WELCOME

Acknowledgement of country

With respect for Aboriginal cultural protocol and out of recognition that our campuses occupy their traditional lands, Western Sydney University acknowledges the Darug, Tharawal (also historically referred to as Dharawal), Cabrogal and Wiradjuri peoples and thanks them for their support of its work in their lands (Greater Western Sydney and beyond).

Thank you for participating in Western Sydney University's Professional Experience Program. We recognise and value the crucial role schools play in Pre-service Teachers' professional learning and development. Indeed, high quality Professional Experience is only possible with your involvement!

Whilst University Advisors and Supervising Teachers work in partnership to provide the best possible professional experience for the Pre-service Teacher, it is the Supervising Teacher who undertakes the day-to-day professional development of the Pre-service Teacher.

To make this the best possible experience for all, it is important that close contact is maintained among the Supervising Teacher, the University Advisor, Pre-service Teacher, and Professional Experience Academic Coordinator. We look forward to being in regular contact with you.

PROFESSIONAL EXPERIENCE UNITS

The units of the Professional Experience stream are core subjects for Pre-service Teachers in the Bachelor of Education (Primary) and Bachelor of Education (Primary) - Aboriginal and Torres Strait Islander Education. The subjects are offered as school-based professional experience placements totalling a combined eighty (80) days. There are four Professional Experience Placements in schools. Professional Experience is undertaken in a variety of school settings (DoE, Independent, Catholic, and other religious denominations). As is required by NESA, Pre-service Teachers will experience at least two different schools and a variety of different class stage levels. Pre-service Teachers will have the opportunity to apply for a rural professional experience placement.

Placements are sequential to allow teacher education students to apply the theoretical and pedagogical knowledge they learn throughout their degree in the classroom setting.

1| ROLES and RESPONSIBILITIES

SCHOOL PROFESSIONAL EXPERIENCE COORDINATOR

The role of the School Professional Experience Coordinator is integral to the success of the Professional Experience

Responsibilities of the School Based Coordinator include:

- Liaison with the Professional Experience Office and communicate placements offered by their school.
- Ensure Supervising Teachers are aware of the appropriate information for their Pre-service Teacher. Information is emailed directly to the School Professional Experience Coordinator and not individual Supervising teachers.
- Allocation of Pre-service Teachers to appropriate Supervising Teachers.
- Informing Pre-service Teachers when, where and who to report to on their first day of professional experience.
- Coordinate orientation and induction of Pre-service Teachers to the school. This should include but is not limited to the following areas: arrival and departure times, dress code, parking arrangements, school policies and procedures, meeting attendance, duty arrangements, Work Health & Safety, and professional conduct.
- Ensuring Pre-service Teachers are receiving appropriate support and mentoring from their Supervising Teacher.
- Maintain communication with the University Advisor and keep them up to date with any placement changes. Please note, if you don't receive contact from the University Advisor early in the practicum advise the Professional Experience Office.
- Notify the University Advisor or the UWS Professional Experience Office immediately if the school has concerns with Pre-service Teacher competence and/or professional conduct.
- Attend Requiring Additional Support and Student At Risk meetings if required & submit all relevant documents to the UWS Professional Experience Office.
- Monitor Pre-service Teacher attendance to ensure all days required for the Professional Experience are completed.
- Encourage Supervising Teachers to word process Pre-service Teacher's final reports so they are professionally presented.
- Ensure Pre-service Teachers receive the signed original copies of their Professional Experience Report and Attendance Register after they have completed the attendance requirements for the Professional Experience.

- Complete pay claim form if your school has supervised **three (3) or more** Pre-service.
- Complete pay claim form if your school has hosted **three (3) or more** Pre-service Teachers (this relates to Coordinators only – all teachers who Supervising a Pre-service Teacher are entitled claim payment).

SUPERVISING TEACHER

The Supervising Teacher is responsible for the Pre-service Teacher's supervision, mentoring and assessment.

