Students may exit at this point and graduate with the Diploma in Communication following a passing grade in all of the above subjects. Students who progress onto Year 2 may also be awarded the Diploma if they gain a passing grade in all of the above subjects.

- Students must pass all College Preparatory subjects before progressing to the Year 2 subjects.
- Students must pass at least 70 credit points of University level subjects in Year 1 before progressing to the Year 2 subjects.

Qualification for this award then requires the successful completion of a further 160 credit points including the subjects listed in the recommended sequence below.

Students must complete

- Twelve compulsory core subjects (six having been completed in year one)
- Two subjects from the Introduction to Major units pool
- One Major or two Minors

Note: The recommended sequence is subject to variation based on the student's nominated field of study.

Advertising, Major (0159) (p. 743)
 Culture and Society, Major (0264) (p. 810)
 Digital Cultures, Major (0070) (p. 816)
 English, Major (0009) (p. 837)
 Enterprise Innovation, Major (0078) (p. 840)
 Graphic Design, Major (0073) (p. 863)
 Journalism, Major (p. 907)
 Media Arts Production
 Public Relations, Major (p. 972)
 Screen Media, Major (p. 986)

Advertising, Minor (0159) (p. 744)
 Culture and Society, Minor (0264) (p. 811)
 Digital Cultures, Minor (0070) (p. 817)
 English, Minor (0009) (p. 839)
 Graphic Design, Minor (0073) (p. 864)
 Journalism, Minor (p. 907)
 Public Relations, Minor (p. 973)
 Screen Media, Minor (p. 987)

Note: Please plan enrolment in minor subjects carefully - subjects at Level 2 and Level 3 may have pre-requisites. Students should consult their Academic Program Advisors if they require further information.

Equivalent Subjects

The subject listed below count towards completion of this Program for students who passed this subject in 2022 or earlier.

HUMN 1018 Everyday Life (WSTC), replaced by HUMN 1067 Introduction to Culture and Society (WSTC)

Diploma in Communication/ Bachelor of Screen Media (Arts and Production) (6015)

Approved Abbreviation: DComm/BScrMedArtProd
Western Sydney University Program Code: 6015
AQF Level: 7

CRICOS Code: 096974G

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For commencement Year 2021 - please refer to 6015.3 - Diploma in Communication/Bachelor of Screen Media (Arts and Production) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=6015.3>)

For commencement Year Term 2, 2019 to 2020 - 6015.2 - Diploma in Communication/Bachelor of Screen Media (Arts and Production) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=6015.2>)

For commencement Year 2017 to Term 1, 2019 - 6015.1 - Diploma in Communication/Bachelor of Screen Media (Arts and Production) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=6015.1>)

The Bachelor of Screen Media degree is hands-on and future-focused. This comprehensive program mirrors the growth of screen content as an industry, an art form and a means of global communication. You will learn to apply independent thinking and creativity to the latest storytelling techniques, and develop your craft in high-end studio and editing facilities. Award-winning academics will work with you to develop conceptual, storytelling and technical skills that cover the breadth of film, television, online and interactive media. You'll develop the skills to oversee the complete production of a screen media project, from developing creative ideas, to identifying funding sources, organising workflows, scoping production, collaborating with the different roles on a set, producing and editing content, and finally, marketing the finished product.

This program integrates theory and practice in a way that helps build critical thinking and creative problem-solving, which will enhance your approach to creating unique content and responding to real client briefs. In your first year, you will develop fundamental skills and knowledge in screen media. In your second and third years, you will build on your screen media skills and choose either the Design stream (to enhance visual and interactive skills) or the Journalism stream (to complement your investigative, storytelling and documentary skills). Throughout the degree, you will have opportunities to attend industry events and network with Australia's most successful practitioners. When you graduate, you will be equipped with a web-based professional portfolio to showcase your skills and expertise, and will be prepared for a bright future in the screen content/communication industry.

The first year of this course is delivered by Western Sydney University The College, as an agent of Western Sydney University, via extended face-to-face hours in smaller learning environments. A Diploma in Communication exit point is also available at the end of the first year of the program.

For more information on Western Sydney University, The College, please refer to their web site.

Western Sydney University, The College (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college.html>)

Early Exit

Students may exit this program on completion of 100 credit points with a 7043 Diploma in Communication (exit only) (<https://hbook.westernsydney.edu.au/programs/diploma-communication-exit-only/>)

Study Mode

Three years full-time or six years part-time.

For Commencement Year 2017 to 2019 - please refer to 7032.4 Diploma in Criminal and Community Justice (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=7032.4>)

For Commencement Year 2015 to 2016 - please refer to 7032.3 Diploma in Criminal and Community Justice (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=7032.3>)

For Commencement Year Term 2 2014 - please refer to 7032.2 Diploma in Criminal and Community Justice (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=7032.2>)

The Diploma in Criminal and Community Justice is available as an exit point only from 6025 - Diploma in Criminal and Community Justice/ Bachelor of Criminal and Community Justice.

This program is delivered by Western Sydney University, The College as an agent of Western Sydney University.

The Diploma in Criminal and Community Justice provides the first year subjects of study for the Bachelor of Criminal and Community Justice which itself will draw upon disciplinary areas such as Criminal Justice, Criminology, Psychology, Social Work and Welfare in order to provide a theoretical framework for those who work with offenders, on issues of rehabilitation, through-care and resettlement. The inclusion of additional preparatory subjects is designed to assist students in the transition to study at University level.

The Diploma will provide the basis for further study in the degree program. It is important to note that this diploma does not guarantee direct employment into Corrective Services.

For more information on Western Sydney University, The College, please refer to their web site.

Admission

This program is an exit award only

The aim of the program is to prepare students for tertiary study in the Bachelor of Criminal and Community Justice. The Diploma is accredited by the University, as principal, to enable its agent, Western Sydney University, The College to produce students who are fully prepared for study beyond the first year of a tertiary award.

Local students entering this Diploma are required to have:

1. Completed an English subject in the NSW Higher School Certificate, or to have competency in English at IELTS 6.0 equivalent (unless a native speaker) or have Passed the English test administered by Western Sydney University, The College at IELTS 6.0 or to have passed the Foundation English subject offered by The College at Western Sydney University at C grade level.
2. Met other entry requirements such as an ATAR identified prior to the offer of a place (the ATAR will be set each year at a level below that for admission for the Bachelor of Social Science), or to have Completed the Foundation Studies program offered by Western Sydney University, The College, with a GPA of 5.5 or better.

English Entry Requirements. International students entering the Diploma must satisfy one of the following language requirements:

- IELTS 6.0 with a minimum 5.5 in each sub band
- Completion of Western Sydney University, The College EAP 4 program with a 50% pass
- Pass in Foundation Studies Academic English subject at C grade level.
- Passed the English test administered by Western Sydney University, The College at IELTS 6.0 equivalent.

Equivalent Core Subjects

The core subject listed below count towards completion of this program for students who passed this subject in 2022 or earlier.

CULT 1021 Working with Communities (WSTC), replaced by HUMN 1062 Introduction to Indigenous Australia: Peoples, Places and Philosophies (WSTC)

Diploma in Criminal and Community Justice/Bachelor of Criminal and Community Justice (6025)

Approved Abbreviation: DCriComJusBCriComJus
Western Sydney University Program Code: 6025
AQF Level: 7

CRICOS Code: 096979B

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2020 and 2021 - please refer to 6025.2 - Diploma in Criminal and Community Justice/Bachelor of Criminal and Community Justice (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=6025.2>)

For Commencement Year Term 2 2017 - 2019, please refer to 6025.1 - Diploma in Criminal and Community Justice/Bachelor of Criminal and Community Justice (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=6025.1>)

The Bachelor of Criminal and Community Justice degree is designed for students who wish to pursue a career in corrections, probation or parole. The degree will draw upon disciplinary areas such as Criminal Justice, Criminology, Psychology, Social Work and Welfare in order to provide a theoretical framework for those who work with offenders and on issues of rehabilitation, through-care and resettlement. As well as providing a theoretical framework, the program will provide those who complete the degree with the knowledge and skills to develop and evaluate practice to enhance their ability to work with offenders. The Bachelor of Criminal and Community Justice can be described as an 'applied degree pathway' insofar as the teaching within the program will

link theory to practice. It is important to note that this degree does not guarantee direct employment into Corrections Services.

The first year of this program is delivered by Western Sydney University The College, as an agent of Western Sydney University, via extended face-to-face hours in smaller learning environments. A Diploma in Criminal and Community Justice exit point is also available at the end of the first year of the program.

For more information on Western Sydney University, The College, please refer to their web site.

Western Sydney University, The College (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college.html>)

For program advice during your first year of study, please use the contact below under 'Program Advice'. For program advice during your second and subsequent years of study, please use the contact listed for the Bachelor of Criminal and Community Justice.

Bachelor of Criminal and Community Justice (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1709.2>)

Early Exit

Students may exit this program on completion of 90 credit points with a 7032 Diploma in Criminal and Community Justice (exit only) (<https://hbook.westernsydney.edu.au/programs/diploma-criminal-community-justice/>)

Study Mode

Three years full-time or six years part-time.

Diploma in Design (exit only) (7044)

Approved Abbreviation: DipDes

Western Sydney University Program Code: 7044

AQF Level: 5

CRICOS Code: 087975C

This program applies to students who commenced in 2015 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

The Diploma in Design is available as an exit point only from 6007 - Diploma in Communication/Bachelor of Communication, 6011 - Diploma in Design/Bachelor of Design (Visual Communication) and 6013 - Diploma in Design/Bachelor of Graphic Design (Pathway to Teaching Secondary)

This program is delivered by Western Sydney University, The College as an agent of Western Sydney University.

This program is designed to enable students to gain an understanding of the key areas of Design, before entering the second year of the Bachelor of Design (Visual Communication) or Bachelor of Graphic Design (Pathway to Teaching Secondary) degrees. It offers preparatory subjects in Academic English and The Design Process. Both of these subjects provide an additional skills base for tertiary level study. The diploma is delivered via extended face-to-face hours in smaller learning environments.

Students who successfully complete the Diploma in Design will articulate into Bachelor of Design (Visual Communication) or Bachelor of Graphic Design (Pathway to Teaching Secondary) degrees at the Western Sydney University with up to one year equivalent of advanced standing.

For more information on Western Sydney University, The College, please refer to their web site.

Admission

This program is open to Australian Citizens and Permanent Residents who are aged 17 years or over and not currently enrolled in or completing Year 12 in the same year of intended admission.

International Students

IELTS 5.5 with minimum 5.0 in each sub band; or equivalent results from The College English Language Program or The College English Entrance Test; and completion of Year 11 or equivalent with specified results.

Program Structure

Qualification for this award requires the successful completion of 140 credit points which include the subjects listed in the pathways below.

Students must pass all the Preparatory subjects (WSTC Prep), for which no advanced standing will be granted in the University degree program.

Students must pass 40 credit points from the Preparatory units (WSTC Prep) prior to enrolling in University level subjects.

Students are categorised into three Pathways. See individual links below for detailed program structure.

Diploma in Design Extended - Visual Communication (7152)

Approved Abbreviation: DipDes

Western Sydney University Program Code: 7152

AQF Level: 5

CRICOS Code: 096998K

This program applies to students who commenced in 2018 or later.

This program is delivered by Western Sydney University, The College as an agent of Western Sydney University.

This program is designed to provide students with the first year subjects included in the Design (Visual Communication) degree. The inclusion of additional preparatory subjects is designed to assist students in the transition to study at University level. The Diploma is delivered via extended face to face hours in smaller learning environments.

Students who successfully complete this Diploma will articulate into the Design (Visual Communication) degree with up to one year (80 credit points) equivalent of advanced standing.

For more information on Western Sydney University, The College, please refer to their web site.

Western Sydney University, The College (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college.html>)

Study Mode

One and a half years full-time (four terms)

Diploma in Design/Bachelor of Design (Visual Communication) (6011)

Approved Abbreviation: DipDes/BDes(VisComm)
Western Sydney University Program Code: 6011
AQF Level: 7

CRICOS Code: 096972J

This program applies to students who commenced in 2019 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2017 to 2018 - Please refer to 6011.1 - Diploma in Design/Bachelor of Design (Visual Communication) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=6011.1>)

The Bachelor of Design (Visual Communication) degree will provide you with fundamental skills and knowledge to communicate ideas and information across a wide range of visual media. With an emphasis on studio-based practice, you will study areas such as image design, typography, layout design, branding, design history, research methods, and web-based design. From year two, there are opportunities to engage with live community or industry projects, and you will

choose two practical design pairings from the following pairs: motion design and data visualisation; game and app design; illustration; and photography. You may also choose electives from outside of design such as advertising and media production. Throughout the program you will engage with individual and team-based projects, develop your conceptual thinking skills, use a variety of traditional and emerging technologies, and expand your creative practice. In year four you will take a position in our award-winning teaching design studio where you will gain experience in a professional learning environment, preparing you for work in an exciting and evolving industry.

The first year of this program is delivered by Western Sydney University The College, as an agent of Western Sydney University, via extended face-to-face hours in smaller learning environments. A Diploma in Design exit point is also available at the end of the first year of the program.

Students may exit with 1624 Bachelor of Design Studies after successful completion of the first three years of the program.

For more information on Western Sydney University, The College, please refer to their web site.

Western Sydney University, The College (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college.html>)

For program advice during your first year of study, please use the contact below under 'Program Advice'. For program advice during your second and subsequent years of study, please use the contact listed for the Bachelor of Design (Visual Communication).

Early Exits

Students may exit this program on completion of 100 credit points with a 7044 Diploma in Design (exit only) (<https://hbook.westernsydney.edu.au/programs/diploma-design/>) or on completion of 260 credit points with a 1624 Bachelor of Design Studies (exit only) (<https://hbook.westernsydney.edu.au/programs/bachelor-design-studies-exit-only/>)

Study Mode

Four years full-time or part-time equivalent.

Accreditation

Graduates are eligible for membership of the Design Institute of Australia (DIA) and the Australian Graphic Design Association (AGDA).

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

Inherent requirements (https://www.westernsydney.edu.au/ir/inherent_requirements/bachelor_of_design/)

Admission

For more information on applying please see link to The College admission pages below.

https://www.westernsydney.edu.au/thecollege/how_to_apply (https://www.westernsydney.edu.au/thecollege/how_to_apply/)

Domestic students are required to have

- Completed an English subject in the NSW Higher School Certificate, Or
- Competency in English at IELTS 6.0 equivalent (unless a native speaker) Or
- Passed The College English test with 70% or higher Or
- Passed The College Foundation Studies Academic English subject at C grade level or higher.

Met other entry requirements such as

- An ATAR identified prior to the offer of a place, Or
- Completed The College Foundation Studies program with a Grade Point Average of 5.5 or higher.

International students must satisfy one of the following language requirements

- IELTS 6.0 with a minimum 5.5 in each sub band Or
- Completed the College EAP 4 program with a 50% pass Or
- Passed The College English test with 70% or higher Or
- Passed The College Foundation Studies Academic English subject at C grade level or higher for which advanced standing can be applied for.

Academic Entry Requirements vary according to country of origin. However, in general

- Completion of Year 12 or its equivalent is the minimum entry requirement Or
- Completed The College Foundation Studies program with a Grade Point Average of 5.5 or higher.

Program Structure

Qualification for this award requires the successful completion of 340 credit points which include the subjects listed in the recommended sequence below.

Western Sydney University The College Subjects

Bankstown and Penrith Campus

Please note that all campuses may not have intakes each year.

Diploma in Design/Bachelor of Graphic Design (Pathway to Teaching Secondary) (6013)

Approved Abbreviation: DGraphDes/BGraphDes

Western Sydney University Program Code: 6013

AQF Level: 7

CRICOS Code: 096973G

This program applies to students who commenced in 2021 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2017 to 2020, please refer to 6013.1 - Diploma in Design/Bachelor of Graphic Design (Pathway to Teaching Secondary) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=6013.1>)

The Bachelor of Graphic Design (Pathway to Teaching Secondary) is a three-year degree specially designed to lead into the Master of Teaching (Secondary), an accredited postgraduate teaching qualification. Together, the two degrees provide direct access to a teaching career and improved prospects for career advancement.

With an emphasis on studio-based practice, you will study areas such as image design, typography, layout design, branding, design history, research methods, and web-based design. From year two, you will develop a focus on digital design, photography, and graphics technology, enabling you to develop two teaching disciplines, Design & Technology and Graphics & Multimedia Technology. In year three, you will also study an Education Studies – Secondary Teaching minor, where you will gain an understanding of contemporary education issues, teaching and learning. Students who complete this degree are eligible for 40 credit points advanced standing (the first semester of the M Teaching (Secondary) or M Teaching (Secondary) STEM). As well as being equipped with the necessary elements of an initial teacher qualification, you will be prepared for professional graphic design practice and associated alternate employment opportunities in design.

The first year of this program is delivered by Western Sydney University The College, as an agent of Western Sydney University, via extended face-to-face hours in smaller learning environments. A Diploma in Design exit point is also available at the end of the first year of the program.

For further information concerning the requirements for secondary teaching, students are advised to consult the Subject Content Requirements for Primary and Secondary Teaching NSW (Abridged) from the NSW Institute of Teachers or the School of Education.

| DESN 1008 | Graphic Design: Process and Practice (WSTC) | 20 |
| Credit Points | | 100 |
| Total Credit Points | | 100 |

Students may exit at this point and graduate with the Diploma in Design following a passing grade in all of the above subjects. Students who progress onto Year Two may also be awarded the Diploma if they gain a passing grade in all of the above subjects.

- Students must pass all College Preparatory subjects before progressing to the Year Two subjects.
- Students must pass at least 70 credit points of University level subjects in Year One before progressing to the Year Two subjects.

Western Sydney University Subjects

For program advice during your second and subsequent years of study, please use the contact listed for the Bachelor of Graphic Design (Pathway to Teaching Secondary).

Bachelor of Graphic Design (Pathway to Teaching Secondary) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1843.1>)

Parramatta (Victoria Road) Campus

First Teaching Area - Design and Technology

Students must complete the following Design specialist subject pairings as their first teaching area.

| Subject | Title | Credit Points |
|--|-----------------------------------|---------------|
| Design Specialist Pairing 1: Photomedia | | |
| VISU 3002 | Photomedia: Fashion and Identity | 10 |
| DESN 2013 | Photomedia: Photographic Practice | 10 |
| Design Specialist Pairing 2: Digital Design | | |
| DESN 3002 | Data Visualisation | 10 |
| DESN 2011 | Motion Design | 10 |

Second Teaching Area - Graphics and Multimedia

Students must also complete one of the following minors

No results found.

Education Studies - Secondary Teaching

Students must also complete the following Education Studies - Secondary Teaching minor.

No results found.

Diploma in Educational Studies (Primary) Aboriginal and Torres Strait Islander Education (exit only) (1718)

Approved Abbreviation: DipEdSt(Prim)ATSIEd
Western Sydney University Program Code: 1718
AQF Level: 5

The Diploma in Educational Studies (Primary) Aboriginal and Torres Strait Islander Education is an exit point on completion of 80 credit points of study selected from the 1717 Bachelor of Education (Primary) Aboriginal and Torres Strait Islander Education subjects as indicated in the program sequence.

Bachelor of Education (Primary) Aboriginal and Torres Strait Islander Education (p. 153)

Study Mode

One year full-time.

Diploma in Engineering (7034)

Approved Abbreviation: DipEng
Western Sydney University Program Code: 7034
AQF Level: 5

CRICOS Code: 063562M

This program applies to students who commenced in 2014 or later.

This program is delivered by Western Sydney University, The College as an agent of Western Sydney University.

This program is delivered at Parramatta City Campus - George Street, by Western Sydney University International College (03663C) under a third party agreement.

The Diploma in Engineering is designed to engage students in, and further prepare students for, tertiary study in Engineering / Engineering Science and in so doing address any perceived deficiencies in the students' mathematical and physics knowledge and skills. The Diploma presents students with subjects from the first year of the Bachelor of Engineering (Honours) or Bachelor of Engineering Science degrees. The Diploma aims to produce students who are fully prepared for study beyond the first year of the Bachelor of Engineering (Honours) / Engineering Science degrees. The Diploma, completed in a smaller, more supportive learning environment than usually found in first year undergraduate programs, is designed to develop students to have greater ability in self-directed study and have the self-esteem that comes from prior achievement in a tertiary environment.

For more information on Western Sydney University, The College, please refer to their web site.

Western Sydney University, The College (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college.html>)

Study Mode

One year full-time. Students will be required to attend the Kingswood or Parramatta South campus for some learning experiences.

Program Advice

College Course Enquiries (<https://directory.westernsydney.edu.au/search/email/AdminApp@westernsydney.edu.au>)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Campus | Attendance | Mode | Advice |
|--------------------------------------|------------|----------|-----------|
| Parramatta City Campus-George Street | Full Time | Internal | See above |

Admission

The aim of the program is to prepare students for tertiary study in Engineering. The Diploma is accredited by the University, as principal, to enable its agent, Western Sydney University, The College to produce students who are fully prepared for study beyond the first year of a tertiary award.

Local students entering this Diploma are required to have:

- Completed an English subject in the NSW Higher School Certificate, Or
- Competency in English at IELTS 6.0 equivalent (unless a native speaker) Or
- Passed the English test administered by Western Sydney University, The College at IELTS 6.0 equivalent Or
- Passed the Foundation Studies Academic English subject, offered by Western Sydney University, The College at C grade level or higher for which advanced standing can be applied for.

Assumed to have a background in mathematics at senior high school level and assumed background Science knowledge, preferably in Physics.

Met other entry requirements such as:

- An ATAR identified prior to the offer of a place (the ATAR will be set each year at a level below that for admission for the Bachelor of Engineering) or from 2016, the Bachelor of Engineering (Honours), Or
- Completed the Foundation Studies program offered by Western Sydney University, The College, with a Grade Point Average of 5.5 or higher.

International students entering the Diploma must satisfy one of the following language requirements:

- IELTS 6.0 with a minimum 5.5 in each sub band Or
- Completed the EAP 4 program offered by Western Sydney University, The College with a 50% pass Or
- Passed the English test administered by Western Sydney University, The College at IELTS 6.0 equivalent Or
- Passed the Foundation Studies Academic English subject, offered by Western Sydney University, The College at C grade level or higher for which advanced standing can be applied for.

Assumed to have background in mathematics at senior high school level and assumed background Science knowledge, preferably in Physics.

Academic Entry Requirements vary according to country of origin. However, in general:

- Completion of Year 12 or its equivalent is the minimum entry requirement Or
- Completed the Foundation Studies program offered by Western Sydney University, The College, with a Grade Point Average of 5.5 or higher.

Program Structure

Students must pass the following subjects

Qualification for this award requires the successful completion of 100 credit points which include the subjects listed in the recommended sequence below.

| Subject | Title | Credit Points |
|---|--|---------------|
| ELEC 1005 | Electrical Fundamentals (WSTC) | 10 |
| ELEC 1008 | Engineering Computing (WSTC) | 10 |
| ENGR 1010 | Engineering Materials (WSTC) | 10 |
| ENGR 1013 | Engineering Physics (WSTC) | 10 |
| ENGR 1020 | Fundamentals of Mechanics (WSTC) | 10 |
| ENGR 1026 | Introduction to Engineering Practice (WSTC) | 10 |
| MATH 1018 | Mathematics for Engineers 1 (WSTC) | 10 |
| MATH 1023 | Mathematics for Engineers Preliminary (WSTC) | 10 |
| Students must pass the following preparatory level subjects for which no advanced standing will be granted in the Western Sydney University degree program: | | |
| PHYS 0003 | Foundation Physics 2 (WSTC Prep) | 10 |
| MATH 0008 | Mathematics 2 (WSTC Prep) | 10 |
| Students must also pass the following non-award subject, which does not count for credit towards the Diploma: | | |
| GEDU 0008 | Tertiary Study Skills in Engineering (WSTC Prep) | 0 |
| Total Credit Points | | 100 |

Diploma in Engineering Extended (7162)

Approved Abbreviation: DipEng

Western Sydney University Program Code: 7162

AQF Level: 5

CRICOS Code: 085667J

Students should follow the program structure for the session start date relevant to the year they commenced.

This program is delivered by Western Sydney University, The College as an agent of Western Sydney University.

This program is designed to provide students with the first year subjects included in the Bachelor of Engineering Science. The inclusion of additional preparatory subjects is designed to assist students in the transition to study at University level. The Diploma is delivered via extended face to face hours in smaller learning environments.

Students who successfully complete this Diploma will articulate into Bachelor of Engineering Science with up to one year (80 CPs) equivalent of advanced standing.

For more information on Western Sydney University, The College, please refer to their web site.

Western Sydney University, The College (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college.html>)

Study Mode

One and a half years full-time (four terms).

Program Advice

College Program Enquiries (<https://directory.westernsydney.edu.au/search/email/%20AdminApp@westernsydney.edu.au>)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Campus | Attendance | Mode | Advice |
|----------------|------------|----------|-----------|
| Penrith Campus | Full Time | Internal | See above |

Admission

This program is open to Australian Citizens and Permanent Residents who are aged 17 years or over and not currently enrolled in or completing Year 12 in the same year of intended admission.

International Students

IELTS 5.5 with minimum 5.0 in each sub band; or equivalent results from The College English Language Program or The College English Entrance Test; and completion of year 11 or equivalent with specified results.

Program Structure

Qualification for this award requires the successful completion of 140 credit points which include the subjects listed in the pathways below.

Students are categorised into Pathways. See individual links below for detailed program structure.

Recent School Leavers and Non-Credentialed Applicants

| Subject | Title | Credit Points |
|---|---|---------------|
| Students must be enrolled in 7162 Diploma in Engineering Extended to complete this field of study. | | |
| Students must pass all Preparatory subjects (WSTC Prep) for which no advanced standing will be granted in the University degree program. | | |
| Note that students must pass 40 credit points from the following preparatory subjects prior to enrolling in the University level subjects listed below. | | |
| Term 1 of Study | | |
| LANG 0042 | Professional Communication Skills for Engineering (WSTC Prep) | 10 |
| MATH 0006 | Mathematics 1 (WSTC Prep) | 10 |

Admission

The aim of the program is to prepare students for tertiary study in Engineering. The Diploma is accredited by the University, as principal, to enable its agent, Western Sydney University, The College to produce students who are fully prepared for study beyond the first year of a tertiary award.

Local students entering this Diploma are required to have:

- Completed an English subject in the NSW Higher School Certificate, Or
- Competency in English at IELTS 6.0 equivalent (unless a native speaker) Or
- Passed the English test administered by Western Sydney University, The College at IELTS 6.0 equivalent Or
- Passed the Foundation Studies Academic English subject, offered by Western Sydney University, The College at C grade level or higher for which advanced standing can be applied for.

Assumed to have a background in mathematics at senior high school level and assumed background Science knowledge, preferably in Physics.

Met other entry requirements such as:

- An ATAR identified prior to the offer of a place (the ATAR will be set each year at a level below that for admission for the Bachelor of Engineering Science), Or

- Completed the Foundation Studies program offered by Western Sydney University, The College, with a Grade Point Average of 6.0 or higher

International students entering the Diploma must satisfy one of the following language requirements:

- IELTS 6.0 with a minimum 5.5 in each sub band Or
- Completed the EAP 4 program offered by Western Sydney University, The College with a 50% pass Or
- Passed the English test administered by Western Sydney University, The College at IELTS 6.0 equivalent Or
- Passed the Foundation Studies Academic English subject, offered by Western Sydney University, The College at C grade level or higher for which advanced standing can be applied for.

Assumed to have background in mathematics at senior high school level and assumed background Science knowledge, preferably in Physics.

Academic Entry Requirements vary according to country of origin. However, in general:

- Completion of Year 12 or its equivalent is the minimum entry requirement Or
- Completed the Foundation Studies program offered by Western Sydney University, The College, with a Grade Point Average of 6.0 or higher.

Special Requirements

All students must complete Tertiary Study Skills with Western Sydney University, The College prior to completion of the diploma.

Program Structure

Qualification for this award requires the successful completion of 80 credit points which include the subjects listed below.

Students must pass the following subjects

| Subject | Title | Credit Points |
|---|--|---------------|
| ELEC 1005 | Electrical Fundamentals (WSTC) | 10 |
| ELEC 1008 | Engineering Computing (WSTC) | 10 |
| ENGR 1010 | Engineering Materials (WSTC) | 10 |
| ENGR 1013 | Engineering Physics (WSTC) | 10 |
| ENGR 1020 | Fundamentals of Mechanics (WSTC) | 10 |
| ENGR 1026 | Introduction to Engineering Practice (WSTC) | 10 |
| MATH 1018 | Mathematics for Engineers 1 (WSTC) | 10 |
| MATH 1023 | Mathematics for Engineers Preliminary (WSTC) | 10 |
| Students must also pass the following non-award subject, which does not count for credit towards the Diploma: | | |
| GEDU 0008 | Tertiary Study Skills in Engineering (WSTC Prep) | 0 |
| Total Credit Points | | 80 |

Diploma in Engineering/Bachelor of Engineering Studies (6033)

Approved Abbreviation: DipEng/BEngSt

Western Sydney University Program Code: 6033

AQF Level: 7

CRICOS Code: 096983F

Program Status: CURRENT

Students have the opportunity to focus on a discipline area by selecting a major in Civil, Construction, Electrical, Mechanical and Robotic & Mechatronic engineering. The program has been developed with the view of enabling graduates to practice as an engineering technologist in their chosen field. The three year Bachelor of Engineering Science program may be used as a pathway to the four year Bachelor of Engineering program that meets Engineers Australia professional accreditation requirements; an academic performance criteria will be the eligibility criteria for such transfer.

The first year of this program is delivered by Western Sydney University The College as an agent of Western Sydney University via extended face-to-face hours in smaller learning environments.

A Diploma in Engineering exit point is also available at the end of the first year of the program.

For more information on Western Sydney University, The College, please refer to their web site.

Western Sydney University, The College (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college.html>)

Early Exit

Students may exit this program on completion of 100 credit points with a 7034 Diploma in Engineering (<https://hbook.westernsydney.edu.au/programs/diploma-engineering/>)

Study Mode

Three years full-time or six years part-time.

Program Advice

For program advice during your first year of study, please use the contact below.

College Admin (AdminApp@westernsydney.edu.au)

For program advice during your second and subsequent years of study, please use the contact listed for the Bachelor of Engineering Science (p. 162).

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

For more information on applying please see link to The College admission pages below.

https://www.westernsydney.edu.au/thecollege/how_to_apply (https://www.westernsydney.edu.au/thecollege/how_to_apply/)

Domestic students are required to have:

- Completed an English subject in the NSW Higher School Certificate, Or
- Competency in English at IELTS 6.0 equivalent (unless a native speaker) Or
- Passed The College English test at IELTS 6.0 equivalent Or
- Passed The College Foundation Studies Academic English subject at C grade level or higher.

Students are also assumed to have completed some study in Mathematics and Science at a senior high school level or equivalent.

Met other entry requirements such as:

- An ATAR identified prior to the offer of a place, Or
- Completed The College Foundation Studies program with a Grade Point Average of 5.5 or higher.

International students must satisfy one of the following language requirements:

- IELTS 6.0 with a minimum 5.5 in each sub band Or
- Completed the College EAP 4 program with a 50% pass Or
- Passed The College English test at IELTS 6.0 equivalent Or
- Passed The College Foundation Studies Academic English subject at C grade level or higher for which advanced standing can be applied for.

Academic Entry Requirements vary according to country of origin. However, in general:

- Completion of Year 12 or its equivalent is the minimum entry requirement Or
- Completed The College Foundation Studies program with a Grade Point Average of 5.5 or higher.

Recommended Sequence

Qualification for this award requires the successful completion of 260 credit points which include the subjects listed in the recommended sequence below.

The early exit College Diploma consists of 100 credit points which includes three College Preparatory units.

Western Sydney University The College Subjects
Parramatta City (George Street) and Penrith Campus

Please note that all campuses may not have intakes each year.

| Course | Title | Credit Points |
|----------------------------|--|---------------|
| Year 1 | | |
| First Term of Study | | |
| GEDU 0008 | Tertiary Study Skills in Engineering (WSTC Prep) | 0 |
| MATH 0008 | Mathematics 2 (WSTC Prep) | 10 |
| PHYS 0003 | Foundation Physics 2 (WSTC Prep) | 10 |
| ENGR 1026 | Introduction to Engineering Practice (WSTC) | 10 |
| ELEC 1008 | Engineering Computing (WSTC) | 10 |
| Second Term of Study | | |
| MATH 1023 | Mathematics for Engineers Preliminary (WSTC) | 10 |
| ENGR 1010 | Engineering Materials (WSTC) | 10 |
| ENGR 1013 | Engineering Physics (WSTC) | 10 |
| Third Term of Study | | |
| ELEC 1005 | Electrical Fundamentals (WSTC) | 10 |
| ENGR 1020 | Fundamentals of Mechanics (WSTC) | 10 |
| MATH 1018 | Mathematics for Engineers 1 (WSTC) | 10 |
| Credit Points | | 100 |
| Total Credit Points | | 100 |

Students may exit at this point and graduate with the Diploma in Engineering following a passing grade in all of the above subjects.

Students who progress to Year Two may also be awarded the Diploma if they gain a passing grade in all of the above subjects.

- Students must pass all College Preparatory subjects before progressing to the Year Two subjects.
- Students must pass at least 70 credit points of University level subjects in Year One before progressing to the Year Two subjects.

Admission

This program is an exit award only

The aim of the course is to prepare students for tertiary study in Health Science. The Diploma is accredited by the University, as principal, to enable its agent, The College, to produce students who are fully prepared for study beyond the first year of a tertiary award.

Local students entering this Diploma are required to have:

- Completed an English unit in the NSW Higher School Certificate, OR
- Competency in English at IELTS 6.0 equivalent (unless a native speaker) OR
- Passed The College English test at IELTS 6.0 equivalent OR
- Passed The College Foundation Studies Academic English unit at C grade level or higher for which advanced standing can be applied.

Met other entry requirements such as:

- An ATAR identified prior to the offer of a place (the ATAR will be set each year at a level below that for admission for the Bachelor of Health Science), OR
- Completed The College Foundation Studies course with a Grade Point Average of 5.5 or higher.

International students entering the Diploma must satisfy one of the following language requirements:

- IELTS 6.0 with a minimum 5.5 in each sub band OR
- Completed The College EAP 4 course with a 50% pass OR
- Passed The College English test at IELTS 6.0 equivalent OR
- Passed The College Foundation Studies Academic English unit at C grade level or higher for which advanced standing can be applied.

Academic Entry Requirements vary according to country of origin. However, in general:

- Completion of Year 12 or its equivalent is the minimum entry requirement OR
- Completed The College Foundation Studies course with a Grade Point Average of 5.5 or higher.

Program Structure

This program is an exit award only

Students must pass the following University level units which will allow students to enter the second year of the Bachelor of Health Science (with testamur majors in Public Health, Health Promotion, Recreational Therapy, Health Services Management and Clinical Sciences) at WSU with 80cp advanced standing.

| Subject | Title | Credit Points |
|-----------|--|---------------|
| PUBH 1007 | Population Health and Society (WSTC) | 10 |
| COMM 1008 | Communication in Health (WSTC) | 10 |
| BEHV 1015 | Psychology and Health (WSTC) | 10 |
| HLTH 1015 | Professional Competencies in Health (WSTC) | 10 |
| HLTH 1014 | Evidence in Health (WSTC) | 10 |

Diploma in Health Science/Bachelor of Health Science (6000)

Approved Abbreviation: DipHlthSc/BHlthSc
Western Sydney University Program Code: 6000
AQF Level: 7

CRICOS Code: 096963K

This program applies to students who commenced in 2021 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

Commencement Year 2017 - 6000.1 Diploma in Health Science/Bachelor of Health Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=6000.1>)

The Diploma/Bachelor of Health Science provides an understanding of health sciences. Students choose one of five specialisations.

Health Promotion
 Public Health
 Health Service Management
 Recreational Therapy
 Clinical Sciences

These specialisations prepare students for work in related fields or to undertake further study. The health promotion, public health, health services management and recreational therapy programs qualify students for highly demanded positions in the workforce. The clinical sciences testamur major prepares students for graduate entry clinical health courses. Students have flexibility in their elective choices within the course and can select from a range of majors or submajors/minors, to complement their primary testamur major and extend their health discipline-specific knowledge and skill set.

The testamur majors Public Health, Health Promotion and Recreational Therapy are also offered as fully online courses.

To facilitate the development of skills required for competent practice this program includes work placement opportunities of 120 hours (Public Health and Health Promotion), 280 hours (Health Services Management) and 720 hours (Recreational Therapy). The Clinical Sciences major does not include a work placement, but these students can choose a second major in health promotion and public health to gain a workplace experience.

The first year of this program is delivered by Western Sydney University The College, as an agent of Western Sydney University. A Diploma in Health Science exit award is available on completion of requirements specified for the first year of the program.

Western Sydney University, The College (<https://www.westernsydney.edu.au/thecollege/>)

For program advice during your first year of study, please use the contact below under 'Program Advice'. For program advice during your second and subsequent years of study, please use the contact listed for the Bachelor of Health Science.

Bachelor of Health Science (p. 169)

Early Exit

Students may exit this program on completion of 100 credit points with a 7018 Diploma in Health Science (<https://hbook.westernsydney.edu.au/programs/diploma-health-science/>)

Study Mode

Three years full-time or six years part-time.

Accreditation

The Bachelor of Health Science (Health Service Management) has Professional Accreditation with the Australasian College of Health Service Management (ACHSM). The Bachelor of Health Science (Therapeutic Recreation) has been granted accreditation from Diversional Therapy Australia (DTA).

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

For more information on applying please see link to The College admission pages below.

https://www.westernsydney.edu.au/thecollege/how_to_apply (https://www.westernsydney.edu.au/thecollege/how_to_apply/)

Domestic students are required to have

- Completed an English subject in the NSW Higher School Certificate, Or
- Competency in English at IELTS 6.0 equivalent (unless a native speaker) Or

- Passed The College Foundation Studies Academic English subject at C grade level or higher.

Met other entry requirements such as

- An ATAR identified prior to the offer of a place, Or
- Completed The College Foundation Studies program with a Grade Point Average of 5.5 or higher.

International students must satisfy one of the following language requirements

- IELTS 6.0 with a minimum 5.5 in each sub band Or
- Completed the College EAP 4 program with a 50% pass Or
- Passed The College English test at IELTS 6.0 equivalent Or
- Passed The College Foundation Studies Academic English subject at C grade level or higher for which advanced standing can be applied for.

Academic Entry Requirements vary according to country of origin. However, in general

- Completion of Year 12 or its equivalent is the minimum entry requirement Or
- Completed The College Foundation Studies program with a Grade Point Average of 5.5 or higher.

Special Requirements - NSW Health Legislative Pre-requisites

Student Compliance Information for all Health-Related Placements

To enrol in this program, students must meet Western Sydney University program requirements. To attend a health-related placement in this program, Special Legislative Requirements will be assessed from the first year of study.

Western Program Requirements

Visit the Special Requirements webpage for details about your program.

Special Requirements (https://www.westernsydney.edu.au/currentstudents/current_students/enrolment/special_requirements/)

Mandatory NSW Health student placement policy requirements

To be able to undertake placement in any NSW Health facility you must be assessed as compliant with NSW Health student placement policy in the first year of your program, regardless of when you expect to go on your first placement. Access and read the NSW Student Compliance Information Booklet

NSW Student Compliance Information Booklet (https://issuu.com/uwspublications/docs/wsu_student_compliance_booklet_2020_v6/)

Please ensure that you

1. Find your existing National Police Check or apply for one
2. Gather documentary evidence of your vaccination history
3. Print and complete all relevant NSW Health forms relevant to the campus you are enrolled at or online enrolment requirements
4. Follow booklet instructions on how to have your compliance documents assessed by NSW health staff.

International students have additional requirements: the link to the booklet will inform you of these requirements.

School Requirements

Contact your School for further details regarding your School's requirements, if any, such as

- If you live outside of NSW or Australia and need to meet your state, territory or country's compliance requirements
- If you need to meet different state, territory or country compliance requirements.
- NSW Working with Children Check (WWCC) or other state equivalent, valid for your entire program.
- Current approved first aid certificate valid for your entire program - approved program providers can be found at the Government Training website
- <http://training.gov.au>
- Other non-health related requirements

Student Compliance Resources are also available on the Placements Hub web page (NSW students only)

https://www.westernsydney.edu.au/learning_futures/home/placements_hub/placements_hub/student_compliance (https://www.westernsydney.edu.au/learning_futures/home/placements_hub/placements_hub/student_compliance/)

Program Structure

Qualification for this award requires the successful completion of 260 credit points as per the recommended sequence below.

- Students must pass all College Preparatory subjects before progressing to the Year Two subjects.
- Students must pass at least 70 credit points of University level subjects in Year One before progressing to the Year Two subjects.

Recommended Sequence

Year 1 College Units

Full-time start-year intake

| Course | Title | Credit Points |

Major and Minor elective spaces

Elective subjects may be used toward obtaining an additional approved major (80 credit points) or minor (40 credit points). Western Sydney University offers majors and minors in a range of areas including Sustainability and Indigenous Studies.

Global Sustainability Minor (p. 862)
Indigenous Australian Studies Major (p. 889)
Indigenous Australian Studies Minor (p. 890)

Western Sydney University also offers the following innovative transdisciplinary minors which we encourage those students who have elective space to consider.

Equitable Technologies (<https://hbook.westernsydney.edu.au/majors-minors/equitable-technologies-minor/>)
Urban Evolution (<https://hbook.westernsydney.edu.au/majors-minors/urban-evolution-minor/>)
Migration and Global Change (<https://hbook.westernsydney.edu.au/majors-minors/migration-global-change-minor/>)
Personal Innovation (<https://hbook.westernsydney.edu.au/majors-minors/personal-innovation-minor/>)
Innovating, Creating and Problem Solving (<https://hbook.westernsydney.edu.au/majors-minors/innovating-creating-problem-solving-minor/>)
Eco-Socially Conscious Design and Manufacturing (<https://hbook.westernsydney.edu.au/majors-minors/eco-socially-conscious-design-manufacturing-minor/>)
Water for Life (<https://hbook.westernsydney.edu.au/majors-minors/water-life-minor/>)
Climate Justice (<https://hbook.westernsydney.edu.au/majors-minors/climate-justice-minor/>)
Global Workplaces (<https://hbook.westernsydney.edu.au/majors-minors/global-workplaces-minor/>)
Innovating For Humans (<https://hbook.westernsydney.edu.au/majors-minors/innovating-humans-minor/>)

Search for majors and minors (p. 730)

Students can apply for an elective major or minor via MySR.

Diploma in Information and Communications Technology (7163)

Approved Abbreviation: DipICT

Western Sydney University Program Code: 7163

AQF Level: 5

CRICOS Code: 063564J

This program applies to students who commenced in 2018 or later.

This program is delivered by Western Sydney University, The College as an agent of Western Sydney University.

This program is designed to provide a tertiary level foundation for further study in the Bachelor of Information and Communications Technology and Bachelor of Information Systems degrees. It has been constructed to provide students with a sample of Information and Communications Technology (ICT) subjects and university experiences.

Students who successfully complete the Diploma in Information and Communications Technology will articulate into Bachelor of Information and Communications Technology degree at Western Sydney University with up to one year equivalent of advanced standing. Students may also articulate into Bachelor of Information Systems.

For more information on Western Sydney University, The College, please refer to their web site.

Western Sydney University, The College (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college.html>)

Study Mode

One year full-time (three terms). Students will be required to attend the Kingswood or Parramatta South campus for some learning experiences.

Program Advice

College Program Enquiries (AdminApp@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Campus | Attendance | Mode | Advice |
|--|------------|----------|-----------|
| Parramatta City Campus-George Street | Full Time | Internal | See above |
| The College - Nirimba Education Precinct | Full time | Internal | See above |

Admission

Local students entering this Diploma are required to have

- Completed an English subject in the NSW Higher School Certificate, Or
- Competency in English at IELTS 6.0 equivalent (unless a native speaker) Or
- Passed The College English test at IELTS 6.0 equivalent Or
- Passed The College Foundation Studies Academic English subject at C grade level or higher for which advanced standing can be applied for.

