

WSU GRANTS SERVICES

Competitive Grants Register

About this Register:

This register lists all the grant schemes that WSU has submitted applications to between 1.6.2022 and 31.5.2023. It is retrospective and does not contain all research grant opportunities available in Australia or internationally during this period. The intent is not that it be a comprehensive register of all available opportunities, but rather that it **serves as a starting point** for a research funding search. We have provided weblinks to funding bodies where these are available. The register will be updated each year.

If you have any questions, please reach out to us at GrantsServices@westernsydney.edu.au, or contact your RDO directly.