Responsibilities of the supervising teacher include:

- Modelling quality teaching and learning practice.
- Familiarisation with specific the professional experience requirements from the professional experience handbook.
- Being aware of the relevant professional experience report and the Graduate Teacher Standards that are to be the focus of the professional experience placement.
- Liaising with the University Advisor concerning the expected learning outcomes of the specific professional experience placement as well as effective ways of supporting the Pre-service Teacher.
- Understanding that the Pre-service Teacher does not assume duty of care of students and that, consequently, the supervising teacher always exercises overall supervision responsibility.
- Completing all necessary documentation, including the professional experience report and mid-experience report (if required). The report is then to be discussed with the pre-service teacher, who is also required to sign the document before it is submitted to the professional experience office.

Maximising Pre-service Teacher success and minimising likelihood of Failure in Professional Experience

Initially, Supervising Teachers can take the following steps to maximise Pre-service Teacher success and minimise the possibility of failure:

- Prepare the class, positively, for the arrival of the Pre-service Teacher.
- Get to know the Pre-service Teacher as well as possible – how they approach a challenge, how they react to constructive criticism, how they react to change.
- Consider the Pre-service Teacher's background and previous experiences.
- Have regular meetings with the Pre-service Teacher and encourage them to share any difficulties they may be experiencing.

- Encourage the Pre-service Teacher to have informal contact with other members of staff (e.g., staff room conversations).
- Try to deal with any difficulties early and at a low level before they become serious, do not presume that the problem will be resolved without direction.
- Follow University guidelines carefully with a Pre-service Teacher whose progress is "causing concern".

The Supervision Cycle

Professional Experience is a learning experience for Pre-service Teachers and thus to learn and improve they need feedback on both their success and failures. It is important that Pre-service Teachers are supported and provided with feedback on all steps of the planning and teaching cycle.

Before the Lesson

The Pre-service Teacher presents written plans to the Supervising Teacher and discusses with her/him the outcomes, content, resources, strategies to be used and room organisation, management, safety issues etc. The Pre-service Teacher also identifies a focus for professional growth (goal) related to ATSIL teaching standards, and how it may be emphasised in the lesson that has been prepared and the Supervising Teacher's feedback from previous lessons. The Supervising Teacher provides feedback and suggestions to help improve the lesson.

Presenting the Lesson

The Pre-service Teacher presents (teaches) the planned lesson, which is observed by the Supervising Teacher who records observations and feedback on the pre-service teacher's lesson and goal.

After the Lesson

The Supervising Teacher and the Pre-service Teacher discuss the lesson and plan for future developments, which either emphasise a new teaching/learning focus or continue to practice the present focus in subsequent lessons. It is important for Pre-service Teachers to receive written and verbal feedback. **Written feedback** allows for later reflection and review of lesson, whilst discussion allows for clarity and further questions.

Report Completion

The completion of the final report is the responsibility of the Supervising Teacher.

The Final Report will be emailed directly to the School Professional Experience Coordinator. The Final Report should be completed in the last few days of the professional experience.

The Pre-service Teacher must be given the opportunity to read and discuss the final report with the Supervising Teacher. There should be no surprises for the Pre-service Teacher in what is written. When completing the report, reference should be made to the individual unit's requirements.

The final report is based on a summation of the daily written feedback that have been previously discussed and given to the Pre-service Teacher. The final report is based on the **ATSIL Teaching Standards at a Graduate Level**, a reference guide is provided in the appendix to support your decision making.

The SMART-E Mentoring tool

The below table can be used to help pre-service teachers focus in on aspects of their lessons and offer a discussion point when reviewing lessons taught.

	Questions for Pre-service Teacher	Response
S	What <u>specific</u> content are you teaching this lesson? How will students be learning so they are achieving the stated outcomes?	
M	How will you assess & <u>measure</u> learning outcomes to know they have been achieved? How will you know your teaching practice has been effective?	
A	Are the planned activities <u>achievable</u> for all students? What strategies will you be using to cater for diverse learners and any special needs in the classroom?	
R	What <u>resources</u> including classroom management strategies are you using to engage student learning? How will you be using these resources throughout the lesson?	
T	How will you manage your <u>timing</u> and sequencing in the lesson to create an environment of respect and rapport? How will you manage group structures and transition between activities?	
E	How will you <u>evaluate</u> your own teaching? Which professional standards are you planning to meet in this lesson?	