Students are also assumed to have completed a Mathematics subject, equivalent to the Mathematics subject in the NSW Higher School Certificate.

Met other entry requirements such as

- An ATAR identified prior to the offer of a place (the ATAR will be set each year at a level below that for admission for the Bachelor of Information Communications Technology or Computing), Or
- Completed The College Foundation Studies program with a Grade Point Average of 5.5 or higher.

International students entering the Diploma must satisfy one of the following language requirements

- IELTS 6.0 with a minimum 5.5 in each sub band Or
- Completed The College EAP 4 program with a 50% pass Or
- Passed The College English test at IELTS 6.0 equivalent Or
- Passed The College Foundation Studies Academic English subject at C grade level or higher for which advanced standing can be applied for.

Students are also assumed to have completed a Mathematics subject, equivalent to the Mathematics subject in the NSW Higher School Certificate.

Academic Entry Requirements vary according to country of origin. However, in general

- Completion of Year 12 or its equivalent is the minimum entry requirement Or
- Completed the College Foundation Studies program with a Grade Point Average of 5.5 or higher.

Program Structure

Qualification for this award requires the successful completion of 100 credit points which include the subjects listed in the pathways below.

Students must pass the following subjects, including the preparatory level subjects for which no advanced standing will be granted in the University degree program

| Subject | Title | Credit Points |
|------------------------|--|---------------|
| Term 1 of Study | | |
| GEDU 0010 | Tertiary Study Skills in Information and Communications Technology (WSTC Prep) | 0 |
| COMP 0003 | Programming Design (WSTC Prep) | 5 |

| INFS 2011 | Object Oriented Analysis (WSTC) | 10 |
| Total Credit Points | | 100 |

Diploma in Information and Communications Technology (Health Information Management) (exit only) (7164)

Approved Abbreviation: DipICT(HIM)

Western Sydney University Program Code: 7164

AQF Level: 5

CRICOS Code: 094502M

The Diploma in Information and Communications Technology (Health Information Management) is available as an exit point only from 6038 - Diploma/Bachelor of Information and Communications Technology (Health Information Management).

This program is delivered by Western Sydney University, The College as an agent of Western Sydney University.

The program is designed to provide students with the first year subjects included in the Bachelor of Information and Communications Technology (Health Information Management) degree. It presents students with a range of subjects included in the first year of the corresponding degree and aims to prepare students for study beyond the first year of University study. It is delivered in a smaller, more supportive learning environment than usually found in first year undergraduate programs.

Students who successfully complete this program will articulate into the Bachelor of Information and Communications Technology (Health Information Management) degree at Western Sydney University with up to one year equivalent of advanced standing.

For more information on Western Sydney University, the College, please refer to their website.

Diploma in Information and Communications Technology / Bachelor of Information Systems (6040)

Approved Abbreviation: DiplICT/BInfoSys

Western Sydney University Program Code: 6040

AQF Level: 7

CRICOS Code: 096986C

This program applies to students who commenced in 2018 or later.

This program will allow students to complete the Diploma in Information and Communications Technology together with the Bachelor of Information Systems. In addition to providing core competencies in technology related skills, the Diploma in ICT will also prepare students to study and research at the University level in the supportive environment.

Information Systems is a growing field. Each technology implementation requires careful planning, business analysis and the identification of goals systems implemented would need to meet, so that organisations and groups can achieve required goals. By undertaking this program students will also learn about database implementations, programming, web and mobile developments, networking, systems deployment, social media, data analytics and security. This program will also give students the opportunity to learn and engage with business while undertaking their program.

The first year of this program is delivered by Western Sydney University The College, as an agent of Western Sydney University, via extended face-to-face hours in smaller learning environments.

This program has the exit point Diploma in Information and Communications Technology at the end of the first year.

For more information on Western Sydney University, The College, please refer to their web site.

Western Sydney University, The College (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college.html>)

Early Exit

Students may exit this program on completion of 100 credit points with a 7163 Diploma in Information and Communications Technology (<https://hbook.westernsydney.edu.au/programs/diploma-information-communications-technology/>)

Study Mode

Three years full-time or six years part-time.

Students will be required to attend the Kingswood or Parramatta South campus for some learning experiences.

Program Advice

For program advice during your first year of study, please contact The College: College Admin (AdminApp@westernsydney.edu.au)

For program advice during your second and subsequent years of study, please use the contact listed for the Bachelor of Information Systems (p. 207).

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Accreditation

The Bachelor of Information Systems is accredited by the Australian Computer Society.

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

For more information on applying please see link to The College admission pages below.

https://www.westernsydney.edu.au/thecollege/how_to_apply (https://www.westernsydney.edu.au/thecollege/how_to_apply/)

Domestic students are required to have:

- Completed an English subject in the NSW Higher School Certificate, or
- Competency in English at IELTS 6.0 equivalent (unless a native speaker), or
- Passed The College English test at IELTS 6.0 equivalent, or
- Passed The College Foundation Studies Academic English subject at C grade level or higher.

Students are also assumed to have completed a Mathematics subject, equivalent to the Mathematics subject in the NSW Higher School Certificate.

Met other entry requirements such as:

- An ATAR identified prior to the offer of a place, or
- Completed The College Foundation Studies program with a Grade Point Average of 5.5 or higher.

International students must satisfy one of the following language requirements

- IELTS 6.0 with a minimum 5.5 in each sub band, or
- Completed the College EAP 4 program with a 50% pass, or
- Passed The College English test at IELTS 6.0 equivalent, or
- Passed The College Foundation Studies Academic English subject at C grade level or higher for which advanced standing can be applied for.

Academic Entry Requirements vary according to country of origin. However, in general:

- Completion of Year 12 or its equivalent is the minimum entry requirement, or
- Completed The College Foundation Studies program with a Grade Point Average of 5.5 or higher.

Recommended Sequence

Qualification for this award requires the successful completion of 260 credit points which include the subjects listed in the recommended sequence below.

Western Sydney University The College Subjects

Nirimba and Parramatta City (George Street) Campus

Please note that all campuses may not have intakes each year.

| Course | Title | Credit Points |

Diploma in Information and Communications Technology Extended - Information Systems (7140)

Approved Abbreviation: DiplInfCommTech
Western Sydney University Program Code: 7140
AQF Level: 5

CRICOS Code: 096991F

This program is delivered by Western Sydney University, The College as an agent of Western Sydney University.

This program is designed to provide students with the first year subjects included in the Information Systems degree. The inclusion of additional preparatory subjects is designed to assist students in the transition to study at University level. The Diploma is delivered via extended face to face hours in smaller learning environments.

Students who successfully complete this Diploma will articulate into the Information Systems degree with up to one year (80 credit points) equivalent of advanced standing.

For more information on Western Sydney University, The College, please refer to their website.

Western Sydney University, The College (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college.html>)

Study Mode

One and a half years full-time (four terms).

Students will be required to attend the Kingswood campus for some learning experiences.

Diploma in Information and Communications Technology Fast Track (7004)

Approved Abbreviation: DipICT

Western Sydney University Program Code: 7004

AQF Level: 5

CRICOS Code: 063563K

This program applies to students who commenced in 2014 or later.

This program is delivered by Western Sydney University, The College as an agent of Western Sydney University.

This program is designed to provide a tertiary level foundation for further study in the Bachelor of Information and Communications Technology and Bachelor of Information Systems degrees. It has been constructed to provide students with a sample of ICT subjects and university experiences. Students who successfully complete the Diploma in Information and Communications Technology Fast Track will articulate into Bachelor of Information and Communications Technology degree at Western Sydney University with up to one year equivalent of advanced standing. Students may also articulate into Bachelor of Information Systems.

For more information on Western Sydney University, The College, please refer to their web site.

Western Sydney University, The College (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college.html>)

Study Mode

Eight months full-time (two terms).

Students will be required to attend the Kingswood or Parramatta South campus for some learning experiences.

Program Advice

College Admin (AdminApp@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Campus | Attendance | Mode | Advice |
|--------------------------------------|------------|----------|-----------|
| Parramatta City Campus-George Street | Full Time | Internal | See above |

Admission

The aim of the program is to prepare students for tertiary study in Information and Communications Technology or Computing. The Diploma is accredited by the University, as principal, to enable its agent, Western Sydney University, The College to produce students who are fully prepared for study beyond the first year of a tertiary award.

Local students entering this Diploma are required to have:

- Completed an English unit in the NSW Higher School Certificate, Or
- Competency in English at IELTS 6.0 equivalent (unless a native speaker) Or
- Passed the English test administered by Western Sydney University, The College at IELTS 6.0 equivalent Or
- Passed the Foundation Studies Academic English subject, offered by Western Sydney University, The College at C grade level or higher.

- Passed either the Foundation Studies Commercial Mathematics subject or the Mathematics B subject offered by Western Sydney University, The College at C grade level or higher.

Students are also assumed to have completed a Mathematics subject, equivalent to the Mathematics unit in the NSW Higher School Certificate.

Met other entry requirements such as:

- An ATAR identified prior to the offer of a place (the ATAR will be set each year at a level below that for admission for the Bachelor of Information Communications Technology or Computing), Or
- Completed the Foundation Studies program offered by Western Sydney University, The College, with a Grade Point Average of 6.0 or higher.

International students entering the Diploma must satisfy one of the following language requirements:

- IELTS 6.0 with a minimum 5.5 in each sub band Or
- Completed the EAP 4 program offered by Western Sydney University, The College with a 50% pass Or
- Passed the English test administered by Western Sydney University, The College at IELTS 6.0 equivalent Or
- Passed the Foundation Studies Academic English subject, offered by Western Sydney University, The College at C grade level or higher.
- Passed either the Foundation Studies Commercial Mathematics subject or the Mathematics B subject offered by Western Sydney University, The College at C grade level or higher.

Students are also assumed to have completed a Mathematics subject, equivalent to the Mathematics subject in the NSW Higher School Certificate.

Academic Entry Requirements vary according to country of origin. However, in general:

- Completion of Year 12 or its equivalent is the minimum entry requirement Or
- Completed the Foundation Studies program offered by Western Sydney University, The College, with a Grade Point Average of 6.0 or higher.

Special Requirements

Students must complete Tertiary Study Skills with UWS College prior to completion of the diploma.

Program Structure

Students who wish to enter the Bachelor of Information Systems on completion of this Diploma program will, subject to student numbers, study MATH 1031 Statistics for Business (WSTC).

Students intending to enter the Bachelor of Information and Communications Technology will, subject to student numbers, study MATH 1029 Statistical Decision Making (WSTC).

| Subject | Title | Credit Points |
|---|---|---------------|
| Students must also pass the following seven subjects: | | |
| COMP 2006 | Computer Networking (WSTC) | 10 |
| INFS 2003 | Database Design and Development (WSTC) | 10 |
| INFS 1003 | Information Systems in Context (WSTC) | 10 |
| COMM 1027 | Principles of Professional Communication 1 (WSTC) | 10 |

| | | |
|---|--|----|
| COMP 1006 | Programming Fundamentals (WSTC) | 10 |
| INFS 1007 | Systems Analysis and Design (WSTC) | 10 |
| MATH 2013 | Object Oriented Analysis (WSTC) | |
| From Term 2 2022 MATH 2013 replaced by INFS 2011 | | 10 |
| INFS 2011 | Object Oriented Analysis (WSTC) | |
| Select one of the following: | | 10 |
| Students who wish to enter the Bachelor of Information Systems on completion of this Diploma program select | | |
| MATH 1031 | Statistics for Business (WSTC) | |
| Students who wish to enter the Bachelor of Information and Communications Technology on completion of this Diploma program select | | |
| MATH 1029 | Statistical Decision Making (WSTC) | |
| Students must also pass the following non-award subject, which does not count for credit towards the Diploma | | |
| GEDU 0010 | Tertiary Study Skills in Information and Communications Technology (WSTC Prep) | 0 |

Total Credit Points **80**

Diploma in Science (exit only) (7084)

Approved Abbreviation: DipSc (exit)

Western Sydney University Program Code: 7084

AQF Level: 5

CRICOS Code: 063567F

This program applies to students who commenced in Term 1, 2020 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2017 (Term 3), please refer to: 7084.3 Diploma in Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=7084.3>)

For Commencement Year 2017 (Term 1 and Term 2), please refer to: 7084.2 Diploma in Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=7084.2>)

For Commencement Year 2015, please refer to: 7084.1 Diploma in Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=7084.1>)

The Diploma in Science is available as an exit point only from 6004/6043 -Diploma in Science/Bachelor of Science or 6002/6042 -Diploma in Science/Bachelor of Medical Science

This course is designed to engage students in, and further prepare students for, tertiary study in science. It presents students with first year level Bachelor of Science and Bachelor of Medical Science units and aims to produce students who are fully prepared for study beyond the first year of the Bachelor of Science or Medical Science degrees.

The Diploma is delivered via extended face to face hours in smaller learning environments.

Students who successfully complete the Diploma in Science will articulate into:

Bachelor of Science - Majors: AgriFood, Animal Science, Applied Physics, Biology, Chemistry, Environmental Health, Forensic Science, Innovative Foods, Sustainable Environmental Futures, Zoology.

Bachelor of Medical Science - Majors: Anatomy and Physiology, Biomedical Science, Human Nutrition.

at Western Sydney University with up to one year equivalent of advanced standing (80 credit points).

For more information on Western Sydney University, The College, please refer to their web site.

Western Sydney University, The College (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college.html>)

Study Mode

One year full-time (three terms)

Admission

This program is an exit award only

Local students are required to have:

- Completed an English subject in the NSW Higher School Certificate, or
- Competency in English at IELTS 6.0 equivalent (unless a native speaker) or
- Passed The College English test with 70% or higher or
- Passed The College Foundation Studies Academic English subject at C grade level or higher for which advanced standing can be applied for.

Students are also assumed to have completed some study in Mathematics and Science at senior high school level or its equivalent.

Met other entry requirements such as:

- An ATAR identified prior to the offer of a place (the ATAR will be set each year at a level below that for admission for the Bachelor of Science) or
- Completed The College Foundation Studies program with a Grade Point Average of 5.5 or higher.

International Students

International students must satisfy one of the following language requirements:

- IELTS 6.0 with a minimum 5.5 in each sub band or
- Completed The College EAP 4 program with a 50% pass or
- Passed The College English test at IELTS 6.0 equivalent or
- Passed The College Foundation Studies Academic English subject at C grade level or higher for which advanced standing can be applied for.

Students are also assumed to have completed some study in Mathematics and Science at senior high school level or its equivalent.

Academic Entry Requirements vary according to country of origin. However, in general:

- Completion of Year 12 or its equivalent is the minimum entry requirement or
- Completed The College Foundation Studies program with a Grade Point Average of 5.5 or higher

Program Structure

This program is an exit award only

Students must pass the following preparatory level subject for which no advanced standing will be granted in the University degree program:

| Subject | Title | Credit Points |
|--|--|---------------|
| CHEM 0001 | Chemistry (WSTC Prep) | 10 |
| Students must pass the following four University level subjects: | | |
| BIOS 1014 | Cell Biology (WSTC) | 10 |
| CHEM 1013 | Essential Chemistry (WSTC) | 10 |
| CHEM 1009 | Introductory Chemistry (WSTC) | 10 |
| NATS 1020 | Scientific Literacy (WSTC) | 10 |
| Students must pass Four of the following ten subjects: | | |
| NATS 1029 | Human Anatomy and Physiology 1 (WSTC) | |
| PROC 1007 | Introduction to Food Science (WSTC) | |
| NATS 1030 | Human Anatomy and Physiology 2 (WSTC) | |
| BIOS 1034 | Management of Aquatic Environments (WSTC) | |

Admission

This program is open to Australian Citizens and Permanent Residents who are aged 17 years or over and **not** currently enrolled in or completing Year 12 in the same year of intended admission.

International Students:

IELTS 5.5 with minimum 5.0 in each sub band; or equivalent results from The College English Language Program or The College English

Entrance Test; and completion of year 11 or equivalent with specified results.

Program Structure

Students are categorised into three Pathways. See individual links below for detailed program structure.

Qualification for this award requires the successful completion of 130 credit points which include the subjects listed in the pathways below

Recent School Leavers and Non-Credentialed Students

| Subject | Title | Credit Points |
|---------|-------|---------------|
|---------|-------|---------------|

Students must be enrolled in 7120 - Diploma in Science Extended - Medical Science to complete this field of study.

Students must pass all Preparatory subjects (WSTC Prep) for which no advanced standing will be granted in the University degree program.

Students must pass 40 credit points from the following Preparatory subjects (Level Z) prior to enrolling in the University level subjects (WSTC) listed below.

| Term 1 of Study | | |
|---------------------------------------|--|------------|
| Level Z subjects | | |
| NATS 0010 | Interpreting Data In Science (WSTC Prep) | 10 |
| NATS 0003 | Academic Skills for Science (WSTC Prep) | 10 |
| NATS 0007 | Fundamentals of Science (WSTC Prep) | 10 |
| BIOS 0002 | Focus on Biology (WSTC Prep) | 10 |
| Term 2 of Study | | |
| Level Z subjects | | |
| CHEM 0001 | Chemistry (WSTC Prep) | 10 |
| Level 1 subjects | | |
| NATS 1020 | Scientific Literacy (WSTC) | 10 |
| BIOS 1003 | Biodiversity (WSTC) | 10 |
| Term 3 and 4 of Study | | |
| CHEM 1013 | Essential Chemistry (WSTC) | 10 |
| BIOS 1014 | Cell Biology (WSTC) | 10 |
| CHEM 1009 | Introductory Chemistry (WSTC) | 10 |
| NATS 1029 | Human Anatomy and Physiology 1 (WSTC) | 10 |
| AND two of the following three units: | | 20 |
| NATS 1030 | Human Anatomy and Physiology 2 (WSTC) | |
| PROC 1007 | Introduction to Food Science (WSTC) | |
| MATH 1027 | Quantitative Thinking (WSTC) | |
| OR | | |
| MATH 1004 | Biometry (WSTC) | |
| Total Credit Points | | 130 |

CRICOS Code: 096989M

This program applies to students who commenced in 2020 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For commencement year 2018, please refer to: 7122.2 Diploma in Science Extended - Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=7122.2>)

For commencement year 2017, please refer to: 7122.1 Diploma in Science Extended - Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=7122.1>)

This program is delivered by Western Sydney University, The College as an agent of Western Sydney University.

This program provides students with a guaranteed pathway into the Bachelor of Science degree at Western Sydney University with up to 80 credit points of advanced standing. The Diploma is delivered via extended face to face hours in smaller learning environments.

For more information on Western Sydney University, The College, please refer to their website.

Western Sydney University, The College (https://www.westernsydney.edu.au/future/study/application-pathways/the-college/?cid=ps:thecollet3-2021&gclid=Cj0KCQjw7MGJBhd-ARIsAMZ0eevF9y_By0WEk0LTVt5eqmhH9o3MfXOsfRMXDi62LxfJKYpHt25),

Study Mode

One and a half years full-time (four terms). Students will be required to attend the Hawkesbury and Campbelltown campuses for some learning experiences.

Location

| Campus | Attendance | Mode | Advice |
|---|------------|----------|-----------|
| The College - Nirimba Education Precinct | Full Time | Internal | See above |

Admission

This program is open to Australian Citizens and Permanent Residents who are aged 17 years or over and **not** currently enrolled in or completing Year 12 in the same year of intended admission.

International Students:

IELTS 5.5 with minimum 5.0 in each sub band; or equivalent results from The College English Language Program or The College English Entrance Test; and completion of year 11 or equivalent with specified results.

Program Structure

Students are categorised into two Pathways. See individual links below for detailed program structure.

Qualification for this award requires the successful completion of 130 Credit Points which include the subjects listed in the pathways below

Recent School Leavers and Non-credentialed Students

| Subject | Title | Credit Points |
|---------|-------|---------------|
|---------|-------|---------------|

Students must be enrolled in 7122 - Diploma in Science Extended - Science to complete this field of study.

Students must pass all Preparatory subjects (WSTC Prep) for which no advanced standing will be granted in the University degree program.

Students must pass 40 credit points from the following Preparatory subjects (Level Z) prior to enrolling in the University level subjects (WSTC) listed below.

Term 1 of Study

Level Z subjects

| | | |
|-----------|--|----|
| NATS 0010 | Interpreting Data In Science (WSTC Prep) | 10 |
| NATS 0003 | Academic Skills for Science (WSTC Prep) | 10 |
| NATS 0007 | Fundamentals of Science (WSTC Prep) | 10 |
| BIOS 0002 | Focus on Biology (WSTC Prep) | 10 |

Term 2 of Study

Level Z subjects

| | | |
|-----------|-----------------------|----|
| CHEM 0001 | Chemistry (WSTC Prep) | 10 |
|-----------|-----------------------|----|

Level 1 subjects

| | | |
|-----------|----------------------------|----|
| NATS 1020 | Scientific Literacy (WSTC) | 10 |
| BIOS 1003 | Biodiversity (WSTC) | 10 |

Term 3 and 4 of Study

| | | |
|-----------|-------------------------------|----|
| CHEM 1006 | Essential Chemistry 2 (WSTC) | 10 |
| CHEM 1009 | Introductory Chemistry (WSTC) | 10 |

AND Four more units from the following eleven units (depending on which course students are progressing to):

| | | |
|-----------|--|--|
| BIOS 1014 | Cell Biology (WSTC) | |
| ENVL 1007 | Environmental Health Issues and Solutions (WSTC) | |
| BIOS 1034 | Management of Aquatic Environments (WSTC) | |
| NATS 1029 | Human Anatomy and Physiology 1 (WSTC) | |
| NATS 1030 | Human Anatomy and Physiology 2 (WSTC) | |
| BIOS 1038 | Anatomy and Physiology in Health (WSTC) | |
| PROC 1007 | Introduction to Food Science (WSTC) | |
| NATS 1026 | Digital Forensic Photography (WSTC) | |
| NATS 1027 | Forensic Science (WSTC) | |
| MATH 1027 | Quantitative Thinking (WSTC) | |

OR

| | | |
|-----------|-----------------|--|
| MATH 1004 | Biometry (WSTC) | |
|-----------|-----------------|--|

Total Credit Points **130**

International Students

Diploma in Science Fast Track (7009)

Approved Abbreviation: DipSc

Western Sydney University Program Code: 7009

AQF Level: 5

CRICOS Code: 068984D

This program applies to students who commenced in 2017 or later.

This program is designed to engage students in, and further prepare students for, tertiary study in science. It presents students with first year level Bachelor of Science subjects and aims to produce students who are fully prepared for study beyond the first year of the Bachelor of Science degree. It is delivered in a smaller, more supportive learning environment than usually found in first year undergraduate programs.

Students who successfully complete the Diploma in Science Fast Track will articulate into Bachelor of Science or Bachelor of Science (Chemistry or Biological Sciences or Nutrition and Food or Forensic Science or Environmental Science or Zoology) or Bachelor of Medical Science (Medicinal Chemistry or Anatomy and Physiology or Biomedical Science) or Bachelor of Natural Science (Animal Science or Environmental Management) or Bachelor of Medical Science (Forensic Mortuary Practice) at Western Sydney University with up to one year equivalent of advanced standing (80 credit points).

For more information on Western Sydney University, The College, please refer to their web site.

Western Sydney University, The College (<http://www.westernsydney.edu.au/thecollege/>)

Study Mode

Eight months full-time (two terms) or four terms part-time

Program Advice

College Admin (AdminApp@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Campus | Attendance | Mode | Advice |
|--|------------|----------|-----------|
| The College - Nirimba Education Precinct | Full Time | Internal | See above |

Admission

The aim of the program is to prepare students for tertiary study in Science. The Diploma is accredited by the University, as principal, to enable its agent, Western Sydney University, The College to produce students who are fully prepared for study beyond the first year of a tertiary award.

Local students entering this Diploma are required to have

- Completed an English subject in the NSW Higher School Certificate Or
- Competency in English at IELTS 6.0 equivalent (unless a native speaker) Or
- Passed The College English test at IELTS 6.0 equivalent Or
- Passed The College Foundation Studies Academic English subject at C grade level or higher.

Students are also assumed to have completed some study in Mathematics and Science at senior high school level or its equivalent.

Met other entry requirements such as

- An ATAR identified prior to the offer of a place (the ATAR will be set each year at a level below that for admission for the Bachelor of Science) Or
- Completed The College Foundation Studies program with a Grade Point Average of 6.0 or higher.

International students entering the Diploma must satisfy one of the following language requirements

- IELTS 6.0 with a minimum 5.5 in each sub band Or
- Completed The College EAP 4 program with a 50% pass Or
- Passed The College English test at IELTS 6.0 equivalent Or
- Passed The College Foundation Studies Academic English subject at C grade level or higher.

Students are also assumed to have completed some study in Mathematics and Science at senior high school level or its equivalent.

Academic Entry Requirements vary according to country of origin. However, in general

- Completion of Year 12 or its equivalent is the minimum entry requirement Or
- Completed The College Foundation Studies program with a Grade Point Average of 6.0 or higher.

Program Structure

| Subject | Title | Credit Points |
|---|--|---------------|
| Students must pass the following non-award subject which does not count for credit towards the Diploma | | |
| GEDU 0013 | Tertiary Study Skills in Science (WSTC Prep) | 0 |
| Students must pass the following subjects | | |
| BIOS 1014 | Cell Biology (WSTC) | 10 |
| CHEM 1006 | Essential Chemistry 2 (WSTC) | 10 |
| NATS 1020 | Scientific Literacy (WSTC) | 10 |
| Select one of the following: | | 10 |
| CHEM 1009 | Introductory Chemistry (WSTC) | |
| CHEM 1004 | Essential Chemistry 1 (WSTC) | |
| Bachelor of Science (Forensic Science or Chemistry) students must choose CHEM 1004 Essential Chemistry 1 (WSTC) | | |
| Select one of the following: | | 10 |

| | | |
|--|------------------------------|----|
| BIOS 1003 | Biodiversity (WSTC) | |
| PHYS 1004 | Physics 1 (WSTC) | |
| Bachelor of Science (Chemistry) and Bachelor of Medical Science (Forensic Mortuary Practice) students must choose PHYS 1004 Physics 1 (WSTC) | | |
| Select one of the following: | | 10 |
| MATH 1027 | Quantitative Thinking (WSTC) | |
| MATH 1004 | Biometry (WSTC) | |
| Bachelor of Medical Science (Forensic Mortuary Practice) students must choose MATH 1004 Biometry (WSTC) | | |

Students must also pass two subjects dependent upon the Western Sydney University degree they wish to enter on successful completion of their studies.

Bachelor of Medical Science (Medicinal Chemistry or Anatomy and Physiology or Biomedical Science) or Bachelor of Medical Science (Forensic Mortuary Practice)

| Subject | Title | Credit Points |
|-----------|-------------------------------------|---------------|
| NATS 1002 | Concepts in Human Anatomy (WSTC) | 10 |
| NATS 1021 | Concepts in Human Physiology (WSTC) | 10 |

Bachelor of Natural Science (Animal Science or Environmental Management) or Bachelor of Science (Chemistry)

| Subject | Title | Credit Points |
|-----------|--------------------------------|---------------|
| NATS 2024 | Integrated Science (WSTC) | 10 |
| BIOS 1031 | Resource Sustainability (WSTC) | 10 |

Bachelor of Science

| Subject | Title | Credit Points |
|-----------|-------------------------------------|---------------|
| NATS 1021 | Concepts in Human Physiology (WSTC) | 10 |
| NATS 2024 | Integrated Science (WSTC) | 10 |

Bachelor of Science (Forensic Science)

| Subject | Title | Credit Points |
|-----------|----------------------------------|---------------|
| NATS 1002 | Concepts in Human Anatomy (WSTC) | 10 |
| NATS 2024 | Integrated Science (WSTC) | 10 |

Bachelor of Science (Biological Sciences)

| Subject | Title | Credit Points |
|------------------------------|-------------------------------------|---------------|
| NATS 1021 | Concepts in Human Physiology (WSTC) | 10 |
| Select one of the following: | | 10 |
| NATS 2024 | Integrated Science (WSTC) | |
| BIOS 1031 | Resource Sustainability (WSTC) | |

Bachelor of Science (Nutrition and Food)

| Subject | Title | Credit Points |
|-----------|-------------------------------------|---------------|
| NATS 1021 | Concepts in Human Physiology (WSTC) | 10 |
| PROC 1003 | Food Science 1 (WSTC) | 10 |

Bachelor of Science (Environmental Science)

| Subject | Title | Credit Points |
|------------------------------|-------------------------------------|---------------|
| BIOS 1031 | Resource Sustainability (WSTC) | 10 |
| Select one of the following: | | 10 |
| NATS 1021 | Concepts in Human Physiology (WSTC) | |
| NATS 2024 | Integrated Science (WSTC) | |

Bachelor of Science (Zoology)

| Subject | Title | Credit Points |
|------------------------------|--------------------------------|---------------|
| Select two of the following: | | 20 |
| NATS 2024 | Integrated Science (WSTC) | |
| BIOS 1003 | Biodiversity (WSTC) | |
| BIOS 1031 | Resource Sustainability (WSTC) | |

Replaced Subjects

The subjects listed below count towards completion of this program for students who passed these subjects in 2019 or earlier.

BIOS 1026 - Introduction to Physiology (WSTC), Replaced by
NATS 1024 Introduction to Physiology (WSTC)

Diploma in Science/Bachelor of Medical Science (6042)

Approved Abbreviation: DipSc/BMedSc

Western Sydney University Program Code: 6042

AQF Level: 7

Approved Abbreviation: DipSc/BMedSc

Western Sydney University Program Code: 6042

AQF Level: 7

CRICOS Code: 096966G

Program Status:

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2020 to 2021 - Please refer to 6042.1
Diploma in Science/Bachelor of Medical Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=6042.1>)

This degree will provide opportunities to learn about the sciences underpinning human health, and their application to disease. The degree has the choice of three primary majors: biomedical science, medicinal chemistry or anatomy and physiology. Students need note that different majors and minors are offered on different campuses. Graduates may find employment in areas such as medical research laboratories, hospital laboratories and in pathology laboratories, and be well suited for positions in the pharmaceutical, medical sales, allied health companies and various research and quality control laboratories, as well as further study including research degrees, and graduate medicine degrees.

The first year of this program is delivered by Western Sydney University The College as an agent of Western Sydney University via extended face-to-face hours in smaller learning environments. A Diploma in Science exit point is also available at the end of the first year of the program.

For more information on Western Sydney University, The College, please refer to their web site.

Western Sydney University, The College (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college.html>)

Early Exit

Students may exit this program on completion of 90 credit points with a 7084 Diploma in Science (exit only) (<https://hbook.westernsydney.edu.au/programs/diploma-science/>)

Study Mode

Three years full-time or six years part-time

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Work integrated learning is a component of many Subjects in the core of the program and testamur majors. Students must study to a specific work integrated learning subject, Complex Case Studies in Science. This unit is designed to provide students with opportunities for personal development, industry and civic engagement and to develop career readiness. The subject assures that students can critically analyse and logically argue complex scientific issues whilst taking into account multiple competing perspectives and builds on employability and communication skills developed in earlier units.

Admission

For more information on applying please see link to The College admission pages below.

https://www.westernsydney.edu.au/thecollege/how_to_apply (https://www.westernsydney.edu.au/thecollege/how_to_apply/)

Domestic students are required to have:

- Completed an English subject in the NSW Higher School Certificate, **or**
- Competency in English at IELTS academic 6.0 equivalent (unless a native speaker) **or**
- Passed The College English test with 70% or higher **or**
- Passed The College Foundation Studies Academic English subject at C grade level or higher.

Students are also assumed to have completed some study in Mathematics and Science at a senior high school level or equivalent.

Met other entry requirements such as:

- An ATAR identified prior to the offer of a place, **or**
- Completed The College Foundation Studies program with a Grade Point Average of 5.5 or higher.

International students must satisfy one of the following language requirements:

- IELTS 6.0 with a minimum 5.5 in each sub band **or**
- Completed the College EAP 4 program with a 50% pass **or**
- Passed The College English test at IELTS academic 6.0 equivalent **or**
- Passed The College Foundation Studies Academic English subject at C grade level or higher for which advanced standing can be applied for.

Academic Entry Requirements vary according to country of origin. However, in general:

- Completion of Year 12 or its equivalent is the minimum entry requirement **or**
- Completed The College Foundation Studies program with a Grade Point Average of 5.5 or higher.

Program Structure

Qualification for this award requires the completion of 250 credit points which includes:

90 credit points of core subjects, 80 credit points taken as a Science major and 80 credit points of elective subjects.

Students must complete at least 60 credit points at Level 3 or above.

To meet this requirement, students must select at least 10 credit points of elective study at Level 3.

Year One - College Subjects

Standard 3 term (90 credit points)

| Subject | Title | Credit Points |
|----------------------------------|---------------------------------------|---------------|
| Preparatory Subject | | |
| CHEM 0001 | Chemistry (WSTC Prep) | 10 |
| University Level Subjects | | |
| BIOS 1014 | Cell Biology (WSTC) | 10 |
| CHEM 1013 | Essential Chemistry (WSTC) | 10 |
| NATS 1020 | Scientific Literacy (WSTC) | 10 |
| BIOS 1003 | Biodiversity (WSTC) | 10 |
| CHEM 1009 | Introductory Chemistry (WSTC) | 10 |
| NATS 1029 | Human Anatomy and Physiology 1 (WSTC) | 10 |
| Select one of the following: | | 10 |
| MATH 1027 | Quantitative Thinking (WSTC) | |
| MATH 1004 | Biometry (WSTC) | |
| Select one of the following: | | 10 |
| NATS 1030 | Human Anatomy and Physiology 2 (WSTC) | |
| PROC 1007 | Introduction to Food Science (WSTC) | |
| Total Credit Points | | 90 |

Students may exit at this point and graduate with the Diploma in Science following a passing grade in all of the above subjects. Students who progress to Year Two may also be awarded the Diploma if they gain a passing grade in all of the above subjects.

Students must pass all College Preparatory subjects before progressing to the Year Two subjects.

Students must pass at least 70 credit points of University level subjects in Year One before progressing to the Year Two subjects.

Years 2 and 3

Western Sydney University Subjects

For course advice during your second and subsequent years of study, please use the contact listed for the Bachelor of Medical Science (<https://hbook.westernsydney.edu.au/programs/bachelor-medical-science/>)

Core Subjects

| Subject | Title | Credit Points |
|------------------------------|---|---------------|
| Select one of the following: | | 10 |
| MATH 2001 | Advanced Calculus | |
| BIOS 2042 | Biochemistry | |
| NATS 2019 | Forensic and Environmental Analysis | |
| NATS 2042 | Science Research Methods | |
| CHEM 2001 | Analytical Chemistry | |
| PUBH 2010 | Epidemiology | |
| Select one of the following: | | 10 |
| NATS 3044 | Complex Case Studies in Science | |
| NATS 3045 | Work Internship for Science Professionals (only available to students in MT3031 Environmental Health) | |
| Select one of the following: | | 10 |
| NATS 3027 | Laboratory Quality Management | |
| NATS 3015 | Field Project 1 | |
| BIOS 3012 | Conservation Biology | |

Majors

Students are required to complete eight specialisation units from one of the following testamur majors:

Anatomy and Physiology, Testamur Major (T084) (p. 748)

Biomedical Science, Testamur Major (T086) (p. 764)

Human Nutrition, Testamur Major (T125) (p. 882)

Students may complete a second testamur major chosen from the list below:

Agrifood, Testamur Major (T123) (p. 746)

Anatomy and Physiology, Testamur Major (T084) (p. 748)

Animal Science, Testamur Major (T054) (p. 750)

Applied Physics, Testamur Major (T078) (p. 756)

Biology, Testamur Major (T053) (p. 762)

Biomedical Science, Testamur Major (T086) (p. 764)

Chemistry, Testamur Major (T026) (p. 772)

Human Nutrition, Testamur Major (T125) (p. 882)

Innovative Foods, Testamur Major (p. 894)

Sustainable Environmental Futures, Testamur Major (p. 1007)

Zoology, Testamur Major (p. 1018)

NOTE: Students must seek advice from their Academic Program Advisor before selecting a second testamur major (or major) to ensure course requirements are met.

Elective Subjects

Students may use their flexible subjects to complete a second major (80 credit points) or one or more minors (40 credit points each) from the same or another discipline area, or up to 80 credit points from the wide range of subjects offered by Western Sydney University.

Suggested minors:

Environmental Health, Minor (p. 842)

Infectious Diseases, Minor (p. 891)

Microbiology, Minor (p. 938)

Diploma in Science/Bachelor of Science (6043)

Approved Abbreviation: DipSc/BSc

Western Sydney University Program Code: 6043

AQF Level: 7

Approved Abbreviation: DipSc/BSc

Western Sydney University Program Code: 6043

AQF Level: 7

CRICOS Code: 096968E

Program Status:

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2020 to 2021 - please refer to: 6043.1 Diploma in Science/Bachelor of Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=6043.1>)

Science asks questions about how the natural world works and the impact of humans at its interface. It does so in a systematic, yet rigorously creative way based on inquiry and evidence. A Bachelor of Science will prepare you to take part in this process of inquiry, by both contributing to it and by using scientific knowledge to solve current problems in broad settings. Students will learn core concepts and skills investigating the natural world, proposing and testing ideas by experimentation and observation; quantifying and modelling processes; communicating findings, thinking independently and critically. Students can enrol in this degree and select from a range of scientific disciplines with the option of expanding learning into other areas outside of science.

Students choosing MT3031 Environmental Health testamur major must complete a compulsory work placement.

All students must complete 60 credit points of study at Level 3 to meet course requirements. Depending on the major selected, students may need to select at least 10 credit points of elective study at Level 3 to meet this requirement.

Students need to note that different majors are offered on different campuses, and not all majors will be offered at every campus.

The first year of this program is delivered by Western Sydney University The College as an agent of Western Sydney University via extended face-to-face hours in smaller learning environments. A Diploma in Science exit point is also available at the end of the first year of the program.

For more information on Western Sydney University, The College, please refer to their web site.

Western Sydney University, The College (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college.html>)

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience opportunities.

Students who select T076 Environmental Health testamur major must complete a compulsory work placement. Please contact the Program Advisor listed above for information.

Work integrated learning is a component of many subjects in the core of the course and testamur majors. Additionally, students will be allocated to or, depending on the testamur major selected, may choose one of three specific work integrated learning subjects.

The first of these, *Complex Case Studies in Science*, is designed to provide students with opportunities for personal development, industry and civic engagement and to develop career readiness. The subject assures that students can critically analyse and logically argue complex scientific issues whilst taking into account multiple competing perspectives and builds on employability and communication skills developed in earlier subjects.

Complex Forensic Studies is the second specific work integrated learning subject. Students in MT 3022 Forensic Science will undertake Complex Forensic Studies which assures similar skills to those in Complex Case Studies but in a specific forensic science context.

In the third specific work integrated learning subject, *Work Internship for Science Professionals*, students undertake an industry placement. This subject is compulsory for students studying MT3031 Environmental Health to meet accreditation requirements. The placement will allow students to observe and develop professional skills and behaviour and integrate theoretical and practical science knowledge and conventions into a real-world setting. Student placements are unpaid and are undertaken in accordance with the requirements of Western Sydney University's Placement Policy (<https://policies.westernsydney.edu.au/document/view.current.php?id=308>). Students who are in relevant employment may apply for this experience to be recognised for advanced standing purposes. Students should consult the Credit for Prior Learning Policy (<https://policies.westernsydney.edu.au/document/view.current.php?id=176>).

Placement Policy (<https://policies.westernsydney.edu.au/document/view.current.php?id=308>)

Advanced Standing Policy (<https://policies.westernsydney.edu.au/document/view.current.php?id=176>)

Admission

For more information on applying please see link to The College admission pages below.

https://www.westernsydney.edu.au/thecollege/how_to_apply (https://www.westernsydney.edu.au/thecollege/how_to_apply/)

Domestic students are required to have:

- Completed an English unit in the NSW Higher School Certificate, **or**
- Competency in English at IELTS academic 6.0 equivalent (unless a native speaker) **or**
- Passed The College English test with 70% or higher **or**
- Passed The College Foundation Studies Academic English subject at C grade level or higher.

Students are also assumed to have completed some study in Mathematics and Science at a senior high school level or equivalent.

Met other entry requirements such as:

- An ATAR identified prior to the offer of a place, **or**
- Completed The College Foundation Studies program with a Grade Point Average of 5.5 or higher.

International students must satisfy one of the following language requirements:

- IELTS 6.0 with a minimum 5.5 in each sub band **or**
- Completed the College EAP 4 program with a 50% pass **or**
- Passed The College English test at IELTS academic 6.0 equivalent **or**
- Passed The College Foundation Studies Academic English subject at C grade level or higher for which advanced standing can be applied for.

Academic Entry Requirements vary according to country of origin. However, in general:

- Completion of Year 12 or its equivalent is the minimum entry requirement **or**
- Completed The College Foundation Studies program with a Grade Point Average of 5.5 or higher.

Program Structure

Qualification for this award requires the completion of 250 credit points which includes: 90 credit points of core subjects, 80 credit points taken as a Science major plus 80 credit points of elective subjects.

An exception to this is MT3031 Environmental Health specialisation, students must complete 80 credit points of core subjects plus 120 credit points of Environmental Health subjects plus 40 credit points of elective subjects..

Students must complete at least 60 credit points at level 3 or above. Depending on the major selected, students may need to select at least 10 credit points of elective study at Level 3 to meet this requirement.

Subjects are 10 credit points each unless otherwise indicated.

Year One - College Subjects

Standard 3 term (90 credit points)

| Subject | Title | Credit Points |
|--|-------------------------------|---------------|
| Preparatory Subject | | |
| CHEM 0001 | Chemistry (WSTC Prep) | 10 |
| Eight University Level Subjects | | |
| BIOS 1014 | Cell Biology (WSTC) | 10 |
| CHEM 1013 | Essential Chemistry (WSTC) | 10 |
| NATS 1020 | Scientific Literacy (WSTC) | 10 |
| CHEM 1009 | Introductory Chemistry (WSTC) | 10 |
| BIOS 1003 | Biodiversity (WSTC) | 10 |

Select three of the following (depending on the testamur major chosen): 30

| | |
|-----------|--|
| NATS 1029 | Human Anatomy and Physiology 1 (WSTC) |
| PROC 1007 | Introduction to Food Science (WSTC) |
| NATS 1030 | Human Anatomy and Physiology 2 (WSTC) |
| ENVL 1007 | Environmental Health Issues and Solutions (WSTC) |
| NATS 1026 | Digital Forensic Photography (WSTC) |
| BIOS 1038 | Anatomy and Physiology in Health (WSTC) |
| MATH 1027 | Quantitative Thinking (WSTC) |

OR

| | |
|-----------|-----------------|
| MATH 1004 | Biometry (WSTC) |
|-----------|-----------------|

Total Credit Points 90

Students may exit at this point and graduate with the Diploma in Science following a passing grade in all of the above subjects. Students who progress to Year Two may also be awarded the Diploma if they gain a passing grade in all of the above subjects.

Students must pass all College Preparatory subjects before progressing to the Year Two subjects.

Students must pass at least 70 credit points of University level subjects in Year One before progressing to the Year Two subjects.

Years 2 and 3

Western Sydney University Subjects

160 credit points as per the rules of the Bachelor of Science (3754)

Core Subjects

Students are allocated core subjects from the following areas depending on the specialisation chosen. Students should consult the sequence of subjects identified for each specialisation.

| Subject | Title | Credit Points |
|------------------------------|---|---------------|
| Select one of the following: | | 10 |
| MATH 2001 | Advanced Calculus | |
| BIOS 2042 | Biochemistry | |
| NATS 2019 | Forensic and Environmental Analysis | |
| NATS 2042 | Science Research Methods | |
| CHEM 2001 | Analytical Chemistry | |
| PUBH 2010 | Epidemiology | |
| Select one of the following: | | 10 |
| NATS 3044 | Complex Case Studies in Science | |
| NATS 3045 | Work Internship for Science Professionals | |
| NATS 3044 | Complex Case Studies in Science | 10 |
| NATS 3008 | Complex Forensic Studies | 10 |
| Select one of the following: | | 10 |
| NATS 3027 | Laboratory Quality Management | |
| NATS 3015 | Field Project 1 | |
| BIOS 3012 | Conservation Biology | |
| NATS 3040 | Topics in Medical Science | |

Note: Students are allocated a core subject from these areas depending on the major chosen. Students should consult the sequence of subjects identified for each major

Total Credit Points 50

Majors

Students are required to complete eight major core subjects from one of the following testamur majors.

