Cultural and Social Diversity in Health Care and an elective. You will have the choice of completing one of these two-semester long units – capstone experience or a research project in health care OR completing both of these single semester units – Writing for Publication and Scholarship for Practice Change in Health Care.

CAREER OPPORTUNITIES

Child and family health nurses may work in integrated service models in:

- primary settings, including home visiting and centre-based services
- secondary level service delivery including family care centres, sustained home visiting programs and outreach specialist services
- tertiary level service delivery including residential family care facilities.

Practice nurses who work with families with young children will find this qualification enhances their skills and knowledge, and promotes working in partnership with families to provide effective help.

Registered Nurses currently working in the specialty of child and family health who are wishing to upgrade their qualification are encouraged to discuss advanced standing with the Academic Course Advisor.

MENTAL HEALTH

This course provides students with the theoretical knowledge and critical thinking skills to prepare them for advanced practice in mental health nursing, across a range of health care settings.

WHAT YOU'LL STUDY

Graduates will be able to apply advanced practice, concepts and analysis in mental health nursing to promote optimal health outcomes for clients with mental illness. Opportunities will be provided for students to undertake in-depth study into aspects of mental health and mental illness relevant to their specific area of practice.

CAREER OPPORTUNITIES

This course will enable graduates to enhance career opportunities as a Registered Nurse in mental health nursing.

MIDWIFERY

TAKE YOUR CAREER TO ANOTHER LEVEL.

The Graduate Diploma in Midwifery is designed for Registered Nurses who wish to pursue a career in midwifery – the art and science of providing holistic care to the woman and family throughout the childbearing process.

The course provides you with the opportunity to gain a recognised tertiary qualification and registration to practice midwifery. It is presented in conjunction with public hospitals in Sydney and is approved and recognised by the Australian Health Practitioner Regulation Agency/Nursing and Midwifery Board of Australia. There is one intake per year in January.

WHAT YOU'LL STUDY

The course is offered by Western Sydney University School of Nursing and Midwifery – a national leader in nursing and midwifery education, research and scholarship in Australia. With a strong reputation for quality, relevant and contemporary professional education, the school has well established industry partnerships with midwifery leaders and health and community services in the Greater Western area of Sydney. Western Sydney University also has well established ties across the state of New South Wales and nationally. These national and regional ties are complemented by collaborative partnerships and active international links, enabling the school to work with a range of partners to advance midwifery education and research.

The Western Sydney University Graduate Diploma in Midwifery emphasises a primary health care approach to enable students to participate fully in health promoting activities. A diverse range of teaching and learning experiences are provided to enhance students' acquisition of knowledge and midwifery skills.

CAREER OPPORTUNITIES

Registered Midwives have the opportunity to work in a number of settings that include hospitals, in metropolitan, rural, and remote areas, as well as the community (including home). Midwives can be self-employed and work as privately practising midwives, be employed in public and private hospitals, and work in caseload midwifery programs and group midwifery practice. Their roles include antenatal, postnatal and birthing care, research, education, management and policy development.

GRADUATE DIPLOMA IN MIDWIFERY

UAC Code	950532
Duration	1.25F
Location	Parramatta
Intakes	Summer B
Admission Requirements	<p>1. Registered Nurse (currently registered with the Australian Health Practitioner Regulation Agency - Nursing and Midwifery).</p> <p>2. A clinical placement is required to be secured in an approved maternity hospital. The student is responsible for the application and securing of a position as a midwifery student in one of the approved hospitals. Recruitment of student midwives occurs during June through a centralised online process available at www.health.nsw.gov.au/nursing/employment/Pages/MidStART.aspx. Applicants for clinical placements must be a Registered Nurse at the time of attending interview.</p>
Attendance	The course commences in January, the first two units are then offered by online mode only. At the commencement of the Autumn session there will be a one-week intensive workshop. Following this workshop, university attendance is 1 day per week on campus.

Key: F = Full-time.

PRIMARY HEALTH CARE

GAIN A GREATER UNDERSTANDING.

This course aims to provide the opportunity for health and other professionals with primary health care responsibilities to gain knowledge and understanding of primary health care that will enable leadership in this field.

WHAT YOU'LL STUDY

The course provides a focus on the knowledge and behaviour required to be a primary health care provider in a changing community environment. Opportunities will be provided for students to undertake in-depth study into aspects of primary health care that are relevant to their specific areas of work and practice.

CAREER OPPORTUNITIES

Provides career enhancements with health care providers in:

- community health
- mental health care services
- disability services
- rehabilitation services
- aged care services.

Qualification for this award requires the successful completion of 40 credit points including the units listed below.

400975 Ethics in Health Research

401168 Evidence Based Health Care

One elective

401167 Applied Research in Health Care

WHY POSTGRADUATE STUDY AT WESTERN SYDNEY?

You've come a long way. Go further.

Located in the heart of one of Australia's fastest growing economic regions, Western Sydney University offers unlimited potential to postgraduate students with the drive, ambition and will to succeed.

Ranked amongst the top two per cent of universities on the globe, Western Sydney is a world-class university with a growing international reach and reputation for academic excellence and impact-driven research.

To take your career to the next level, you need more than classrooms, more than theory.

That's why we offer a combination of on-campus, online and clinical learning environments, with real-life, on-the-ground, hands-on opportunities for skill development in professional and community settings. We value academic excellence, integrity and the pursuit of knowledge.

And we continue to challenge traditional notions of what a university 'should' be by pushing the boundaries of how knowledge is exchanged.

We equip our postgrads with the means to do more than just advance their careers. We are unlocking the potential of the next generation of global citizens, leaders and change-makers.

PROGRESS. UNLIMITED.

Application Information

ENGLISH PROFICIENCY REQUIREMENTS

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Details of minimum English proficiency requirements and acceptable proof can be found on the Universities Admissions Centre (UAC) website at uac.edu.au

RECOGNITION OF PRIOR LEARNING

Applicants seeking admission on the basis of work experience must support their application with a statement of service for all work experience listed on the application.

HOW TO APPLY

Postgraduate course applications are processed online through the Universities Admissions Centre (UAC) at uac.edu.au/postgraduate

INTERNATIONAL STUDENTS

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the

UAC website. Local applicants applying directly to Western Sydney University should also use the information provided on the UAC website at uac.edu.au/postgraduate

Overseas qualifications must be deemed by the Australian Education International – National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

POSTGRADUATE INFORMATION SESSIONS

Postgraduate Information Sessions are held throughout the year and give you the opportunity to meet academic and professional staff, and to ask questions about courses, admission, fees and more. At these sessions, you will gain a better understanding of course content, what you can expect from the program and possible career paths. To register for a Postgraduate Information Session, visit westernsydney.edu.au/postgraduatesessions

To view the full range of postgraduate courses available visit westernsydney.edu.au/postgraduate