Important Note: Please ensure that a Pre-service Teacher is never left alone in charge of children during their Professional Experience, as they must not assume legal responsibilities of being in loco parentis.

2 | GENERAL INFORMATION

SPECIAL REQUIREMENTS

Before Pre-service Teachers commence professional experience placements, they must complete all NSW Department of Education Mandatory training and requirements ([see details here](#)).

Pre-service teachers are not required to complete a First Aid Certificate before attending Professional Experience. As the Department of Education has removed public access to the e-Emergency Care training, pre-service teachers are no longer able to access this training, and it is not a requirement.

Literacy and Numeracy Test for Initial Teacher Education Students

The Literacy and Numeracy Test for Initial Teacher Education Students (LANTITE) is designed to assess initial teacher education students' personal literacy and numeracy skills to ensure teachers are well equipped to meet the demands of teaching.

Whilst LANTITE is a national requirement, NSW also requires successful test results to complete a final professional experience.

Pre-service teachers enrolled in PPE4 (final Professional Experience) have successfully completed both the Literacy and Numeracy components.

The TEST and process is external to the University, for further information please see:

<https://teacheredtest.acer.edu.au>

CONFLICT OF INTEREST

In relation to professional experience, a Conflict of Interest is any situation where a prior relationship between the school and pre-service teacher exists, and this could cause or perceive a cause for favouritism to occur. For this reasons Pre-service Teachers are not permitted to undertake professional experience at a school where they work, have relatives enrolled or employed (siblings, parents, and children) or have other close relationships with a school (e.g., chaplaincy, sport coach). We trust individual pre-service teachers to provide us with any schools of which they may have a conflict of interest.

Please notify the professional experience office if you believe there is a Conflict of Interest with a Pre-service Teacher allocated to your school.

ADDITIONAL DUTIES

It is expected that all Pre-service Teachers will participate fully in the life of the school during their professional experience. This includes participating in professional school activities, such as staff meetings, planning meetings or professional development, as required by the Professional Experience Co-ordinator or Supervising Teacher. In addition, Pre-service Teachers are expected to fulfil the duties as required by their Supervising Teacher, such as playground and bus duty, school sport, assemblies, and other extracurricular activities. Pre-service Teachers must not be given sole responsibility when in these roles.

ATTENDANCE AND ABSENCES

Pre-service Teachers must attend all allocated Professional Experience days and be present for the whole school day. It is expected that the Pre-service Teacher will be in attendance at **least 30min prior to the start of the school day and be available for meetings after school**. As each school varies in the time of their school day, the School Professional Experience Coordinator will need to inform Pre-service Teachers of the expected arrival and departure time.

Pre-service Teachers must complete their Attendance Register daily, recording both arrival and departure times. A school representative (school Coordinator, Supervising Teacher) is required to sign off on the Pre-service Teacher's Attendance Register at the end of the professional experience. It is not required that Supervising Teachers sign off on each day.

If a Pre-service Teacher is unable to attend professional experience, he/she must contact the school and their university advisor by 8.00am of the day of absence. If a Pre-service Teacher is absent for any reason the [Absence from Professional Experience E-Form](#) must be completed by the Pre-service Teacher. This is also required if the school requests a change of dates for the Pre-service Teacher, as the negotiated make-up days need to be noted and approved.

Part day absences must be made up with a full make up day.

Absences of more than three (3) days must be negotiated with the Professional Experience Academic Course Advisor.

In negotiation with the Academic Course Advisor, pre-service teachers may be removed from their professional experience placement for absences greater than three (3) days. If you believe that a pre-service teacher is having an excessive number of absences and this is causing disruption to your class, please contact the University Advisor.

All absences must be up **within 7 calendar days of the completion of the practicum**, unless negotiated otherwise with the University.

DRESS CODE

Pre-service Teachers are required to be appropriately dressed, befitting a professional career. Individual schools will have requirements with which the teacher education student must comply, for example, covered-in shoes, broad brimmed hats, ties, covered tattoos or removal of some piercings. Pre-service Teachers must honour the requirements of the dress code of the school at which they are completing placement.