Students selecting MT3031 Environmental Health are required to complete twelve major core subjects.

Students may only select one testamur major

- Agrifood, Testamur Major (T123) (p. 746)
- Animal Science, Testamur Major (T054) (p. 750)
- Applied Physics, Testamur Major (T078) (p. 756)
- Biology, Testamur Major (T053) (p. 762)
- Chemistry, Testamur Major (T026) (p. 772)
- Environmental Health, Testamur Major (T076) (p. 843)
- Forensic Science, Testamur Major (T049) (p. 856)
- Innovative Foods, Testamur Major (p. 894)
- Sustainable Environmental Futures, Testamur Major (p. 1007)
- Zoology, Testamur Major (p. 1018)

Electives Subjects

Students may use their elective subjects to complete a second major (80 credit points) or one or more sub-majors (40 credit points each) from the same or another discipline area, or up to 80 credit points from the wide range of subjects offered by Western Sydney University.

Students may complete a second testamur major chosen from the list below

- Agrifood, Testamur Major (T123) (p. 746)
- Anatomy and Physiology, Testamur Major (T084) (p. 748)
- Animal Science, Testamur Major (T054) (p. 750)
- Applied Physics, Testamur Major (T078) (p. 756)
- Biology, Testamur Major (T053) (p. 762)
- Biomedical Science, Testamur Major (T086) (p. 764)
- Chemistry, Testamur Major (T026) (p. 772)
- Environmental Health, Testamur Major (T076) (p. 843)
- Forensic Science, Testamur Major (T049) (p. 856)
- Human Nutrition, Testamur Major (T125) (p. 882)
- Innovative Foods, Testamur Major (p. 894)
- Sustainable Environmental Futures, Testamur Major (p. 1007)
- Zoology, Testamur Major (p. 1018)

NOTE: Students must seek advice from their Academic Program Advisor before selecting a second testamur major (or major) to ensure course requirements are met

Suggested minors

- Environmental Health, Minor (p. 842)
- Infectious Diseases, Minor (p. 891)
- Microbiology, Minor (p. 938)

Students taking a pathway to teaching minor must first seek academic advice before selecting electives or minors.

Enrolment in elective subjects is subject to meeting any required criteria for individual subjects, such as co-requisites and pre-requisites.

Students should note that either BIOS 1014 Cell Biology (WSTC) or CHEM 1006 Essential Chemistry 2 (WSTC) (depending on testamur major chosen) will be considered an elective subject.

Diploma in Social Science (exit only) (7050)

Approved Abbreviation: DipSocSc

Western Sydney University Program Code: 7050

AQF Level: 5

CRICOS Code: 069055D

This program applies to students who commenced in Term 1, 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

Commencement Year Term 2 2021 - 7050.4 Diploma in Social Science (exit only) (<https://handbook.westernsydney.edu.au/hbook/course.aspx?course=7050.4>)

Commencement Year 2018 to Term 1 2021 - 7050.3 Diploma in Social Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=7050.3>)

Commencement Year 2017 - 7050.2 Diploma in Social Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=7050.2>)

Commencement Year 2015 to 2016 - 7050.1 Diploma in Social Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=7050.1>)

The Diploma in Social Science is available as an exit point only from 6023 - Diploma in Social Science/Bachelor of Social Science, 6027 - Diploma in Social Science/Bachelor of Humanitarian and Development Studies or 6030 - Diploma in Social Science/Bachelor of Tourism Management.

This program is delivered by Western Sydney University, The College as an agent of Western Sydney University.

This program is a broadly based, interdisciplinary program. It offers preparatory subjects in Academic English and other relevant subjects that provide additional skills for tertiary level study and is delivered via extended face-to-face hours in smaller learning environments. Students who successfully complete the Diploma in Social Science may articulate into the Bachelor of Social Science degree or the Bachelor of Humanitarian and Development Studies at Western Sydney University with up to 80 credit points of advanced standing.

For more information on The College, please refer to The College web site.

Western Sydney University, The College (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college.html>)

Study Mode

One year full-time (three semesters)

Program Advice

College Program Enquiries (<https://directory.westernsydney.edu.au/search/email/AdminApp@westernsydney.edu.au>)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/>

[future/](https://www.westernsydney.edu.au/international/home/apply/admissions/)) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Admission

This program is an exit award only

The aim of the course is to prepare students for tertiary study in Social Science. The Diploma is accredited by the University, as principal, to enable its agent, The College, to produce students who are fully prepared for study beyond the first year of a tertiary award.

Local students are required to have:

- Completed an English unit in the NSW Higher School Certificate, OR
- Competency in English at IELTS 6.0 equivalent OR
- Passed The College English test with 70% or higher OR
- Passed The College Foundation Studies Academic English unit at C grade level or higher for which advanced standing can be applied for.

Met other entry requirements such as:

- An ATAR identified prior to the offer of a place (the ATAR will be set each year at a level below that for admission for the Bachelor of Social Science) OR
- Completed The College Foundation Studies course with a Grade Point Average of 5.5 or higher.

International students must satisfy one of the following language requirements:

- IELTS 6.0 with a minimum 5.5 in each sub band OR
- Completed The College EAP 4 course with a 50% pass OR
- Passed The College English test with 70% or higher OR
- Passed The College Foundation Studies Academic English unit at C grade level or higher for which advanced standing can be applied for.

Academic Entry Requirements vary according to country of origin. However, in general:

- Completion of Year 12 or its equivalent is the minimum entry requirement OR
- Completed The College Foundation Studies course with a Grade Point Average of 5.5 or higher.

Program Structure

This program is an exit award only

Qualification for this award requires the successful completion of the subjects listed below

| Subject | Title | Credit Points |
|--|---|---------------|
| Students must pass the following six University level subjects: | | |
| HUMN 1029 | Human Rights, Peace and Development (WSTC) | 10 |
| HUMN 1042 | People, Place and Social Difference (WSTC) | 10 |
| BEHV 1023 | The Individual in Society (WSTC) | 10 |
| CULT 1019 | Understanding Society (WSTC) | 10 |
| HUMN 1062 | Introduction to Indigenous Australia: Peoples, Places and Philosophies (WSTC) | 10 |
| CULT 1023 | Working with Cultural Differences (WSTC) | 10 |
| Progression to Bachelor of Social Science | | |
| Students who wish to progress with 80 credit points to the Bachelor of Social Science must pass two of the following three University level subjects: | | 20 |
| CULT 1006 | Crime, Deviance and Society (WSTC) | |
| POLI 1003 | Introduction to International Relations (WSTC) | |
| From Term 3 2022, subject POLI1003 Introduction to International Relations (WSTC) replaced by subject POLI1008 World Politics and International Relations (WSTC) | | |
| POLI 1008 | World Politics and International Relations (WSTC) | |
| HUMN 2033 | Issues in World Development: Rich World, Poor World (WSTC) | |
| Progression to Bachelor of Humanitarian and Development Studies | | |
| Students who wish to progress with 80 credit points to the Bachelor of Humanitarian and Development Studies must pass the following two University level subjects: | | 20 |
| POLI 1003 | Introduction to International Relations (WSTC) | |
| From Term 3 2022, subject POLI1003 Introduction to International Relations (WSTC) replaced by subject POLI1008 World Politics and International Relations (WSTC) | | |
| POLI 1008 | World Politics and International Relations (WSTC) | |
| HUMN 2033 | Issues in World Development: Rich World, Poor World (WSTC) | |
| Students must pass the following two preparatory level subjects | | |
| No advanced standing will be granted for these preparatory subjects in the Western Sydney University degree program | | |
| LANG 0003 | Academic English (WSTC Prep) | 10 |
| CULT 0006 | Key Concepts and Skills in the Social Sciences (WSTC Prep) | 10 |
| Total Credit Points | | 120 |

Equivalent Subjects

The core subject listed below count towards completion of this program for students who passed this subject in 2021 or earlier.

CULT 1021 Working with Communities (WSTC) replaced by HUMN 1062 Introduction to Indigenous Australia: Peoples, Places and Philosophies (WSTC)

Diploma in Social Science (Policing) Extended (7168)

Approved Abbreviation: DipSocSc(Pol)

Western Sydney University Program Code: 7168

AQF Level: 5

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2020 and 2021 - Please refer to 7168.1 - Diploma in Social Science (Policing) Extended (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=7168.1>)

This program is delivered by Western Sydney University, The College as an agent of Western Sydney University.

This program is designed to provide students with the first year subjects included in the Social Science (Policing) degree. The inclusion of additional preparatory subjects is designed to assist students in the transition to study at University level.

The Diploma is delivered via extended face to face hours in smaller learning environments. Students who successfully complete this Diploma will articulate into the Social Science (Policing) degree with up to one year (80 credit points) equivalent of advanced standing.

For more information on Western Sydney University, The College, please refer to their web site.

Western Sydney University, The College (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college.html>)

Study Mode

One and a half years full-time (four terms).

Admission

This program is open to Australian Citizens and Permanent Residents who are aged 17 years or over and **not** currently enrolled in or completing Year 12 in the same year of intended admission.

Program Structure

Qualification for this award requires the successful completion of 130 credit points as per the recommended sequences below.

Students are categorised into two Pathways. See individual links below for detailed course structure and sequence

Recommended Sequence

Students must pass all the Preparatory units (WSTC Prep) for which no advanced standing will be granted in the University degree program.

Students must pass 40 credit points from the following preparatory units (WSTC Prep) prior to enrolling in the University level units (WSTC).

WSTC Social Science (Policing) Extended Local Recent School Leavers

| Subject | Title | Credit Points |
|----------------------------|---|---------------|
| Term 1 of Study | | |
| JUST 0002 | Introduction to Australian Law Enforcement (WSTC Prep) | 10 |
| BEHV 0001 | Introduction to Human Behaviour (WSTC Prep) | 10 |
| LANG 0054 | Professional Communication Skills for Policing and Justice (WSTC Prep) | 10 |
| HUMN 0020 | Understanding Academic Life (WSTC Prep) | 10 |
| Term 2 of Study | | |
| LANG 0052 | Academic Communication for Policing and Justice (WSTC Prep) | 10 |
| CULT 1025 | Introduction to Criminal Justice (WSTC) | 10 |
| BEHV 1023 | The Individual in Society (WSTC) | 10 |
| Term 3 of Study | | |
| HUMN 1062 | Introduction to Indigenous Australia: Peoples, Places and Philosophies (WSTC) | 10 |
| BEHV 2015 | Mental Health in the Community (WSTC) | 10 |
| CULT 1019 | Understanding Society (WSTC) | 10 |
| Term 4 of Study | | |
| CULT 1006 | Crime, Deviance and Society (WSTC) | 10 |
| HUMN 1042 | People, Place and Social Difference (WSTC) | 10 |
| JUST 1004 | Policing Practices (WSTC) | 10 |
| Total Credit Points | | 130 |

WSTC Social Science (Policing) Extended Non-Credentialed Applicants

| Subject | Title | Credit Points |
|----------------------------|---|---------------|

| HUMN 1042 | People, Place and Social Difference (WSTC) | 10 |
| JUST 1004 | Policing Practices (WSTC) | 10 |
| Total Credit Points | | 130 |

Equivalent Core Subjects

The core subject listed below count towards completion of this program for students who passed this subject in 2022 or earlier.

CULT 1021 Working with Communities (WSTC), replaced by HUMN 1062 Introduction to Indigenous Australia: Peoples, Places and Philosophies (WSTC)

Diploma in Social Science (Policing)/Bachelor of Policing (6044)

Approved Abbreviation: DipSocSc(Pol)/BPol
Western Sydney University Program Code: 6044
AQF Level: 7

CRICOS Code:

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2020 and 2021 - please refer to 6044.1 - Diploma in Social Science (Policing)/Bachelor of Policing (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=6044.1>)

This program equips graduates with an introduction to policing as a distinct area of academic study, and provides the foundation for students wishing to join policing or criminal justice organisations. Students study social science and criminology subjects, and a range of specialist policing subjects to equip graduates with a broad understanding of the role of police in society. The curriculum recognises the complexities and challenges of contemporary policing and explores the application of policing practice to a changing Australian society.

NB: Students seeking a policing career will be required to satisfy the entrance requirements for these policing or criminal justice organisations. Completion of this degree does not guarantee entry into these competitive positions.

The first year of this program is delivered by Western Sydney University The College, as an agent of Western Sydney University, via extended face-to-face hours in smaller learning environments. A Diploma in Social Science (Policing) exit point is also available at the end of the first year of the program.

For more information on Western Sydney University, The College, please refer to their web site.

Western Sydney University, The College (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college.html>)

For program advice during your first year of study, please use the contact below under 'Program Advice'. For program advice during your second and subsequent years of study, please use the contact listed for the Bachelor of Policing.

Early Exit

Students may exit this program on completion of 90 credit points with a 7167 Diploma in Social Science (Policing) (exit only) (<https://hbook.westernsydney.edu.au/programs/diploma-social-science-policing-exit-only/>)

Study Mode

Three years full-time or six years part-time.

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is an optional work component available in this program. Please contact the Program Advisor listed above for information.

Admission

For more information on applying please see link to The College admission pages below.

https://www.westernsydney.edu.au/thecollege/how_to_apply (https://www.westernsydney.edu.au/thecollege/how_to_apply/)

Domestic students are required to have:

- Completed an English subject in the NSW Higher School Certificate, **or**
- Competency in English at IELTS 6.0 equivalent (unless a native speaker) **or**
- Passed The College English test with 70% or higher **or**
- Passed The College Foundation Studies Academic English subject at C grade level or higher.

Met other entry requirements such as:

- An ATAR identified prior to the offer of a place, **or**
- Completed The College Foundation Studies program with a Grade Point Average of 5.5 or higher.

This program is not available to International students.

Special Requirements Prerequisites

Students enrolled in JUST 3012 Policing Leaders Internship (by selection only; 20 student max.) are required to receive a clear National Police Check before placement with NSW Police Force or the Australian Institute of Police Management (AIPM). Students placed with the AIPM will also need to undergo a drug test before commencement.

Recommended Sequence

Qualification for this award requires the successful completion of 250 credit points which include the subjects listed in the recommended sequence below.

The early exit College Diploma consists of 90 credit points which includes one College Preparatory subject.

Western Sydney University The College Subjects

Nirimba and Bankstown Campus

Please note that all campuses may not have intakes each year.

Full-time Start-year intake

Minor elective spaces

Elective subjects may be used toward obtaining an additional approved minor (40 credit points). Western Sydney University offers minors in a range of areas including Sustainability and Indigenous Studies.

Global Sustainability Minor (p. 862)

Indigenous Australian Studies Minor (p. 890)

Western Sydney University also offers the following innovative transdisciplinary minors which we encourage those students who have elective space to consider.

Equitable Technologies (<https://hbook.westernsydney.edu.au/majors-minors/equitable-technologies-minor/>)

Urban Evolution (<https://hbook.westernsydney.edu.au/majors-minors/urban-evolution-minor/>)

Migration and Global Change (<https://hbook.westernsydney.edu.au/majors-minors/migration-global-change-minor/>)

Personal Innovation (<https://hbook.westernsydney.edu.au/majors-minors/personal-innovation-minor/>)

Innovating, Creating and Problem Solving (<https://hbook.westernsydney.edu.au/majors-minors/innovating-creating-problem-solving-minor/>)

Eco-Socially Conscious Design and Manufacturing (<https://hbook.westernsydney.edu.au/majors-minors/eco-socially-conscious-design-manufacturing-minor/>)

Water for Life (<https://hbook.westernsydney.edu.au/majors-minors/water-life-minor/>)

Climate Justice (<https://hbook.westernsydney.edu.au/majors-minors/climate-justice-minor/>)

Global Workplaces (<https://hbook.westernsydney.edu.au/majors-minors/global-workplaces-minor/>)

Innovating For Humans (<https://hbook.westernsydney.edu.au/majors-minors/innovating-humans-minor/>)

Search for majors and minors (p. 730)

Students can apply for an elective minor via MySR.

MyStudentRecords (MySR) (<https://student-selfservice.westernsydney.edu.au/StudentSelfService/ssb/studentCommonDashboard/>)

Diploma in Social Science Extended - Humanitarian and Development Studies (7156)

Approved Abbreviation: DipSocSc

Western Sydney University Program Code: 7156

AQF Level: 5

CRICOS Code: 097000J

This program applies to students who commenced in Term 2, 2021 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

Commencement Year 2018 to Term 1 2021 - 7156.1 Diploma in Social Science Extended - Humanitarian and Development Studies (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=7156.1>)

This program is delivered by Western Sydney University, The College as an agent of Western Sydney University.

This program is designed to provide students with the first year subjects included in the Social Science - Humanitarian and Development Studies degree. The inclusion of additional preparatory subjects is designed to assist students in the transition to study at University level. The Diploma is delivered via extended face to face hours in smaller learning environments.

Students who successfully complete this Diploma will articulate into the Social Science – Humanitarian and Development Studies degree with up to one year (80 credit points) equivalent of advanced standing.

For more information on Western Sydney University, The College, please refer to their web site.

Western Sydney University, The College (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college.html>)

Study Mode

One and a half years full-time (four terms).

Diploma in Social Science/Bachelor of Humanitarian and Development Studies (6027)

Approved Abbreviation: DipSocSc/BHumDevStud

Western Sydney University Program Code: 6027

AQF Level: 7

CRICOS Code: 096980J

This program applies to students who commenced in Term 1, 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year Term 2 2021 - please refer to 6027.2 - Diploma in Social Science/Bachelor of Humanitarian and Development Studies (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=6027.2>)

For Commencement Year Term 2 2017 - Term 1 2021, please refer to 6027.1 - Diploma in Social Science/Bachelor of Humanitarian and Development Studies (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=6027.1>)

The Bachelor of Humanitarian and Development Studies covers all aspects of disaster management, humanitarian assistance, and development to equip students with the required skills, knowledge, and practical experience (i.e. humanitarian crisis simulation + international placement) that make them ready to work with national and international government and non-government organisations implementing short- and long-term life-saving programs. The degree provides a theory-driven and as well as a comprehensive field experience package that enhance students' learning, research skills, real world experience, and career readiness.

The first year of this program is delivered by Western Sydney University The College, as an agent of Western Sydney University, via extended face-to-face hours in smaller learning environments. A Diploma in Social Science exit point is also available at the end of the first year of the program.

For more information on Western Sydney University, The College, please refer to their web site.

Western Sydney University, The College (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college.html>)

For program advice during your first year of study, please use the contact below under 'Program Advice'. For program advice during your second and subsequent years of study, please use the contact listed for the Bachelor of Humanitarian and Development Studies.

Bachelor of Humanitarian and Development Studies (p. 181)

Early Exit

Students may exit this program on completion of 100 credit points with a 7050 Diploma in Social Science (exit only) (<https://hbook.westernsydney.edu.au/programs/diploma-social-science/>)

Study Mode

Three years full-time or six years part-time.

HLTH 2002 - Agriculture, Food and Health, replaced by AGRI 2006 Agriculture, Food and Health

Equivalent Subjects

The subject listed below count towards completion of this Program for students who passed this subject in 2022 or earlier.

POLI 1003 Introduction to International Relations (WSTC), replaced by POLI 1008 World Politics and International Relations (WSTC)

The subject listed below count towards completion of this program for students who passed this subject in 2020 or earlier.

CULT 1021 Working with Communities (WSTC), replaced by HUMN 1062 Introduction to Indigenous Australia: Peoples, Places and Philosophies (WSTC)

Diploma in Social Science/Bachelor of Social Science (6023)

Approved Abbreviation: DipSocSc/BSocSc

Western Sydney University Program Code: 6023

AQF Level: 7

CRICOS Code: 096978C

This program applies to students who commenced in Term 1, 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year Term 2 2021, please refer to 6023.2 - Diploma in Social Science/Bachelor of Social Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=6023.2>)

For Commencement Year Term 2 2017 - Term 1 2021, please refer to 6023.1 - Diploma in Social Science/Bachelor of Social Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=6023.1>)

The Bachelor of Social Science degree is a broadly based, interdisciplinary three year program offering flexibility and choice within a range of offerings in the social sciences. The degree seeks to equip all students with the interdisciplinary and specialist skills and knowledge that a new graduate would need on entering the workforce or on proceeding to advanced study. Students are encouraged to choose from more than one of the social sciences, to allow for personal and occupational interests, and prepare themselves to extend their studies at the major and minor levels. The majors and minors include: Child and Community; Criminology and Criminal Justice; Geography and Urban Studies; Peace and Development Studies; Sociology; Anthropology; Heritage and Tourism. Students are able to select eight elective subjects from across Western Sydney University subject to availability and Western Sydney University rules. The Bachelor of Social Science aims to expand understanding of the social world in three ways: through social theory, social research and the applications of these ideas and knowledge to practice through social engagement.

It provides a wide base for understanding issues in the complex, culturally diverse and ever-changing social environment of the 21st century.

The first year of this program is delivered by Western Sydney University The College, as an agent of Western Sydney University, via extended face-to-face hours in smaller learning environments. A Diploma in Social Science exit point is also available at the end of the first year of the program.

For more information on Western Sydney University, The College, please refer to their web site.

Western Sydney University, The College (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college.html>)

For program advice during your first year of study, please use the contact below under 'Program Advice'. For program advice during your second and subsequent years of study, please use the contact listed for the Bachelor of Social Science.

Bachelor of Social Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1667.4>)

Early Exit

Students may exit this program on completion of 100 credit points with a 7050 Diploma in Social Science (<https://hbook.westernsydney.edu.au/programs/diploma-social-science/>)

Study Mode

Three years full-time or six years part-time.

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is an optional work component available in this program. Please contact the Program Advisor listed above for information.

International students should be aware that if an elective is a requirement of the program but the work itself was not registered with CRICOS, students can still complete these electives but it would be counted towards the work limitation. For more details, refer to the 'Work Integrated Learning (WIL) for international students' website.

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Elective Minors Which May Be Available

Students could also include the SM1097 Heritage and Tourism minor, by including CULT 3014 Heritage Interpretation and HUMN 2018 Cultural and Social Geographies as two of their three remaining electives.

Heritage and Tourism, Minor (0012) (p. 879)

Equivalent Subjects

The subject listed below count towards completion of this program for students who passed this subject in 2022 or earlier.

POLI 1003 Introduction to International Relations (WSTC), replaced by POLI 1008 World Politics and International Relations (WSTC)

The subject listed below count towards completion of this program for students who passed this subject in 2020 or earlier.

CULT 1021 Working with Communities (WSTC) , replaced by HUMN 1062 Introduction to Indigenous Australia: Peoples, Places and Philosophies (WSTC)

Diploma/Bachelor of Information and Communications Technology (6039)

Approved Abbreviation: DipICT/BICT

Western Sydney University Program Code: 6039

AQF Level: 7

CRICOS Code: 096985D

The Bachelor of Information and Communications Technology is a three year program accredited by the Australian Computer Society. It provides graduates with skills and knowledge in networking and IT applications development, along with the ability to apply practical ICT solutions in real-world situations. Subjects available offer a solid foundation across several domains including Networking, Databases, Systems Analysis & Design, Programming, Web and Mobile Technologies, Project Management, Professional Communications, Operating Systems and Human Computer Interaction. It also covers the necessary mathematical and statistical skills as needed by an ICT practitioner. The structure of the program provides scope for electives, minors or majors in further studies including the areas of Mobile Computing and Application Development, Entertainment Computing, Astroinformatics, Health Informatics, Social Media Analytics, Networking, Health Information Management, Mathematics, Statistics, Systems Security and IT Support. NB: Majors / minors may not be offered on all campuses.

The first year of this program is delivered by Western Sydney University The College as an agent of Western Sydney University via extended face-to-face hours in smaller learning environments.

A Diploma in Information and Communications Technology exit point is also available at the end of the first year of the program.

For more information on Western Sydney University, The College, please refer to their web site.

Western Sydney University, The College (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college.html>)

Early Exit

Students may exit this program on completion of 100 credit points with a 7163 Diploma in Information and Communications Technology (<https://hbook.westernsydney.edu.au/programs/diploma-information-communications-technology/>)

Study Mode

Three years full-time.

Students will be required to attend the Kingswood or Parramatta South campus for some learning experiences.

Program Advice

For program advice during your first year of study, please use the contact below

College Admin (AdminApp@westernsydney.edu.au)

For program advice during your second and subsequent years of study, please use the contact listed for the Bachelor of Information and Communications Technology.

Bachelor of Information and Communications Technology (p. 189)

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

For more information on applying please see link to The College admission pages below

https://www.westernsydney.edu.au/thecollege/how_to_apply (https://www.westernsydney.edu.au/thecollege/how_to_apply/)

Domestic students are required to have

- Completed an English unit in the NSW Higher School Certificate, Or
- Competency in English at IELTS 6.0 equivalent (unless a native speaker) Or
- Passed The College English test at IELTS 6.0 equivalent Or
- Passed The College Foundation Studies Academic English subject at C grade level or higher.

Students are also assumed to have completed a Mathematics subject, equivalent to the Mathematics unit in the NSW Higher School Certificate.

Met other entry requirements such as

- An ATAR identified prior to the offer of a place, Or
- Completed The College Foundation Studies program with a Grade Point Average of 5.5 or higher.

International students must satisfy one of the following language requirements

- IELTS 6.0 with a minimum 5.5 in each sub band Or
- Completed the College EAP 4 program with a 50% pass Or
- Passed The College English test at IELTS 6.0 equivalent Or
- Passed The College Foundation Studies Academic English subject at C grade level or higher for which advanced standing can be applied for.

Academic Entry Requirements vary according to country of origin. However, in general

- Completion of Year 12 or its equivalent is the minimum entry requirement Or
- Completed The College Foundation Studies program with a Grade Point Average of 5.5 or higher.

Program Structure

Qualification for this award requires the successful completion of 260 credit points which include the subjects listed in the recommended sequence below.

Western Sydney University The College Subjects

Diploma/Bachelor of Information and Communications Technology (Health Information Management) (6038)

Approved Abbreviation: DipICT/BICT(HIM)

Western Sydney University Program Code: 6038

AQF Level: 7

CRICOS Code: 096984E

This program applies to students who commenced in 2018 or later.

The increasing use of electronic health records requires the accurate and efficient capture, maintenance, security and reporting of health information and the Bachelor of Information Communications Technology (Health Information Management) program will provide students with the knowledge and skills required to build software systems and undertake roles relating to the classification, coding and management of health information within a healthcare setting.

This program will offer students the opportunity to seek employment in health information management and/or clinical coding, recognised as workforce skills shortage areas. Specific content areas addressed include Health Informatics, Systems Analysis and Design, Medical Terminology, Database Design and Development, Healthcare Data Environments, Clinical Classification and Coding, Programming, Web Development, Computer Networking, Health Service Management, Activity Based Funding and Data Quality and Healthcare Software and Systems.

The program also offers direct industry experience via a 20-day work placement.

The first year of this program is delivered by Western Sydney University The College as an agent of Western Sydney University via extended face-to-face hours in smaller learning environments.

A Diploma in Information and Communications Technology (Health Information Management) is also available as an exit point at the end of the first year of the program.

For more information on Western Sydney University, The College, please refer to their web site.

Western Sydney University, The College (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college.html>)

Early Exit

Students may exit this program on completion of 100 credit points with a 7164 Diploma in Information and Communications Technology (Health Information Management) (exit only) (<https://hbook.westernsydney.edu.au/programs/diploma-information-communications-technology-health-information-management/>)

Study Mode

Three years full-time.

Students will be required to attend the Kingswood or Parramatta South campus for some learning experiences.

Doctor of Medicine (4758)

Approved Abbreviation: MD

Western Sydney University Program Code: 4758

AQF Level: 9

CRICOS Code: 097592B

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For commencement Year 2019 - please refer to 4758.1 - Doctor of Medicine (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4758.2>)

For Commencement Year 2018 - please refer to 4641.7 Bachelor of Medicine, Bachelor of Surgery (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4641.7>)

The Doctor of Medicine (MD) prepares you to be a doctor who can work safely, competently and effectively across the continuum of medical practice and to enter training in any medical specialty. You will learn through experience and immersion in a broad range of hospital and community-based services throughout the five-year program. From the first weeks, you will learn from real patients, supported by small group collaborative learning at the bedside and on campus. In the first two years, you will learn to apply the biomedical sciences to clinical problems, acquire and practice clinical and research skills. With guidance, you will build your personal learning journey by creating a portfolio of evidence of your learning. After second year, students with a passion for research may choose to do an additional year to gain the Bachelor of Medical Research. In the third year, you will extend and apply your knowledge and practical skills in full-time clinical and community placements and commence a significant project, and complete the requirements for the Bachelor of Clinical Science (Medicine). In the fourth and final years, you will build your clinical experience through placements in speciality and subspecialty medicine, ranging from major metropolitan hospitals to general practices and Aboriginal medical services in rural and remote areas. During this final phase, you will complete your project and portfolio to graduate with Doctor of Medicine and a Bachelor of Clinical Science (Medicine).

Early Exit

Students may exit this program on completion of 240 credit points with a 4759 Bachelor of Clinical Science (Medicine) (exit only) (<https://hbook.westernsydney.edu.au/programs/bachelor-clinical-science-medicine-exit-only/>)

Study Mode

Five years full-time.

Accreditation

The Western Sydney University medical program is fully accredited by the Australian Medical Council. Graduates will be eligible for registration as a medical practitioner by the Australian Health Practitioner Regulation Agency.

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

Inherent Requirements (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_medicine_courses/)

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

There are multiple entry pathways to the MD program.

Prospective applicants are directed to the School of Medicine webpage to determine appropriate entry category and pathway. School of Medicine (<https://www.westernsydney.edu.au/future/study/how-to-apply/md-applicants/>)

Requirements for local (domestic) applicants are below.

MD Admission Criteria

To be eligible for a place in MD, applicants must meet three criteria:

Criteria 1 – Academic Rank

Non-Greater Western Sydney applicants - ATAR (or equivalent) of 95.5

Equivalency: IB 38 or higher; OP1 to 3; GCE of A, A, A* or higher (3 or less A2 subjects)

1 semester or more but less than 1 year undergraduate (4-7 subjects)
GPA = 6.4

1 year or more but uncompleted undergraduate (8-23 subjects) GPA = 6.2

3 years or more but uncompleted undergraduate (24 subjects or more)
GPA = 5.5

Completed undergraduate degree GPA = 5.5

Completed undergraduate degree with Honours (Class 1, 2A, 2B and 3)
= no minimum GPA required

Completed Graduate Certificate = 6.5

Completed Graduate Diploma = 6.2

Completed Coursework Masters = 5.4

Completed Research Masters = no minimum GPA required

Greater Western Sydney applicants - ATAR (or equivalent) of 93.5

Equivalency: IB 36 or higher; OP 1 to 4, GCE of A A A* or higher (3 or less A2 subjects)

1 semester or more but less than 1 year undergraduate (4-7 subjects)
GPA = 6.1

1 year or more but uncompleted undergraduate (8-23 subjects) GPA = 5.9

3 years or more but uncompleted undergraduate (24 subjects or more)
GPA = 5.2

Completed undergraduate degree GPA = 5.2

Completed undergraduate degree with Honours (Class 1, 2A, 2B and 3)
= no minimum GPA required

Completed Graduate Certificate = 6.0

Completed Graduate Diploma = 5.7

Completed Coursework Masters = 4.9

Completed Research Masters = no minimum GPA required

Rural Entry Admission Scheme - ATAR or equivalent of 91.5

Equivalency: IB 35 or higher; OP 1 to 4, GCE of A, A, A* or higher (3 or less A2 subjects)

1 semester or more but less than 1 year undergraduate (4-7 units) GPA = 5.8

1 year or more but uncompleted undergraduate (8-23 units) GPA = 5.6

3 years or more but uncompleted undergraduate (24 units or more) GPA = 4.9

Completed undergraduate degree GPA = 4.9

Completed undergraduate with Honours degree (Class 1, 2A, 2B and 3)
= no minimum GPA required

Completed Graduate Certificate = 5.7

Completed Graduate Diploma = 5.4

Completed Coursework Masters = 4.6

Completed Research Masters = no minimum GPA required

Criteria 2 – Aptitude Test

Applicants must sit the allocated aptitude test. The level of achievement the University requires will vary each year, determined

by the performance of all applicants competing for a place in the MD program and will not be disclosed.

Criteria 3 - Interview

The interview will take the format of a Multi-station Mini Interview (MMI). Applicants invited to interview are asked a series of questions; each question is asked by a separate interviewer in a separate interview station. Interview places are reserved for Western Sydney and Rural background applicants.

Applicants with current or previous university study

Applicants with current or previous university study will be assessed on their GPA. Applicants who have attempted or completed more than one tertiary qualification will be assessed based on the qualification with the highest GPA (minimum of 4 subjects or one semester equivalent full-time).

No deferrals will be accepted for this course.

Additional Information

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>

<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

International students currently completing an Australian Year 12 in or outside Australia, an International Baccalaureate in Australia or a New Zealand National Certificate of Educational Achievement (NCEA) level 3 must apply via UAC International.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Special Requirements Prerequisites

Students are required to obtain and provide all necessary documentation to be verified by NSW ClinConnect. This verification is a requirement of the NSW Health Department for all students enrolled in medical programs. If a student fails to produce this documentation to ClinConnect they will not be able to attend hospital and health service teaching sessions, and placements. Attendance is a mandatory requirement of the program to ensure that professional competencies are met. Failure to attend will result in a 'CF' (Compulsory Fail) of the subject. Documents that must be provided to ClinConnect are:

1. National Police Certificate;
2. Adult Health Immunisation Schedule;
3. Code of Conduct Agreement.

Students must also meet the inherent requirements of the program as outlined in the University of Western Sydney Inherent Requirements for Medicine:

(https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_medicine_courses (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_medicine_courses/)).

Inherent requirements are personal capabilities which are essential for achieving the learning outcomes of the Program or Subject in a way that will preserve the integrity of the University's teaching, learning and assessment standards and the accreditation requirements for the program.

The Disability Education Standard, Section 3.4 (3) states: "In assessing whether an adjustment to the course, subject of the course or program in which the student is enrolled, or proposes to be enrolled, is reasonable, the provider is entitled to maintain the academic requirements of the course or program, and other requirements or components that are inherent in or essential to its nature. Note: In providing for students with disabilities, a provider may continue to ensure the integrity of its courses or programs and assessment requirements and processes, so that those on whom it confers an award can present themselves as having the appropriate knowledge, experience and expertise implicit in the holding of that particular award."

Essential Equipment:

1. Stethoscope;
2. Pencil torch;
3. White laboratory coat;
4. Watch (with a second hand or display).

Program Structure

Qualification for the award requires the successful completion of 400 credit points including the subjects listed in the sequence below.

| Course | Title | Credit Points |
|-----------------------|-----------------------------|---------------|
| Year 1 | | |

Graduate Certificate in Accounting (2790)

Approved Abbreviation: GradCertAcc

Western Sydney University Program Code: 2790

AQF Level: 8

This program applies to students who commenced in Quarter 3, 2016 or later.

This program is designed for those students who need to complete a minimum of four subjects to aid in achieving the educational requirements for admission to professional accounting bodies. It is also a program that is designed to allow students who do not meet the direct entry requirements into the Accounting Masters a pathway to progress to the Accounting Masters programs.

Study Mode

Six months full-time or one year part-time.

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 40 credit points which consists of 30 credit points core subjects listed below and 10 credit points alternate subjects from the pool.

| Subject | Title | Credit Points |
|----------------------|-------------------------|---------------|
| Core Subjects | | |
| LAWS 7009 | Commercial Law | 10 |
| ACCT 7018 | Introductory Accounting | 10 |
| ACCT 7019 | Management Accounting | 10 |

Alternate Subjects

| | |
|---|-------------------------------------|
| Select one of the following: ¹ | 10 |
| ACCT 7005 | Accounting Theory and Applications |
| ACCT 7009 | Auditing |
| ACCT 7010 | Company Accounting |
| LAWS 7010 | Company Law |
| ACCT 7012 | Corporate Finance |
| ECON 7001 | Economics |
| ACCT 7016 | Information Systems for Accountants |

Total Credit Points 40

¹ Or any other business subject with the approval of the Director Academic Program.

Exit Award

Students wishing to exit from the 2689 Master of Professional Accounting or 2691 Master of Accountancy may be awarded a Graduate Certificate in Accounting on completion of 40 credit points of approved subjects.

Graduate Certificate in Acute and Critical Care Nursing (4749)

Approved Abbreviation: GCACritCareNurs

Western Sydney University Program Code: 4749

AQF Level: 8

This program applies to students who commenced in 2017 or later.

The aim of the program is to provide Registered Nurses with the theoretical knowledge and skills to engage in safe and autonomous practice in the delivery of quality patient care in a range of acute clinical settings. Graduates will be able to further develop clinical judgment skills in order to synthesise and apply advanced nursing concepts into their clinical practice. They also will be equipped to lead nursing in a range of clinical settings.

Study Mode

Six months full-time or one year part-time.

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Special Requirements Prerequisites

Access to a Clinical Simulation Laboratory, laptop with camera functionality and internet access if residing outside Greater Western Sydney and unable to travel to attend scheduled workshops conducted as part of the subject NURS 7003 Applied Clinical Practice using Simulation.

Program Structure

Qualification for this award requires the successful completion of 40 credit points including the subjects listed below.

| Subject | Title | Credit Points |
|-----------|--|---------------|
| NURS 7003 | Applied Clinical Practice using Simulation | 10 |
| PUBH 7018 | Leadership for Quality and Safety in Health Care | 10 |

Graduate Certificate in Advanced Imaging (MRI) (4769)

Approved Abbreviation: GCAdvImage(MRI)

Western Sydney University Program Code: 4769

AQF Level: 8

Program Status:

This program applies to students who commenced in 2020 or later.

The Graduate Certificate of Advanced Imaging (MRI) examines the radiobiological effects of ionisation and excitation on human cell biology for both small and large doses and their Stochastic, Deterministic, and Genetic effects on Humans. It explores the different designs of Magnetic Resonance Imaging (MRI) units and the associated accessories as well as the physical structure and safety requirements in MRI. Course content employs evidence-based approach to examine different diagnostic imaging pathways for the different organs and human body parts. The Graduate certificate is designed to also accommodate Nursing, and Medical professionals who will be relying on MRI for clinical assessments or working in MRI as well as to non-health related professional anticipating work with or within the health industry.

The course is offered for part-time study. There will be face-to-face or video-conferencing intensive workshops and interactions with specialists from different medical disciplines.

Graduates from this program will not be considered MR Practitioners. However, their knowledge would serve clinical, administrative and MR physics and theory management.

Study Mode

Graduate Certificate in Aged Care Management (4756)

Approved Abbreviation: GradCertAgedCareMgmt
Western Sydney University Program Code: 4756
AQF Level: 8

This program applies to students who commenced in 2020 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year Spring 2019 - please refer to 4756.2 Graduate Certificate in Aged Care Management (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4756.2>)

For Commencement Year Autumn 2019 or earlier - please refer to 4756.1 Graduate Certificate in Aged Care Management (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4756.1>)

The Graduate Certificate in Aged Care Management provides current aged care health professionals or those wishing to move into this sector a short, albeit comprehensive, exposure to contemporary issues in aged care. It provides an entry point to the Diploma in Aged Care Management for those who wish to continue on their professional development journey with further studies.

Study Mode

Graduate Certificate in Allergic Diseases (4755)

Approved Abbreviation: GradCertAllergicDis
Western Sydney University Program Code: 4755
AQF Level: 8

Program Status:

This program applies to students who commenced in 2018 or later.

The Graduate Certificate in Allergic Diseases is designed for local and international medical practitioners seeking advanced theoretical and technical knowledge about immunological and clinical aspects of allergic diseases. The yearlong, online program will provide students with an in depth understanding of the scientific basis for the diagnosis and treatment of patients with common allergic diseases. Program materials will focus on the latest theories and evidence based information that informs current clinical allergy practice. Students must attend two compulsory written exams as part of the assessment for this subject.

Graduate Certificate in Applied Finance (2760)

Approved Abbreviation: GradCertAppFin

Western Sydney University Program Code: 2760

AQF Level: 8

CRICOS Code: 042014B

This program applies to students who commenced in Quarter 3, 2016 or later.

The Graduate Certificate in Applied Finance addresses practitioners in finance, banking, funds management and corporate treasuries, who want to improve their professional position. The certificate is specifically designed to encompass all these fields so that students can choose the subjects appropriate to their career opportunities. It provides students with a first round of technical knowledge necessary to function in an evolving and increasingly sophisticated financial environment with an emphasis on the practical application of these techniques.

Study Mode

Six months full-time or one year part-time.

Program Advice

Dr Walid Bakry (sgsmclientservices@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Graduate Certificate in Building Surveying (3790)

Approved Abbreviation: GradCertBlgSurv

Western Sydney University Program Code: 3790

AQF Level: 8

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2016, please refer to: 3712.2

- Graduate Certificate in Building Surveying (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3712.2>)

For Commencement Year 2015, please refer to: 3712.1

- Graduate Certificate in Building Surveying (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3712.1>)

The Graduate Certificate in Building Surveying is a one year part-time program which aims to provide students with the knowledge and basic skills to develop, assess and evaluate building solutions for residential buildings. The program enables students to understand principles of planning and development control, sustainability and other fundamental issues relating to building surveying and building surveying practice. The material covered includes building regulations and associated Australian Standards relating to the built environment for low-rise buildings. Satisfactory completion of this program establishes a pathway to advanced qualification at the Graduate Diploma and Masters levels.

Study Mode

One year part-time

Graduate Certificate in Bushfire Protection (3794)

Approved Abbreviation: GradCertBfireProt
Western Sydney University Program Code: 3794
AQF Level: 8

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2015 to 2021, please refer to:
3710.2 Graduate Certificate in Bushfire Protection (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3710.2>)

The Graduate Certificate in Bushfire Protection is a one-year part-time program which provides students with a comprehensive understanding of bushfire behaviour in relation to local vegetation, topography, land management and weather conditions. Students will be able to conduct bushfire assessments, provide advice on developments in bushfire prone areas, assess building designs against the acceptable solutions requirements of planning provisions, building code and standards.

The program has been designed primarily for External delivery. Students are encouraged to attend online workshops to gain the benefit

of interaction with their peers. The program also sets a pathway for further learning at Master's level.

Study Mode

One year part-time.

| BUSM 7099 | Understanding Contemporary Organisations | 10 |
| Select one of the following | | 10 |
| MKTG 7019 | Marketing Systems | |
| BUSM 7094 | The Contemporary Business Environment | |
| Total Credit Points | | 40 |

Alternatively, students may complete 40 credit points of subjects (excluding capstone subjects) from any postgraduate business program. This requires approval from the Director of Academic Program.

Graduate Certificate in Business Administration (2757)

Approved Abbreviation: GradCertBusAdmin
Western Sydney University Program Code: 2757
AQF Level: 8

CRICOS Code: 044871M

This program applies to students who commenced in 2015 or later.

The Graduate Certificate in Business Administration is designed to set the foundation of knowledge and skills in the core competencies of business and management. The graduate certificate is not only the first stage towards progressing to an Executive Master of Business Administration, but may also be taken as a stand-alone program.

The Graduate Certificate is the perfect introduction to understanding the workings of the management and the business arena. It offers practical strategies to approach the challenges involved in managing people, money and markets and shows how these core areas are linked. The graduate certificate is a particularly useful program for those who seek to immediately enhance career opportunities and for those who have been away from study for a long period of time. It is also a valuable introduction to postgraduate university study.

Study Mode

Graduate Certificate in Child and Family Health (Karitane) (4715)

Approved Abbreviation: GCCh&FHlth(Karitane)
Western Sydney University Program Code: 4715
AQF Level: 8

Program Status:

This program applies to students who commenced in 2020 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year Spring 2018 to Autumn 2020, please refer to: 4715.2 Graduate Certificate in Child and Family Health (Karitane) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4715.2>)

The Graduate Certificate in Child & Family Health (Karitane) aims to provide Registered Nurses and Registered Midwives with theoretical knowledge and associated skills that prepare them to work autonomously and across a variety of clinical settings with children and families. Graduates will be able to apply advanced nursing concepts and analysis to promote optimal health outcomes for children and families. Students who successfully complete this program may transfer into the Graduate Diploma of Child and Family Health (Karitane).

Study Mode

One year part-time.

Program Advice

Location

| Campus | Attendance | Mode | Advice |
|--------|------------|--------|-----------|
| Online | Part Time | Online | See above |

Admission

Candidature for admission to the Graduate Certificate in Child & Family Health (Karitane) is based on the following requirements:

Registered Nurse or Midwife (currently registered to practice with the Australian Health Practitioner Regulation Agency - Nursing and Midwifery). Any other type of registration (non-practicing, limited, or student) is not acceptable for this program

And

Completion of an undergraduate degree (AQF Level 7 or equivalent), in any discipline

And

One year full-time equivalent work experience as a registered nurse or registered midwife within the last five years

Or

Employed in a new graduate program within a Child and Family Health service.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 40 credit points comprised of the subjects listed below:

| Subject | Title | Credit Points |
|----------------------------|---|---------------|
| NURS 7009 | Child and Family Health Practice: Supporting Growth and Development | 10 |
| NURS 7010 | Child and Family Health: Professional Practice and Frameworks | 10 |
| NURS 7012 | Clinical Practice: Infant and Child Nutrition and Feeding | 10 |
| NURS 7055 | Perinatal, Infant and Child Mental Health | 10 |
| Total Credit Points | | 40 |

Graduate Certificate in Chinese Medicine (exit only) (4718)

Approved Abbreviation: GradCertChineseMed
Western Sydney University Program Code: 4718

Graduate Certificate in Counselling (1648)

Approved Abbreviation: GradCertCouns
Western Sydney University Program Code: 1648
AQF Level: 8

This program applies to students who commenced in 2016 or later.

Counselling is a cross-disciplinary pathway into a career in helping human beings in distress. In counselling clients gain self-understanding, expand interpersonal capacities and become more able to change through a dedicated helping relationship. This program focuses on the process of creating of a therapeutic environment for clients and on cultivating the high levels of skill, sensitivity, self-knowledge and ethical conduct required of the counselling professional. Theories and approaches are taught and critically examined in the light of their contribution to a contemporary relational understanding and practice of counselling. This program is aimed specifically at graduates in any discipline who can demonstrate the personal qualities required for this demanding profession.

Students who wish to meet Professional Training Standards are advised to enrol in the Graduate Diploma in Counselling.

Study Mode

One year part-time.

Program Advice

Penelope Gardner (p.gardner@westernsydney.edu.au)

Graduate Certificate in Engineering (3695)

Approved Abbreviation: GradCertEng

Western Sydney University Program Code: 3695

AQF Level: 8

CRICOS Code: 061593J

This program applies to students who commenced in 2021 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For commencement year 2020, please refer to: 3695.2 Graduate Certificate in Engineering (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3695.2>)

The Graduate Certificate in Engineering enhances the specialist training of students at a postgraduate level and enables them to adapt to a dynamically developing and changing technological environment. The program also prepares students, especially those coming from a non-Australian learning background, for higher level postgraduate training.

Study Mode

One year full time or two years part-time.

Admission

Applicants must have successfully completed an Engineers Australia accredited three year undergraduate degree in Engineering Science or a recognised four year undergraduate degree in Engineering in one of the following specialisations: Civil, Biomedical, Environmental, Mechatronic, Mechanical, Electrical, Telecommunication.

Advanced standing may be granted for relevant prior studies for students who have successfully completed an Engineers Australia accredited four year Bachelor of Engineering program.

Those who have successfully completed a recognised three year undergraduate degree in Science or four year Bachelor of Engineering in another specialisation or equivalent qualifications must undertake and complete specified non-award undergraduate engineering subjects with approval of the Director of Academic Program before articulation to the Graduate Certificate in Engineering.

Additional Information

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 80 credit points including the subjects listed below.

40 credit points of core subjects

and

40 credit points of single major subjects

To complete some of the components within the subjects in this program, students may be required to travel to other Western Sydney University campuses.

Core Subjects

| Subject | Title | Credit Points |
|----------------------------|-----------------------------------|---------------|
| CIVL 7014 | Sustainable Systems | 10 |
| ENGR 7019 | Specialised Software Applications | 10 |
| ENGR 7028 | Engineering Project 1 (PG) | 20 |
| Total Credit Points | | 40 |

Majors

All students must enrol in a major before enrolling in their subjects

Students enrolled in 3695 Graduate Certificate in Engineering choose four specialised major subjects

Graduate Diploma in Engineering students can choose a single major by following the course structure below.

Biomedical, Testamur Major (T055) (p. 766)
 Civil, Testamur Major (T033) (p. 785)
 Electrical, Testamur Major (T035) (p. 833)
 Environmental, Testamur Major (T058) (p. 846)
 Management, Testamur Major (p. 912)
 Mechanical, Testamur Major (p. 934)
 Mechatronic, Testamur Major (p. 938)
 Telecommunication, Testamur Major (p. 1014)

Recommended sequence

Qualification for the award of Graduate Certificate in Engineering requires the successful completion of 80 credit points

Start-year intake

| Course | Title | Credit Points |
|---------------------------------|-----------------------------------|---------------|
| Year 1 | | |
| Autumn session | | |
| ENGR 7019 | Specialised Software Applications | 10 |
| Three major subjects (see Note) | | 30 |
| Credit Points | | 40 |
| Spring session | | |
| CIVL 7014 | Sustainable Systems | 10 |
| ENGR 7028 | Engineering Project 1 (PG) | 20 |
| One major subject | | 10 |
| Credit Points | | 40 |
| Total Credit Points | | 80 |

Note:

(1) Students must carefully follow the requirements of their chosen single major in order to qualify for the Graduate Certificate in Engineering award. If unsure, students must seek the advice of the Academic Program Advisor.

(2) Major subject offering is subject to sufficient demand and may not be offered annually.

Mid-year intake

| Course | Title | Credit Points |
|---------------------------------|-----------------------------------|---------------|
| Year 1 | | |
| Spring session | | |
| CIVL 7014 | Sustainable Systems | 10 |
| Three major subjects (see Note) | | 30 |
| Credit Points | | 40 |
| Autumn session | | |
| ENGR 7019 | Specialised Software Applications | 10 |
| ENGR 7028 | Engineering Project 1 (PG) | 20 |
| One major subject (see Note) | | 10 |
| Credit Points | | 40 |
| Total Credit Points | | 80 |

Note:

(1) Students must carefully follow the requirements of their chosen single major in order to qualify for the Graduate Certificate in Engineering award. If unsure, students must seek the advice of the Academic Program Advisor.

(2) Major subject offering is subject to sufficient demand and may not be offered annually.

Graduate Certificate in Epidemiology (4740)

Approved Abbreviation: GradCertEpidemiology
Western Sydney University Program Code: 4740
AQF Level: 8

CRICOS Code: 088191E

The Graduate Certificate in Epidemiology is designed for graduates seeking to improve their knowledge of key areas of health-related research. It provides an understanding of epidemiological concepts and methods and their application in clinical, public health and health policy settings. Its core subjects include foundation subjects in epidemiology and biostatistics, while a range of specialist electives can be undertaken including disease surveillance, environmental epidemiology and research protocol design.

Study Mode

Six months full-time or one year part-time.

Graduate Certificate in Financial Advising (2825)

Approved Abbreviation: GradCertFinAdv

Western Sydney University Program Code: 2825

AQF Level: 8

This program applies to students who commenced in 2020 or later.

The Graduate Certificate in Financial Advising is a fully online program designed specifically for existing financial advisers to expand their skills and to meet new bridging subject education requirements as stipulated in the Corporations Act 2001 (as amended) and outlined in the Education Pathways Policy (FPS001) issued by the Financial Adviser Standards and Ethics Authority (FASEA). Such requirements include the completion of between 1 – 3 individual bridging subjects and a capstone subject, depending on the adviser's educational qualifications and professional certification/s.

This Graduate Certificate serves to provide advisers with a qualification within which to complete all three FASEA approved bridging subjects (in addition to a FASEA approved Financial Advice Capstone subject for advisers who follow the 'relevant degree' pathway outlined in FPS001). The aim is to ensure students comply with education requirements to practise as a financial adviser and are familiar with the FASEA Code of Ethics, behavioural finance and regulatory and legal obligations of financial advisers in order to provide high quality professional services.

The benefit to students is two-fold: compliance with the Corporations Act and obtaining a postgraduate qualification.

Further information about the FASEA education requirements can be found at

FASEA Policy Statement Education Pathways (<https://www.fasea.gov.au/wp-content/uploads/2019/05/FPS001-FASEA-Policy-Statement-Education-Pathways-revised-April-2019.pdf>)

Study Mode

Six months full-time and one year part-time

Program Advice

Dr Peter Humphreys (<https://directory.westernsydney.edu.au/search/profile/12178/>)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

| Online | Full Time | Online | See above |
| Online | Part Time | Online | See above |

Accreditation

On completion of this program, graduates will meet the education requirements of the Financial Adviser Standards and Ethics Authority (FASEA) for all three bridging program subjects as outlined in FPS001 Education Pathways Policy.

Admission

Applicants must have:

Successfully completed an undergraduate degree, or higher, in any discipline

Or

Have an associate degree, or higher, in a business discipline

Or

Have an advanced diploma, or higher, in a business discipline and have a minimum of five years general work experience in a related field

Or

Have a minimum of five years full-time equivalent managerial/professional work experience in a related field

Or

Submitted other evidence of general and professional qualifications that demonstrates potential to pursue graduate studies.

Applicants seeking admission on the basis of work experience must support their application with a current CV for all work experience listed on their application and a Confirmation of Employment for all work experience listed on the application. Only applicants seeking admission through an established industry partnership agreement can provide an agreed alternative to the Confirmation of Employment. The confirmation of employment can be either be a letter on employer letterhead specifying their role and length of service or the industry declaration form.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or

Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 40 credit points including the subjects listed below.

| Subject | Title | Credit Points |
|----------------------------|---|---------------|
| ACCT 7026 | Behavioural Finance (PG) | 10 |
| BUSM 7106 | Ethics and Professionalism in Financial Services | 10 |
| LAWS 7040 | Financial Advice (Regulatory and Legal Obligations) | 10 |
| FINC 7019 | Statement of Advice Research Project | 10 |
| Total Credit Points | | 40 |

Graduate Certificate in Financial Planning (2795)

Approved Abbreviation: GradCertFinPlan

Western Sydney University Program Code: 2795

AQF Level: 8

This program applies to students who commenced in Quarter 1, 2020 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

Commencement Year 2018 (Quarter 2) - 2795.3 Graduate Certificate in Financial Planning (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=2795.3>)

Commencement Year 2018 (Quarter 1) - 2795.2 Graduate Certificate in Financial Planning (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=2795.2>)

The Graduate Certificate in Financial Planning is a fully online program designed to introduce students to post graduate study in the Financial Planning sector with the option to continue into a Graduate Diploma in Financial Planning and a Master of Financial Planning.

Students may be eligible for advanced standing based on their previous qualifications and work experience.

Study Mode

Six months full-time or one year part-time.

Graduate Certificate in Forensic Science (3743)

Approved Abbreviation: GradCertForSc
 Western Sydney University Program Code: 3743
 AQF Level: 8

Students should follow the course structure for the course version relevant to the year they commenced. This version applies to students

whose commencement year for this course is University of Florida, Term 3 2021 or later

Students should follow the program structure for the session start date relevant to the year they commenced.

Commencement Year 2017 - 3743.1 Graduate Certificate in Forensic Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3743.1>)

The program is designed for applicants who need advanced level knowledge across a range of forensic disciplines including crime scene investigation, fingerprint detection and identification, forensic chemistry, forensic biology, forensic toxicology, illicit drug analysis, and forensic medicine. The fully-online nature of the subjects and the flexibility available with subject selection means that the program can be adapted to suit applicants working or intending to work in areas that include forensic science laboratories, toxicology and pathology laboratories, drug assessment agencies, customs and border protection, law enforcement, and areas related to national security.

- This program is part of a collaborative education partnership with the University of Florida and the University of Canberra.

Study Mode

Six months full-time or one year part-time.

| Total Credit Points | | 40 |

Equivalent Subjects

The subjects listed below count towards completion of this Program for students who passed these subjects in 2017 or earlier.

NATS 7021 - Forensic Entomology

Graduate Certificate in Health Science (4701)

Approved Abbreviation: GradCertHlthSc
Western Sydney University Program Code: 4701
AQF Level: 8

CRICOS Code: 074199A

This program applies to students who commenced in 2020 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2016 to 2020 - please refer to 4701.2 Graduate Certificate in Health Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4701.2>)

For Commencement Year 2015 - please refer to 4701.1 Graduate Certificate in Health Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4701.1>)

The Graduate Certificate in Health Science provides current health professionals or those wishing to move into this sector a short, albeit comprehensive, exposure to contemporary issues in health care. It explores the socioeconomic and epidemiological determinants of health and disease, providing a sound knowledge of the use of healthcare data for decision-making. It provides an entry point to the Diploma in Health Science for those who wish to continue on their professional development journey with further studies.

Study Mode

Six months full-time or one year part-time.

Graduate Certificate in Humanitarian and Development Studies (1868)

Approved Abbreviation: GradCertHumanDevtSt
Western Sydney University Program Code: 1868
AQF Level: 8

CRICOS Code: 096602B

NOTE: Program 1868 Graduate Certificate in Humanitarian and Development Studies is no longer available. From Spring session 2022, if you're interesting in completing the replacement program, please apply for 1897 Graduate Certificate in Humanitarian and Development Studies (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-humanitarian-development-studies-1897/>).

This program applies to students who commenced in 2018 or later.

The Graduate Certificate in Humanitarian and Development Studies (Grad Cert HADS) enables disaster and development workers to address challenges and opportunities associated with various forms of national and international migration; public health programming, preparedness and response; and to contribute to building the resilience of vulnerable populations. Students will complete four subjects from the Master of Humanitarian and Development Studies (M HADS) degree as specialised knowledge spanning the key debates and complexities in humanitarian intervention, the political economies of development, global inequality, and the impact of conflict on disaster and development. The structure of the program is tailored towards individual needs and interests and is linked to the specific industry requirements of humanitarian and development practitioners.

Study Mode

Six months full-time or one year part-time.

AQF Level: 8

This program applies to students who commenced in 2022 or later.

The Graduate Certificate in Inclusive Education is designed for graduates with qualifications in a relevant field such as teaching or allied health. Candidates may be either currently working with individuals with additional needs or aspiring to move into this field.

The Graduate Certificate in Inclusive Education equips graduates with the skills, knowledge and dispositions which will enable them to work effectively in the field by exposing them to theory and practice that will support the holistic development and inclusion of individuals with additional needs across the lifespan. Founded on authentic learning experiences and analysis of theory and the research literature,

professionals are enabled to apply their studies to their current professional situation and/or interests.

Study Mode

One year part-time.

Program Advice

Dr Roberto Parada (PGSpecialistACA@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Campus | Attendance | Mode | Advice |
|--------|------------|--------|-----------|
| Online | Part Time | Online | See above |

Admission

Applicants for admission into the Graduate Certificate in Inclusive Education must have successfully completed an undergraduate degree, or higher, in teaching/education, rehabilitation therapies, human welfare studies and services, or behavioural science. An undergraduate degree in teaching includes the historical 2-3 year Diploma of Teaching/ Education prior to 1987.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

The course is not available to onshore international student visa holders.

Additional Information for Applicants:

International applicants who are non-student visa holders, and are in a permissible visa category, must apply directly to Western Sydney University via WSU International.

International Office (<http://www.uws.edu.au/international/>)

International students who did not complete their undergraduate degree in Australia must also meet English Language proficiency requirements and must provide evidence to satisfy the Australian Institute of Teaching and School Leadership (AITSL) as in the following:

1. An Academic version of the International English Language Testing System (IELTS) Test Report Form (TRF) that shows:

- a score of at least 7.0 for Reading and Writing; and
- a score of at least 8.0 for Speaking and Listening.

The IELTS test scores must appear on a single IELTS TRF and be the result of a test undertaken during the 12-month period prior to submitting an application.

or

2. An applicant who has completed study assessed by AITSL as comparable to at least four years of full-time (or part-time equivalent) higher education (university) study, that results in a qualification/s comparable to the education level of an Australian bachelor degree or higher (must include a recognised initial teacher education qualification) undertaken in Australia, Canada, the Republic of Ireland, New Zealand, the United Kingdom or the United States. Details of acceptable proof are available on the University's International website

International - Entry requirements (http://www.westernsydney.edu.au/international/home/admissions/entry_requirements/)

Special Requirements Prerequisites

Students must satisfactorily complete the Special Requirements listed below:

1. Students are required to complete the TWO components of the Working with Children Check (WWCC) process leading to
 - a) the issuance of a clearance number under the category of volunteer and
 - b) verification of the clearance number with the NSW Department of Education.
 - a) Students will need to:
 - i. Access the Commission for Children and Young People website and complete an online application form to generate an application number.
 - ii. Present an application number and identification to a Service NSW office who will issue a Working with Children Check number via mail or email.
 - iii. Submit the letter with a valid Working With Children Check number via Western Now portal where the document will be recorded against your academic record.
 - b) Students will need to:
 - i. Access the NSW Department of Education WWCC Verification webpage
 - ii. Carefully read the information about Identity Documents and obtain a copy of the relevant ID documents
 - iii. Complete the Practicum Students Declaration form
 - iv. Submit the Practicum Students Declaration form and copy of the relevant ID documents to wwcc@det.nsw.edu.au using your student email account. In the Subject of the email write your name and Pre-service Teacher WWCC verification. e.g. Mina Smith Primary Preservice Teacher WWCC verification. Once your WWCC verification is complete you will receive an email reply from the DoE Probity Unit confirming your WWCC number has been verified.
 - v. Submit this verification confirmation email via Western Now portal
 - vi. Both your WWCC number and date and WWCC verification will be trimmed and recorded on your student record as Special Requirements.
2. Students must complete the TWO components of the NSW Department of Education's Child Protection Awareness Training (CPAT)
 - i. Access the NSW Department of Education's MyPL website <https://mypl.education.nsw.gov.au/> (<https://mypl.education.nsw.gov.au/auth/login/?returnUrl=%2F>)
 - ii. Complete the online Child Protection Awareness Training

- iii. Save certificate of completion
- iv. Submit Certificate of completion via WesternNow portal
- v. Complete the Annual Child Protection Awareness Training (CPAT)
- vi. Save certificate of completion
- vii. Submit certificate of completion via WesternNow portal
- viii. Both certificates will be recorded on your student record as Special Requirements with the end date for the Annual CPAT which will need to be renewed and submitted on an annual basis.

Students who have not completed Child Protection Awareness Training will need to withdraw from the subject.

3. Students must complete the ASCIA anaphylaxis e-training and email their certificate to Anaphylaxis@westernsydney.edu.au

Program Structure

Qualification for this award requires the successful completion of 40 credit points from the nine subjects listed below.

Core Subjects

| Subject | Title | Credit Points |
|---|---|---------------|
| Select 40 credit points of the following: | | 40 |
| TEAC 7010 | Assessing to Support Learning | |
| TEAC 7029 | Disability in Context | |
| TEAC 7041 | Effective Working Relationships | |
| TEAC 7051 | Inclusive Environments | |
| TEAC 7068 | Learning and Teaching in Challenging Contexts | |
| TEAC 7072 | Managing Challenging and Diverse Behaviour | |
| TEAC 7084 | Person-Centred Practice | |
| TEAC 7144 | Technology Assisting Learning | |
| TEAC 7150 | Universal Design for Learning | |
| Total Credit Points | | 40 |

Graduate Certificate in Information and Communications Technology (3701)

Approved Abbreviation: GradCertICT

Western Sydney University Program Code: 3701

AQF Level: 8

CRICOS Code: 065034G

This program applies to students who commenced in 2017 or later.

Graduate Certificate in Information and Communications Technology (Grad Cert in ICT) is designed for students from both computing and non-computing backgrounds. This program empowers students from computing background to enhance and update their knowledge in core concepts related to Information and Communications Technology domain to further progress their careers. Students from non-computing backgrounds can develop knowledge and skills in core topics related to ICT creating a pathway to higher studies in ICT and/or commencing a career in ICT.

Study Mode

One year full-time or six months full time depending upon entry qualifications (see Pathways listed under Program Structure below) or the equivalent part-time.

Admission

Minimum admission requirements to this program are:

A Bachelor qualification in any discipline

Or

A Diploma in ICT/Computing/IS fields and five years full-time equivalent work experience in Information and Communications Technologies which includes experience in applying skills in: programming; networking; database design and development; systems analysis and design; and project management.

This program has three Pathways (A, B and C) that vary in length and structure based on previous study and work experience.

Pathway A - One year

Students who have non-Computing, non-ICT or non-Information Systems with Bachelor qualifications are eligible to complete the one year Pathway below.

Pathway B - Six months

Students who have non-Computing, non-ICT or non-Information Systems with Honours or Masters qualifications are eligible to complete the six month Pathway below.

Pathway C - Six months

Students who have Computing, ICT or Information Systems with Bachelor OR with Honours or Masters qualifications are eligible to complete the six month Pathway below.

Additional Information

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

The program length and structure varies based on the student's previous study background and level, and work experience.

Pathway A Core subjects

| Subject | Title | Credit Points |
|-----------|--|---------------|
| COMP 7015 | Programming Proficiency | 10 |
| INFS 7007 | Systems Analysis and Database Management Systems | 10 |
| ENGR 7017 | Professional Practice and Communication | 10 |

And five subjects from Foundation Subject lists.

Pathway B Core subjects

| Subject | Title | Credit Points |
|-----------|--|---------------|
| COMP 7015 | Programming Proficiency | 10 |
| INFS 7007 | Systems Analysis and Database Management Systems | 10 |
| ENGR 7017 | Professional Practice and Communication | 10 |

And 1 subject from Foundation Subject lists.

Pathway C Core subjects

| Subject | Title | Credit Points |
|-----------|---|---------------|
| ENGR 7017 | Professional Practice and Communication | 10 |

And 3 subjects from Foundation Subject lists.

Foundation Subjects

Note: Subjects in this list may be included in the program structure as Core Subjects and cannot be selected as one of the list subjects.

| Subject | Title | Credit Points |
|-----------|--|---------------|
| INFO 7003 | Advanced Topics in User System Interaction | 10 |
| INFS 7004 | Content Management Systems and Web Analytics | 10 |

| | | |
|-----------|--|----|
| INFO 7005 | IT Project Management | 10 |
| COMP 7013 | Network Technologies | 10 |
| ENGR 7017 | Professional Practice and Communication | 10 |
| COMP 7015 | Programming Proficiency | 10 |
| INFS 7008 | Systems and Network Security | 10 |
| NATS 7057 | Research Preparation in Post Graduate Studies | 10 |
| INFS 7007 | Systems Analysis and Database Management Systems | 10 |
| INFS 7009 | Web Technologies | 10 |

Equivalent Subjects

The subjects listed below count towards completion of the program for students who may have passed subjects in the list in 2020 or earlier.

ENGR 7018 - Research Preparation in Post Graduate Studies, replaced by NATS 7057 Research Preparation in Post Graduate Studies

Recommended Sequence

Students are categorised into three Pathways based on their previous study background and work experience as indicated below and program structure and length is set accordingly. See individual links for detailed program structure.

Pathway A - One Year

Students who have been admitted with non-Computing, non-ICT or non-Information Systems with Bachelor Qualifications are eligible to complete the one year Pathway below.

Students must complete 80 credit points as follows.

Full-time start-year intake

| Course | Title | Credit Points |
|---|--|---------------|
| Year 1 | | |
| Autumn session | | |
| ENGR 7017 | Professional Practice and Communication | 10 |
| COMP 7015 | Programming Proficiency | 10 |
| INFS 7007 | Systems Analysis and Database Management Systems | 10 |
| Select one subject from Foundation Subject list | | 10 |
| Credit Points | | 40 |
| Spring session | | |
| Select four subjects from Foundation Subject list | | 40 |
| Credit Points | | 40 |
| Total Credit Points | | 80 |

Full-time mid-year intake

| Course | Title | Credit Points |
|---|--|---------------|
| Year 1 | | |
| Spring session | | |
| ENGR 7017 | Professional Practice and Communication | 10 |
| COMP 7015 | Programming Proficiency | 10 |
| INFS 7007 | Systems Analysis and Database Management Systems | 10 |
| Select one subject from Foundation subject list | | 10 |
| Credit Points | | 40 |

Autumn session

| | |
|---|-----------|
| Select four subjects from Foundation Subject list | 40 |
| Credit Points | 40 |
| Total Credit Points | 80 |

Pathway B - Six months

Students who have been admitted with non-Computing, non-ICT or non-Information Systems with Bachelor Honours or Masters Qualifications are eligible to complete the six month Pathway below.

Students must complete 40 credit points as follows.

Full-time start-year intake

| Course | Title | Credit Points |
|---|--|---------------|
| Year 1 | | |
| Autumn session | | |
| ENGR 7017 | Professional Practice and Communication | 10 |
| COMP 7015 | Programming Proficiency | 10 |
| INFS 7007 | Systems Analysis and Database Management Systems | 10 |
| Select one subject from Foundation Subject list | | 10 |
| Credit Points | | 40 |
| Total Credit Points | | 40 |

Full-time mid-year intake

| Course | Title | Credit Points |
|---|--|---------------|
| Year 1 | | |
| Spring session | | |
| ENGR 7017 | Professional Practice and Communication | 10 |
| COMP 7015 | Programming Proficiency | 10 |
| INFS 7007 | Systems Analysis and Database Management Systems | 10 |
| Select one subject from Foundation Subject list | | 10 |
| Credit Points | | 40 |
| Total Credit Points | | 40 |

Pathway C - Six months

Students who have been admitted with Computing, ICT or Information Systems with Bachelor or Bachelor Honours or Masters Qualifications are eligible to complete the six month Pathway below.

Students must complete 40 credit points as follows.

Full-time start-year intake

| Course | Title | Credit Points |
|--|---|---------------|
| Year 1 | | |
| Autumn session | | |
| ENGR 7017 | Professional Practice and Communication | 10 |
| Select three subjects from the Foundation Subject list | | 30 |
| Credit Points | | 40 |
| Total Credit Points | | 40 |

Full-time mid-year intake

| Course | Title | Credit Points |
|--|---|---------------|
| Year 1 | | |
| Spring session | | |
| ENGR 7017 | Professional Practice and Communication | 10 |
| Select three subjects from the Foundation Subject list | | 30 |
| Credit Points | | 40 |
| Total Credit Points | | 40 |

Graduate Certificate in Interpreting and Translation (1602)

Approved Abbreviation: GradCertInterp&Trans
Western Sydney University Program Code: 1602
AQF Level: 8

CRICOS Code: 054066B

This program applies to students who commenced in 2020 or later.

For Commencement Year 2015 to 2019 - Please refer to 1602.5 Graduate Certificate in Interpreting and Translation (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1602.5>)

For Commencement Year 2012 to 2014 - Please refer to 1602.4 Graduate Certificate in Interpreting and Translation (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1602.4>)

For Commencement Year 2011 - Please refer to 1602.3 Graduate Certificate in Interpreting and Translation (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1602.3>)

For Commencement Year 2010 - Please refer to 1602.2 Graduate Certificate in Interpreting and Translation (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1602.2>)

For Commencement Year 2004 to 2009 - Please refer to 1602.1 Graduate Certificate in Interpreting and Translation (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1602.1>)

The Graduate Certificate in Interpreting and Translation is aimed at providing suitable bilingual graduates with knowledge of the theoretical underpinnings and the essential skills of interpreting and translation. The Graduate Certificate in Interpreting and Translation articulates into the Graduate Diploma in Interpreting, the Graduate Diploma in Translation, the Master of Arts Interpreting and Translation Studies and the Master of Interpreting and Translation. Credit towards any of these programs is granted based on common subjects. The program is suitable for people new to the discipline as well as for practising interpreters and translators wanting to learn about the theory and to improve their practical skills.

Subject to demand, the following languages are available: Arabic, Japanese, Mandarin, Korean, Vietnamese and Spanish.

Director of Academic Program - Assoc Prof Robert Mailhammer

Study Mode

Six months full-time or one year part-time.

Graduate Certificate in Nursing (4724)

Approved Abbreviation: GradCertNurs

Western Sydney University Program Code: 4724

AQF Level: 8

Students should follow the program structure for the session start date relevant to the year they commenced.

The aim of the Graduate Certificate in Nursing is to provide Registered Nurses with the theoretical knowledge and associated skills to prepare them for autonomous practice in clinical settings. Graduates will be able to synthesise and apply advanced nursing concepts in order to lead nursing practice and optimise health outcomes. Students who successfully complete this program may transfer to the Graduate Diploma in Nursing.

Study Mode

Six months full-time or one year part-time.

Admission

Candidature for admission to the Graduate Certificate in Nursing is based on the following requirements:

Registered Nurse (currently registered with the Australian Health Practitioner Regulation Agency – Nursing and Midwifery), or eligibility for same, or certificate of registration of nursing, within the last five years, in their own country

And

One year full-time equivalent work experience as a registered nurse within the last five years.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Graduate Certificate in Person-centred Diabetes Care and Education (4761)

Approved Abbreviation: GradCertPersCDiCarEd
Western Sydney University Program Code: 4761
AQF Level: 8

This program applies to students who commenced in Spring 2021 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

This clinically focused program is designed for multidisciplinary clinicians who would like to specialise in diabetes clinical care and education. Underpinned by an empowerment approach to Person-centred diabetes care, students will learn about the clinical management of diabetes and how best to support and educate people with diabetes manage their condition and optimise their health. In addition to examining the aetiology, pathophysiology, clinical assessment and management of different types of diabetes, and short and long term complications, this program will explore self-management support at the system, organisational and individual level. This inter-professional program provides the opportunity for the student to learn with, about, and from other health disciplines in delivering diabetes care. The majority of this program is delivered online. However, students must attend a compulsory one week face to face clinical skills workshop (subject to COVID restrictions) and also 40 hours of mandatory clinical practicum. This program is developed and facilitated by experts in clinical diabetes care and diabetes research.

Study Mode

One year part-time.

Accreditation

The Graduate Certificate in Person-centred Diabetes Care and Education has been accredited by ADEA - Australian Diabetes Educators Association. Students who complete this program are eligible to apply to be a Credentialed Diabetes Educator® with the ADEA.

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

Inherent requirements for these programs in Person-centred Diabetes Care and Education are outlined in the Western Sydney University Inherent Requirements for Medicine Programs available at:

Inherent Requirements for Medicine (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_medicine_courses/)

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

There is a compulsory 40-hour clinical placement in a service that provides health care to people with diabetes with maximum learning opportunities. The clinical location/venue will have at minimum one supervising CDE/ mentor.

Forty hours of Clinical Practicum takes place during the Graduate Certificate Level during Clinical Practice in Diabetes II

Admission

Applicants for Graduate Certificate in Person-centred Diabetes Care and Education can apply through three entry pathways:

Entry Pathway 1: Health Practitioner Applicants

Applicants must have successfully completed an undergraduate degree in health or behavioural science i.e. Registered Medical Practitioner, Registered Nurse, Accredited Practising Dietitian, Registered Midwife, Registered Podiatrist, Registered Pharmacist, Accredited Exercise Physiologist, Registered Physiotherapist, Aboriginal Health Worker/ Practitioner, Registered Chiropractor, Registered Psychologist, Registered Optometrist, social workers OR appropriate equivalent health professional qualification in a relevant health profession (e.g. hospital trained nurses who do not hold an undergraduate degree).

And

Be registered with their professions' national regulatory body.

And

Have completed at least one-year full time equivalent work experience in their primary health discipline.

Entry pathway 2: Aboriginal or Torres Strait Islanders Health Worker/ Health Practitioners

Must have successfully completed a Certificate IV, or higher, in Aboriginal or Torres Strait Islanders Primary Health Care for Aboriginal Health Workers.

And

Be registered with their professions' national regulatory body.

And

Have completed at least one year full time equivalent work experience where they have had the opportunity in providing health care.

Entry Pathway 3: Non-health Practitioner Applicants

All applications must provide a Statement of Service detailing employment history.

(will be assessed on a case by case basis by course coordinators)

Evidence of extensive experience in:

A diabetes associated field such as a pharmaceutical representative of diabetes therapeutics or nutritionists

Or

A diabetes related research, public health or policy work environment.

Evidence of extensive experience in a diabetes related research/public health/policy work environment.

If you hold overseas qualifications from countries where English is not the standard language of instruction, you must provide evidence of English language proficiency. Refer to Western Sydney's English language proficiency requirements on UAC's website. For this course a minimum IELTS Overall Band score 7.0 is required.

<https://www.uac.edu.au/future-applicants/admission-criteria/>

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Special Requirements

To be eligible to enrol in a subject and attend a health-related placement in this program, students must meet Western Sydney University program requirements AND Special Legislative Requirements in your state, to enrol in some subjects. Please check with your Program coordinator to determine your requirements.

You may be expected to provide evidence of:

1. National Criminal History Check: Students must have a current check valid for their entire course. A valid National Criminal history check must be an Australia wide check, include the student's full name matching their Student ID card and date of birth and not have any offences listed. If a student has a criminal history identified on their check, they must provide a clearance or authority document or conditional letter from their relevant authorised state organisation. International students must additionally have a translated International Police Check or statutory declaration.

2. A Working with Children Check (WWCC) clearance letter or state equivalent, valid for their entire course.

3. A current approved first aid certificate valid for their entire course, approved provider courses can be found at

<http://training.gov.au>. (<http://training.gov.au>)

4. A completed vaccination/immunisation card with all serology results attached - currency must be maintained by the student to ensure compliance for their entire program.

5. Undertaking/Declaration form (or state equivalent documents)

6. Additional forms as required per state related to, but not limited to, Tuberculosis Assessment tool, Hepatitis B statutory declaration form, Signed Code of Conduct, Student Deed Poll and all other state equivalent documents as required. Contact your school for further details. Resources are also available on the Placement Hub web page

https://www.westernsydney.edu.au/placements_hub (https://www.westernsydney.edu.au/placements_hub/)

7. Relevant Local Health District specific documentation as requested. Contact your School for further details. Resources are also available on the Placement Hub website:

https://www.westernsydney.edu.au/learning_futures/home/placements_hub/placements_hub/student_compliance (https://www.westernsydney.edu.au/learning_futures/home/placements_hub/placements_hub/student_compliance/)

Some external sites may have additional requirements. Students will be advised of any such specified requirements which must be complied with before commencing clinical placements.

Graduate Certificate in Primary Mathematics Education (1830)

Approved Abbreviation: GradCertPrimMathsEd
Western Sydney University Program Code: 1830
AQF Level: 8

This program applies to students who commenced in Spring 2017 or later.

The Graduate Certificate in Primary Mathematics Education equips primary teaching graduates with the skills, knowledge and dispositions that will enable them to assume the role of a primary mathematics specialist teacher within the primary school setting. Graduates will develop deep mathematics pedagogical content knowledge, a strong

understanding of the importance of research-based enquiry to inform teaching and skills in mentoring and coaching other teachers of mathematics.

The Graduate Certificate in Primary Mathematics Education will be delivered through a flexible online mode. The program is suitable for Primary and lower Secondary teachers.

Study Mode

One year part-time.

AQF Level: 8

CRICOS Code: 107230H

This program applies to students who commenced in 2H, 2021 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2H 2018 to 1H 2021 - please refer to: 8111.1 Graduate Certificate in Researcher Engagement, Development and Impact (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=8111.1>)

The purpose of this program is to formally recognise and acknowledge the many and varied skills you develop during your higher degree by research candidature, as well as providing you with opportunities to enhance and refine the skills you will require for employment in an ever-changing workforce. This program will prepare you for a career both within academia and beyond, including areas such as public policy development, innovation and entrepreneurship. Designed to complement the key milestones that are part of your PhD journey, this program also provides you with a scaffolded structure to ensure timely completion of your research degree. By completing this program, you will become more than a researcher, you will be competitive in an increasingly changing job market and ready for the challenges that lie ahead developing skills in communication, impact and engagement.

Study Mode

Three years part-time.

Admission

Students must be enrolled in a Higher Degree Research Doctoral program (D.Ed, PhD, DCR, DCA, DBA, D. Medicine)

Program Structure

Qualification for this award requires the successful completion of 60 credit points including the subjects listed below.

The Graduate Certificate in Researcher Engagement, Development and Impact (GCREDI) has been designed to utilise the current HDR workshop program packaged into subjects and incorporate the current milestones HDR students are required to complete as part of their candidature. It all commences on day one at Orientation that focusses the student and their supervisor on setting objectives for the future and clarifying the expectations required of them. Orientation provides a structured introduction to the PhD and reinforces the need to develop transferrable skills beyond the thesis during their candidature.

This program consists of 60 credit points (six subjects), with five compulsory core subjects and one specialisation subject.

| Subject | Title | Credit Points |
|--|---|---------------|
| Core Subjects | | |
| HUMN 7005 | Career and Personal Development | 10 |
| HUMN 7038 | Researcher Knowledge and Development | 10 |
| HUMN 7026 | Knowledge Translation | 10 |
| HUMN 7037 | Researcher Engagement and Impact | 10 |
| HUMN 7056 | Grant Proposals and Applications | 10 |
| Specialisation Subjects | | |
| Select one of the following depending on career development goals: | | 10 |
| CEDS 7002 | So, You Want to Be an Academic? | |
| HUMN 7003 | Applied Innovation and Entrepreneurship | |
| HUMN 7035 | Research and Public Policy | |
| Total Credit Points | | 60 |

Recommended Sequence

Qualification for this award requires the successful completion of 60 credit points as per the recommended sequence below.

| Course | Title | Credit Points |
|------------------------------|---|---------------|
| Year 1 | | |
| HUMN 7038 | Researcher Knowledge and Development | 10 |
| HUMN 7005 | Career and Personal Development | 10 |
| Credit Points | | 20 |
| Year 2 | | |
| HUMN 7026 | Knowledge Translation | 10 |

| 1H session | | |
| Select one of the following: | | |
| CEDS 7002 | So, You Want to Be an Academic? | 10 |
| HUMN 7003 | Applied Innovation and Entrepreneurship | 10 |
| HUMN 7035 | Research and Public Policy | 10 |
| Credit Points | | 30 |
| 2H session | | |
| HUMN 7056 | Grant Proposals and Applications | 10 |
| Credit Points | | 10 |
| Total Credit Points | | 80 |

Graduate Certificate in Secondary STEM Education (1882)

Approved Abbreviation: GradCertSecSTEMEd
Western Sydney University Program Code: 1882
AQF Level: 8

This program applies to students who commenced in Autumn 2020 or later.

The Graduate Certificate in Secondary STEM Education will equip secondary teachers with the skills and knowledge to design and implement integrated STEM programs. Teachers will develop knowledge and advanced pedagogical principles in science, technology, engineering, and mathematics to be applied in specialised secondary STEM education contexts. Teachers will also develop skills in leading interdisciplinary teams to promote and deliver STEM programs in secondary schools, and a strong understanding of the importance of research evidence to inform their teaching in STEM. The program is suitable for secondary science, mathematics, or design and technology teachers.

Study Mode

Six months full-time or one year part-time.

Program Advice

Admission

Applicants must have successfully completed an undergraduate degree (of 3 or 4 years), or higher, in teaching/education that leads to a professional teaching qualification.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Special Requirements Prerequisites

Students must satisfactorily complete the Working with Children Check Student Declaration upon entry.

Program Structure

Qualification for this award requires the successful completion of 40 credit points as per the recommended sequence below.

Recommended Sequence

Note: The program offers two entry points per year. The program learning outcomes can be met regardless of the order of the subject sequence as there are no prerequisites for these subjects.

Start-year

| Course | Title | Credit Points |
|----------------------------|--|---------------|
| Autumn session | | |
| TEAC 7152 | Applied Robotics and Programming in Secondary STEM Education | 10 |
| TEAC 7120 | STEM Pedagogies in Practice | 10 |
| Credit Points | | 20 |
| Spring session | | |
| TEAC 7151 | Applied Mathematics and Science in Secondary STEM Education | 10 |
| TEAC 7116 | Researching STEM Education for Future Leadership | 10 |
| Credit Points | | 20 |
| Total Credit Points | | 40 |

Graduate Certificate in Start Up Scale Up (2821)

Approved Abbreviation: GradDCertStrtUpScUp
Western Sydney University Program Code: 2821
AQF Level: 8

CRICOS Code: 0100187

This program applies to students who commenced in Quarter 1, 2019 or later.

The Graduate Certificate in Start Up Scale Up provides a unique opportunity for innovative students and small-to-medium sized enterprises to be exposed to the University's business and technology incubator environment while learning fundamental business skills integral to starting a business or scaling a business up to meet new regional or global demands. The Graduate Certificate involves four core subjects with students covering material on the New Markets, Digital technology, Creativity and Management Capabilities while developing material relevant to the creation of their new business or business innovation.

Study Mode

Six months full-time or one year part-time.

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

The inherent requirements articulated for this program are based on the existing inherent requirements for the Accounting programs.

Inherent Requirements (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_accounting_courses/)

Admission

Applicants must have successfully completed an undergraduate degree, or higher, in any discipline

Or

Successfully completed an Associate Degree, Advanced Diploma, or higher, in a business discipline

Or

Have a minimum of three years full-time equivalent managerial/professional work experience in any field.

Or

Other evidence of general and professional qualifications and demonstrated potential to pursue graduate studies.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the

UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 40 credit points of postgraduate level subjects which includes the subjects listed below.

| Subject | Title | Credit Points |
|----------------------------|---|---------------|
| BUSM 7028 | Entrepreneurial Management Capabilities | 10 |

Graduate Certificate in TESOL (1802)

Approved Abbreviation: GradCertTESOL
Western Sydney University Program Code: 1802
AQF Level: 8

CRICOS Code: 061591M

This program applies to students who commenced in Spring 2017 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

Commencement Year 2015 to Autumn 2017 - please refer to: 1802.1 Graduate Certificate in TESOL (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1802.1>)

The Graduate Certificate in TESOL provides an initial teacher training qualification which reflects the industry standard in the adult TESOL sector in the Australian context. The program is suitable for teachers in other educational fields (e.g. primary and secondary education), and for graduates in any field wishing to develop a long-term career in TESOL in Australia.

- Director of Academic Program - Associate Professor Robert Mailhammer

Study Mode

One year full-time or two years part-time.

Graduate Diploma in Advanced Gynaecological Surgery (4766)

Approved Abbreviation: GDAAdvGynSurg
Western Sydney University Program Code: 4766
AQF Level: 8

This program applies to students who commenced in 2020 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

This program is available to RANZCOG specialist trainees in Obstetrics & Gynaecology pursuing their interests in surgical gynaecology. The Graduate Diploma in Advanced Gynaecological Surgery aims to develop a theoretical framework which can be applied in a clinical setting to help assess, plan and perform gynaecological surgery. There is an emphasis on the principles of surgical techniques with respect to gynaecological anatomy, physiology and pathology. Students will analyse biostatistics relating to gynaecological surgery to assist in reviewing the clinical literature, cases and outcomes. This program is expected to take 1-year full time to complete. On completion of the Graduate Diploma in Advanced Gynaecological Surgery, students who meet the admission requirements for the Master of Surgery (Advanced Gynaecological Surgery) may apply for entry.

Director of Academic Program - Dr Kate McBride

Study Mode

One year full-time

Accreditation

While this program does not require accreditation, the clinical component is recognised for advanced trainees in Obstetrics and Gynaecology by RANZCOG (The Royal Australian and New Zealand College of Obstetricians and Gynaecologists).

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_medicine_courses (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_medicine_courses/)

Admission

All students must be:

1. Trainees or Specialists in Obstetrics & Gynaecology (RANZCOG or other accredited college)
2. Satisfactory completion of RANZCOG written examination
3. Minimum 2 Obstetrics and Gynaecology operating lists per week (of which there must be a minimum of 1 Gynaecology operating list per week)

Special Requirements

Students undertaking the Graduate Diploma in Advanced Gynaecological Surgery must be registered medical practitioners undertaking or completed specialist Obstetrics & Gynaecology training through RANZCOG (or other accredited college).