OVERNIGHT EXCURSIONS

At times, during professional experience, pre-service teachers are invited to attend overnight extra-curricular excursions such as school camps. The School of Education endorses pre-service teacher attendance at, and participation in, such activities. These activities are integral to the professional role of the teacher. However, to ensure the safety of students and pre-service teachers, participation is strictly subject to the following:

1. Pre-service teachers are required to advise the Professional Experience Office that they will be participating in the overnight excursion prior to their participation. They must provide the Professional Experience Office with details of the location, dates and times of the excursion, and the name and contact details of the supervising teacher at the location.
2. Pre-service teachers are always supervised by a qualified teacher when dealing with school students.
3. Pre-service teachers are not permitted to sleep in the same quarters as school students under any circumstances.
4. Pre-service teachers are not permitted to drive school students in their own, or anyone else's motor vehicle.

Students are permitted to attend School camps in association with their professional placement unaccompanied by WSU staff but must be supervised by relevant school-based staff.

If a host class is attending an overnight excursion / camp and it is not appropriate for a pre-service teacher to attend, the following arrangements should be made:

- The pre-service teacher spends these days on another class/es to experience different stages and teaching styles; or
- The school and pre-service teacher negotiate suitable make up days.

INHERENT REQUIREMENTS

The study and practice of teaching requires respect for diversity, knowledge of theories, legislation, policies and procedures, effective communication, interpersonal skills, critical thinking, problem-solving skills and stamina, to work effectively with children/young people, their families, and communities.

A series of inherent requirement statements has been developed to support potential and current students' decision making. These statements specify the requirements of the postgraduate teacher education courses for student admission and progression, with aspects associated with the study and the professional practice of teaching.

Pre-service Teachers are expected to demonstrate they meet the Inherent Requirements. For further information on Inherent Requirements please visit :

https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_teaching_courses_postgraduate/inherent_requirements_for_education_courses

WORKPLACE HEALTH AND SAFETY

It is a pre-service teacher's responsibility to observe appropriate Workplace Health and Safety. All Workplace, Health & Safety concerns are to be reported to your Supervising Teacher and/or School.

Professional Experience Coordinator. Please familiarise yourself with the following:

- Department of Education's Workplace Health and Safety Policy. [Department of Education's Workplace Health and Safety Policy](#)

Accidents

Pre-service Teachers who sustain injuries during their Professional Experience placement should immediately seek medical care and follow the reporting procedures within their placement school. Once the injury is reported to the school, pre-service teachers need to contact the University Advisor or the Professional Experience Office for instructions on submitting an accident report to WSU Insurance.

PRE-SERVICE TEACHER: GENERAL EXPECTATIONS

While on placement, all pre-service teachers are expected to adhere to the following requirements:

- Arrive at the school at least 30 minutes before school starting times and remain after finishing times to organise resources and to be available for discussion and planning with the supervising teacher.
- Participate fully within the life of the school to embrace the range of experiences and best practice it has to offer and be open to and appreciative of the professional expertise of different staff.
- Always demonstrate professional behaviour, including the use of good manners and common courtesies. A lack of professionalism may place a pre-service teacher 'at risk'. Unprofessional behaviour may include inappropriate use of social media, lack of punctuality, use of inappropriate language, appearance, and presentation, breaching confidentiality and inappropriate / excessive use of mobiles. If there is a problem, this should be openly addressed by the Supervising teacher initially. Any further action should be worked through using correct channels.
- Prepare thoroughly for all aspects of the professional responsibilities. Before and after school times are preparation time. Time should not be taken from interactions with children/teaching time to photocopy or prepare plans/materials, or to write up observations/reflections.
- Present lesson planning documents and resources to the Supervising teacher a minimum of 24 hours prior to the planned lesson. Supervising teachers will need to sight this documentation with sufficient time to provide feedback and the pre-service teacher implement the feedback.

3 | PROGRESS and ASSESSMENT

PRE-SERVICE TEACHERS ACHIEVING SATISFACTORY PROGRESS

When Pre-service Teachers are making satisfactory progress, the Supervising Teacher should:

- Follow the roles and responsibilities of key personnel.
- Provide daily written and oral feedback as detailed in the Unit requirements.
- Identify progress towards meeting the Australian Professional Standards for Teachers at Graduate level.