Program Structure

Graduate Diploma in Advanced Imaging (MRI) (4768)

Approved Abbreviation: GDAAdvImage(MRI)
Western Sydney University Program Code: 4768
AQF Level: 8

Program Status:

This program applies to students who commenced in 2020 or later.

The Graduate Diploma in Advanced Imaging aims to evaluate regional human anatomy and pathological findings to distinguish normal and pathological Magnetic Resonance (MR) images; to analyse the principles, techniques, procedures and aspects of MR imaging practices and image formation. Graduates will become equipped with the skills to design MR protocols relevant to patients' clinical needs and

employ the technology to provide quality imaging with high diagnostic confidence. There will be face-to-face or video-conferencing intensive workshops and interactions with specialists from different medical disciplines.

The course is offered as part-time study and provides two weeks clinical training in a WSU endorsed MRI clinical site for each of the clinical units (ie a total of six weeks).

Graduates from this Graduate Diploma program will be considered Trainee MR Practitioners who are required to work under supervision for most examinations excluding Basic MR screening and standard procedures.

Graduates from the Graduate Certificate program (exit) will not be considered MR Practitioners. However, their knowledge would serve clinical, administrative and MR physics and theory management.

Early Exit

Students may exit this program on completion of 40 credit points with a 4769 Graduate Certificate in Advanced Imaging (MRI) (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-advanced-imaging-mri/>)

Study Mode

Two years part-time

Program Advice

James Nol (<https://directory.westernsydney.edu.au/search/name/James%20Nol/>)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Campus | Attendance | Mode | Advice |
|--------|------------|--------|-----------|
| Online | Part Time | Online | See above |

Inherent Requirements

Inherent requirements for this program will be similar to the inherent requirements applicable to the Doctor of Medicine program 4758.

Inherent Requirements (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_medicine_courses/)

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/)

[services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/](#))

Clinical practice is essential to complement program objectives. It is expected that students will use workplace hours to meet the clinical practice requirements. However, if students do not currently work in the field, or are unable to organise their own clinical placement at an authorised accredited site, an optional work-based practical training unit located at Blacktown-Mount Druitt Hospital or other approved location has been developed.

Supervision requirements are by placement agreement, covering contact and learning requirements, including assessment. The Teaching team will check in with students during the course of their practicum.

Admission

Applicants must be a Registered medical practitioner, registered dentist, (with AHPRA) or Vet registered with the Veterinary Practitioners Registration Board of NSW or equivalent;

or Registered Medical Radiation Practitioner (with AHPRA):

or must have completed an Undergraduate degree in medical science, engineering, or other health practitioner degrees.

This program requires students to have a strong academic background in maths and physics. Applicants may be requested to demonstrate their competency if this is not evident within their undergraduate studies.

Candidates may exit the program at the Graduate certificate level (40 Credit Points)

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

Graduate Diploma in Aged Care Management (4757)

Approved Abbreviation: GradDipAgedCareMgmt

Western Sydney University Program Code: 4757

AQF Level: 8

CRICOS Code: 0101795

Program Status:

This program applies to students who commenced in 2020 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement year Spring 2019 - please refer to: 4757.2 Graduate Diploma in Aged Care Management (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4757.2>)

For Commencement year Autumn 2019 or earlier - please refer to: 4757.1 Graduate Diploma in Aged Care Management (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4757.1>)

This program will allow staff, particularly those in supervisory and management positions working in aged care, in public, private or charitable organisations to up-skill their management knowledge by exposing them to socio-political issues in aged care. It provides further training in organisational capacity and leadership in aged care practice. This will equip graduates of this program to position themselves at the forefront of innovation in the organisation and delivery of quality aged care services. It provides an entry point to the Master of Health Science for those who wish to continue on their professional development journey with further studies.

Early Exit

Students may exit this program on completion of 40 credit points with a 4756 Graduate Certificate in Aged Care Management (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-aged-care-management/>)

Study Mode

One year full-time or two years part-time.

Accreditation

The Graduate Diploma in Aged Care Management has Professional Accreditation with the Australasian College of Health Service Management (ACHSM).

Admission

An undergraduate or higher degree in a relevant health-related discipline

Or

A graduate diploma or graduate certificate in any discipline **and** two years full-time equivalent work experience in a relevant health-related discipline.

Applications from Opal Aged Care employees need to be accompanied by a Statement of Service from Opal Aged Care in order to be eligible for, and processed as, an Opal Aged Care scholarship recipient.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 80 credit points which include the subjects listed below.

| Subject | Title | Credit Points |
|----------------------------|---|---------------|
| Domain Subjects | | |
| PUBH 7016 | Introduction to Epidemiology | 10 |
| PUBH 7033 | The Social Determinants of Health | 10 |
| PUBH 7031 | Health Systems and Policy | 10 |
| HLTH 7025 | Healthcare Data for Decision-Making | 10 |
| Focus Subjects | | |
| HLTH 7022 | Advanced Health Service Management | 10 |
| PUBH 7014 | Health and Socio-political Issues in Aged Care | 10 |
| HLTH 7002 | Building Organisational Capacity in Health Care | 10 |
| NURS 7028 | Leadership in Clinical Practice | 10 |
| Total Credit Points | | 80 |

Graduate Diploma in Allergic Diseases (exit only) (4754)

Approved Abbreviation: GradDipAllergicDis
Western Sydney University Program Code: 4754
AQF Level: 8

The Graduate Diploma in Allergic Diseases is an exit degree for medical practitioners in clinical practice who are enrolled in the Master of Medicine (Allergic Diseases). Students who successfully complete this two year program will have an in depth understanding of the scientific basis and clinical aspects of allergic diseases including mental health and nutrition. Supervised clinical experiences, practical skills workshops and conference attendance will enable students to develop their ability to use theoretical knowledge and diagnostic and therapeutic skills effectively in clinical allergy practice.

- Director of Academic Program - Dr Kate McBride

Study Mode

Two years part-time

Graduate Diploma in Australian Migration Law (2819)

Approved Abbreviation: GradDipAusMigrLaw
Western Sydney University Program Code: 2819
AQF Level: 8

This program applies to students who commenced in Summer A 2018 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2018 - please refer to: 2803.2 Graduate Diploma in Australian Migration Law (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=2803.2>)

The Graduate Diploma in Australian Migration Law provides graduates with a professional educational qualification to specialise in Australian immigration and refugee law. The program is offered mainly online, providing graduates with both flexibility and the logical structure of a planned migration program. Graduates obtain comprehensive knowledge of Australian migration legislation, jurisprudence and policy. As a graduate you will have developed and cultivated ethical and professional standards. The Diploma is accredited by the Department of Home Affairs as a "prescribed program" under the Migration Act 1958 (Cth).

Note: Students will be required to undertake one compulsory weekend workshop on campus in Sydney to successfully complete this program.

Study Mode

One year full-time or two years part-time.

Program Advice

Jason Donnelly (<https://directory.westernsydney.edu.au/search/email/j.donnelly@westernsydney.edu.au>)

Prospective students should visit the following websites for general enquiries about this program.

| Campus | Attendance | Mode | Advice |
|--------|------------|--------|-----------|
| Online | Full Time | Online | See above |
| Online | Part Time | Online | See above |

Admission

Applicants must have successfully completed a Bachelor degree or higher in any discipline

Or

Two years' (full time equivalent) relevant and current professional work experience that demonstrates potential to pursue graduate studies. Applicants do not require a law degree.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

AND, also, provide a cover letter that demonstrates how their professional work experience has permitted them to gain the following attributes:

- critical thinking and problem solving
- teamwork and communication skills
- career and leadership readiness
- intercultural and ethical competency
- self-awareness and emotional intelligence

Applicants will be assessed by the School of Law Course Convenor (or, where the Course Convenor is unavailable, the assessment may be made by a nominated delegate being any one of the following: the Dean, the Deputy Dean, or the Director Academic Program LLB) on a case by case basis to ensure they have the ability to complete graduate level study.

* Please note: A Statutory Declaration will be accepted where the production of a Statement of Service is not possible.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 80 credit points of core subjects as per the recommended sequence below.

Graduate Diploma in Building Surveying (3789)

Approved Abbreviation: GradDipBldgSurv

Western Sydney University Program Code: 3789

AQF Level: 8

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2016, please refer to: 3704.2 Graduate Diploma in Building Surveying (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3704.2>)

For Commencement Year 2015, please refer to: 3704.1 Graduate Diploma in Building Surveying (<http://handbook.uws.edu.au/hbook/course.aspx?course=3704.1>)

The Graduate Diploma in Building Surveying is a two-year part-time program which aims to provide students with specialist knowledge and skills to assess, evaluate and recommend building solutions. It is relevant to professionals certifying Performance solutions under the relevant scheme of the National Construction Code and other applicable Standards. The program enables students to understand performance requirements, basic fire technology and engineering principles, building access and sustainability and other issues related to building surveying practice.

The program has been designed primarily for External delivery and sets a pathway for further learning at a Master's level. Subjects have non-compulsory workshops and students are encouraged to attend these workshops to gain the benefit of interaction with their peers

Early Exit

Students may exit this program on completion of 40 credit points with a 3790 Graduate Certificate in Building Surveying (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-building-surveying/>)

Study Mode

Two years part-time.

Program Advice

Prospective students should visit the following websites for general enquiries about this program.

Graduate Diploma in Bushfire Protection (3793)

Approved Abbreviation: GradDipBfireProt
Western Sydney University Program Code: 3793
AQF Level: 8

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2015 to 2021, please refer to:
3709.2 Graduate Diploma in Bushfire Protection (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3709.2>)

The Graduate Diploma in Bushfire Protection is a two-year part-time program which provides students with a comprehensive understanding of bushfire behaviour in relation to local vegetation, topography, land management and weather conditions. Students will be able to conduct bushfire assessments, provide advice on developments in bushfire prone areas, assess building designs against both the accepted and performance requirements of planning provisions, building code and standards.

The program has been designed primarily for External delivery. However, two subjects have a compulsory workshop that students are required to attend. Students are encouraged to attend online workshops to gain the benefit of interaction with their peers. The program also sets a pathway for further learning at Master's level.

Early Exit

Students may exit this program on completion of 40 credit points with a 3794 Graduate Certificate in Bushfire Protection (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-bushfire-protection/>)

Study Mode

Two years part-time.

Graduate Diploma in Cardiac Sonography (4743)

Approved Abbreviation: GradDipCardSon

Western Sydney University Program Code: 4743

AQF Level: 8

This program is an Australian Sonographers Accreditation Registry (ASAR) approved graduate entry training program in cardiac sonography (echocardiography). It integrates online and on-campus learning activities with the students employed sonography practice. Students will develop theoretical, practical and professional skills that are essential for the practice of cardiac sonography and for further professional development. This program is available for domestic students only.

Study Mode

Two years part-time.

Program Advice

Dr Paul Stoodley (<https://directory.westernsydney.edu.au/search/profile/16302/>)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/>

Accreditation

This program is an Australian Sonographers Accreditation Registry (ASAR) approved graduate entry training program in cardiac sonography (echocardiography).

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

Inherent Requirements (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_graduate_diploma_in_cardiac_sonography/)

Admission

Admission to the program requires applicants meet the following criteria.

1. Applicants must have successfully completed an undergraduate degree in natural and physical sciences or health. Applicants with an undergraduate degree in another discipline will be considered for admission if they can demonstrate greater than 12 months full-time work experience in medical imaging (which must be supported with a statement of service for all work experience listed).

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

2. Applicants must secure a minimum of three days a week work (training) in cardiac sonography. Written verification of work (training) must be provided to the university two weeks prior to the commencement of the course.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Recommended Sequence

Qualification for this award requires the successful completion of 80 credit points as per the recommended sequence below.

| Course | Title | Credit Points |
|----------------------------|------------------------------------|---------------|

| RADI 7005 | Practice of Cardiac Sonography 4 | 10 |
| Credit Points | | 20 |
| Total Credit Points | | 80 |

Graduate Diploma in Child and Family Health (Karitane) (4714)

Approved Abbreviation: GDCh&FHLth(Karitane)
Western Sydney University Program Code: 4714
AQF Level: 8

This program applies to students who commenced in Spring 2021 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year Spring 2020 to Autumn 2021, please refer to: 4714.3 Graduate Diploma in Child and Family Health (Karitane) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4714.3>)

For Commencement Year Spring 2018 to Autumn 2020, please refer to: 4714.2 Graduate Diploma in Child and Family Health (Karitane) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4714.2>)

The Graduate Diploma in Child and Family Health (Karitane) aims to provide Registered Nurses and Registered Midwives with theoretical knowledge and associated skills that prepare them to work autonomously and across a variety of clinical settings with children and families. Graduates will be able to apply advanced practice, concepts and analysis and lead practice to promote optimal health outcomes for children and families. Students who successfully complete this program may transfer into the Master of Child and Family Health (Karitane).

Early Exit

Students may exit this program on completion of 40 credit points with a 4715 Graduate Certificate in Child and Family Health (Karitane)

(<https://hbook.westernsydney.edu.au/programs/graduate-certificate-child-family-health-karitane/>)

Study Mode

Two years part-time.

Program Advice

Graduate Diploma in Counselling (1647)

Approved Abbreviation: GradDipCouns
Western Sydney University Program Code: 1647
AQF Level: 8

Commencement Year 2011 to 2015 - 1647.4 Graduate Diploma in Counselling (<http://handbook.uws.edu.au/hbook/course.aspx?course=1647.4>)

Commencement Year 2010 - 1647.3 Graduate Diploma in Counselling (<http://handbook.uws.edu.au/hbook/course.aspx?course=1647.3>)

Commencement Year 2009 - 1647.2 Graduate Diploma in Counselling (<http://handbook.uws.edu.au/hbook/course.aspx?course=1647.2>)

Commencement Year 2008 - 1647.1 Graduate Diploma in Counselling (<http://handbook.uws.edu.au/hbook/course.aspx?course=1647.1>)

Counselling is a cross-disciplinary pathway into a career in helping human beings in distress. In counselling, clients learn self-knowledge and become able to change through a dedicated helping relationship, in which high levels of skill, sensitivity, self-knowledge and ethical conduct are required of the helper. In contrast to some of the longer-established helping professions, counselling, as taught in this program, places greater emphasis on the creation of a therapeutic environment for the client than on specific techniques or the application of particular theoretical models. This program is aimed specifically at graduates in any discipline who can demonstrate the personal qualities required for this demanding profession.

Early Exit

Students may exit this program on completion of 40 credit points with a 1648 Graduate Certificate in Counselling (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-counselling/>)

Study Mode

Two years part-time.

Accreditation

This program is accredited with the Psychotherapy and Counselling Federation of Australia (PACFA) and the Australian Counselling Association (ACA).

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

Inherent Requirements (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_graduate_diploma_in_counselling/)

Admission

Applicants must have successfully completed an undergraduate degree or higher in any discipline.

And

Participate in a group interview on campus to demonstrate their suitability for the program.

Invitations to the interview process will be selective, based on CV and letter, and interviewees will be ranked, as numbers admitted to the program are limited.

Information for applicants about the Interview

Applicants are required to upload a detailed CV and an accompanying letter to their application addressing the following:

- Reason for wishing to pursue a counselling qualification
- Relevant life experience
- Relevant work or volunteer experience

Applications and supporting documentation must be submitted by the final UAC closing date of 31 January.

Special Requirements Prerequisites

NSW Health Compliance, National Police Check and Working with Children Check are required for subjects WELF 7002 Clinical Studies in Psychotherapy and Counselling and WELF 7012 Further Clinical Studies

in Psychotherapy and Counselling and successful applicants need to complete these checks on or soon after enrolment in the program.

Program Structure

Qualification for this award requires the successful completion of 80 credit points including the subjects listed below.

Admission

Applicants must have successfully completed an undergraduate degree, or higher, in any discipline.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>

<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 80 credit points which include the subjects listed below.

| Subject | Title | Credit Points |
|---|------------------------------|---------------|
| Core Units | | |
| COMP 7024 | Programming for Data Science | 10 |
| MATH 7016 | The Nature of Data | 10 |
| COMP 7003 | Big Data | 10 |
| COMP 7016 | Visualisation | 10 |
| COMP 7006 | Data Science | 10 |
| Select one of the following | | 10 |
| COMP 7023 | Predictive Analytics | |
| COMP 7025 | Social Media Intelligence | |
| Select two electives | | 20 |
| Elective subjects must be at Postgraduate Level 7 | | |
| Total Credit Points | | 80 |

Equivalent Subjects

The subjects listed below count towards completion of this program for students who passed these subjects in 2021 or earlier.

MATH 7011 Predictive Analytics, replaced by COMP 7023 Predictive Analytics

Graduate Diploma in Digital Health (4778)

Approved Abbreviation: GradDipDigitalHlth
Western Sydney University Program Code: 4778
AQF Level: 8

CRICOS Code: 0101797

This program applies to students who commenced in 2020 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

The Graduate Diploma in Digital Health provides students with an opportunity to develop advanced skills in healthcare data environments, healthcare software and systems and explore how to integrate ICT innovations to deliver effective, sustainable, safe and efficient multidisciplinary patient-centred healthcare. It provides an entry point to the Master of Health Science (Digital Health) for those who wish to continue on their professional development journey with further studies.

Study Mode

One year full-time or two years part-time.

Program Advice

Admission

This is an exit point only from Program 1781 Master of Teaching (Primary).

Program Structure

Qualification for this award requires the successful completion of 80 credit points (eight subjects) from the following list.

| Subject | Title | Credit Points |
|---|--|---------------|
| Select 80 credit points of the following: | | 80 |
| TEAC 7149 | Understanding and Teaching Children | |
| TEAC 7156 | Aboriginal Education: Past, Present and Future | |
| TEAC 7023 | Culture, Subjectivities and Schooling | |
| TEAC 7092 | Primary Human Society and its Environment | |
| TEAC 7141 | Teaching and Learning in Classrooms | |
| TEAC 7154 | Professional Experience 1 | |
| TEAC 7089 | Primary English and Literacy 1 | |
| TEAC 7093 | Primary Mathematics and Numeracy 1 | |
| TEAC 7091 | Primary Health and Physical Education | |
| TEAC 7090 | Primary English and Literacy 2 | |
| TEAC 7088 | Primary Creative Arts | |
| TEAC 7099 | Primary Science & Technology | |
| TEAC 7094 | Primary Mathematics and Numeracy 2 | |
| TEAC 7119 | Researching and Developing Engaging Pedagogies | |
| TEAC 7153 | Inclusive Education: Principles and Practices | |
| Total Credit Points | | 80 |

Equivalent Subject

The subject listed below counts towards completion of this program for students who passed this subject in 2020 or earlier.

TEAC 7097 - Primary Professional Practice 1

TEAC 7016 - Classrooms Without Borders

TEAC 7053 - Inclusive Teaching for Effective Learning

Graduate Diploma in Educational Studies (Secondary) (exit only) (1715)

Approved Abbreviation: GradDipEdSt(Sec)
Western Sydney University Program Code: 1715
AQF Level: 8

CRICOS Code: 0101775

The Graduate Diploma in Educational Studies (Secondary) is an exit point on completion of 80 credit points of study (excluding Professional Practice subjects) selected from the 1714 - Master of Teaching (Secondary) subjects. Please note, this is not a teaching qualification.

Graduate Diploma in Engineering (exit only) (3694)

Approved Abbreviation: GradDipEng

Western Sydney University Program Code: 3694

AQF Level: 8

CRICOS Code: 074194F

This program applies to students who commenced in 2021 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For commencement year 2020, please refer to: 3694.2 Graduate Diploma in Engineering (exit only) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3694.2>)

For commencement year 2015-2019, please refer to: 3694.1 Graduate Diploma in Engineering (exit only) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3694.1>)

This is an exit award only. Students may choose to exit the Master of Engineering after completing 120 Credit Points with the Graduate Diploma in Engineering.

3693 Master of Engineering (p. 623)

The Graduate Diploma in Engineering provides an opportunity for professionals in Engineering and recent graduates to adapt to a dynamically developing and changing technological environment through the upgrading of their skills and knowledge. The program provides students with opportunities to foster a culture of life-long learning. Graduates of the program will have a foundation to maintain their skills as their specialised professional field evolves.

Study Mode

One and a half years full time or three years part-time.

| Parramatta City Campus- Macquarie Street | Part Time | Internal | See above |

Admission

Graduate Diploma in Engineering will not be offered to commencing students. It will be made available only as an exit point for Master of Engineering (p. 623) students.

Program Structure

Qualification for the award of Graduate Diploma in Engineering requires the successful completion of 120 credit points as follows:

40cps of core subjects plus

60cps of single major subjects plus

20cps of elective subjects at level 7.

To complete some of the components within the subjects in this program, students may be required to travel to other Western Sydney University campuses.

Core Subjects for Graduate Diploma

| Subject | Title | Credit Points |
|----------------------------|-----------------------------------|---------------|
| ENGR 7019 | Specialised Software Applications | 10 |
| CIVL 7014 | Sustainable Systems | 10 |
| ENGR 7028 | Engineering Project 1 (PG) | 20 |
| Total Credit Points | | 40 |

Majors

All students must enrol in a major before enrolling in their subjects

Graduate Diploma in Engineering students can choose a single major by following the course structure.

Biomedical, Testamur Major (T055) (p. 766)
 Civil, Testamur Major (T033) (p. 785)
 Electrical, Testamur Major (T035) (p. 833)
 Environmental, Testamur Major (T058) (p. 846)
 Management, Testamur Major (p. 912)
 Mechanical, Testamur Major (p. 934)
 Mechatronic, Testamur Major (p. 938)
 Telecommunication, Testamur Major (p. 1014)

Elective Subjects

Elective subjects must be chosen from level 7 subjects. Student can check available university-wide subjects at level 7 and the subject enrolment requirements from handbook.

Recommended Sequence

Start-year intake

| Course | Title | Credit Points |
|---|-----------------------------------|---------------|
| Year 1 | | |
| Autumn session | | |
| ENGR 7019 | Specialised Software Applications | 10 |
| Three major subjects (see Note) | | 30 |
| Credit Points | | 40 |
| Spring session | | |
| CIVL 7014 | Sustainable Systems | 10 |
| Three major subjects or elective subjects | | 30 |
| Credit Points | | 40 |
| Year 2 | | |
| Autumn session | | |
| ENGR 7028 | Engineering Project 1 (PG) | 20 |
| Two major subjects or elective subjects | | 20 |
| Credit Points | | 40 |
| Total Credit Points | | 120 |

Note

(1) Students must carefully follow the requirements of their chosen single major in order to qualify for the Graduate Diploma in Engineering award. If unsure, students must seek the advice of the Academic Program Advisor.

(2) Major subject offering is subject to sufficient demand and may not be offered annually.

(3) Elective subjects must be at Level 7.

Mid-year intake

| Course | Title | Credit Points |
|---|-----------------------------------|---------------|
| Year 1 | | |
| Spring session | | |
| CIVL 7014 | Sustainable Systems | 10 |
| Three major subjects (see Note) | | 30 |
| Credit Points | | 40 |
| Autumn session | | |
| ENGR 7019 | Specialised Software Applications | 10 |
| Three major subjects or elective subjects | | 30 |
| Credit Points | | 40 |
| Year 2 | | |
| Spring session | | |
| ENGR 7028 | Engineering Project 1 (PG) | 20 |
| Two major subjects or elective subjects | | 20 |
| Credit Points | | 40 |
| Total Credit Points | | 120 |

Note

(1) Students must carefully follow the requirements of their chosen single major in order to qualify for the Graduate Diploma in Engineering award. If unsure, students must seek the advice of the Academic Program Advisor.

(2) Major subject offering is subject to sufficient demand and may not be offered annually.

(3) Elective subjects must be at Level 7.

Graduate Diploma in Epidemiology (4739)

Approved Abbreviation: GradDipEpidemiology
Western Sydney University Program Code: 4739
AQF Level: 8

CRICOS Code: 088190F

The Graduate Diploma in Epidemiology is a one year program designed for both clinicians (medical, nursing and allied health) and practitioners from health-related fields (public health, environmental health, communicable disease control) seeking to improve their knowledge of key areas of health-related research. It provides an understanding of epidemiological concepts and methods and their application in clinical, public health and health policy settings. Its core subjects include introductory and advanced subjects in epidemiology and biostatistics, while a range of specialist electives can be undertaken including disease surveillance, research protocol design and statistical modelling.

Early Exit

Students may exit this program on completion of 40 credit points with a 4740 Graduate Certificate in Epidemiology (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-epidemiology/>)

Study Mode

One year full-time or two years part-time.

Graduate Diploma in Financial Planning (2794)

Approved Abbreviation: GradDipFinPlan
Western Sydney University Program Code: 2794
AQF Level: 8

This program applies to students who commenced in Quarter 2, 2019 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year Q1 2018 - please refer to 2794.3 Graduate Diploma in Financial Planning (exit only) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=2794.3>)

The Graduate Diploma in Financial Planning is a fully online program designed to meet the requirements of existing advisers and those seeking a career as a financial adviser. The program is accredited by the Financial Planning Education Council and the Financial Adviser Standards and Ethics Authority (FASEA) and is awarded on successful completion of 80 credit points of subjects. Students have the option to transfer to 2793 Master of Financial Planning on successful completion of 40 credit points.

Students may be eligible for advanced standing based on their previous qualifications and work experience.

Early Exit

Students may exit this program on completion of 40 credit points with a 2795 Graduate Certificate in Financial Planning (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-financial-planning/>)

Study Mode

One year full-time or two years part-time.

Program Advice

Dr Ushi Ghoorah (<https://directory.westernsydney.edu.au/search/profile/14369/>)

Prospective students should visit the following websites for general enquiries about this program.

Accreditation

The Graduate Diploma in Financial Planning is accredited by the Financial Planning Education Council (FPEC). This program is accredited by the Financial Adviser Standards and Ethics Authority (FASEA) having met the FASEA curriculum and standards requirements for the award.

Admission

Applicants must have:

- Successfully completed an undergraduate degree, or higher, in any discipline; Or
- Successfully completed an advanced diploma, or higher, in a business discipline and have a minimum of three (3) years full-time equivalent managerial/professional work experience in a related field.

Applicants seeking admission on the basis of work experience must support their application with a current CV for all work experience listed on their application and a Confirmation of Employment for all work experience listed on the application. Only applicants seeking admission through an established industry partnership agreement can provide an agreed alternative to the Confirmation of Employment. The confirmation of employment can be either be a letter on employer letterhead specifying their role and length of service or the industry declaration form.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Association of Financial Advisers and Western Sydney University Articulation Agreement

Students who complete subjects FINC 7001 Communication and Ethics for Financial Planners and FINC 7013 Planning for Retirement in this program will receive exemption for the Association of Financial Advisers' FChFP AFA3 and AFA4. Students who have completed the Association of Financial Advisers' FChFP AFA 3 and 4 will receive exemptions for subjects FINC 7001 Communication and Ethics for Financial Planners and FINC 7013 Planning for Retirement.

Recommended Sequence

Qualification for this award requires the successful completion of 80 credit points as follows.

Full-time intake

| Course | Title | Credit Points |
|----------------------------|---|---------------|
| Year 1 | | |

Graduate Diploma in Fire Safety Engineering (3791)

Approved Abbreviation: GradDipFireSafeEng
Western Sydney University Program Code: 3791
AQF Level: 8

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2016, please refer to: 3706.2
 Graduate Diploma in Fire Safety Engineering (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3706.2>)

For Commencement Year 2015, please refer to: 3706.1
 Graduate Diploma in Fire Safety Engineering (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3706.1>)

The Graduate Diploma in Fire Safety Engineering is a two-year part time program which aims to provide professionals with the special skills and knowledge to develop, assess and evaluate fire safety engineering solutions for the built environment. It is relevant to fire safety engineers developing performance solutions using the fire engineering guidelines to meet the objectives and performance requirements of building regulations. The program can be completed in one year of full-time

study, but the recommended study load is completion in two years in part-time mode.

The program has been designed primarily for External delivery. Many of the units have non-compulsory workshops that can be either attended online or on campus. Students are encouraged to attend these workshops to gain the benefit of interaction with their peers.

Early Exit

Students may exit this program on completion of 40 credit points with a 3792 Graduate Certificate in Fire Safety Engineering (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-fire-safety-engineering/>)

Study Mode

Two years part-time. Students can fast-track by completing additional subjects per semester to complete the program earlier.

Accreditation

This program is recognised under the NSW Building and Design Certifiers Act 2018 as meeting the requirements for Certifiers - Fire safety.

Admission

Applicants must have successfully completed an undergraduate degree or higher, in any field of engineering or engineering science, **and** at least 2 years full-time equivalent professional work experience in construction management, building surveying or fire systems design

Or

A Diploma or higher in any field of engineering or engineering science, building, construction management, building surveying, fire systems design, architecture or physical sciences, **and** at least 5 years full-time equivalent professional work experience in construction management, building surveying, fire systems design (fire protection) or a State fire service.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or

Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Recommended Sequence

Qualification for this award requires the successful completion of 80 credit points as per the recommended sequence below.

Graduate Diploma in Forensic Science (3742)

Approved Abbreviation: GradDipForSc

Western Sydney University Program Code: 3742

AQF Level: 8

This program applies to students who commenced in University of Florida, Term 3 2021 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

Commencement Year 2017 - 3742.1 Graduate Diploma in Forensic Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3742.1>)

The program is designed for applicants who need advanced level knowledge across a range of forensic disciplines including crime scene investigation, fingerprint detection and identification, forensic chemistry, forensic biology, forensic toxicology, illicit drug analysis, and forensic medicine. The fully-online nature of the subjects and the flexibility available with subject selection means that the program can be adapted to suit applicants working or intending to work in areas that include forensic science laboratories, toxicology and pathology laboratories, drug assessment agencies, customs and border protection, law enforcement, and areas related to national security.

- This program is part of a collaborative education partnership with the University of Florida and the University of Canberra.

Early Exit

Students may exit this program on completion of 40 credit points with a 3743 Graduate Certificate in Forensic Science (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-forensic-science/>)

Study Mode

One year full-time or two years part-time.

NATS 7021 - Forensic Entomology

Graduate Diploma in Health Science (4700)

Approved Abbreviation: GradDipHlthSc

Western Sydney University Program Code: 4700

AQF Level: 8

CRICOS Code: 064831J

This program applies to students who commenced in 2020 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2016 to 2020 - please refer to 4700.2 Graduate Diploma in Health Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4700.2>)

For Commencement Year 2015 - please refer to 4700.1 Graduate Diploma in Health Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4700.1>)

The Graduate Diploma in Health Science provides students with an opportunity to delve deeper into issues relevant to the Australian

healthcare system as well as international models of healthcare. It explores the socioeconomic, behavioural, biological and societal determinants of health and disease, providing sound knowledge in epidemiology and the use of healthcare data for decision-making. It provides an entry point to the Master of Health Science for those who wish to continue on their professional development journey with further studies.

Study Mode

One year full-time or two years part-time.

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is an optional work component available in this program. Please contact the Program Advisor listed above for information.

International students should be aware that if an elective is a requirement of the program but the work itself was not registered with CRICOS, students can still complete these electives but it would be counted towards the work limitation. For more details, refer to the 'Work Integrated Learning (WIL) for international students' website.

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

This course will include WIL opportunities that involve using the workplace and community as a site and as a source for learning. WIL partners include various Local Health Districts, hospitals, aged care providers, and other health service providers found within the community. Two units will be focused on WIL, one using workplaces and communities as sources for learning through project-based learning, and the other following the more traditional WIL format of using the workplace and community as a site for learning. Details of the units are as follows:

Professional Project 1 – this unit will use the workplace as a source of learning, by bringing industry partners to campus to present “wicked problems” that students will then work on solving. Industry partners will

then return to, together with the unit coordinator and other academic staff, assess the solutions presented by students, potentially selecting some that can be used in their real healthcare services. Industry partners will be involved in mentoring activities with students while academic staff will support students throughout the process.

Professional Internship in Health – this unit will use workplace and community as a site for learning and will involve 320h of placement with a healthcare service. Assessment is undertaken by the on-site supervisors using a comprehensive form and supporting documentation and resources. Mid-placement checks with both students and supervisors are undertaken to pre-empt any concerns as well as random checks throughout. Students are required to complete academic assessment tasks, including an e-Portfolio and a workplace product at the end.

Admission

Applicants must have either

An undergraduate or higher degree in a relevant health-related discipline,

Or

A graduate diploma or graduate certificate in any discipline **and** two years full-time equivalent work experience in a relevant health-related discipline.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Graduate Diploma in Humanitarian and Development Studies (1867)

Approved Abbreviation: GradDipHumanDevtSt
Western Sydney University Program Code: 1867
AQF Level: 8

CRICOS Code: 096601C

NOTE: Program 1867 Graduate Diploma in Humanitarian and Development Studies is no longer available. From Spring session 2022, if you're interesting in completing the replacement program, please apply for 1896 Graduate Diploma in Humanitarian and Development Studies (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-humanitarian-development-studies-1896/>).

This program applies to students who commenced in 2018 or later.

The Graduate Diploma in Humanitarian and Development Studies (Grad Dip HADS) will meet the needs of practitioners already working in the field of disaster relief and development, and those wishing to enter the field. It aims to support the skills enhancement of humanitarian and development workers in government and non-government agencies involved in humanitarian operations, organisations that manage international refugee flows, public health, and the provision of aid to vulnerable populations. Students will complete 8 subjects from the Master of Humanitarian and Development Studies (M HADS) degree. The structure of the Graduate Diploma is tailored towards individual needs and interests and is linked to the specific industry requirements of humanitarian and development practitioners.

The M HADS has both entry and exit points for the Graduate Diploma in Humanitarian and Development Studies (Grad Dip HADS) and the Graduate Certificate in Humanitarian and Development Studies (Grad Cert HADS).

Early Exit

Students may exit this program on completion of 40 credit points with a 1868 Graduate Certificate in Humanitarian and Development Studies (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-humanitarian-development-studies/>)

Study Mode

One year full-time or two years part-time.

Program Advice

Dr Garry Stevens (g.stevens@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

|---|------------|----------|---|
| Parramatta City Campus-Macquarie Street | Full Time | Internal | Dr Melissa Phillips (Melissa.Phillips@westernsydney.edu.au) |
| Parramatta City Campus-Macquarie Street | Part Time | Internal | Dr Melissa Phillips (Melissa.Phillips@westernsydney.edu.au) |

Admission

NOTE: Program 1867 Graduate Diploma in Humanitarian and Development Studies is no longer available. From Spring session 2022, if you're interested in completing the replacement program, please apply for 1896 Graduate Diploma in Humanitarian and Development Studies (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-humanitarian-development-studies-1896/>).

The Master of Humanitarian and Development Studies, Graduate Diploma in Humanitarian and Development Studies and the Graduate Certificate in Humanitarian and Development Studies are specialist vocational degrees.

Entry requirements are

- A Bachelor's Degree in Arts or Social Sciences, or
- Any tertiary degree combined with a minimum of 6 months professional experience in a development or humanitarian assistance context.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

International students currently completing an Australian Year 12 in or outside Australia, an International Baccalaureate in Australia or a New Zealand National Certificate of Educational Achievement (NCEA) level 3 must apply via UAC International.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 80 credit points including the subjects listed in the recommended sequence below.

Recommended Sequence

Full-time start-year Intake

| Course | Title | Credit Points |
|-----------------------|--|----------------------------|

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

Admission

This is an exit point only from 1720 Master of Inclusive Education. (<https://hbook.westernsydney.edu.au/programs/master-inclusive-education/>)

Program Structure

Qualification for this award requires the successful completion of 80 credit points (eight subjects) including the subjects listed below.

| Subject | Title | Credit Points |
|--------------------------------|---|---------------|
| Select eight of the following: | | |
| TEAC 7002 | Addressing Diversity in Mathematics Teaching and Learning | 80 |
| TEAC 7010 | Assessing to Support Learning | |
| TEAC 7011 | Assessment and Intervention for Mathematics and Numeracy Learning | |
| TEAC 7029 | Disability in Context | |
| TEAC 7041 | Effective Working Relationships | |
| TEAC 7051 | Inclusive Environments | |
| TEAC 7068 | Learning and Teaching in Challenging Contexts | |
| TEAC 7072 | Managing Challenging and Diverse Behaviour | |
| TEAC 7084 | Person-Centred Practice | |
| TEAC 7100 | Principles and Practices of Evaluation | |
| TEAC 7144 | Technology Assisting Learning | |
| TEAC 7150 | Universal Design for Learning | |

Total Credit Points 80

Graduate Diploma in Information and Communications Technology (3700)

Approved Abbreviation: GradDipICT

Western Sydney University Program Code: 3700

AQF Level: 8

CRICOS Code: 085559B

Program Status: CURRENT

This program applies to students who commenced in 2017 or later.

Graduate Diploma in Information and Communications Technology (Grad Dip in ICT) is designed for students from both computing and non-computing backgrounds, to enable them to create pathways into higher studies in Information and Communications Technology and/or commencing a career in ICT. This program is aimed at allowing students to gain knowledge in state of the art developments in the ICT

field, apply that knowledge in a professional and ethical framework and develop themselves as lifelong learners.

Study Mode

One and a half years full-time or one year full time depending upon entry qualifications (see Pathways listed under Program Structure) or the equivalent part-time.

Program Advice

Program Advice (CDMS@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

|-----------------------------------|------------|----------|-----------|
| Parramatta Campus - Victoria Road | Full Time | Internal | See above |
| Parramatta Campus - Victoria Road | Part Time | Internal | See above |

Admission

Minimum admission requirements to this program are:

- A Bachelor qualification in any discipline

Or

- A Diploma in ICT/Computing/IS fields and five years full-time equivalent work experience in Information and Communications Technologies which includes experience in applying skills in: programming; networking; database design and development; systems analysis and design; and project management.

This program has three Pathways (A, B and C) that vary in length and structure based on previous study and work experience.

Pathway A - One and a half years

Students who have non-Computing, non-ICT or non-Information Systems with Bachelor qualifications are eligible to complete the one and a half year Pathway below.

Pathway B - One year

Students who have non-Computing, non-ICT or non-Information Systems with Honours or Masters qualifications are eligible to complete the one year Pathway below.

Pathway C - One year

Students who have Computing, ICT or Information Systems with Bachelor or Bachelor Honours or Masters qualifications are eligible to complete the one year Pathway below.

Additional Information

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>

<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

The program length and structure varies based on the student's previous study background and level, and work experience.

Pathway A Core subjects

| Subject | Title | Credit Points |

Graduate Diploma in Interpreting (1775)

Approved Abbreviation: GradDiplInterp

Western Sydney University Program Code: 1775

AQF Level: 8

CRICOS Code: 058260A

This program applies to students who commenced in 2020 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2018 to 2019 - Please refer to 1775.2 Graduate Diploma in Interpreting (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1775.2>)

For Commencement Year 2015 to 2017 - please refer to 1775.1 Graduate Diploma in Interpreting (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1775.1>)

The Graduate Diploma in Interpreting provides suitably qualified graduates with training in interpreting leading to eligibility to sit for certification by the National Accreditation Authority for Translators and Interpreters (NAATI) at the Certified Interpreter level. Graduates of the Graduate Diploma in Interpreting can articulate into the Master of Arts Translation and Interpreting Studies. Credit is given for common subjects. The Graduate Certificate in Interpreting and Translation is available as an early exit point from this program. The Graduate Diploma in Interpreting Studies is also available as an exit award for students who do not complete LANG 7030 Preparation for NAATI Certification (PG), provided they complete any alternative Postgraduate 10 credit point subject instead. Subject to demand, the

following languages are available: Arabic, Japanese, Mandarin, Korean, Vietnamese and Spanish.

- Director of Academic Program - Associate Professor Robert Mailhammer

Early Exit

Students may exit this program on completion of 40 credit points with a 1602 Graduate Certificate in Interpreting and Translation (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-interpreting-translation/>)

Study Mode

One year full-time or one and a half years part-time.

Program Advice

Dr Kenny Wang (<https://directory.westernsydney.edu.au/search/email/enquiriesHCA@westernsydney.edu.au>)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Campus | Attendance | Mode | Advice |
|--|------------|----------|-----------|
| Parramatta City Campus- Macquarie Street | Full Time | Internal | See above |
| Parramatta City Campus- Macquarie Street | Part Time | Internal | See above |

Accreditation

This program is an Endorsed Qualification for the National Accreditation Authority for Translators and Interpreters (NAATI) at the Certified Interpreter level (formerly Level 3). Students who wish to sit for NAATI Certification must pass the subject LANG 7030 Preparation for NAATI Certification (PG). Students who are unable to pass this subject will be able to graduate with the Graduate Diploma in Interpreting Studies as an alternative exit, provided they pass an alternative subject of 10 credit points.

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

Applicants must have successfully completed an undergraduate degree or postgraduate qualification in any discipline and

Have native or near-native proficiency in one of the following languages: Arabic, Japanese, Mandarin, Korean, Vietnamese and Spanish.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 80 credit points including the subjects listed in the recommended sequence below.

Recommended Sequence

| Course | Title | Credit Points |
|----------------------------|--|---------------|
| Autumn session | | |
| LANG 7020 | Introduction to Interpreting PG | 10 |
| LANG 7021 | Introduction to Translation PG | 10 |
| LANG 7026 | Legal Interpreting | 10 |
| LANG 7006 | Business Interpreting | 10 |

Graduate Diploma in Mental Health Nursing (4720)

Approved Abbreviation: GradDipMentHlthNurs
Western Sydney University Program Code: 4720
AQF Level: 8

Program Status:

This program applies to students who commenced in 2015 or later.

The program aims to produce a graduate who can practise mental health nursing skilfully and within ethical and legal boundaries, and who can think abstractly and critically. The program encourages critical examination of issues such as mental health nursing knowledge, the evidence-based perspective of practice, the measurement of outcomes and the consumer movement. Issues include learning how to use the self therapeutically, relationships with clients, understanding the experience of people who have mental illnesses, disorders and crises. Students who successfully complete this program may transfer into the Master of Mental Health Nursing.

Early Exit

Students may exit this program on completion of 40 credit points with a 4721 Graduate Certificate in Mental Health Nursing (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-mental-health-nursing/>)

Study Mode

One year full-time or two years part-time.

Program Advice

Dr Greg Clark (g.clark@westernsydney.edu.au)

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

Inherent Requirements (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_postgraduate_nursing_courses/)

Admission

All applicants must meet the following criteria to be eligible for entry:

Registered Nurse or Midwife (currently registered to practice with the Australian Health Practitioner Regulation Agency - Nursing and Midwifery)
 And

Completion of an undergraduate degree (AQF Level 7 or equivalent), in any discipline

Or

Completion of a Graduate Certificate in Mental Health Nursing (AQF Level 8 or equivalent)

And

One year full-time equivalent work experience as a registered nurse or registered midwife within the last five years.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 80 credit points including the subjects listed below.

| Subject | Title | Credit Points |
|----------------------------|---|---------------|
| NURS 7006 | Biological Considerations in Mental Health and Mental Illness for Advanced Practice | 10 |
| NURS 7013 | Clinical Supervision in Health Care | 10 |
| NURS 7018 | Contemporary Professional Practice in Mental Health Nursing | 10 |
| NURS 7023 | Evidence Based Health Care | 10 |
| NURS 7029 | Mental Health Assessment and Application | 10 |
| NURS 7030 | Mental Health Nursing Practice 1 | 10 |
| NURS 7031 | Mental Health Nursing Practice 2 | 10 |
| Select one elective | | 10 |
| Total Credit Points | | 80 |

Graduate Diploma in Nursing (4723)

Approved Abbreviation: GradDipNurs
Western Sydney University Program Code: 4723
AQF Level: 8

This program applies to students who commenced in Spring 2021 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2017, please refer to: 4723.2 Graduate Diploma in Nursing (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4723.2>)

The aim of the Graduate Diploma in Nursing is to provide Registered Nurses with the theoretical knowledge and critical thinking skills to prepare them for advanced practice in the clinical setting. Specialisations available include clinical leadership, clinical teaching, aged care, primary health care or research studies. Graduates will be able to synthesise and apply advanced nursing concepts in order to lead nursing practice and optimise health outcomes. Students who successfully complete this program may transfer into the Master of Nursing.

Early Exit

Students may exit this program on completion of 40 credit points with a 4724 Graduate Certificate in Nursing (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-nursing/>)

Study Mode

One year full-time or two years part-time.

Graduate Diploma in Occupational Health and Safety (4779)

Approved Abbreviation: GDipOccupHlth&Safety
Western Sydney University Program Code: 4779
AQF Level: 8

This program applies to students who commenced in 2020 or later.

The Graduate Diploma in Occupational Health and Safety provides students with an opportunity to develop advanced skills in leadership for quality and safety in healthcare provision. It also explores the socioeconomic, behavioural, biological and societal determinants of health and disease, providing a sound knowledge in epidemiology and the use of healthcare data for decision-making. It provides an entry point to the Master of Health Science (Occupational Health and Safety) for those who wish to continue on their professional development journey with further studies.

Study Mode

One year full-time or Two years part-time.

Graduate Diploma in Psychology (1796)

Approved Abbreviation: GradDipPsy

Western Sydney University Program Code: 1796

AQF Level: 8

CRICOS Code: 028481C

This program applies to students who commenced in 2022 or later.

For Commencement date Year 2018 to 2021 - please refer to 1796.3 Graduate Diploma in Psychology (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1796.3>)

For Commencement Year 2017 - please refer to 1796.2 Graduate Diploma in Psychology (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1796.2>)

For Commencement Year 2015 and 2016 - please refer to 1796.1 Graduate Diploma in Psychology (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1796.1>)

The Graduate Diploma in Psychology is an accredited fourth year program for students who have completed an accredited three-year sequence of Psychology at an institution other than Western Sydney University in the past 10 years. This program is equivalent to the WSU Honours year in Psychology.

This program is designed for those seeking to; pursue training pathways that lead to registration as a psychologist; and progression into Higher Degree Research.

This one-year, 80 credit point, fee-paying program includes a 30 credit point research thesis and 50 credit points of coursework.

Study Mode

One year full-time or two years part-time.

Program Advice

Program advice (<https://directory.westernsydney.edu.au/search/email/Psychology-Year4-ACA@westernsydney.edu.au>)

Accreditation

This program is accredited by the Australian Psychology Accreditation Council (APAC) as an accredited fourth year of study in psychology. Graduates of this award will be eligible for Provisional registration as a Psychologist with the Psychology Board of Australia (PsyBA) and for associate membership of the Australian Psychological Society (APS).

Admission

Entry into the School's Graduate Diploma in Psychology is limited to students who have completed an approved accredited three-year undergraduate sequence in psychology in the last 10 years at an institution other than Western Sydney University. In addition, students must have obtained an average mark of 70+ in psychology subjects equivalent to Level 2 and 3.

Entry into the Graduate Diploma in Psychology is restricted by supervisory capacity. Limited places are available in this program and meeting the admission criteria does not guarantee entry. Applicants with irregular studies will be required to provide relevant documentation to evidence completion of an accredited three-year psychology sequence.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC) at the following link:

<http://www.uac.edu.au> (<http://www.uac.edu.au/>)

Please see the UAC website for further information. Late or incomplete applications will not be considered.

Additional requirements for Domestic applicants with international qualifications:

- International qualifications must be assessed by the Australian Psychological Society (APS) and deemed equivalent to an Australian 3 year accredited sequence in psychology;

- Applicants who have undertaken studies in other countries may have to provide proof of proficiency in English. Details of the minimum English proficiency requirements and acceptable proof can be found on the Universities Admissions Centre website. See also the additional English proficiency requirements for this program, as listed at the end of these admission requirements.

International Applicants

International applicants must apply directly to Western Sydney University via the International Office.

Places will be offered to qualified applicants based on academic merit according to the following admission criteria.

- International qualifications must be assessed by the Australian Psychological Society (APS) and deemed equivalent to an Australian 3 year accredited sequence in psychology;
- International qualifications will be assessed by the International Office at Western Sydney University;
- Details of minimum English proficiency requirements and acceptable proof can be found on the international office website.

International Office (<https://www.westernsydney.edu.au/international/>)

Program Structure

Qualification for this award requires the successful completion of 80 credit points including

- a 20 credit point research methods subject,
- a 30 credit point thesis, and
- three 10 credit point subjects.

Graduate Diploma in Public Health (4704)

Approved Abbreviation: GradDipPubHlth

Western Sydney University Program Code: 4704

AQF Level: 8

CRICOS Code: 051237A

This program applies to students who commenced in Spring 2020 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2016 to 2020 Spring - please refer to 4704.2 Graduate Diploma in Public Health (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4704.2>)

For Commencement Year 2015 - please refer to 4704.1 Graduate Diploma in Public Health (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4704.1>)

The Graduate Diploma program in public health is designed for health professionals who wish to extend and consolidate both practical and research skills for public health practice. For this, students will study a wide range of evaluation processes and research methods relating to public health and policy analysis, economic evaluation, epidemiology and biostatistics. This program provides an entry point to the Master of Public Health for those who wish to continue on their professional development journey with further studies.

Study Mode

One year full-time or two years part-time.

Graduate Diploma in Start Up Scale Up (2820)

Approved Abbreviation: GradDipStrtUpScUp
Western Sydney University Program Code: 2820
AQF Level: 8

CRICOS Code: 0100186

This program applies to students who commenced in Quarter 1 2019 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

The Graduate Diploma in Start Up Scale Up provides a unique opportunity for innovative students and small-to-medium sized enterprises to be exposed to the University's business and technology incubator environment while learning fundamental business skills integral to starting a business or scaling a business up to meet new regional or global demands. Students cover material on New Markets, Digital Technology, Creativity and Management Capabilities while developing material relevant to the creation of their new business or business innovation. The Graduate Diploma involves four core subjects, a capstone subject and two electives that can be adjusted for the specific requirements of the business or business innovation the student envisions.

Early Exit

Students may exit this program on completion of 40 credit points with a 2821 Graduate Certificate in Start Up Scale Up (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-start-up-scale-up/>)

Study Mode

One year full-time or two years part-time.

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

The inherent requirements articulated for this program are based on the existing inherent requirements for the Accounting programs.

Inherent Requirements (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_accounting_courses/)

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is an optional work component available in this program. Please contact the Program Advisor listed above for information.

International students should be aware that if an elective is a requirement of the program but the work itself was not registered with CRICOS, students can still complete these electives but it would be counted towards the work limitation. For more details, refer to the 'Work Integrated Learning (WIL) for international students' website.

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

Applicants must have successfully completed an undergraduate degree, or higher, in any discipline; Or

Successfully completed an Associate Degree, Advanced Diploma, or higher, in a business discipline; Or

Have a minimum of three years full-time equivalent managerial/professional work experience in any field; Or

Other evidence of general and professional qualifications and demonstrated potential to pursue graduate studies.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Graduate Diploma in Translation (1776)

Approved Abbreviation: GradDipTrans

Western Sydney University Program Code: 1776

AQF Level: 8

CRICOS Code: 058261M

This program applies to students who commenced in 2020 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2018 to 2019 - please refer to 1776.2 Graduate Diploma in Translation (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1776.2>)

For Commencement Year 2015 to 2017 - please refer to: 1776.1 Graduate Diploma in Translation (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1776.1>)

The Graduate Diploma in Translation provides suitably qualified graduates with training in translation leading to eligibility to sit for certification by the National Accreditation Authority for Translators and Interpreters (NAATI) at the Certified Translator level. Graduates of the Graduate Diploma in Translation can articulate into the Master of Arts Translation and Interpreting Studies. Credit is given for common subjects. The Graduate Certificate in Interpreting and Translation is available as an early exit point from this program. The Graduate Diploma in Translation Studies is also available as an exit award for students who do not complete LANG 7030 Preparation for NAATI Certification (PG), provided they complete any alternative Postgraduate 10 credit point subject instead. Subject to demand, the following languages are available: Arabic, Japanese, Mandarin, Korean, Vietnamese and Spanish.

- Director of Academic Program - Associate Professor Robert Mailhammer

Early Exit

Students may exit this program on completion of 40 credit points with a 1602 Graduate Certificate in Interpreting and Translation (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-interpreting-translation/>)

Study Mode

One year full-time or two years part-time.

Program Advice

Dr Kenny Wang (<https://directory.westernsydney.edu.au/search/email/enquiriesHCA@westernsydney.edu.au>)

Prospective students should visit the following websites for general enquiries about this program.

| Parramatta City Campus- Macquarie Street | Part Time | Internal | See above |

Accreditation

This program is an Endorsed Qualification for the National Accreditation Authority for Translators and Interpreters (NAATI) at the Certified Translator level (formerly Level 3). Students who wish to sit for NAATI Certification must pass the subject LANG 7030 Preparation for NAATI Certification (PG). Students who are unable to pass this subject will be able to graduate with the Graduate Diploma in Translation Studies as an alternative exit, provided they pass an alternative subject of 10 credit points.

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

Applicants must have successfully completed an undergraduate degree or postgraduate qualification in any discipline

and

Applicants must have an IELTS score of 6.5 or equivalent, with a minimum 6.0 in each subtest, and have native or near-native proficiency in one of the following languages: Arabic, Japanese, Mandarin, Korean, Vietnamese and Spanish.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 80 credit points including the subjects listed in the recommended sequence below.

Recommended Sequence

| Course | Title | Credit Points |

Industrial Experience

Students may use general office space and office equipment during the five days' work experience placement with an external organisation to gain experience and observation on activities involving translation and/or interpreting. There is no formal contract applicable. It is a mutually beneficial arrangement between the School and the external organisation. During the period of placement, the University has appropriate liability protections that protect the student and the University in the event that the student, during the program of the activity, becomes legally liable for injury, to any person, or damage to property caused by their negligent act, related to the activity (other than property damage arising from the use of a motor vehicle). As an enrolled student of the University, the Student Personal Accident Insurance covers the student for personal injury.

Graduate Diploma in Vascular Sonography (4765)

Approved Abbreviation: GradDipVascSon

Western Sydney University Program Code: 4765

AQF Level: 8

This program applies to students who commenced in Spring 2019 or later.

The Graduate Diploma in Vascular Sonography provides graduate entry training in vascular ultrasound imaging. It consists of four theoretical and four practical subjects, with one theoretical and one practical subject per semester for a total of 8 subjects (4 semesters, 2 years). A blended learning model is used to combine a variety of learning and assessment methods. Learning material is presented via an electronic platform, with students also required to attend a face to face, on-campus training seminar each semester. The training seminars start with four days each semester for the first year, reducing to three in semester 3, and then two days in the final semester. These on-campus seminars expose the students to emerging technologies and training along with fundamental knowledge. For the duration of the program the students will complete mandatory clinical training of a minimum of three days per week for the entire program. While there are 384 hours mandated within each semester (total over program 1536), students will be required to continue working outside of the university semesters to meet external accreditation requirements. Upon completion, graduates will have developed the knowledge, skill and professional abilities to practice as vascular sonographers.

- Director of Academic Program - Dr Kate McBride

Study Mode

Two years part-time

Program Advice

Donna Oomens (<https://directory.westernsydney.edu.au/search/email/medicine@westernsydney.edu.au>)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Campus | Attendance | Mode | Advice |
|---------------------|------------|----------|-----------|
| Campbelltown Campus | Part Time | Internal | See above |

Accreditation

This program is accredited with the Australian Sonographers Accreditation Registry. Students will be eligible to be registered as a student sonographer, and upon graduating will be eligible to be an accredited vascular sonographer. Graduates may also be eligible for professional membership with the Australian Sonographers Association.

Admission

Applicants must have successfully completed an undergraduate degree in natural and physical sciences, or health. Applicants with an undergraduate degree in another field will be considered for admission if they can demonstrate greater than 12 months experience in medical imaging.

Applicants must secure a minimum of 3 days of work (training) in vascular sonography each week for the duration of the program. Written verification of work (training must be provided to the university by commencement of the program).

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Special Requirements Prerequisites

Students who complete their clinical training in:

1. a NSW public hospital must meet the necessary legislative requirements as part of their employment conditions.

2. a private hospital must meet any special requirements of the hospital which may differ from public institutions,
3. an organisation outside of NSW will need to comply with the requirements of the relevant state based body.

Program Structure

Qualification for this award requires the successful completion of 80 credit points which include the subjects listed below.

Graduate Diploma of Psychological Studies (1630)

Approved Abbreviation: GradDipPsySt
Western Sydney University Program Code: 1630
AQF Level: 8

CRICOS Code: 056926B

This program applies to students who commenced 2010 or later.

Commencement Year 2006 to 2009 - 1630.1 Graduate Diploma of Psychological Studies (<http://handbook.uws.edu.au/hbook/course.aspx?course=1630.1>)

Psychology is the field of inquiry that uses scientific techniques and methods to understand and explain behaviour and experience. As a profession, it involves the application of psychological knowledge to practical problems in human behaviour. Subjects in the program are drawn from the following topic areas of psychology: history of psychology, biological psychology, learning, social psychology, lifespan development, sensation and perception, individual differences, personality and cognitive processes.

The Graduate Diploma of Psychological Studies is accredited by the Australian Psychology Accreditation Council (APAC) as a three-year sequence in Psychology. The Graduate Diploma of Psychological

Studies prepares graduates for an accredited fourth year in Psychology; it does not comprise such a fourth year.

Study Mode

One and a half years full-time or three years part-time.

<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Advanced standing

All applicants will have the equivalent of a three year Bachelors' degree in the AQF framework and for specified credit for any psychology subjects. Advanced standing will only be given for psychology subjects from APAC accredited awards under the university's specified credit rules. The maximum specified credit for the award will be 60 credit points. At least 50 percent (60 credit points) of the required credit points for the award must be achieved through formal study at Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 120 credit points which include the subjects listed in the recommended sequence below.

Recommended Sequence

Subjects run concurrently on both Bankstown and Penrith Campus.

BEHV 3017 - Personality, replaced by BEHV 2018 (<https://hbook.westernsydney.edu.au/subject-details/behv2018/>) Personality

Master of Advanced Imaging (MRI) (4767)

Approved Abbreviation: MAdvImaging (MRI)

Western Sydney University Program Code: 4767

AQF Level: 9

Program Status:

This program applies to students who commenced in 2020 or later.

The Master of Advanced Imaging (MRI) is available for students who would like to further their knowledge and skills in clinical Magnetic Resonance Imaging (MRI). This course is offered part-time and is structured to cater for eligible Graduate Medical Practitioners, Medical Radiation Practitioners (MRP) and Allied Health and other Health Professionals including Dentists and Veterinary practitioners. The Master course provides in depth learning in MRI including basic physics as well as advanced clinical imaging techniques. Students

will learn the skills to conduct an independent research project in MRI to address theoretical and/or practical issues and problems in relation to Advanced Imaging / MRI. There will be face-to-face or video-conferencing intensive workshops and interactions with specialists from different medical disciplines.

The course provides two weeks of clinical training in a WSU- endorsed MRI clinical site for each of the clinical units offered (ie: a total of ten weeks).

Those who choose to exit at the Graduate Certificate level will not be considered MR Practitioners. However, their knowledge would serve clinical and administrative management.

Those who choose to exit Graduate Diploma level will be considered Trainee MR Practitioners who are required to work under supervision for most examinations excluding Basic MR screening and standard procedures.

It is also to be noted that relevant professional accreditation bodies, might require additional 12 to 16 weeks clinical training post-graduation.

Early Exits

Students may exit this program on completion of 40 credit points with a 4769 Graduate Certificate in Advanced Imaging (MRI) (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-advanced-imaging-mri/>) or on completion of 80 credit points with a 4768 Graduate Diploma in Advanced Imaging (MRI) (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-advanced-imaging-mri/>)

Study Mode

3 years part-time

Program Advice

James Nol (<https://directory.westernsydney.edu.au/search/name/James%20Nol/>)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

| Online | Part Time | Online | See above |

Inherent Requirements

Inherent requirements for this program will be similar to the inherent requirements applicable to the Doctor of Medicine program 4758.

Inherent Requirements (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_medicine_courses/)

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Clinical practice is essential to complement program objectives. It is expected that students will use workplace hours to meet the clinical practice requirements. However, if students do not currently work in the field, or are unable to organise their own clinical placement at an authorised accredited site, an optional work-based practical training unit located at Blacktown-Mount Druitt Hospital or other approved location has been developed.

Supervision requirements are by placement agreement, covering contact and learning requirements, including assessment. The Teaching team will check in with students during the course of their practicum.

Admission

Applicants must be a Registered medical practitioner, registered dentist, (with AHPRA) or Vet registered with the Veterinary Practitioners Registration Board of NSW or equivalent;

or Registered Medical Radiation Practitioner (with AHPRA):

or must have completed an Undergraduate degree in medical science, engineering, or other health practitioner degrees.

This program requires students to have a strong academic background in maths and physics. Applicants may be requested to demonstrate their competency if this is not evident within their undergraduate studies.

Candidates may exit the program at the Graduate certificate level (40 Credit Points)

Candidates may exit the program at the Graduate Diploma level (80 Credit Points).

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

Master of Applied Finance (2759)

Approved Abbreviation: MAppFin

Western Sydney University Program Code: 2759

AQF Level: 9

CRICOS Code: 079262C

This program applies to students who commenced in Quarter 3, 2016 or later.

The Master of Applied Finance prepares students for executive careers in finance, banking and property investment sectors. It provides students with the opportunity to acquire technical knowledge necessary to function in an evolving and increasingly sophisticated financial environment with an emphasis on the practical application of these techniques. The degree exposes students to modern theoretical

approaches. All of the subjects have been developed by individuals who are actively involved in the financial and investment sectors. Applicants will find having a background in Business or Commerce advantageous. The program length and structure varies based on previous qualifications and work experience. On enrolment to this program, based on previous study and work experience, students can follow either a 160 or a 120 or an 80 credit point entry pathway allowing them to graduate on completion of the relevant credit points with a Master of Applied Finance. Students may also exit the program on completion of 40 credit points with a Graduate Certificate in Applied Finance or on completion of 80 credit points with a Graduate Diploma in Applied Finance.

Early Exit(s)

Students may exit this program on completion of 40 credit points with a 2760 Graduate Certificate in Applied Finance (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-applied-finance/>) or on completion of 80 credit points with a 2796 Graduate Diploma in Applied Finance. (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-applied-finance-exit-only/>)

Study Mode

Two years full-time, one and a half years full-time or one year full-time depending upon entry qualifications (see Pathways listed under Program Structure) or the equivalent part-time.

Program Advice

Dr Walid Bakry (<https://directory.westernsydney.edu.au/search/email/sgsmclientservices@westernsydney.edu.au>)

Accreditation

The Master of Applied Finance fulfils the educational requirements for admission as a Senior Associate (SA Fin) of Finsia - the Financial Services Institute of Australasia (Finsia). Senior Associate membership with Finsia also requires at least five years career experience in the financial services industry. The Master of Applied Finance also satisfies the education requirements for professional membership of the Finance and Treasury Association (FTA) - Certified Finance and Treasury Professional (CFTP) and the Financial Risk Manager. The Master of Applied Finance 160 credit points program has been accepted into the Chartered Financial Analyst (CFA) Institute University Affiliation Program. This status is granted to institutions whose degree program(s) incorporate at least 70% of the CFA Program Candidate Body of Knowledge (CBOK), which provide students with a solid grounding in the CBOK and positions them well to obtain the Chartered

Financial Analyst® designation, which has become the most respected and recognised investment credential in the world. Entry into the CFA Institute University Recognition Program signals to potential students, employers, and the marketplace that the Master of Applied Finance curriculum is closely tied to professional practice and is well-suited to preparing students to sit for the CFA examinations.

Association to Advance Collegiate Schools of Business (AACSB)

This program is accredited by the Association to Advance Collegiate Schools of Business (AACSB).

Admission

Entry Pathway 1: Master of Applied Finance (80 credit points)

Applicants must have successfully completed a graduate certificate, or higher, in a business discipline;

Or

Successfully completed an undergraduate degree in a Business discipline (specifically financial advising, stockbroking, applied finance, accounting or related discipline) with a GPA of 5.0 or WAM (Weighted Average Mark) of 65+ (if provided on the academic record);

Or

Successfully completed an undergraduate degree, or higher, in any business disciplines and a minimum of two years full-time equivalent managerial/professional work experience in roles facilitating financial administration, budget management, financial advising, stockbroking, applied finance, or associated roles.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Entry Pathway 2: Master of Applied Finance (120 credit points)

Applicants must have successfully completed an undergraduate degree, or higher, in a business discipline;

Or

Successfully completed an undergraduate degree, or higher, in any discipline and a minimum of two years full-time equivalent general work experience.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Entry Pathway 3: Master of Applied Finance (160 credit points)

Applicants must have successfully completed an undergraduate degree, or higher, in any discipline.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

The program length and structure varies based on the student's previous study background and work experience.

Master of Applied Finance - 1 year pathway

Qualification for this award requires the successful completion of 80 credit points as per the recommended sequence below.

Exit Awards

2796 Graduate Diploma in Applied Finance (exit only) (p. 525)

80 credit points, comprising four general foundation subjects and four specialist knowledge subjects as specified in the program structure.

2760 Graduate Certificate in Applied Finance (p. 482)

40 credit points as specified in the program structure.

Replaced Subject

The subject listed below counts towards completion of this program for students who passed this subject in 2021 or earlier.

MKTG 7003 - Applied Project (Finance and Property), replaced by FINC 7022 Applied Project (Finance and Property)

Master of Architecture (Urban Transformation) (3761)

Approved Abbreviation: MArch

Western Sydney University Program Code: 3761

AQF Level: 9

CRICOS Code: 099363K

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2021- please refer to:3761.2 Master of Architecture (Urban Transformation) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3761.2>)

For Commencement Year 2020 - please refer to:3761.1 Master of Architecture (Urban Transformation) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3761.1>)

This program will prepare graduates for professional activities in the field of architecture. Particular emphasis is placed upon developing mastery of architectural design through studio-based teaching in the context of urban transformation and urban reconstruction opportunities of greater metropolitan Sydney and comparable global conditions. Students are required to complete an urban transformation project which is relating to the Greater Western Sydney region to demonstrate their ability to think independently, critically and to resolve complex design issues. Additional studies in urban and contemporary architectural theory, building and design technology, electives, and professional practice constitute the overall degree.

Students enrolled in the Master of Architecture (Urban Transformation) should anticipate expenses of approximately \$200 per semester for model-making materials and large format plotting costs. All students must have their own laptop when commencing the course (minimum 8GB RAM, 512GB Hard Drive, multi-core processor, and high performance graphics card).

Completion of the Master of Architecture (Urban Transformation) will prepare students seeking to undertake doctoral level study with the necessary qualification to seek admission as a higher degree by research candidate.

Parts of this course may be taught at the Parramatta City - Hassall St campus or at the Parramatta South campus.

Study Mode

Two years full-time or four years part-time.

Program Advice

Dr Mohammad Reza Razavi (<https://directory.westernsydney.edu.au/search/profile/21908/>)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Campus | Attendance | Mode | Advice |

Accreditation

The Master of Architecture (Urban Transformation) at Western Sydney University is a professionally accredited course recognized and listed as such by the Architects Accreditation Council of Australia (AACA).

<http://www.aaca.org.au/wp-content/uploads/Accredited-Architecture-qualifications.pdf>

Graduates from the Master of Architecture (Urban Transformation) who have completed two years of practical architectural experience, of which at least one year is postgraduate architectural experience, will be eligible to undertake the Architectural Practice Examination, successful completion of which will result in eligibility for registration as an architect in Australia.

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the 'Work Integrated Learning (WIL) for international students' website for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

There are three key approaches undertaken for Work Integrated Learning experiences including:

1. Design Studios for Work-based training: Design problems in an Architectural Design Studio whereby the project is a real life problem in industry. Students may work individually or in teams to integrate multiple aspects of (project/problem-based) learning with the practice of work in addressing the industry's needs. Students will be located in the WSU Design Studio for weekly sessions. Full time academic staff member who will be the Studio Leader will supervise sessional tutors who are practising architects.
2. Professional Practice/Industry Placements: During the final year of the Masters degree, students will undertake a research and design thesis that will be supervised by academic staff. Additionally, students will be paired with an industry mentor to help provide guidance and relevance to industry needs, opportunities, and futures.
3. Guest lectures, site visits, and office visits will provide additional exposure to current industry practice and developments in the field.

Admission

Applicants must

have successfully completed an undergraduate degree, or, higher, in architecture with a minimum GPA of 5 or equivalent.

submit a portfolio that meets the following criteria **

** WSU Architecture program graduates do not need to include a portfolio.

- Electronic submission (see below for uploading the portfolio)
- Cover sheet with your name and contact details (email address and phone number)
- Colour or black and white – A4 (portrait or landscape)
- No embedded hyperlinks. Static files only. No security or password protection on the file

- Maximum 5MB file size (high quality of approximately 10 pages A4 PDF showing the candidate's own past creative work and/or any relevant work experience).

- Save the PDF file using the following name format: M_Arch_SURNAME_FIRSTNAME_portfolio.pdf

For example, M_Arch_SMITH_JOHN_portfolio.pdf

You must upload your portfolio to your UAC application or via direct application through the Western Sydney portal. Refer to the Western Closing Dates page for application deadlines:

https://www.westernsydney.edu.au/currentstudents/current_students/dates/closing_dates (https://www.westernsydney.edu.au/currentstudents/current_students/dates/closing_dates/)

Do **not** email portfolios.

Where any work is authored by more than just the applicant, this needs to be clearly identified and credited (such as collaborative projects).

Additional information

International applicants must also provide a full transcript of their undergraduate studies.

** WSU Architecture program graduates do not need to include a portfolio.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Special Requirements Prerequisites

A construction safety site induction card (e.g. "white card") is required to enable students to participate in site visits and field study.

Qualification for this award requires the successful completion of 160 credit points as per the recommended sequence below.

Parts of these units may be taught at the Parramatta City - Hassall St campus or at the Parramatta South campus.

ARCH 7013 - Green Urbanscapes: Bio-Physical Functions and Services

INFS 7005 - Smart Construction

Master of Art Therapy (4595)

Approved Abbreviation: MArtTher

Western Sydney University Program Code: 4595

AQF Level: 9

CRICOS Code: 013543F

This program applies to students who commenced in Spring 2018 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year Autumn 2017 to Autumn 2018

- please refer to 4595.9 Master of Art Therapy (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4595.9>)

For Commencement Year 2016 to Autumn 2017 - please refer to 4595.8 Master of Art Therapy (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4595.8>)

Art therapy is an individual, family, group and/or community practice in which participants engage in visual art processes within a psychotherapeutic relationship with a highly trained art therapy practitioner. Art therapy is internationally recognised as a valuable therapeutic approach to a wide range of psychological, social and physical issues. The Master of Art Therapy is a clinical training program that equips graduates with theoretical knowledge and practical experience for work in a variety of contexts including government and community organisations, health care settings and private practice. The Graduate Diploma in Art Therapy and Graduate Certificate in Art Therapy are available as an exit point only.

Early Exits

Students may exit this program on completion of 40 credit points with a 1700 Graduate Certificate in Art Therapy (exit only) (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-art-therapy-exit-only/>) or on completion of 80 credit points with a 4596 Graduate Diploma in Art Therapy (exit only) (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-art-therapy-exit-only/>)

Program Advice

Accreditation

The Master of Art Therapy complies with the training guidelines of the Australian, New Zealand and Asian Creative Arts Therapies Association (ANZACATA) and has been approved by the ANZACATA Accreditation Sub Committee. Program graduates are eligible to apply for professional registration with ANZACATA. Depending on their field of employment, Master of Art Therapy graduates may be entitled to industrial award coverage as an Art Therapist under the 2007 NSW Health Professionals Award. The Master of Art Therapy is also accredited by the Australian Counselling Association (ACA) and graduates are eligible for professional membership.

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

Inherent Requirements (https://www.westernsydney.edu.au/ir/inherent_requirements/master_of_art_therapy/)

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This Program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

Applicants must meet all of the following requirements:

- Hold a qualification as detailed below
- Submit a portfolio of work and CV
- Attend a group Interview on campus

Details of Required Qualification

Have successfully completed an undergraduate degree, or higher, in visual arts, fine arts, art education, design, architecture or visual media (e.g. photography, film, video and/or television), or have majored in one of these areas

Or

Have successfully completed an undergraduate degree, or higher, in any discipline **plus** at least two subjects in visual arts, art education or design at university level, or a VET Diploma of Visual or Fine Arts

Or
p.parish@westernsydney.edu.au)

Have successfully completed an undergraduate degree, or higher, in any discipline **plus** be able to present written evidence to the satisfaction of the School of Social Sciences of a minimum of five years of professional experience and training in the visual arts

Or
p.parish@westernsydney.edu.au)

Have successfully completed the Master of Social Science (Studies in Art Therapy) at Western Sydney University

Applicants must lodge a complete application through UAC or the Western Sydney University Portal, with all relevant supporting documentation attached, by the advertised UAC closing date.

Applications and supporting documentation must be submitted by the final UAC closing date of 31 January.

Details of Supporting Documents to be uploaded directly to your application:

1. A 500 word statement of intent explaining the reason why you are seeking entry to the program and how your art practice relates to the therapeutic application of arts
2. A compressed digital portfolio of your own artwork (10 to 12 photographs of artwork)
And
3. A full CV/Resume using the provided template as a guide http://www.westernsydney.edu.au/MAT_CV_Template (http://www.westernsydney.edu.au/MAT_CV_Template/)

Your CV/Resume should include:

1. Details of a minimum of one year of full-time or regular part-time work experience (paid, voluntary or student) in a supportive capacity with people in community, welfare, health, the arts or education settings, including dates and a description of duties
2. Details of training and experience in the visual arts
3. The names and contact details of two referees

For applicants seeking recognition of five years or more of experience and training in the visual arts, two relevant written references should also be included in the CV/Resume.

Supporting documents should be uploaded to your application in PDF format as soon as possible after applying and at the latest by the final UAC closing date. Alternatively, they can be sent by email directly to admissions@westernsydney.edu.au.

Applications and supporting documentation must be submitted by the final UAC closing date of 31 January.

Details of Group Interview

Invitations to the interview process will be selective, based on meeting the above entry criteria plus a consideration of all the supporting documentation. Interviewees must pass the interview threshold score

to be considered for a place, as numbers admitted to the program may be limited.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Special Requirements Pre-requisites

NSW Health Compliance, National Police Check and Working with Children Check are required for subjects WELF 7001 Clinical Studies (Art Therapy) and WELF 7011 Further Clinical Studies (Art Therapy) and successful applicants need to complete these checks on or soon after enrolment in the program.

Special Requirements - NSW Health Legislative Pre-requisites

Student Compliance Information for all Health-Related Placements

To enrol in this program, students must meet Western Sydney University program requirements. To attend a health-related placement in this program, Special Legislative Requirements will be assessed from the first year of study.

Western Program Requirements

Visit the Special Requirements webpage for details about your program.

Special Requirements (https://www.westernsydney.edu.au/currentstudents/current_students/enrolment/special_requirements/)

Mandatory NSW Health student placement policy requirements

To be able to undertake placement in any NSW Health facility you must be assessed as compliant with NSW Health student placement policy in the first year of your program, regardless of when you expect to go on your first placement. Access and read the NSW Student Compliance Information Booklet

NSW Student Compliance Information Booklet (https://issuu.com/uwspublications/docs/wsu_student_compliance_booklet_2020_v6/)

Please ensure that you

1. Find your existing National Police Check or apply for one
2. Gather documentary evidence of your vaccination history
3. Print and complete all relevant NSW Health forms relevant to the campus you are enrolled at or online enrolment requirements
4. Follow booklet instructions on how to have your compliance documents assessed by NSW health staff.

International students have additional requirements: the link to the booklet will inform you of these requirements.

School Requirements

Contact your School for further details regarding your School's requirements, if any, such as

- If you live outside of NSW or Australia and need to meet your state, territory or country's compliance requirements
- If you need to meet different state, territory or country compliance requirements.
- NSW Working with Children Check (WWCC) or other state equivalent, valid for your entire program.
- Current approved first aid certificate valid for your entire program - approved program providers can be found at the Government Training website
- <http://training.gov.au>
- Other non-health related requirements

Student Compliance Resources are also available on the Placements Hub web page (NSW students only)

https://www.westernsydney.edu.au/learning_futures/home/placements_hub/placements_hub/student_compliance (https://www.westernsydney.edu.au/learning_futures/home/placements_hub/placements_hub/student_compliance/)

Program Structure

Students may exit with the 4596 Graduate Diploma in Art Therapy (exit only) after completing the first year of the Master of Art Therapy (80 credit points).

4596 - Graduate Diploma in Art Therapy (exit only) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4596.5>)

Students may exit with 1700 Graduate Certificate in Art Therapy (exit only) after completing the following two subjects - CART 7005 Art Therapy: Histories, Theories, Groups and CART 7004 Art Therapy: Approaches and Applications (40 credit points).

1700 - Graduate Certificate in Art Therapy (exit only) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1700.2>)

Recommended Sequence

Qualification for this award requires the successful completion of 160 credit points consisting of the subjects listed in the recommended sequence below.

Full-time

| Course | Title | Credit Points |
|----------------------------|--|---------------|
| Year 1 | | |
| Autumn session | | |
| CART 7005 | Art Therapy: Histories, Theories, Groups | 20 |
| WELF 7032 | Counselling Skills for the Allied Professions | 10 |

Equivalent Core Subjects

The core subject listed below counts towards completion of this program for students who passed this subject in 2020 or earlier.

WELF 7009 - Foundations of Psychotherapy and Counselling 1 (20 credit points), replaced by WELF 7032 Counselling Skills for the Allied Professions and WELF 7029 (<https://hbook.westernsydney.edu.au/subject-details/welf7029/>) Indigenous Australia: History, Knowledge and Professional Practice

Master of Artificial Intelligence (3765)

Approved Abbreviation: MArtifIntel

Western Sydney University Program Code: 3765

AQF Level: 9

CRICOS Code: 0101783

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

Commencement 2020 - 3765.1 Master of Artificial Intelligence (<https://handbook.westernsydney.edu.au/hbook/course.aspx?course=3765.1>)

The Master of Artificial Intelligence provides students with a broad range of Artificial Intelligence (AI) topics ranging from foundations to state-of-the-art technologies and applications. Students will learn how AI is driving digital disruption, how to work in this dynamic and fast evolving field, and how it is changing every facet of life and society. This course focuses on the most important and up to date AI topics and trends including but not limited to: intelligent agents, machine learning, knowledge representation and reasoning, natural language understanding and processing, AI ethics and governance as well as relevant specialisation areas in computing and data sciences.

Early Exits

Students may exit this program on completion of 40 credit points with a 3767 Graduate Certificate in Artificial Intelligence (exit only) (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-artificial-intelligence-exit-only/>) or on completion of 80 credit points

with a 3766 Graduate Diploma in Artificial Intelligence (exit only) (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-artificial-intelligence-exit-only/>)

Study Mode

Two years full-time or four years part-time.

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

Minimum admission requirements to this course are:

- Undergraduate degree in Information Technology, Information Systems or Computer Science or equivalent. Degrees in other disciplines containing at least 8 units in Information Technology or other relevant disciplines such as data science, engineering, communications technology, may also be eligible.
- Undergraduate degree in any discipline AND at least one year full time equivalent work experience in Information Technology, Information Systems or Computer Science or other relevant work experience OR
- Graduate Certificate in Information Technology Information Systems or Computer Science or equivalent OR

- Graduate Diploma in any discipline AND at least two years full time equivalent in Information Technology, Information Systems or Computer Science or other relevant work experience

Additional Information

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

Exit Awards

Students may exit with the 3766 - Graduate Diploma in Artificial Intelligence (80 credit points) or 3767 - Graduate Certificate in Artificial Intelligence (40 credit points) on completion of the relevant subjects as specified in the program structure. Please refer to the links below for details.

Graduate Diploma in Artificial Intelligence (p. 526)

Graduate Certificate in Artificial Intelligence (p. 483)

Replaced Subjects

The subjects listed below count towards completion of this program for students who passed these subjects in 2020 or earlier.

Core subjects

ENGR 7014 Master Project 1, no longer offered as part of this program
 ENGR 7015 Master Project 2, no longer offered as part of this program

Master of Arts in Literature and Creative Writing (1831)

Approved Abbreviation: MArtsLitCrWr

Western Sydney University Program Code: 1831

AQF Level: 9

CRICOS Code: 092783B

This program applies to students who commenced in 2019 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

Commencement Year 2017 and 2018 - 1831.2 Master of Arts in Literature and Creative Writing (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1831.2>)

The Writing and Society Research Centre offers a challenging, rigorous degree combining criticism and creativity leading to a Master of Arts

in Literature and Creative Writing. The Master of Arts (MA) takes advantage of the unique strengths of the Centre which includes internationally renowned literary scholars, novelists, poets and translators, an important literary publishing house (Giramondo), the preeminent literary review in Australia (the Sydney Review of Books), and access to the vibrant literary culture currently emerging from Western Sydney and gaining national attention. The MA links theory and practice, and students can either concentrate on critical or creative work, or work with both forms.

For students wishing to continue to a PhD, the MA articulates with a research pathway degree in the second year.

Director of Academic Program - Dr Di Dickenson

Early Exits

Students may exit this program on completion of 40 credit points with a 1833 Graduate Certificate in Literature and Creative Writing (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-literature-creative-writing-exit-only/>) or on completion of 80 credit points with a 1832 Graduate Diploma in Literature and Creative Writing (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-literature-creative-writing-exit-only/>)

Study Mode

One and a half years full-time or three years part-time.

Pool Subjects

Four of the five pool subjects will be offered each year on a rotating basis.

| Subject | Title | Credit Points |
|-----------|-------------------|---------------|
| LANG 7014 | Gender and Genre | 10 |
| LANG 7027 | Literary Theory | 10 |
| CART 7020 | Writing and Form | 10 |
| CART 7021 | Writing and Ideas | 10 |

| | | |
|-----------|--------------------------------|----|
| CART 7018 | Writing Practice and Tradition | 10 |
| CART 7019 | Writing Process | 10 |
| CART 7022 | Writing, Sounds, Images, Texts | 10 |

The timeline for part-time students over four years will involve all coursework subjects listed above to be completed prior to the commencement of the Masters Project. In normal circumstances the coursework subjects will be completed by the end of the second year of a part time degree, although this can be determined on a case-by-case basis.

Master of Arts in TESOL (1800)

Approved Abbreviation: MATESOL

Western Sydney University Program Code: 1800

AQF Level: 9

CRICOS Code: 092787J

This program applies to students who commenced in Spring 2017 or later.

The Master of Arts in TESOL is designed to meet professional development needs of those working or interested in a range of language teaching fields. It provides an advanced TESOL qualification for Australian and international English language practitioners who wish to work in the field of English language teaching and undertake research-based projects related to English language teaching and learning.

Director of Academic Program - Associate Professor Robert Mailhammer

Early Exits

Students may exit this program on completion of 60 credit points with a 1802 Graduate Certificate in TESOL (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-tesol/>) or on completion of 80 credit points with a 1801 Graduate Diploma in TESOL (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-tesol/>)

Study Mode

Two years full-time or four years part-time.

Program Advice

Dr Ping Yang (enquiriesHCA@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Campus | Attendance | Mode | Advice |
|--|------------|----------|-----------|
| Parramatta City Campus- Macquarie Street | Full Time | Internal | See above |
| Parramatta City Campus- Macquarie Street | Part Time | Internal | See above |

Advanced Standing

Graduates of a Bachelor in TESOL or Graduate Diploma in TESOL (or equivalent) may be eligible for up to 50% Advanced Standing. Graduates of a Graduate Certificate in TESOL (or equivalent) may be eligible for up to 25% Advanced Standing.

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

Inherent Requirements (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_tesol_courses/)

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

Applicants must have successfully completed an undergraduate degree or postgraduate qualification in any discipline. Applicants must have an overall IELTS score of 6.5 or equivalent, with a minimum 6.0 in each subtest.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-

NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 160 credit points which include the subjects listed below. Students may exit with a Graduate Diploma or Graduate Certificate on completion of the relevant subjects.

Exit Awards

Students may exit with a Graduate Diploma or Graduate Certificate in TESOL on completion of the relevant units.

1801 - Graduate Diploma in TESOL (p. 567)

1802 - Graduate Certificate in TESOL (p. 567)

Recommended Sequence

Qualification for this award requires the successful completion of 160 credit points as per the recommended sequence below.

Master of Arts Translation and Interpreting Studies (1780)

Approved Abbreviation: MATrans&InterpSt

Western Sydney University Program Code: 1780

AQF Level: 9

CRICOS Code: 058263J

This program applies to students who commenced in 2020 or later.

The Master of Arts Translation and Interpreting Studies provides both practical and theoretical training in interpreting and translation. It aims to equip students with knowledge of the theoretical aspects that underpin interpreting and translation, including linguistics, and with the research techniques necessary to conduct a small research project in the area of interpreting and translation. It also focuses on practical interpreting and translation skills. The course is suitable for practising interpreters and translators and for very proficient bilinguals wanting to develop or improve their skills, and who wish to contribute to the body of knowledge on interpreting and translation by conducting innovative research. Subject to demand, the following languages are available: Arabic, Japanese, Mandarin, Korean, Vietnamese and Spanish.

Director of Academic Program - Associate Professor Robert Mailhammer

Early Exits

Students may exit this program on completion of 40 credit points with a 1602 Graduate Certificate in Interpreting and Translation (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-interpreting-translation/>) or on completion of 80 credit points with a 1778 Graduate Diploma in Interpreting Studies (exit only) (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-interpreting-studies-exit-only/>) or 1779 Graduate Diploma in Translation Studies

(exit only) (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-translation-studies-exit-only/>)

Study Mode

Two years full-time or four years part-time.

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Advanced Standing

Students who enter with a degree in a cognate discipline will receive 40 credit points in advanced standing. These students will need to complete the remaining 120 credit points from the Interpreting and Translation pool.

Admission

Applicants must have successfully completed an undergraduate degree or postgraduate qualification in any discipline.

And

Applicants must have an IELTS score of 6.5 or equivalent and have native or near-native proficiency in one of the following languages: Arabic, Mandarin, Japanese, Korean, Spanish or Vietnamese.

There are two pathways for entry

Pathway 1

Pathway 1 is for students from cognate disciplines. Students entering the program with an undergraduate degree or postgraduate qualification in Interpreting and/or Translation, or a substantial

component of Interpreting and/or Translation in their previous studies (major, minor, etc.), will receive advanced standing of 40 credit points. Students then complete 120 credit points from the Interpreting and Translation Pool. Credit will be awarded for the following subjects.

| Subject | Title | Credit Points |
|-----------|----------------------------------|---------------|
| LANG 7020 | Introduction to Interpreting PG | 10 |
| LANG 7021 | Introduction to Translation PG | 10 |
| TEAC 7005 | Advanced Academic English Skills | 10 |
| TEAC 7044 | English Linguistics for TESOL | 10 |

Pathway 2

Pathway 2 is for students from non-cognate disciplines. These students entering the program with an undergraduate or postgraduate qualification in a non-cognate discipline must complete 160 credit points in the Master of Arts Translation and Interpreting Studies.

The native or near-native language proficiency requirement applies to both pathways.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 160 credit points from the Interpreting and Translation pool.

Master of Building Surveying (3703)

Approved Abbreviation: MBldgSurv

Western Sydney University Program Code: 3703

AQF Level: 9

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year Summer A 2017/2018, please refer to: 3703.3 Master of Building Surveying (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3703.3>)

The Master of Building Surveying is a three-year part-time program which aims to provide students with specialist knowledge and skills to assess and evaluate building solutions. It is relevant to professionals certifying performance solutions under the National Construction Code and relevant Standards. The program enables students to understand performance requirements, fire safety and engineering principles, accessibility and sustainability and other issues related to building surveying practice. Graduates will also acquire the skill to independently appraise the literature and conduct research to address building surveying contemporary issues faced by the building industry.

The program has been designed primarily for External delivery. Many of the units have non-compulsory online workshops and students are encouraged to attend these workshops to gain the benefit of interaction within the degree. Students are offered the opportunity to attend workshops online and face to face. Students without relevant work experience will be required to undertake such experience in the second year of the program.

Early Exits

Students may exit this program on completion of 40 credit points with a 3790 Graduate Certificate in Building Surveying (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-building-surveying/>) or on completion of 80 credit points with a 3789 Graduate Diploma in Building Surveying (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-building-surveying/>)

Study Mode

Three years part-time. Students can fast-track by completing additional subjects per semester to complete the program in as early as two years.