In most cases Pre-service Teachers will make satisfactory progress towards meeting the professional experience outcomes. In cases where Pre-service Teachers are not making satisfactory progress the procedures for Pre-service Teachers whose progress is "causing concern" should be followed.

PRE-SERVICE TEACHERS WHOSE PROGRESS IS CAUSING CONCERN

Pre-service Teachers may experience difficulties in meeting the requirements of the professional experience for a variety of reasons. These include issues related to:

- **Professionalism** – attendance, punctuality, preparation of plans and resources; teaching skills including poor communication processes; behaviour management; ability to accept and/or act upon advice and instruction; appropriate verbal or physical interactions with children or young people, families, and staff; teamwork and all other aspects of professional standards and professional ethics.
- **Personal attributes** – initiative, reflective practice, empathy, warmth, enthusiasm, commitment, and
- **Unit and teaching requirements** and standards as documented in unit requirements and assessments for the relevant program and level of course.

The Supervising Teacher, university advisor, or school professional experience coordinator can identify a pre-service teacher as 'causing concern'. **Early identification of any concerns ensures that the Pre-service Teacher receives appropriate support.**

It is essential that Supervising teachers identify concerns on the written feedback they provide. Should several concerns be identified and/or the pre-service teacher does not respond to feedback the Pre-service Teacher **must** be identified as **"Requiring additional Support"** and the procedures must be followed.

Pre-service Teachers Requiring Additional Support

Pre-service Teachers who are not making satisfactory progress must be identified as Requiring Additional Support. (Available in the Forms section of this document).

Pre-service Teachers 'At Risk of Failing' in the Professional Experience

Pre-service Teachers must be notified that they are **"At Risk of Failing the Professional Experience"** when they:

- have already been identified as **REQUIRING ADDITIONAL SUPPORT** and have **not made satisfactory progress**, or
- have met the set goals during **REQUIRING ADDITIONAL SUPPORT** but new concerns have arisen, or
- in circumstances when concerns are only evident in the last 10 days of the Pre-service Teacher's placement

The Pre-service Teacher may not 'defer' or 'withdraw without penalty' once they have been notified "At Risk".

The Pre-service Teacher is expected to continue at the placement until the period of the "At Risk" process is complete or terminated by the host school or professional experience academic coordinator.

Pre-service Teachers who do not participate in the process will be deemed to have failed to meet requirements by the end of the period of professional experience (other than in cases of documented serious illness or misadventure). Pre-service Teachers are expected to attend **EVERY DAY** following identification of "At Risk of Failing the Professional Experience".

The exception is if a school deems that the pre-service teacher cannot make the required improvements in the remaining allocated time. Additional placements will not be provided during the period of enrolment in the professional experience unless the initial placement is deemed "professionally unsuitable" for reasons not related to Pre-service Teacher's performance.

Outcome of the 'At Risk' Process - Allocation of a Grade

At the completion of the full period of the professional experience, a final result must be recommended for the professional experience. Pre-service Teachers who have made satisfactory progress and exhibit a satisfactory standard of performance at this point may be so designated on the relevant final report form. Pre-service Teachers who have failed to meet requirements at this point must be designated on the relevant final report form as UNSATISFACTORY. **This result must be supported by the "At Risk" documentation.** The University Advisor and Supervising Teacher will consult closely regarding the final grade. In the event of agreement not being reached, the final decision is the responsibility of the university.

No Pre-service Teacher should receive an unsatisfactory grade without being placed "At Risk", following the procedures detailed in the "Requiring Additional Support" processes in the Appendices at the end of this document.

PRE-SERVICE TEACHER REQUIRING ADDITIONAL SUPPORT OR AT-RISK OF FAILING PROCESS

The 'At Risk' Process is structured to offer support to pre-service teachers encountering difficulties in meeting the requirements of their professional experience. Further information about the process, including the necessary forms, can be found [here](#).