Program Advice

Program advice (edbe@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

|--|------------|----------|-----------|
| Parramatta City Campus- Macquarie Street | Part Time | External | See above |

Accreditation

The program has full accreditation with the Australian Institute of Building Surveyors (AIBS). The program is recognised by NSW Fair Trading to meet the qualifications requirement to be accredited as Building surveyor-unrestricted.

Admission

There are two entry pathways into the Master of Building Surveying:

Entry Pathway A (120 credit points)

Applicants must have successfully completed An undergraduate degree or higher in building surveying, engineering, or construction management (honours)

AND

a minimum of 2 years full-time equivalent professional work experience as an accredited building surveyor

Entry Pathway B (160 credit points)

Applicants must have successfully completed an undergraduate degree or higher in building surveying, construction management or construction management (honours), civil engineering, construction technology, housing, quantity surveying, planning, architecture, project management (construction) or bushfire protection.

Additional Information

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Recommended Sequence

Master of Building Surveying Entry Pathway A (120 credit points)

Students who have been admitted with an undergraduate degree or higher in building surveying, engineering, or construction management (honours) AND a minimum of 2 years full-time equivalent professional work experience as an accredited building surveyor are eligible to complete the 120 credit point Pathway.

Qualification for this award requires the successful completion of 120 credit points as per the recommended sequence below.

Master of Bushfire Protection (3708)

Approved Abbreviation: MBushfireProt

Western Sydney University Program Code: 3708

AQF Level: 9

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year Summer A 2017/ 2018, please refer to: 3708.3 Master of Bushfire Protection (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3708.3>)

For Commencement Year 2016 - please refer to 3708.2 Master of Bushfire Protection (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3708.2>)

The Master of Bushfire Protection is a three-year part-time program which provides students with a comprehensive understanding of bushfire behaviour in relation to local vegetation, topography, land management and weather conditions. Students will be able to conduct bushfire assessments, provide advice on developments in bushfire prone areas, assess building designs against both the accepted and performance requirements of planning provisions, building code and standards.

The program has been designed primarily for External delivery. However, two subjects have a compulsory workshop that students are required to attend. Students are encouraged to attend online workshops to gain the benefit of interaction with their peers.

Early Exits

Students may exit this program on completion of 40 credit points with a 3794 Graduate Certificate in Bushfire Protection (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-bushfire-protection/>) or on completion of 80 credit points with a 3793 Graduate Diploma in Bushfire Protection (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-bushfire-protection/>)

Study Mode

Three years part-time. Students can fast-track by completing additional subjects per semester to complete the program earlier.

Program Advice

Program Advice (edbe@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Campus | Attendance | Mode | Advice |
|---|------------|----------|-----------|
| Parramatta City Campus - Macquarie Street | Part Time | External | See above |

Accreditation

The program is recognised by Fire Protection Association Australia as a qualification for accreditation under the Bushfire Planning and Design Scheme.

Admission

There are three entry pathways into the Master of Bushfire Protection.

Students are categorised into three Pathways based on their previous study background and work experience as indicated below and program sequence and length is set accordingly.

Pathway A

Applicants must have successfully completed an undergraduate degree or higher in land surveying, building, building surveying, construction management, planning, urban studies, quantity surveying, architecture, landscape architecture, science, environmental studies, natural resource management, emergency management, land-use planning, local government, property development or public sector management, **and** at least two years of related work experience

Pathway B

Applicants must have successfully completed an undergraduate degree or higher in planning, urban studies, environmental studies, natural resource management, urban and regional planning or property development, **and** at least two years relevant experience in planning (development control).

Pathway C

Applicants must have successfully completed an undergraduate degree or higher in building surveying, building or construction management, **and** at least two years relevant work experience in building surveying.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Recommended Sequence

The program structure and sequence varies based on the student's previous study background and level, and work experience. See the Admission tab for more details.

Pathway A - Autumn intake

Qualification for this award requires the successful completion of 160 credit points as per the recommended sequence below.

Exit Awards

Graduate Certificate in Bushfire Protection (p. 485)

Graduate Diploma in Bushfire Protection (p. 529)

Equivalent Subjects

The core subjects listed below count towards completion of this program for students who passed these subjects in 2019 or earlier.

ENGR 7003 - Alternative Solutions for Bushfire Prone Areas, replaced by ENGR 7026 Performance Solutions for Bushfire Protection.

Master of Business (Operations Management) (2624)

Approved Abbreviation: MBus(OpMgt)

Western Sydney University Program Code: 2624

AQF Level: 9

CRICOS Code: 044855M

This program applies to students who commenced in Quarter 3, 2017 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

The program is designed for those who wish to prepare for senior operations management roles in manufacturing or service organisations, in both the private and public sectors. The program includes operations management, supply chain management, logistics, and project management. The program is intended to assist graduates to develop the perspectives and skills necessary for an integrated approach to planning, implementing, upgrading and managing business operations that enhance customer value and organisational effectiveness.

Study Mode

One year full-time or two years part-time.

Program Advice

Dr Hilal Hurriyet (sgsmclientservices@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Accreditation

This program is accredited by the Association to Advance Collegiate Schools of Business (AACSB).

Admission

Applicants must have successfully completed a graduate certificate, or higher, in a business discipline; Or

Successfully completed an undergraduate degree in a Business discipline (specifically operations management, logistics management, project management, compliance management, supply chain management, enterprise resource planning and management or purchasing and materials management or related discipline) with a GPA of 5.0 or WAM (Weighted Average Mark) of 65+ (if provided on the academic record); Or

Successfully completed an undergraduate degree, or higher, in any discipline and a minimum of two (2) years full-time equivalent

managerial/professional work experience in roles facilitating operations management, logistics management, project management, compliance management, supply chain management, enterprise resource planning and management or purchasing and materials management or in related roles; Or

Successfully completed an undergraduate degree, or higher, in any discipline and a minimum of five (5) years general work experience in purchasing, incoming and /or outgoing quality control, quality assurance, scheduling, estimation for quotation, warehousing, transportation, store management, merchandising, traffic management, shift management, freight, inventory management, stock control management or materials management or in related roles.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 80 credit points which include four core subjects, two alternate subjects and a capstone subject worth 20 credit points.

| Subject | Title | Credit Points |
|------------------------------|-----------------------------------|---------------|
| Core Subjects | | |
| BUSM 7011 | Business Operations and Logistics | 10 |

Master of Business Administration (2761)

Approved Abbreviation: MBA

Western Sydney University Program Code: 2761

AQF Level: 9

CRICOS Code: 079261D

Students should follow the program structure for the session start date relevant to the year they commenced.

This version applies to students whose commencement year in this course is 2019 or later.

For Commencement Year 2017 - 2018 - please refer to 2761.5 Master of Business Administration (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=2761.5>)

For Commencement Year 2016 (Q4) - please refer to 2761.4 Master of Business Administration (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=2761.4>)

For Commencement Year 2015 (Q1) to 2016 (Q3) - please refer to 2761.3 Master of Business Administration (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=2761.3>)

Through its research-driven and integrated focus, this degree equips graduates with the skills and knowledge to engage with contemporary business environments. The design of the degree reflects consultation with a range of stakeholders including industry and professional associations. The design comprises business foundation and core subjects which provide students with key skills such as business communication and analysis, as well as a general knowledge of the basics of business e.g., Accounting, Economics, and Statistics. Upon completion of the foundation and core, students complete 60 credit points in one of the following specialisations: Management, Finance and Investment, Human Resource Management, Innovation and Entrepreneurship, Logistics and Supply Chain Management, Management, Marketing, Sustainable Business, Property, Information and Communications Technology, Digital Knowledge and Innovation, Business Analytics, and Policing, Public Safety and Security, and Finance. Students complete: four foundation (40 credit points), four core (40 credit points), and six major subjects (60 credit points) as well as a 20 credit point capstone subject, for a total of 160 credit points. Students may elect to complete a non-major where six subjects (60 credit points) can be chosen separately from any postgraduate business subjects. This program has multiple intakes each year and is suitable for graduates holding a bachelor degree in any discipline from a recognised university.

Early Exit

Students may exit this program on completion of 40 credit points with a 2765 Graduate Certificate in Business (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-business/>)

Study Mode

Two years full-time or four years part-time.

Non Major

A total of 60 credit points from any postgraduate Business subjects.

Replaced Major

The following major counts towards completion of this program for students who enrolled in the major in 2019 or earlier.

SP2012 Human Resource Management (<http://handbook.westernsydney.edu.au/hbook/specialisation.aspx?unitset=SP2012.1>), replaced by Human Resource Management, Major in 2020 (listed above).

Master of Business Administration/ Master of Applied Finance (2782)

Approved Abbreviation: MBusAdm/MAppFin
Western Sydney University Program Code: 2782
AQF Level: 9

CRICOS Code: 084780E

This program applies to students who commenced in 2017 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

Commencement Year 2015 and 2016 - 2782.1 - Master of Business Administration/Master of Applied Finance (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=2782.1>)

This double degree is unique in that it equips graduates with the skills and knowledge to engage with contemporary business environments, and in particular executive careers in finance, banking and investment sectors. It provides students with the opportunity to acquire technical knowledge necessary to function in an evolving and increasingly sophisticated financial environment with an emphasis on the practical application of these techniques. The design of the degree reflects consultation with a range of stakeholders including industry and professional associations; the applied finance components have been developed by individuals who are actively involved in the financial sector. The design comprises business foundation and core subjects which provide students with key skills such as business communication and analysis, as well as a general knowledge of the basics of business e.g., Accounting, Economics, and Statistics. Students complete: four foundation subjects, twelve core subjects, 20 credit points from an alternate pool of subjects and a 20 credit point capstone subject, for a total of 200 credit points. This program has multiple intakes each year and is suitable for graduates holding a bachelor degree in any discipline from a recognised university. Applicants will find having a background in Business or Commerce advantageous.

Early Exits

Students may exit this program on completion of 40 credit points with a 2765 Graduate Certificate in Business (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-business/>) or on completion of 160 credit points with a 2761 Master of Business Administration (<https://hbook.westernsydney.edu.au/programs/master-business-administration/>) or a 2759 Master of Applied Finance (<https://hbook.westernsydney.edu.au/programs/master-applied-finance/>)

Study Mode

Two and a half years full-time or five years part time.

Program Advice

Dr Walid Bakry (<https://directory.westernsydney.edu.au/search/profile/12178/>)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Accreditation

The Master of Business Administration / Master of Applied Finance fulfils the educational requirements for admission as a Senior

Associate (SA Fin) of the Financial Services Institute of Australasia (Finsia). Senior Associate membership with Finsia also requires at least five years career experience in the financial services industry. The Master of Business Administration / Master of Applied Finance also satisfies the education requirements for professional membership of the Finance and Treasury Association (FTA).

Association to Advance Collegiate Schools of Business (AACSB)

This program is accredited by the Association to Advance Collegiate Schools of Business (AACSB).

Admission

Applicants must have successfully completed an undergraduate degree, or higher, in any discipline.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 200 credit points. This includes four foundation subjects, twelve core subjects, 20 credit points of alternate subjects and a 20 credit point capstone subject, as per the structure below:

| Subject | Title | Credit Points |
|------------------------------|--|---------------|
| Foundation Subjects | | |
| BUSM 7007 | Business Communication Skills | 10 |
| BUSM 7050 | Integrated Business Experience 1 | 10 |
| BUSM 7099 | Understanding Contemporary Organisations | 10 |
| Select one of the following: | | 10 |
| MKTG 7019 | Marketing Systems | |
| BUSM 7094 | The Contemporary Business Environment | |
| Core Subjects | | |
| MATH 7003 | Applied Business Statistics | 10 |
| BUSM 7018 | Contemporary People Management | 10 |

| | | |
|-----------|--|----|
| ACCT 7012 | Corporate Finance | 10 |
| ECON 7001 | Economics | 10 |
| BUSM 7031 | Financial Institution Management | 10 |
| BUSM 7032 | Financial Institutions and Markets (MAF) | 10 |
| FINC 7006 | Financial Modelling | 10 |
| ACCT 7015 | Financial Reports for Decision Making | 10 |
| BUSM 7035 | Funds Management and Portfolio Selection | 10 |
| BUSM 7051 | Integrated Business Experience 2 | 10 |
| BUSM 7053 | International Finance | 10 |
| BUSM 7083 | Security Analysis and Portfolio Theory | 10 |

Alternate Subjects

Select one of the following groups: 20

Alternate Group 1:

| | | |
|-----------|--|----|
| FINC 7022 | Applied Project (Finance and Property) | 10 |
|-----------|--|----|

Select one of the following:

| | | |
|-----------|------------------------------|--|
| BUSM 7021 | Credit and Lending Decisions | |

|-----------|--|----|

Select one of the following:

| | | |
|-----------|------------------------------|--|
| BUSM 7021 | Credit and Lending Decisions | |
| BUSM 7022 | Derivatives | |

Total Credit Points 170

Replaced Subject

The subject listed below counts towards completion of this program for students who passed this subject in 2021 or earlier.

MKTG 7003 - Applied Project (Finance and Property), replaced by FINC 7022 Applied Project (Finance and Property)

Master of Business Analytics (2816)

Approved Abbreviation: MBusAnalytics

Western Sydney University Program Code: 2816

AQF Level: 9

CRICOS Code: 098262A

This program applies to students who commenced in Quarter 4 2018 or later.

The ever increasing amount of data in the business world today requires that businesses make sense of the flow of information if they are to hold a competitive edge in the market. The Master of Business Analytics offers a program of study on how to manage effectively in a data driven world.

The program focuses on business analytics rather than just data analytics. It has a strong applications focus covering the nature of data including Big and Unstructured Data and how to embark on data driven investigations and visual and computational analytics.

Application of the analytic tools and frameworks in order to examine strategic business and market options and to realise their profit potential are explored in general and then specifically where students have the choice to focus their learning by choosing one of three specialisations; Operations Management, Finance and Marketing.

Study Mode

- Two years full time or four years part-time.
- One and a half years full time (three years part-time) or one year full time (two years part-time) programs are also available, depending upon entry qualifications (see Pathways listed under Program Structure).

Program Advice

Dr Laurel Jackson (<https://directory.westernsydney.edu.au/search/email/la.jackson@westernsydney.edu.au>)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Parramatta City Campus- Macquarie Street | Full Time | Internal | See above |
| Parramatta City Campus- Macquarie Street | Part Time | Internal | See above |

Accreditation

This program is accredited by the Association to Advance Collegiate Schools of Business (AACSB).

Admission

1. Master of Business Analytics - 2 year Pathway (160 credit points)

Applicants must have successfully completed an undergraduate degree, or higher, in any discipline.

2. Master of Business Analytics - 1.5 year Pathway (120 credit points)

Applicants must have successfully completed an undergraduate degree, or higher, in a business discipline;

Or

Successfully completed an undergraduate degree, or higher, in any discipline and a minimum of two years full-time equivalent managerial/professional work experience in roles related to business information management;

Or

Successfully completed an undergraduate degree, or higher, in any discipline and a minimum of five years full-time equivalent general work experience.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

3. Master of Business Analytics - 1 year Pathway (80 credit points)

Applicants must have successfully completed a graduate certificate, graduate diploma or higher, in a business discipline or a discipline with mathematical or numerate focus;

Or

Successfully completed an undergraduate degree in business analytics, information management/systems or related in a business degree with a GPA of 5.0 or WAM (Weighted Average Mark) of 65+ (if provided on the academic record);

Or

Successfully completed an undergraduate degree in any business disciplines and a minimum of two years full-time equivalent managerial/professional work experience in roles related to business information management;

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Work experience will require validation by the relevant employer and cannot be used both as a means of admission and as the basis of an application for advanced standing. Work experience will be evaluated to assess whether prospective students have demonstrated a verifiable capability in management such that they are enabled to undertake the discipline-specific learning contained in this Masters-level program. This criterion is impacted directly by the requirements of a curriculum that addresses AQF Level 9 knowledge and skill outcomes including a stipulation that graduates have cognitive skills to demonstrate mastery of theoretical knowledge in business information management and to reflect critically on theory and professional practice or scholarship.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below

to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Accreditation

This program is an Australian Sonographers Accreditation Registry (ASAR) approved graduate entry training program in cardiac sonography (echocardiography).

Admission

All Applicants must:

1. Have a completed Graduate Diploma or equivalent in Cardiac Sonography with a minimum GPA of 5.0
2. Submit a written expression of interest in the research component (final 3 subjects) of the Masters of Cardiac Sonography
3. Have a cardiac sonography position (with a minimum of three days imaging per week) for the duration of the program. Written verification must be provided to the university by commencement of the program.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Additional Information

Applicants with the Graduate Diploma in Cardiac Sonography award from Western Sydney University:

- Will be granted Advanced Standing for the 80 credit points of Graduate Diploma subjects
- Students must complete RADI 7001 Advanced Principles and Practice of Cardiac Sonography and HLTH 7008 Introduction to Biostatistics before commencing the RADI 7010 Research Project in Cardiac Sonography.

Applicants with cardiac sonography qualifications from universities other than Western Sydney University:

- May apply for recognition of prior learning (RPL) for up to 60 (50%) of the 120 credit points needed to successfully complete the program. RPL will be assessed on an individual basis.
- Students granted RPL of 60 credit points must complete RADI 7008 Principles of Cardiac Sonography 3 and RADI 7009 Principles of Cardiac Sonography 4, before undertaking RADI 7001 Advanced Principles and Practice of Cardiac Sonography, HLTH 7008 Introduction to Biostatistics and the RADI 7010 Research Project in Cardiac Sonography subjects.

Program Structure

Qualification for this award requires the successful completion of 120 credit points which include the subjects listed in the recommended sequence below.

Recommended Sequence

| Course | Title | Credit Points |
|-----------------------|--|---------------|
| Year 1 | | |

Master of Child and Family Health (Karitane) (4713)

Approved Abbreviation: MCh&FamHlth(Karitane)
Western Sydney University Program Code: 4713
AQF Level: 9

This program applies to students who commenced in Spring 2021 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2020, please refer to: 4713.3 Master of Child and Family Health (Karitane) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4713.3>)

For Commencement Year 2018 to Autumn 2020, please refer to: 4713.2 Master of Child and Family Health (Karitane) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4713.2>)

For Commencement Year 2015 to 2018, please refer to: 4713.1 Master of Child and Family Health (Karitane) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4713.1>)

The Master of Child and Family Health (Karitane) aims to provide Registered Nurses and Registered Midwives with theoretical knowledge and associated skills that prepare them to work autonomously and across a variety of clinical settings with children and families. Graduates will be able to apply advanced practice, concepts and analysis and lead practice to promote optimal health outcomes for children and families. This will involve among other things, design, implementation and evaluation of advanced clinical care systems, analysis and synthesis of concepts leading to a basis for advanced practice and the facilitation of change. Opportunities will be provided for students to undertake in-depth study into aspects of child and family health relevant to their specific areas of practice.

Early Exits

Students may exit this program on completion of 40 credit points with a 4715 Graduate Certificate in Child and Family Health (Karitane) (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-child-family-health-karitane/>) or on completion of 80 credit points with a 4714 Graduate Diploma in Child and Family Health (Karitane) (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-child-family-health-karitane/>)

Study Mode

Three years part-time

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

Inherent requirements (https://www.westernsydney.edu.au/ir/inherent_requirements/)

Admission

Candidature for admission to the Master of Child and Family Health (Karitane) is based on the following requirements.

Registered Nurse or Midwife (currently registered to practice with the Australian Health Practitioner Regulation Agency - Nursing and Midwifery) or eligibility for same, or certificate of registration of nursing, within the last five years, in their own country. Any other type of registration (non-practicing, limited, or student) is not acceptable for this program.

And

Completion of an undergraduate degree in health-related sciences (AQF Level 7 or equivalent), such as health science, human science, midwifery, naturopathy, nursing, nutrition, psychology

And

One year full-time equivalent work experience as a registered nurse or registered midwife within the last five years.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 120 credit points including the subjects listed below.

| Subject | Title | Credit Points |
|--|---|---------------|
| NURS 7010 | Child and Family Health: Professional Practice and Frameworks | 10 |
| NURS 7009 | Child and Family Health Practice: Supporting Growth and Development | 10 |
| NURS 7012 | Clinical Practice: Infant and Child Nutrition and Feeding | 10 |
| NURS 7055 | Perinatal, Infant and Child Mental Health | 10 |
| NURS 7026 | Healthy Families and Communities | 10 |
| NURS 7019 | Cultural and Social Diversity in Health Care | 10 |
| NURS 7023 | Evidence Based Health Care | 10 |
| Select 50 credit points of subjects from | | 50 |
| NURS 7043 | Scholarship for Practice Change in Health Care | |
| NURS 7045 | Writing for Publication | |
| NURS 7004 | Applied Research in Health Care | |
| NURS 7022 | Ethics in Health Research | |
| NURS 7065 | Capstone Experience in Health Care | |
| NURS 7042 | Research Project in Health Care | |

Note: NURS 7065 and NURS 7042 are 20 credit point subjects

Total Credit Points **120**

Students undertaking NURS 7042 Research Project in Health Care must first complete NURS 7004 Applied Research in Health Care and NURS 7022 Ethics in Health Research

Master of Chinese Medicine (4716)

Approved Abbreviation: MChinMed
Western Sydney University Program Code: 4716
AQF Level: 9

CRICOS Code: 085664A

This program applies to students who commenced between 2018 and Autumn 2022.

Students should follow the program structure for the session start date relevant to the year they commenced.

For commencement year Spring 2022- please refer to 4795 Master of Chinese Medicine (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4716.1>)

For commencement year 2015-2017- please refer to 4716.1 Master of Chinese Medicine (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4716.1>)

The Master of Chinese Medicine is a postgraduate qualification designed for Chinese medicine practitioners wishing to strengthen their knowledge and better integrate into the health care system, and for graduates with a Chinese Medicine specialisation seeking a pathway to

research. It can be completed in one-and-a-half years of full-time study or the equivalent in part-time study.

The program includes two major streams: a clinical stream and research-training pathway. The clinical stream features a substantial clinical placement in a teaching hospital in China affiliated with Beijing University of Chinese Medicine (BJUCM) in addition to clinical specialisation workshops. An alternative is also available for students who do not wish to complete the clinical placement overseas. The research stream includes a significant research project which is supported by the National Institute of Complementary Medicine (NICM). Students who wish to enter the research stream have to meet entry requirements (GPA of 5); graduates of this stream may be interested in furthering their studies in a higher degree.

The program will be delivered via structured, intensive workshops and online resources with self-directed learning between workshops to allow maximum flexibility for busy practitioners.

Students who complete the Master of Chinese Medicine from Western Sydney University, including the clinical placement at BJUCM, will also be awarded the Postgraduate Diploma in Chinese Medicine from BJUCM. Students may exit the Master of Chinese Medicine after one semester (i.e. after completing 40 credit points) with the Graduate Certificate in Chinese Medicine. Students in the clinical specialisation stream may exit the Master of Chinese Medicine after two semesters (i.e. after completing 80 credit points) with the Graduate Diploma in Chinese Medicine. Students can combine their studies in Chinese Medicine with additional postgraduate subjects in public health and health science. Where approved, completion of four such subjects, in addition to the Master of Chinese Medicine, will result in the award of a Graduate Certificate in Health Science or a Graduate Certificate in Public Health.

Early Exits

Students may exit this program on completion of 40 credit points with a 4718 Graduate Certificate in Chinese Medicine (exit only) (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-chinese-medicine-exit-only/>) or on completion of 80 credit points with a 4717 Graduate Diploma in Chinese Medicine (exit only) (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-chinese-medicine-exit-only/>)

Study Mode

One and a half years full-time.

Three years part-time

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the 'Work Integrated Learning (WIL) for international students' website for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

Applicants must have either:

An undergraduate degree in Acupuncture or Traditional Chinese Medicine

Or

A Diploma, Advanced Diploma or Associate Degree in Traditional Chinese Medicine or Acupuncture AND five years full-time equivalent clinical work experience in the field of Traditional Chinese Medicine or Acupuncture

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applicants holding registration from the Chinese Medicine Registration Board of Australia (CMBA) or full membership of any of associations in Group 1 will be accepted without additional assessment. Applicants holding any type of membership other than full membership from any associations in Group 1, or applicants holding any type of membership from any association in Group 2 will be further assessed. For each of these applicants, this assessment will be an interview by the Director of Academic Program and a nominee of the Head of School. The interview will assess the applicant's prior learning, experience in the discipline and understanding of the assumed knowledge appropriate to entry into the program.

Association

Group 1

- Australian Acupuncture and Chinese Medicine Association (AACMA)

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 120 credit points including the core subjects listed below.

To complete some of the components within the subjects in this program, students may be required to travel to other Western Sydney University campuses.

Core Subjects

| Subject | Title | Credit Points |
|------------------------------|---|---------------|
| CMPL 7008 | Clinical Applications of Classical Acupuncture | 10 |
| CMPL 7007 | Clinical Application of Classical Chinese Herbal Medicine | 10 |
| CMPL 7010 | Clinical Placement | 20 |
| CMPL 7012 | Evidence Based Practice in Chinese Medicine | 10 |
| HLTH 7015 | Qualitative Research Methodology in Health | 10 |
| AGEN 7005 | Research Protocol Design and Practice | 10 |
| CMPL 7025 | Women's Health in Chinese Medicine | 10 |
| Select one of the following: | | 10 |

| | | |
|----------------------------|-------------------------------|-----------|
| HLTH 7008 | Introduction to Biostatistics | |
| PUBH 7016 | Introduction to Epidemiology | |
| Total Credit Points | | 90 |

Replaced Core Subjects

The subjects listed below count towards completion of this program for students who passed these subjects in 2019 or earlier.

HLTH 7014 - Professional Topic

Specialist Subjects

Students must complete 30 credit points of elective subjects, either from the following list or other postgraduate subjects with DAP approval.

| Subject | Title | Credit Points |
|--|--|---------------|
| Select 30 credit points of elective subjects from the following: | | |
| CMPL 7005 | Chronic and Complex Disorders in Chinese Medicine | 30 |
| CMPL 7009 | Clinical Oncology and Chinese Medicine | |
| CMPL 7015 | Mental and Neurological Disorders and Chinese Medicine | |
| CMPL 7016 | Musculoskeletal Health in Chinese Medicine | |
| Or other postgraduate subjects with DAP approval | | |
| Total Credit Points | | 30 |

Master of Chinese Medicine (Research Pathway)

Note: Students require a GPA over 5.0 in order to take up the research stream option.

| Subject | Title | Credit Points |

Master of Clinical Psychology (1812)

Approved Abbreviation: MCLinPsy

Western Sydney University Program Code: 1812

AQF Level: 9

CRICOS Code: 042101C

This program applies to students who commenced in 2021 or later.

For Commencement Year 2019 - please refer to 1812.3 Master of Clinical Psychology (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1812.3>)

For Commencement Year 2018 - please refer to 1812.2 Master of Clinical Psychology (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1812.2>)

For Commencement Year 2016 or 2017 - please refer to 1812.1 Master of Clinical Psychology (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1812.1>)

The Master of Clinical Psychology is designed to develop competent clinical psychologists.

The objective of the Master of Clinical Psychology is to provide two years' full time training in the professional practice of clinical psychology from which graduates will be eligible to apply for full registration as a psychologist and as a Clinical Psychology registrar. Following successful completion of the Master of Clinical Psychology, Clinical Psychology Registrars will need another 2 years of supervised clinical practice to be eligible to apply for endorsement as a Clinical Psychologist.

The program provides a thorough training in the knowledge and skills necessary to understand a range of mental health issues experienced within diverse contexts. Graduates will be able to implement a range of effective evidence-based interventions that are tailored to clients' needs and preferences. The scientist-practitioner model of training will be adopted to equip students with specialised competencies through the completion of specified coursework, a research project and 1,000 hours of supervised practice in clinical and other appropriate settings.

Study Mode

Two years full-time or four years part-time.

Accreditation

This program is fully accredited by the Australian Psychology Accreditation Council (APAC) and the Australian Psychological Society College of Clinical Psychologists (APS).

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

Inherent Requirements (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_master_of_clinical_psychology/)

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

Admission to the Master of Clinical Psychology program is based on academic merit, two referee reports and performance at a selection interview to determine capability for practitioner competency. For domestic students, selection interviews are held between October and December each year; for international students these are held once the application has been received.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via Universities Admissions Centre (UAC) by 31 October at the following link: <http://www.uac.edu.au>. Late or incomplete applications will not be considered.

International applicants must apply directly to Western Sydney University via the International Office.

Admission Criteria for Master of Clinical Psychology

Places will be offered to qualified applicants based on academic merit across years 2 and 3 of an undergraduate degree in Psychology and interview performance according to the following admission criteria.

- Completion of an Australian Psychology Accreditation Council (APAC) accredited four-year undergraduate Psychology degree that includes:
 - (1) Undergraduate honours level of at least Class 2 upper level (2A or 2.1 Honours) or equivalent; and
 - (2) Indicative academic achievement, based on entry in previous years, is a grade point average of 5.8 or higher (counting Year 2 to 3 as 50% and Year 4 as 50%) ;
- Applicants, whose degree was completed more than 10 years prior to the year of entry will not be admitted unless they hold current full registration with the Psychology Board of Australia.
- Submission of two referees reports; and
- Participation in an interview, by invitation, with the School of Psychology.

No deferrals will be accepted for this program.

Academic and Professional Referee Reports

Academic and Professional referee reports are to be provided via the Post-Graduate Programs Reference Request System.

Post-Graduate Program Reference Request System (<http://www.psychologyreference.org>)

Additional requirements for successful applicants

There are some additional requirements you must meet before you can commence the program as detailed in the Western Sydney University inherent requirements for the Master of Clinical Psychology program. These are detailed at the following link:

https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_master_of_psychology_clinical_psychology (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_master_of_psychology_clinical_psychology/)

Additional requirements for Domestic applicants with international qualifications

- International qualifications must be assessed by the Australian Psychological Society (APS) and deemed equivalent to an Australian 4 year sequence in psychology (including an honours equivalent research thesis component);
- Applicants who have undertaken studies in other countries may have to provide proof of proficiency in English. Details of the minimum English proficiency requirements and acceptable proof can be found on the Universities Admissions Centre website: <http://www.uac.edu.au> (<http://www.uac.edu.au/>). See also the additional English proficiency requirements for this program, as listed at the end of these admission requirements.

International Applicants

Places will be offered to qualified applicants based on academic merit and interview performance according to the following admission criteria.

- International qualifications must be assessed by the Australian Psychological Society (APS) and deemed equivalent to an Australian 4 year sequence in psychology (including an honours equivalent research thesis component);

- International qualifications will be assessed by the International office at Western Sydney University;
- Details of minimum English proficiency requirements and acceptable proof can be found on the international office website (International Office (<https://www.westernsydney.edu.au/international/>)) and include the additional admission requirements of:
 - IELTS (Academic) - 7.0 overall score with a minimum 7.0 in each subtest
 - TOEFL Internet based test - 100 (writing = 27 and all other subtests = 22)

Additional information for international applicants

Assessment of international qualifications by the APS can be applied for at the following:

<https://www.psychology.org.au/membership/qualifications/>

International students applying to the University through the International Office need to have their applications submitted by 31 October of each year. Late or incomplete applications will not be considered.

Positions for the Master of Clinical Psychology Program will be offered based on outcomes from academic criteria, English proficiency and the interview process, including consideration of referee reports and professional experience and capacity as for other applicants.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Special Requirements

Full or provisional registration with the Psychology Board of Australia; A Criminal Record Check; A National Police Certificate; Prohibited Employment Declaration or a Working with Children Check Student Declaration; Child Protection training seminar.

Program Structure

Qualification for this award requires the successful completion of 160 credit points including the subjects listed in the recommended sequence below.

CRICOS Code: 060978M

This program applies to students who commenced in 2018 or later.

For Commencement Year 2008-2017 - please refer to 1650.1 Master of Creative Music Therapy (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1650.1>)

The program is offered by the School of Humanities and Communication Arts at Western Sydney University. This program provides an excellent opportunity for graduates to enter the field of music therapy. The program assumes an appropriate level of musical competency and experience when the student is admitted, and seeks to build on this in developing music therapy practitioners. The aim of the program is to train musicians in the specialisation of Creative Music Therapy.

- Director of Academic Program - Dr Clare MacLean

Study Mode

Two years full-time

Program Advice

Dr Alison Short (<https://directory.westernsydney.edu.au/search/email/enquiriesHCA@westernsydney.edu.au>)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Campus | Attendance | Mode | Advice |
|----------------|------------|----------|-----------|
| Penrith Campus | Full Time | Internal | See above |

Accreditation

The Master of Creative Music Therapy is accredited with the Australian Music Therapy Association (AMTA). Graduates of the program are eligible to apply for Registration (RMT) with the AMTA which qualifies them to practice professionally.

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

Applicants must have successfully completed an undergraduate degree or higher in humanities, social science, creative arts, health science, music discipline;

Or

Successfully completed an undergraduate degree in any discipline and a minimum of two years full-time equivalent professional work experience in roles related to music therapy or music teaching or roles in a dance or vocal studio as a repetiteur;

And

Must attend an audition.

Audition:

You will be selected on an interview/audition in which personal aptitude and professional experience are taken into consideration. At your audition you will be asked to:

- a) play two contrasting pieces on your first instrument, or if you are a vocalist, sing two contrasting pieces;
- b) play a piece on your second instrument;
- c) sight read a melody (instrumental and vocal);
- d) harmonise a melody on the piano or other western polyphonic instrument;
- e) improvise three simple variations on the piano or other western polyphonic instrument, on a given theme;
- f) perform a free improvisation based on a given subject/theme, on the piano or an instrument of your choice. The improvisation should preferably be atonal.

Note: The piano must be included in a) or b).

Applicants who are unable to attend the audition in person will undertake a remote audio-visual audition (see b, c, d, e, and f. above.) Prior to the remote audition, these applicants should submit a DVD demonstrating musical proficiency (see a. above) - play two contrasting pieces on your first instrument, or if you are a vocalist, sing two contrasting pieces) and an essay of 1,500 words, describing their knowledge of Creative Music Therapy and why they wish to study it. The essay should include at least 4 references and use APA format.

Additional Application Information

Applicants wanting to have professional experience considered as part of the application process are required to submit:

- A curriculum vitae (CV) including:
 - Details of a minimum of two years of full-time equivalent professional experience (paid, voluntary or student) in a supportive capacity with people in community, welfare, health, the arts or music settings, including dates and a description of duties.
 - Details of training and experience in the respective roles.
- A statement of service or signed letters from employers confirming your role, duties and period of employment.
- A statement detailing how your professional experience prepares you to undertake postgraduate study.

For further information, contact the Program Advisor.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>

<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 120 credit points including the subjects listed below.

Recommended Sequence

The Music Therapy Skills and the Creative Music Therapy Practicum subjects are offered on a rotating two-year cycle and students enrol depending on which subjects are being offered in the current year. Intending applicants should check with the Program Advisor prior to commencement if they have any queries regarding the cycle of subject offerings.

Full-time start-year intake

| Course | Title | Credit Points |
|------------------------------|-------------------------------------|---------------|
| Year 1 | | |
| Autumn session | | |
| PERF 7003 | Music Therapy Method | 10 |
| Select one of the following: | | 20 |
| PERF 7009 | Music Therapy Skills & Practice A | |
| PERF 7011 | Music Therapy Skills & Practice C | |
| Credit Points | | 30 |
| Spring session | | |
| PERF 7007 | Music Therapy Theory and Practice 1 | 10 |
| Select one of the following: | | 20 |

| Credit Points | | 30 |
| Year 2 | | |
| Autumn session | | |
| PERF 7008 | Music Therapy Theory and Practice 2 | 10 |
| Select one of the following: | | 20 |
| PERF 7009 | Music Therapy Skills & Practice A | |
| PERF 7011 | Music Therapy Skills & Practice C | |
| Credit Points | | 30 |
| Spring session | | |
| PERF 7004 | Music Therapy Professional Practice | 10 |
| Select one of the following: | | 20 |
| PERF 7010 | Music Therapy Skills & Practice B | |

| | | |
|-----------|-----------------------------------|------------|
| PERF 7012 | Music Therapy Skills & Practice D | |
| | Credit Points | 30 |
| | Total Credit Points | 120 |

Equivalent Subjects

The subjects listed below count towards completion of this program for students who passed these subjects in Autumn 2020 or earlier.

- 101443 - Creative Music Therapy Practicum, replaced by PERF 7010 Music Therapy Skills & Practice B
- 101444 - Creative Music Therapy Practicum 2, replaced by PERF 7012 Music Therapy Skills & Practice D
- 101445 - Music Therapy Skills 1, replaced by PERF 7009 Music Therapy Skills & Practice A
- 101446 - Music Therapy Skills 2, replaced by PERF 7011 Music Therapy Skills & Practice C

Master of Cross-cultural Relations (1883)

Approved Abbreviation: MCross-cltRelations

Western Sydney University Program Code: 1883

AQF Level: 9

CRICOS Code: 0101777

This program applies to students who commenced in 2020 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement year Autumn 2020 - please refer to 1883.1 Master of Cross-cultural Relations (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1883.1>)

The School of Humanities and Communication Arts, in collaboration with the Australia-China Institute for Arts and Culture and other Schools in Western Sydney University, is offering a stimulating and rigorous degree to meet the needs of cultural institutions, creative industries and government departments in their increasing engagement in international cultural exchanges. The Master of Cross-cultural Relations has a practical focus of cultural exchanges between Australia and China, but the knowledge and research skills acquired are applicable to all cultural relations. The program appeals to Australian and Chinese students, as well as other international students who would like to develop careers in international cultural exchange management. The program will help you develop an advanced understanding of intercultural communication and competence, international business management, cultural diplomacy, and the cultural policy and practice in Australia and China. A major research project in cultural exchange will be carried out in the second year, to apply the knowledge and skills from previous subjects to a real life setting which may involve a work placement in Australia. Successful completion of this Master's program provides pathways to higher degree research study. As this program has 50% (60 credit points) research components, students may have opportunities to apply for direct entry to PhD after they complete.

- Director of Academic Program - Jing Han

Early Exits

Students may exit this program on completion of 40 credit points with a 1885 Graduate Certificate in Cross-cultural Relations (exit only) (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-cross-cultural-relations-exit-only/>) or on completion of 80 credit points with a 1884 Graduate Diploma in Cross-cultural Relations (exit only)

(<https://hbook.westernsydney.edu.au/programs/graduate-diploma-cross-cultural-relations-exit-only/>)

Study Mode

One and a half years full-time or three years part-time.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Special Requirements Prerequisites

As per any project placement site requirements. This may include, but may not be limited to various criminal records and working with children checks. The relevant checks would be required just prior to placement or site visits and will be conducted by the industry partners if needed.

Program Structure

Qualification for this award requires the successful completion of 120 credit points.

Students must complete 80 credit points of Core subjects listed below and 40 credit points from the Alternate subject pool.

Core Subjects

Students complete 40 credit points as follows.

| Subject | Title | Credit Points |
|---|--|---------------|
| HUMN 7007 | Chinese Cultural Policy and Practice | 10 |
| HUMN 7004 | Australian Cultural Policy and Practice | 10 |
| HUMN 7011 | Cultural Diplomacy and Soft Power | 10 |
| HUMN 4001 | Researcher Development 1: Reading, Writing, and the Business of Research | 10 |
| Plus the 40 credit point Research Project in Cultural Exchange | | |
| HUMN 7034 | Research Project in Cultural Exchange | 40 |

Alternate Subject Pool

Students complete 40 credit points from the following subjects.

| Subject | Title | Credit Points |
|-----------|---|---------------|
| LANG 7004 | Audiovisual Translation: Subtitling and Captioning | 10 |
| CULT 7004 | Global Digital Futures | 10 |
| BUSM 7040 | Governance, Ethics and Social Entrepreneurship | 10 |
| BUSM 7045 | Innovation Through Digital Technology | 10 |
| LANG 7015 | Intercultural Communication (PG) | 10 |
| LANG 7028 | Literary Translation | 10 |
| BUSM 7065 | Managing in the Global Context | 10 |
| COMM 7011 | Researching Convergent Media | 10 |
| HUMN 4002 | Researcher Development 2: Proposing and Justifying Research | 10 |
| HUMN 7044 | Theories of Difference and Diversity | 10 |

Alternate subjects are offered in various teaching sessions. Please click on the individual subject links above for details of the teaching sessions available for each subject.

Equivalent subject

The subject listed below counts towards completion of this program for students who passed this subject in 2020 or earlier.

HUMN 7030 - Nation, Power and Difference

Recommended Sequence

Qualification for this award requires the successful completion of 120 credit points as per the recommended sequence below.

Full-time start-year intake

| Course | Title | Credit Points |
|---|--|---------------|
| Year 1 | | |
| Autumn session | | |
| HUMN 7004 | Australian Cultural Policy and Practice | 10 |
| HUMN 7011 | Cultural Diplomacy and Soft Power | 10 |
| Select two subjects from the Alternate Subject Pool | | 20 |
| Credit Points | | 40 |
| 2H session | | |
| HUMN 4001 | Researcher Development 1: Reading, Writing, and the Business of Research | 10 |
| Credit Points | | 10 |
| Spring session | | |
| HUMN 7007 | Chinese Cultural Policy and Practice | 10 |
| Select two subjects from the Alternate Subject Pool | | 20 |
| Early Exit | | |
| Students may graduate with the Graduate Certificate in Cross-cultural Relations after the successful completion of 40 credit points of study, which may include one subject only from the Alternate Subject Pool. | | |
| Students may graduate with the Graduate Diploma in Cross-Cultural Relations after the successful completion of 80 credit points of study, comprising of the Year 1 Core subjects and one subject from the Alternate Subject Pool. | | |
| Credit Points | | 30 |

Year 2**Autumn session**

Master of Data Science (3735)

Approved Abbreviation: MDataSc

Western Sydney University Program Code: 3735

AQF Level: 9

CRICOS Code: 089442E

This program applies to students who commenced in 2021 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

Commencement year 2016 - 3735.1 - Master of Data Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3735.1>)

Increasingly in the digital age data plays an important role in most, if not all, occupations. Extracting information from data has become a science in itself, blending skill sets from mathematics, statistics and computing. With a strong applications focus, this program covers the nature of data including Big and Unstructured Data, how to embark on data driven investigations and visual and computational analytics.

The program graduates will have the knowledge and skills required to operate effectively in a data driven world.

Early Exits

Students may exit this program on completion of 40 credit points with a 3751 Graduate Certificate in Data Science (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-data-science/>) or on completion of 80 credit points with a 3750 Graduate Diploma in Data Science (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-data-science/>)

Study Mode

Two years full-time or four years part-time.

Admission

To enter the Master of Data Science program applicants must have successfully completed an undergraduate degree, or higher, in any discipline.

Additional Information

Previous experience of statistics or computer programming will be an advantage but is not essential.

Applicants with the following may be eligible to receive up to 80 credit points in advanced standing:

- an undergraduate degree in data science and 2 years full-time equivalent managerial/professional work experience in roles relating to data science, machine learning, statistician, data analyst or associated roles;

OR

- a graduate certificate, or higher, in data science.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below

to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Elective subjects

Students may select their electives from any program offered by the university, provided any requisite requirements are met.

Elective Spaces

Students may select their electives from any program offered by the university, provided any requisite requirements are met. Elective subjects must be at Postgraduate Level.

Students may use their elective subjects towards obtaining one of the approved Majors:

Artificial Intelligence, Testamur Major (T002) (p. 761)
 Cybersecurity, Testamur Major (T003) (p. 813)

Digital Health, Testamur Major (T089) (<https://hbook.westernsydney.edu.au/majors-minors/digital-health-testamur-major/>)

Health Informatics, Testamur Major (T007) (p. 867)

Health Science Modelling and Research, Testamur Major (T141) (<https://hbook.westernsydney.edu.au/majors-minors/health-science-modelling-research-testamur-major/>)

Public Health, Testamur Major (p. 969)

Space Science, Testamur Major (p. 996)

Alternatively, students may use their elective subjects towards completing 40 credit points from one of the following Master of Business Administration AACSB approved Majors.