EXCLUSION FROM PLACEMENT

In some instances, the principal or the University may terminate a professional experience placement. In such cases a pre-service teacher is required leaving the school and cease the professional experience placement. This situation can occur even if the pre-service teacher has not been identified as 'At Risk' under the normal provisions for professional experience. A pre-service teacher may have their placement terminated for any of the following reasons:

- Inability to reasonably cooperate with staff and work effectively in the school environment.
- Demonstrates attitudes and actions adverse to the profession of teaching.
- Ongoing unprofessional behaviour.
- Absence from the professional experience placement without satisfactory explanation or approval, or continual explained absences which hinder the learning of the classroom students.
- Significant deficiencies in their knowledge and understanding of their subject disciplines, the NSW Curriculum and/or planning for learning.
- Significant deficiencies in their communication skills.
- Breaches of departmental/ system/ school or university regulations or the law.

Pre-service Teachers who have been excluded from a school will receive an UNSATISFACTORY grade. If a pre-service teacher demonstrates serious deficiencies or misbehaviour in one or more of the above, they may be liable for further action under the University's Misconduct policy. Under some circumstances where a professional experience placement has been terminated, a pre-service teacher may be precluded from pursuing opportunities for further professional experience, this may also apply when a pre-service teacher has failed a professional experience more than once (Please refer to Western Sydney University's Practicum Fail guidelines and policy).

The School of Education reserves the right not to place a pre-service teacher in a school or other professional experience setting in any instance where the performance, personal conduct or professional conduct of the pre-service teacher does not meet the required standard, regardless of whether the pre-service teacher is enrolled in a professional experience unit.

Teachers and principals are accountable to parents and students to provide quality learning opportunities and outcomes and need to be confident that any pre-service teacher placed in their schools can support and maintain a quality teaching and learning environment.

FINAL REPORT

Pre-service teachers are assessed against the Graduate level of the Australian Professional Standards for Teachers. The descriptors contained in these Standards form the basis for evaluation in the Professional Experience Report. As our professional experience units are sequential and have a different area of focus, each professional experience report will have different descriptors that pre-service teachers are expected to achieve. The final professional experience unit assesses all descriptors of the Australian Professional Standards for Teachers.

Pre-service teachers are to be assessed against each descriptor at the level relevant to their progress in their teacher education course, with:

- E: Exceeds expectations.
- D: Developed.
- WT: Working Towards (not present for Final Professional Experience Unit Report).
- N: Not Developed.
- NA: Not Applicable (should only be used in the circumstance that a pre-service teacher has not had the opportunity to engage in the elements of this Standard Descriptor).

To help guide your assessment of a pre-service teacher's demonstration of the descriptors, see the Evidence Guide from the Professional Experience Framework document. It indicates the range of evidence you can use when making your assessment of each descriptor.

FOCUS TEACHING STANDARDS

As this is a pre-service teacher's final professional experience subject, they are required to be assessed against all the Australian Professional Standards for Teachers at Graduate level.

TEACHING PERFORMANCE ASSESSMENT (TPA)

The TPA is a summative, capstone teaching performance assessment that is now an AITSL requirement for all teacher education students in Australia. The primary objective of the TPA is to authentically assess a pre-service teacher's classroom readiness capabilities and impact on student learning. Pre-service teachers will have the opportunity to illustrate their skills, knowledge, and positive pedagogical practices, drawing on a range of evidence to support their professional experience and learning journey. All pre-service teachers must take the TPA in their final professional experience placement. There are three components to the WSU_TPA:

Element 1: Professional Experience Report (completed by Supervising teacher)

Element 2: Case study report (completed by pre-service teacher)

Element 3: Presentation of evidence (completed by pre-service teacher after the completion of the professional experience placement).

E-Learning Portfolio

The pre-service teachers' e-learning portfolio will support the TPA oral presentation. Pre-service Teachers develop an e-learning portfolio showcasing evidence demonstrating their successful accomplishment of AITSL Graduate Teacher Standards and knowledge supporting classroom readiness.

The four broad elements of the marking criteria for the TPA and e-learning portfolio are:

- Describe and analyse own teaching practices using artefacts and evidence.
- Reflect on teaching practice and impact of own teaching on three students' learning.
- Plan for own professional learning
- Communicate professional learning.