Finance, Major (0226) (p. 850)

Information and Communications Technology, Major (0232) (p. 891)

Innovation and Entrepreneurship, Major (0038) (p. 894)

Logistics and Supply Chain Management, Major (p. 911)

Management, Major (p. 912)

Marketing, Major (p. 915)

Master of Educational Studies (exit only) (1859)

Approved Abbreviation: MEdSt

Western Sydney University Program Code: 1859

AQF Level: 9

CRICOS Code: 0101774

The Master of Educational Studies is an exit point on completion of 160 credit points of study from the Master of Teaching (Secondary) or Master of Teaching (Primary) as indicated in the course sequence. This program provides an exit point for students who do not meet the National Literacy and Numeracy TEST requirement.

Master of Teaching (Secondary) (p. 714)

Master of Teaching (Primary) (p. 707)

Study Mode

Two years full-time or four years part-time.

Credit Points **50**

Total Credit Points **160**

Recommended Elective Subjects

Recommended elective subject options are subject to semester offerings and availability. Students can choose one or more subjects from each elective area.

| Subject | Title | Credit Points |
|---|--|---------------|
| Educational Research | | |
| TEAC 7158 | Researching Teaching and Learning | 10 |
| TEAC 7116 | Researching STEM Education for Future Leadership | 10 |
| Curriculum, Assessment and Reporting | | |
| TEAC 7100 | Principles and Practices of Evaluation | 10 |
| TEAC 7026 | Designing Curriculum Futures | 10 |
| STEM | | |
| TEAC 7121 | STEM foundations | 10 |
| TEAC 7120 | STEM Pedagogies in Practice | 10 |
| TEAC 7116 | Researching STEM Education for Future Leadership | 10 |
| TEAC 7152 | Applied Robotics and Programming in Secondary STEM Education | 10 |
| Leadership, Care & Wellbeing | | |
| TEAC 7020 | Contemporary Teacher Leadership | 10 |
| TEAC 7063 | Leadership, Mentoring and Professional Growth | 10 |
| TEAC 7068 | Learning and Teaching in Challenging Contexts | 10 |
| TEAC 5023 | Mental Health in Educational Contexts | 10 |
| Inclusive Education | | |
| TEAC 7150 | Universal Design for Learning | 10 |
| TEAC 7084 | Person-Centred Practice | 10 |
| TEAC 7051 | Inclusive Environments | 10 |

National Literacy and Numeracy TEST

Students who do not pass the National Literacy and Numeracy TEST will not be able to complete the following subject: TEAC 7155 Professional Experience 2 in the recommended sequence above.

These students should complete ONE subject from the following **Master of Educational Studies list** to be eligible to graduate with a Master of Educational Studies.

| Subject | Title | Credit Points |
|--|---|---------------|
| Choose one of the following subjects if on offer in alternate years in the Autumn session. | | |
| TEAC 7026 | Designing Curriculum Futures | 10 |
| TEAC 7051 | Inclusive Environments | 10 |
| TEAC 7068 | Learning and Teaching in Challenging Contexts | 10 |
| TEAC 7100 | Principles and Practices of Evaluation | 10 |
| TEAC 7152 | Applied Robotics and Programming in Secondary STEM Education | 10 |
| TEAC 5023 | Mental Health in Educational Contexts | 10 |
| Or one of the following subjects if on offer alternate years in the Spring session | | |
| TEAC 7013 | At the cultural interface - learning two ways | 10 |
| TEAC 7029 | Disability in Context | 10 |
| HUMN 7018 | Ecopsychology and Cultural Change | 10 |
| CEDS 7001 | Education Policy, Practice and Global Knowledge Co-construction | 10 |
| TEAC 7041 | Effective Working Relationships | 10 |
| TEAC 7043 | Engaging Communities | 10 |
| HUMN 7027 | Leading Change | 10 |
| TEAC 7144 | Technology Assisting Learning | 10 |

Students exiting from 1781 Master of Teaching (Primary)

BA Pathway to Teaching Primary Students who complete 40 credit points of the M Teach as Part of the Education Studies Major in the BA

Full-time Accelerated Pathway (1 year)

Note: Only those students with a GPA 5 for their first four subjects of study will be invited to enrol in the accelerated mode. Students need to maintain a GPA of 5 or above to enrol in the accelerated pattern of study.

Master of Engineering (3693)

Approved Abbreviation: MEng

Western Sydney University Program Code: 3693

AQF Level: 9

CRICOS Code: 042034J

This program applies to students who commenced in 2021 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For commencement year 2020, please refer to: 3693.2 Master of Engineering (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3693.2>)

For commencement year 2015 - 2019, please refer to: 3693.1 Master of Engineering (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3693.1>)

The Master of Engineering has been designed to meet Engineers Australia professional accreditation requirements. It enables professionals in Engineering and recent graduates to adapt to a dynamically developing and changing technological environment through the upgrading of their skills and knowledge. The course provides students with training opportunities to foster a culture of life-long learning. Graduates of the course will have a firm foundation to further build their skills as their specialised professional field evolves. Advanced standing may be granted for relevant prior studies.

Early Exits

Students may exit this program on completion of 80 credit points with a 3695 Graduate Certificate in Engineering (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-engineering/>) or on completion of 120 credit points with a 3694 Graduate Diploma in Engineering (exit only) (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-engineering-exit-only/>)

Study Mode

Two years full-time or four years part-time.

Program Advice

Program Advice (edbe@westernsydney.edu.au)

| Parramatta City Campus- Macquarie Street | Part Time | Internal | See above |

Accreditation

This Master of Engineering has Full Accreditation at the level of Professional Engineer at Parramatta City Campus in Civil, Environmental, Mechanical, Mechatronic, Electrical, and

Telecommunications. Graduates of this program in these six areas are eligible to apply for full membership of Engineers Australia. They are eligible to apply for Chartered Professional Engineering registration upon successful completion of required engineering practice period specified by Engineers Australia. Professional accreditation from Engineers Australia for Master of Engineering (Biomedical and Management) will be sought.

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

Inherent requirements (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_engineering_courses/)

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

Applicants must have successfully completed a recognised four year undergraduate degree, or higher, in engineering in one of the specialisations, e.g. Civil, Biomedical, Environmental, Mechatronic, Mechanical, Electrical, Telecommunication.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Additional Information

Advanced standing may be granted for relevant prior studies for students who have successfully completed an Engineers Australia accredited 4-year Bachelor of Engineering program.

Students who have successfully completed a recognised three year undergraduate degree in Science or four year Bachelor of Engineering in a different specialisation or equivalent qualifications must undertake and complete specified non-award undergraduate engineering subjects with approval of the Director of Academic Program before articulation to the Master of Engineering.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>

<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

To complete some of the components within the subjects in this program, students may be required to travel to other Western Sydney University campuses.

All students must enrol in a major before enrolling in their subjects.

Students enrolling into a double major must complete

- 60cps of core units plus
- 40cps of core double major subjects plus
- 30cps of alternate first major subjects plus
- 30cps of alternate second major subjects

Students enrolling into a single major must complete

- 60cps of core subjects plus
- 70cps of single major subjects plus
- 30cps of elective subjects at Level 7

Core Subjects

| Subject | Title | Credit Points |
|----------------------------|-----------------------------------|---------------|
| ENGR 7019 | Specialised Software Applications | 10 |
| CIVL 7014 | Sustainable Systems | 10 |
| ENGR 7028 | Engineering Project 1 (PG) | 20 |
| ENGR 7029 | Engineering Project 2 (PG) | 20 |
| Total Credit Points | | 60 |

Majors

For the Master of Engineering, students can choose a double major or a single major from the following.

Double major

- Civil and Environmental, Testamur Major (T111) (p. 778)
- Electrical and Telecommunication, Testamur Major (T113) (p. 827)
- Electrical and Biomedical, Testamur Major (T114) (p. 826)
- Mechanical and Mechatronic, Testamur Major (p. 927)

Mechatronic and Biomedical, Testamur Major (p. 937)

Telecommunication and Biomedical, Testamur Major (p. 1014)

Single major

Biomedical, Testamur Major (T055) (p. 766)

Civil, Testamur Major (T033) (p. 785)

Electrical, Testamur Major (T035) (p. 833)

Environmental, Testamur Major (T058) (p. 846)

Management, Testamur Major (p. 912)

Mechanical, Testamur Major (p. 934)

Mechatronic, Testamur Major (p. 938)

Telecommunication, Testamur Major (p. 1014)

Recommended Sequence

Qualification for the award of Master of Engineering requires the successful completion of 160 credit points and a 12-week industrial experience training program.

Students must carefully follow the requirements of their chosen double or single major in order to qualify for the Master of Engineering award. If unsure, students must seek the advice of the Academic Program Advisor.

Major subject offering is subject to sufficient demand and may not be offered annually

Elective subjects must be at Level 7.

Students enrolling in a double major have no elective spaces.

Start year intake

| Course | Title | Credit Points |
|---|-----------------------------------|---------------|
| Year 1 | | |
| Autumn session | | |
| ENGR 7019 | Specialised Software Applications | 10 |
| Three major subjects | | 30 |
| Credit Points | | 40 |
| Spring session | | |
| CIVL 7014 | Sustainable Systems | 10 |
| Three major subjects | | 30 |
| Credit Points | | 40 |
| Year 2 | | |
| Autumn session | | |
| ENGR 7028 | Engineering Project 1 (PG) | 20 |
| One major subject | | 10 |
| And one major or elective subject | | 10 |
| Credit Points | | 40 |
| Spring session | | |
| ENGR 7029 | Engineering Project 2 (PG) | 20 |
| Two specialisation or elective subjects | | 20 |
| Credit Points | | 40 |
| Total Credit Points | | 160 |

Students must also complete the following unit which is a 12-week industrial experience training program (as a condition for Engineering Australia accreditation).

| Subject | Title | Credit Points |
|-----------|----------------------------|---------------|
| ENGR 7013 | Industrial Experience (PG) | 0 |

Mid-year intake

| Course | Title | Credit Points |
|---|-----------------------------------|---------------|
| Year 1 | | |
| Spring session | | |
| CIVL 7014 | Sustainable Systems | 10 |
| Three major subjects | | 30 |
| Credit Points | | 40 |
| Autumn session | | |
| ENGR 7019 | Specialised Software Applications | 10 |
| Three major subjects | | 30 |
| Credit Points | | 40 |
| Year 2 | | |
| Spring session | | |
| ENGR 7028 | Engineering Project 1 (PG) | 20 |
| One major subject | | 10 |
| One specialisation or elective subject | | 10 |
| Credit Points | | 40 |
| Autumn session | | |
| ENGR 7029 | Engineering Project 2 (PG) | 20 |
| Two specialisation or elective subjects | | 20 |
| Credit Points | | 40 |
| Total Credit Points | | 160 |

Students must also complete the following unit which is a 12-week industrial experience training program (as a condition for Engineering Australia accreditation).

| Subject | Title | Credit Points |
|-----------|----------------------------|---------------|
| ENGR 7013 | Industrial Experience (PG) | 0 |

Master of Epidemiology (4738)

Approved Abbreviation: MEpidemiology
Western Sydney University Program Code: 4738
AQF Level: 9

CRICOS Code: 088189K

This program applies to students who commenced in 2020 or later.

The Master of Epidemiology program is designed for graduates interested in a career in health research, including clinicians (medical, nursing and allied health) and practitioners from health-related fields (public health, environmental health, communicable disease control). It provides an advanced understanding of epidemiological concepts and methods and their application in clinical, public health and health policy settings. A variety of electives allow acquisition of specialist skills and knowledge in areas including disease surveillance, research protocol design and statistical modelling. A capstone subject involving design and conduct of an epidemiological study, which may be workplace-based, allows students to integrate their knowledge and experiences from the whole program.

Director of Academic Program - Dr Kate McBride

Early Exits

Students may exit this program on completion of 40 credit points with a 4740 Graduate Certificate in Epidemiology (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-epidemiology/>) or on completion of 80 credit points with a 4739 Graduate Diploma in Epidemiology (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-epidemiology/>)

Study Mode

Two years full-time or four years part-time. A one and a half years full time program is also available, depending upon entry qualifications (see Pathways listed under Program Structure below).

Program Advice

Professor Andrew Page (<https://directory.westernsydney.edu.au/search/email/medicine@westernsydney.edu.au>)

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

Inherent requirements (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_epidemiology/)

Admission

Master of Epidemiology (160 credit points)

Applicants must have an undergraduate degree, or higher, in any discipline.

Master of Epidemiology (Advanced Standing) (120 credit points)

Applicants must have an undergraduate degree, or higher, in a health, welfare or aged care discipline.

Note: Mid-year entry is available for students already enrolled at Western Sydney University in the Master of Public Health (MPH) or Master of Health Sciences (MHSc) programs and students from other universities who meet the Admission Criteria and can prove they have satisfactorily completed subjects equivalent to core subjects in the Master of Epidemiology.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Recommended Sequence

Master of Epidemiology - 1.5 year pathway

Master of Epidemiology - Advanced Standing. One and a half year program (120 credit points)

Applicants must have an Undergraduate degree, or higher, in health, welfare or aged care discipline.

In addition to these higher qualifications, applicants with Advanced Standing must also have a demonstrated breadth of prior knowledge related to health-related policy and/or practice, including epidemiology and its research/policy applications.

| Course | Title | Credit Points |
|------------------------------|---------------------------------------|---------------|
| Year 1 | | |
| Autumn session | | |
| Core Subjects | | |
| HLTH 7008 | Introduction to Biostatistics | 10 |
| Select one of the following: | | 10 |
| PUBH 7015 | Introduction to Clinical Epidemiology | |
| PUBH 7016 | Introduction to Epidemiology | |
| Alternate subjects | | |
| Select two of the following: | | 20 |
| PUBH 7033 | The Social Determinants of Health | |
| PUBH 7005 | Controversies in Epidemiology | |

| | | |
|---|--|------------|
| PUBH 7006 | Data Management and Programming for Epidemiology | |
| PUBH 7008 | Environmental Epidemiology | |
| PUBH 7010 | Epidemiology of Non-Communicable Diseases | |
| HLTH 7015 | Qualitative Research Methodology in Health | |
| Credit Points | | 40 |
| Spring session | | |
| Core Subjects | | |
| PUBH 7002 | Analytic Approaches in Epidemiology | 10 |
| PUBH 7025 | Statistical Methods in Epidemiology | 10 |
| Alternate subjects | | |
| Select two of the following: | | 20 |
| PUBH 7004 | Communicable Diseases | |
| PUBH 7030 | Health Systems Planning and Evaluation | |
| AGEN 7005 | Research Protocol Design and Practice | |
| PUBH 7028 | Surveillance and Disaster Planning | |
| Credit Points | | 40 |
| Year 2 | | |
| Autumn session | | |
| Complete one of the following paths: | | 40 |
| HLTH 7004 | Dissertation | |
| OR | | |
| Autumn/Spring session | | |
| HLTH 7020 | Dissertation (Part Time) | |
| HLTH 7020 Dissertation (Part time) is completed over two teaching sessions, thus students will need to enrol twice in this subject. | | |
| Credit Points | | 40 |
| Total Credit Points | | 120 |

Notes:

No subjects are removed or waived from this program pathway. All prospective students must complete core, capstone and alternate subjects. Students who demonstrate that they qualify for Advanced Standing on the basis of a breadth of prior knowledge in a cognate area are exempt from completing alternate subjects that represent more specialised areas of the program.

For applicants with a background in health-related policy and/or practice, including epidemiology and its research/policy applications, subjects PUBH 7012, HLTH 7001, PUBH 7010, PUBH 7008 and PUBH 7005 do not constitute core requirements for their completion of the course.

Exit Awards

Students can elect to exit the program with a Graduate Certificate (40 credit points) or Graduate Diploma in Epidemiology (80 credit points). These are offered as 6 and 12 month full-time programs respectively, or as part-time equivalent programs.

Master of Epidemiology - 2 year pathway

Master of Epidemiology - Two year program (160 credit points)

Applicants must have either

an undergraduate degree (Level 7), or higher, in a health, welfare or aged care discipline

Or

a graduate diploma or graduate certificate in a health, welfare or aged care discipline plus at least 3 years work experience in a health, welfare or aged care discipline.

| Course | Title | Credit Points |
|---|--|---------------|
| Year 1 | | |
| Autumn session | | |
| Core Subjects | | |
| HLTH 7008 | Introduction to Biostatistics | 10 |

| Credit Points | | 40 |
| Spring session | | |
| Complete one of the following paths: | | 40 |
| HLTH 7004 | Dissertation | |
| OR | | |
| Spring/Autumn session | | |
| HLTH 7020 | Dissertation (Part Time) | |
| HLTH 7020 Dissertation (Part time) is completed over two teaching sessions, thus students will need to enrol twice in this subject. | | |
| Credit Points | | 40 |
| Total Credit Points | | 160 |

Exit Awards

Students can elect to exit the program with a Graduate Certificate (40 credit points) or Graduate Diploma in Epidemiology (80 credit points). These are offered as 6 and 12 month full-time programs respectively, or as part-time equivalent programs.

Master of Finance (2705)

Approved Abbreviation: MFin

Western Sydney University Program Code: 2705

AQF Level: 9

CRICOS Code: 048971G

This program applies to students who commenced in 2015 or later.

The Master of Finance prepares students for executive careers in finance, banking, funds management and corporate treasuries. The degree is specifically designed so that after the completion of core finance subjects, students can choose other finance subjects appropriate to their career opportunities. The degree provides students with the technical knowledge necessary to function in an evolving and increasingly sophisticated financial environment with an emphasis on the practical application of these techniques. All of the subjects have been developed by individuals who are actively involved in the financial sector.

Study Mode

One and a half years full-time or three years part-time.

Program Advice

Dr Walid Bakry (<https://directory.westernsydney.edu.au/search/profile/12178/>)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Accreditation

The Master of Finance fulfils the educational requirements for admission as a Senior Associate (SA Fin) of Finsia - the Financial Services Institute of Australasia (Finsia). Senior Associate membership with Finsia also requires at least 3 years career experience in the financial services industry. The Master of Finance also allows graduates to satisfy the education requirements for professional membership of the Finance and Treasury Association (FTA) - Certified Finance and Treasury Professional (CFTP).

Association to Advance Collegiate Schools of Business (AACSB)

This program is accredited by the Association to Advance Collegiate Schools of Business (AACSB).

Admission

Applicants must have successfully completed an undergraduate degree, or higher, in a business discipline

Or

Successfully completed an undergraduate degree, or higher, in any discipline and have a minimum of two years full-time equivalent managerial/professional work experience

Or

Successfully completed an undergraduate degree, or higher, in any discipline and have a minimum eight years full-time equivalent general work experience.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 120 credit points which includes six core subjects, a 20 credit point capstone subject and an additional four subjects chosen from a pool of alternate subjects.

| Subject | Title | Credit Points |
|----------------------|--|---------------|
| Core Subjects | | |
| ACCT 7012 | Corporate Finance | 10 |
| BUSM 7022 | Derivatives | 10 |
| BUSM 7032 | Financial Institutions and Markets (MAF) | 10 |
| FINC 7006 | Financial Modelling | 10 |
| BUSM 7035 | Funds Management and Portfolio Selection | 10 |
| BUSM 7083 | Security Analysis and Portfolio Theory | 10 |

| Alternate Subjects | | |
|--|----------------------------------|------------|
| Select four of the following: ¹ | | 40 |
| BUSM 7021 | Credit and Lending Decisions | |
| ECON 7001 | Economics | |
| BUSM 7031 | Financial Institution Management | |
| BUSM 7053 | International Finance | |
| BUSM 7072 | New Venture Finance | |
| MKTG 7024 | Property Portfolio Analysis | |
| MKTG 7014 | International Property Finance | |
| Capstone Subjects | | |
| Select one of the following: | | 20 |
| BUSM 7012 | Business Project | |
| BUSM 7055 | Internship | |
| Total Credit Points | | 120 |

¹ Students are permitted to complete up to two subjects from any other masters degree offered by the School of Business as part of the four alternate subjects.

Equivalent Subjects

The equivalent subject listed below counts toward completion of this program for students who passed this subject in 2018 or earlier.

ACCT 7020 Property Finance and Taxation, replaced by MKTG 7014 International Property Finance

Master of Financial Planning (2793)

Approved Abbreviation: MFinPlan

Western Sydney University Program Code: 2793

AQF Level: 9

This program applies to students who commenced in Q2, 2018 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

Commencement Year 2018 (Quarter 1) - 2793.4 Master of Financial Planning (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=2793.4>)

Commencement Year 2017 (Quarter 1) - 2793.3 Master of Financial Planning (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=2793.3>)

The Master of Financial Planning is a fully online program designed to provide the educational basis to enable students to increase competence as professional financial advisers and gain an advanced knowledge and understanding of the financial planning industry. With the increasing complexity of taxation laws, the ageing population and the focus on self-reliance in retirement, the financial planning industry has evolved as a distinct profession in Australia. Individuals and organisations require the skills of professionally equipped financial planners to assist them in effective investment and risk management and also with complex retirement planning strategies. The curriculum reflects the Australian environment and laws. Students may exit, on completion of 40 credit points of subjects of the program, with a Graduate Certificate in Financial Planning or on completion of 80 credit points with a Graduate Diploma in Financial Planning.

Students may be eligible for advanced standing based on their previous qualifications and work experience.

This program is accredited by the Financial Adviser Standards and Ethics Authority (FASEA) as outlined under the heading 'Accreditation' below.

The University has approval from the Tax Practitioners Board (TPB) to deliver programs in Australia taxation law for tax (financial) advisers and commercial law for tax (financial) advisers. Completion of the Master of Financial Planning satisfies the tertiary qualifications requirements to register as a Tax (Financial) Adviser. Details of which subjects must be completed to meet these requirements can be found via the link below.

TPB Tax (Financial) Adviser Registration Requirements (https://www.westernsydney.edu.au/_data/assets/pdf_file/0008/983672/Tax_Financial_Adviser_registration_requirements.pdf)

Early Exits

Students may exit this program on completion of 40 credit points with a 2795 Graduate Certificate in Financial Planning (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-financial-planning/>) or on completion of 80 credit points with a 2794 Graduate Diploma in Financial Planning (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-financial-planning/>)

Study Mode

One and a half years full-time or three years part-time.

Accreditation

This program is accredited by the Financial Planning Association of Australia (FPA). The program satisfies eligibility requirements for Financial Planner AFP® membership and educational requirements for entry into the Certified Financial Planner CFP® Certification Program of FPA (students will also receive exemption for CFP 2, 3 and 4 therefore must complete CFP 1 to be eligible to sit the CFP Certification Assessment). This program also meets the RG146 generic knowledge requirements, specialist knowledge requirements and skills requirements as they currently stand. In addition, by completing the Master of Financial Planning, students satisfy the tertiary qualifications requirements to register as a Tax (Financial) Adviser with the Tax Practitioners Board (TPB). The Master of Financial Planning is accredited by the Financial Adviser Standards and Ethics Authority (FASEA) having met the FASEA Curriculum and standards requirements for the award.

Association to Advance Collegiate Schools of Business (AACSB)

This program is accredited by the Association to Advance Collegiate Schools of Business (AACSB).

Admission

Applicants must have successfully completed an undergraduate degree, or higher, in a business discipline;

Or

Successfully completed an undergraduate degree, or higher, in any discipline and have a minimum of two years full-time equivalent managerial/professional work experience in a related field;

Or

Successfully completed an undergraduate degree, or higher, in any discipline and have a minimum of five years general work experience in a related field.

Applicants seeking admission on the basis of work experience must support their application with a current CV for all work experience listed on their application and a Confirmation of Employment for all work experience listed on the application. Only applicants seeking admission through an established industry partnership agreement can provide an agreed alternative to the Confirmation of Employment. The confirmation of employment can be either be a letter on employer letterhead specifying their role and length of service or the industry declaration form.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Association of Financial Advisers and Western Sydney University Articulation Agreement

Students who complete subjects FINC 7001 Communication and Ethics for Financial Planners and FINC 7013 Planning for Retirement in this program will receive exemption for the Association of Financial Advisers' FChFP AFA3 and AFA4. Students who have completed the Association of Financial Advisers' FChFP AFA 3 and 4 will receive exemptions for subjects FINC 7001 Communication and Ethics for Financial Planners and FINC 7013 Planning for Retirement.

Qualification for this award requires the successful completion of 120 credit points which includes twelve core subjects listed in the recommended sequence below.

Recommended Sequence

Full-time start-year intake

| Course | Title | Credit Points |
|----------------------------|---|---------------|
| Year 1 | | |
| Quarter 1 session | | |
| FINC 7001 | Communication and Ethics for Financial Planners | 10 |
| LAWS 7009 | Commercial Law | 10 |
| Credit Points | | 20 |
| Quarter 2 session | | |
| FINC 7015 | Principles of Financial Planning | 10 |
| LAWS 7031 | Principles of Taxation | 10 |
| Credit Points | | 20 |
| Quarter 3 session | | |
| FINC 7020 | Superannuation | 10 |
| FINC 7011 | Investment Planning | 10 |
| Credit Points | | 20 |
| Quarter 4 session | | |
| FINC 7010 | Insurance and Risk Management | 10 |
| FINC 7013 | Planning for Retirement | 10 |
| Credit Points | | 20 |
| Year 2 | | |
| Quarter 1 session | | |
| BUSM 7035 | Funds Management and Portfolio Selection | 10 |
| FINC 7007 | Financial Planning Research Project | 10 |
| Credit Points | | 20 |
| Quarter 2 session | | |
| LAWS 7011 | Contemporary Issues in Taxation | 10 |
| FINC 7019 | Statement of Advice Research Project | 10 |
| Credit Points | | 20 |
| Total Credit Points | | 120 |

Part-time start-year intake

| Course | Title | Credit Points |

Exit Awards

2794 Graduate Diploma in Financial Planning (p. 541) - 80 credit points, comprising eight subjects listed below:

| Subject | Title | Credit Points |
|----------------------------|---|---------------|
| LAWS 7009 | Commercial Law | 10 |
| FINC 7015 | Principles of Financial Planning | 10 |
| FINC 7020 | Superannuation | 10 |
| FINC 7011 | Investment Planning | 10 |
| LAWS 7031 | Principles of Taxation | 10 |
| FINC 7010 | Insurance and Risk Management | 10 |
| FINC 7013 | Planning for Retirement | 10 |
| FINC 7001 | Communication and Ethics for Financial Planners | 10 |
| Total Credit Points | | 80 |

2795 Graduate Certificate in Financial Planning (p. 497) - 40 credit points, comprising four subjects listed below:

| Subject | Title | Credit Points |
|----------------------------|---|---------------|
| FINC 7001 | Communication and Ethics for Financial Planners | 10 |
| LAWS 7009 | Commercial Law | 10 |
| FINC 7015 | Principles of Financial Planning | 10 |
| LAWS 7031 | Principles of Taxation | 10 |
| Total Credit Points | | 40 |

Master of Fire Safety Engineering (3705)

Approved Abbreviation: MFireSafeEng

Western Sydney University Program Code: 3705

AQF Level: 9

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year Summer A 2017/2018, please refer to: 3705.3 Master of Fire Safety Engineering (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3705.3>)

For Commencement Year 2016 - please refer to 3705.2 Master of Fire Safety Engineering (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3705.2>)

For Commencement Year 2015 - please refer to 3705.1 Master of Fire Safety Engineering (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3705.1>)

The Master of Fire Safety Engineering aims to provide professionals with the special skills and knowledge to develop, assess and evaluate fire safety engineering solutions for buildings. It is relevant to professionals developing performance solutions using the fire engineering guidelines to meet the objectives and performance requirements of building regulations. Graduates will also acquire the skill to independently appraise the literature and address fire safety engineering issues faced by the building industry. This program can be completed in two years of full-time study, but the recommended study load is completion in three years in part-time mode.

The program has been designed primarily for External delivery. Many of the units have non-compulsory workshops that can be either attended online or on campus. Students are encouraged to attend these workshops to gain the benefit of interaction with their peers. Students will need to undertake a year's relevant work experience if not already working within the fire engineering industry.

Early Exits

Students may exit this program on completion of 40 credit points with a 3792 Graduate Certificate in Fire Safety Engineering (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-fire-safety-engineering/>) or on completion of 80 credit points with a 3791 Graduate Diploma in Fire Safety Engineering (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-fire-safety-engineering/>)

Study Mode

Three years part-time. Students can fast-track by completing additional subjects per semester to complete the program earlier.

Program Advice

Program Advice (edbe@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Campus | Attendance | Mode | Advice |
|---|------------|----------|---|
| Parramatta City Campus - Macquarie Street | Part Time | External | Grahame Douglas (https://directory.westernsydney.edu.au/search/email/g.douglas@westernsydney.edu.au) |

Accreditation

This program is recognised under the NSW Building and Design Certifiers Act 2018 as meeting the requirements for Certifiers - Fire safety.

Work Integrated Learning

Students will need to undertake a year's relevant work experience if not already working within the fire engineering industry. Please contact the Program Advisor listed above for information.

Admission

There are two pathways into the Master of Fire Safety Engineering

Entry Pathway A (120cps)

Applicants must have successfully completed an undergraduate degree or higher in any field of engineering accepted under the Washington Accord, **and** at least 2 years related professional work experience in fire engineering or fire systems design (fire protection)

Entry Pathway B (160cps)

Applicants must have successfully completed an undergraduate degree or higher, in engineering, engineering science, construction management, building surveying, physical sciences or architecture, **and** at least 5 years related professional work experience in engineering, construction management, building surveying or fire systems design (fire protection).

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Recommended Sequence

The program length and structure varies based on the student's previous study background and level, and work experience.

Students are categorised into two Pathways based on their previous study background and work experience as indicated below, and their program structure and length is set accordingly.

Pathway A (120 credit points)

Applicants must have successfully completed an undergraduate degree or higher in any field of engineering accepted under the Washington Accord and at least 2 years related professional work experience in fire engineering or fire systems design (fire protection).

Qualification for this award requires the successful completion of 120 credit points as per the recommended sequence below.

² Graduate Diploma in Fire Safety Engineering (p. 543)

Master of Forensic Science (3741)

Approved Abbreviation: MForSc

Western Sydney University Program Code: 3741

AQF Level: 9

This program applies to students who commenced in University of Florida, Term 3 2021 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

Commencement Year 2017 - 3741.1 Master of Forensic Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3741.1>)

The program is designed for applicants who need advanced level knowledge across a range of forensic disciplines including crime scene investigation, fingerprint detection and identification, forensic chemistry, forensic biology, forensic toxicology, illicit drug analysis, and forensic medicine. The fully-online nature of the subjects and the flexibility available with subject selection means that the program can be adapted to suit applicants working or intending to work in areas that include forensic science laboratories, toxicology and pathology laboratories, drug assessment agencies, customs and border protection, law enforcement, and areas related to national security. The Master of Forensic Science includes two compulsory research subjects.

- This program is part of a collaborative education partnership with the University of Florida and the University of Canberra.

Early Exits

Students may exit this program on completion of 40 credit points with a 3743 Graduate Certificate in Forensic Science (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-forensic-science/>) or on completion of 80 credit points with a 3742 Graduate Diploma in Forensic Science (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-forensic-science/>)

Study Mode

One and a half years full-time or three years part-time

Admission

Applicants must have successfully completed an undergraduate degree in natural or physical sciences.

It is recommended that applicants have completed chemistry and biology subjects in their undergraduate degree.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 120 credit points including the subjects listed below.

Students may exit with a Graduate Diploma (80 credit points) or Graduate Certificate (40 credit points) on completion of the relevant subjects. Refer to links below for structure requirements for these two exit awards.

| Subject | Title | Credit Points |

| NATS 7047 | Synthetic Medicinal Chemistry | |
| NATS 7048 | Toxic Substances | |
| NATS 7049 | Toxicology of Chemical Weapons | |

Total Credit Points **120**

Equivalent Subjects

The subjects listed below count towards completion of the program for students who may have passed subjects in the list below in 2017 or earlier.

NATS 7021 - Forensic Entomology

Master of Health (Research Studies)/PhD (4681)

Approved Abbreviation: MHLth(ResSt)/PhD

CRICOS Code: 071122B

Program Status:

This program applies to students who commenced in 2010 or later.

The Master of Health (Research Studies)/PhD program is designed for professionals working in a variety of settings including health care services, hospitals, the aged care sector and community organisations, enabling them to effectively assess and respond to emerging health planning and management issues. It allows students to undertake coursework study in areas of discipline specific interest as well as providing appropriate research skills training.

The Doctor of Philosophy (PhD) component provides training and education with the objective of producing graduates with the capacity to conduct research independently at a high level of originality and quality. A PhD candidate should uncover new knowledge either by the discovery of new facts, the formulation of theories or the innovative re-interpretation of known data and established ideas.

Study Mode

Four and a half years full-time (one and a half years for the Master of Health (Research Studies) plus three years for the PhD).

Admission

This program is only available to International students. Please contact the Program Advisor for further information.

Program Structure

The Master of Health (Research Studies)/PhD degree will include a 120 credit point Master degree that has a research training component of one third (40 credit points) with a coursework component of discipline based content of two thirds (80 credit points).

The PhD component of the program will be completed according to the current Doctor of Philosophy policy.

The program will comprise the following

- Core Subjects - 30 credit points
- Research Training - 40 credit points
- Alternate Health subjects - 40 credit points
- One Elective subject - 10 credit points

Students must successfully complete the following

| Subject | Title | Credit Points |
|---|---|---------------|
| Core Subjects | | |
| PUBH 7012 | Health Economics and Comparative Health Systems | 10 |
| PUBH 7017 | Leadership and the Development of Organisational Capacity | 10 |
| PUBH 7022 | Public Health, Policy and Society | 10 |
| Research Training Component | | |
| AGEN 7005 | Research Protocol Design and Practice | 10 |
| HLTH 7014 | Professional Topic | 10 |
| NATS 7044 | Science and Health Research Project PG | 20 |
| Alternate Health Subjects | | |
| Select 40 credit points of the following: | | 40 |
| HLTH 7001 | A Global Perspective on Social Determinants of Health | |
| PUBH 7004 | Communicable Diseases | |
| PUBH 7009 | Epidemiology and Quantitative Methods | |
| NURS 7023 | Evidence Based Health Care | |
| PUBH 7011 | Health Advancement and Health Promotion | |
| PUBH 7014 | Health and Socio-political Issues in Aged Care | |
| HLTH 7007 | Health Workforce Planning | |
| PUBH 7019 | Occupational Health Management | |

PUBH 7024 Safety and Risk Management

PUBH 7028 Surveillance and Disaster Planning

Elective

Select one elective subject 10

Total Credit Points 120

Note: Enrolment in subjects other than those listed above for the Master of Health (Research Studies) portion may be possible with Director of Academic Program permission.

In order for students to progress into the PhD research program, they must have an average grade of 75 percent or greater across all subjects and have obtained a subject grade of greater than 74 percent for NATS 7044 Science and Health Research Project PG. The required research HRD documentation will be assessed by the Health and Science Research and Higher Degree Committee.

As part of this evaluation, successful candidature will be dependent on the availability of appropriate topics and available supervision. In order to facilitate this transition, students will be given ongoing academic advice regarding potential doctoral projects during the program of their Master's study.

Equivalent Subject

The equivalent subject listed below counts toward completion of this program for students who passed this subject in 2018 or earlier.

AGEN 7003 - Evidence Based Health Care, replaced by AGEN 7005 Research Protocol Design and Practice

Master of Health Science (4698)

Approved Abbreviation: MHLthSc

Western Sydney University Program Code: 4698

AQF Level: 9

CRICOS Code: 064020M

This program applies to students who commenced in Spring 2021 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

Commencement Year 2020 - 4698.3 Master of Health Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4698.3>)

Commencement Year 2016 - 4698.2 Master of Health Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4698.2>)

Commencement Year 2015 - 4698.1 Master of Health Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4698.1>)

Commencement Year 2011 - 2014 - 4651.3 Master of Health Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4651.3>)

The Master of Health Science program is designed to prepare new, aspiring and middle tier health service practitioners, planners and managers to assume a leadership role in the strategic and operational management of a wide range of health services and facilities. The content aims to develop skills in managing people, resources, systems, and processes within health services to meet the changing needs of communities, clinicians, governments and organisations. The objective of the program is to develop decision-ready practitioners who can impact positively on health service issues and systems. Graduates of this program are exposed to academic and industry leaders who share their experience and knowledge to facilitate insight

into the contemporary health service management, digital health, and workplace safety environments.

Early Exits

Students may exit this program on completion of 40 credit points with a 4701 Graduate Certificate in Health Science (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-health-science/>) or on completion of 80 credit points with a 4700 Graduate Diploma in Health Science (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-health-science/>)

Study Mode

Two years full-time or four years part-time. One and a half years full time (three years part-time) or one year full time (two years part-time) programs are also available, depending upon entry qualifications (see Pathways listed under Program Structure below).

Accreditation

The Master of Health Science (Health Service Management) has Professional Accreditation with the Australasian College of Health Service Management (ACHSM).

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/)

[services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/](https://www.westernsydney.edu.au/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/))

Professional Internship in Health – this subject will use workplace and community as a site for learning and will involve 320h of placement with a healthcare service. Assessment is undertaken by the on-site supervisors using a comprehensive form and supporting documentation and resources. Mid-placement checks with both students and supervisors are undertaken to pre-empt any concerns as well as random checks throughout. Students are required to complete academic assessment tasks, including an e-Portfolio and a workplace product at the end.

Admission

Master of Health Science (160 credit points)

Applicants must have either

An undergraduate, master or doctoral degree in any discipline

Or

A graduate diploma or graduate certificate in any discipline and three years full-time equivalent work experience in a relevant health-related discipline

Applications from Opal Aged Care employees need to be accompanied by a Statement of Service from Opal Aged Care in order to be eligible for, and processed as, an Opal Aged Care scholarship recipient.

Master of Health Science (120 credit points)

Applicants must have either

An undergraduate degree or a graduate certificate in a relevant health-related discipline

Master of Health Science (80 credit points)

Applicants must have an undergraduate honours, graduate diploma, master or doctoral degree in a relevant health-related discipline.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/international/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>

<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Special Requirements - NSW Health Legislative Pre-requisites

Student Compliance Information for all Health-Related Placements

To enrol in this program, students must meet Western Sydney University program requirements. To attend a health-related placement in this program, Special Legislative Requirements will be assessed from the first year of study.

Western Program Requirements

Visit the Special Requirements webpage for details about your program.

Special Requirements (https://www.westernsydney.edu.au/currentstudents/current_students/enrolment/special_requirements/)

Mandatory NSW Health student placement policy requirements

To be able to undertake placement in any NSW Health facility you must be assessed as compliant with NSW Health student placement policy in the first year of your program, regardless of when you expect to go on your first placement. Access and read the NSW Student Compliance Information Booklet

NSW Student Compliance Information Booklet (https://issuu.com/uwspublications/docs/ws_u_student_compliance_booklet_2020_v6/)

Please ensure that you

1. Find your existing National Police Check or apply for one
2. Gather documentary evidence of your vaccination history
3. Print and complete all relevant NSW Health forms relevant to the campus you are enrolled at or online enrolment requirements
4. Follow booklet instructions on how to have your compliance documents assessed by NSW health staff.

International students have additional requirements: the link to the booklet will inform you of these requirements.

School Requirements

Contact your School for further details regarding your School's requirements, if any, such as

- If you live outside of NSW or Australia and need to meet your state, territory or country's compliance requirements
- If you need to meet different state, territory or country compliance requirements.
- NSW Working with Children Check (WWCC) or other state equivalent, valid for your entire program.
- Current approved first aid certificate valid for your entire program - approved program providers can be found at the Government Training website

- <http://training.gov.au>
- Other non-health related requirements

Student Compliance Resources are also available on the Placements Hub web page (NSW students only)

https://www.westernsydney.edu.au/learning_futures/home/placements_hub/placements_hub/student_compliance (https://www.westernsydney.edu.au/learning_futures/home/placements_hub/placements_hub/student_compliance/)

Special Requirements

For students who elect to undertake the HLTH 7030/ HLTH 7026 Professional Internship in Health subject, please be aware that if you are undertaking the placement; (1) a public hospital, you must meet the necessary legislative requirements as part of their employment conditions. (2) a private hospital, you must meet any special requirements of the hospital which may differ from public institutions, (3) an organisation either in or outside of NSW, you will need to comply with the requirements of the relevant state-based body and the organisation.

Program Structure Sydney City Campus

Click here for the recommended sequence at Sydney City Campus (https://www.westernsydney.edu.au/city/courses/postgraduate/master_of_health_science/).

Online and Parramatta Campus Health Services Management

This major is designed for health practitioners who require skills in contemporary management and their application in the health care setting. Particular emphasis is placed on critical and analytic skills in health service governance, financing, quality and safety, and planning and evaluation, thus providing graduates with the ability to respond effectively to changes as they arise. Students in this major can further focus their studies in areas relevant to health service managers, such as project management, aged care management, human resource management and research and development.

Health Services Management, Testamur Major (T019) (p. 873)

Occupational Health and Safety

This major focuses on the practice of workplace health within national and international frameworks. It explores issues such as the physical, social and mental impact of the occupational environment on health. Strategies for the management of workplace health are examined, together with methods of monitoring and evaluating occupational health programs. Students have the opportunity to develop a safety systems program concentrating on hazard identification, risk assessment and devising control measures incorporating safety management principles. Students in this major can further focus their studies in areas relevant workplace health and safety officers, such as project management, and research and development.

Occupational Health and Safety, Testamur Major (p. 951)

Digital Health

The Digital Health major combines the opportunity to study contemporary issues associated with information management in healthcare organisations with the integration of a sound understanding of the impact of digital health, as well as the development and implementation of projects and programs relating to this growing and critical area in both organisations and professional practice. The major would be of interest to clinicians, health management and science (information engineering) professionals, and personnel

working in health corporate roles with responsibilities in health data and information. Students in this major can further focus their studies in aspects of innovation and entrepreneurship, and research and development in the digital health space.

Digital Health, Testamur Major (T089) (<https://hbook.westernsydney.edu.au/majors-minors/digital-health-testamur-major/>)

Master of Human Resource Management (2798)

Approved Abbreviation: MHRM

Western Sydney University Program Code: 2798

AQF Level: 9

CRICOS Code: 093560J

This program applies to students who commenced in 2017 or later.

This program equips graduates to work in the field of human resource management. Key functional areas are considered within a strategic and contextualised framework, with an underlying objective of searching for ways to strengthen organisations for all stakeholders. This education extends the necessary knowledge base for working in employment relations, but the emphasis is knowledge in action, as inspired by the Australia Human Resource Institute's capabilities for HR professionals and Western Sydney University graduate attributes designed to secure success.

Study Mode

One year full-time or two years part-time.

Program Advice

Dr Hilal Hurriyet (sgsmclientservices@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

|--|------------|----------|-----------|
| Parramatta City Campus- Macquarie Street | Full Time | Internal | See above |
| Parramatta City Campus- Macquarie Street | Part Time | Internal | See above |

Accreditation

The Master of Human Resource Management is accredited by the Australian Human Resources Institute (AHRI). Accreditation means that the program has effective quality assurance and that learning addresses the Model of Excellence of the AHRI, derived from international research on HR competencies. Graduates of the Masters qualification who have met the requisite work experience requirements will be eligible for direct entry into the Program 4 Capstone: Applied Project in Organisational Capability of the AHRI Practising Certification Program (APC). Completion of the Capstone project will award AHRI certification, Certified Practitioner (CPHR).

Association to Advance Collegiate Schools of Business (AACSB)

This program is accredited by the Association to Advance Collegiate Schools of Business (AACSB).

Admission

- Applicants must have successfully completed a graduate certificate, or higher, in a business discipline; Or
- Successfully completed an undergraduate degree in a Business discipline (specifically human resource management, human resource development, industrial relations, employment relations, organisational development or related discipline) with a GPA of 5.0 or WAM (Weighted Average Mark) of 65+ (if provided on the academic record); Or
- Successfully completed an undergraduate degree, or higher, in any discipline and a minimum of two years full-time equivalent managerial/professional work experience in roles facilitating human resource management, organisational development and training, and employment relations, or in related roles; Or
- Successfully completed an undergraduate degree, or higher, in any discipline and a minimum of five years general work experience in human resource management, organisational development and training, and employment relations, or in related roles.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Work experience will require validation by employer and cannot be used both as a means of admission and as the basis of an application for advanced standing. Work experience will be evaluated to assess whether prospective students have demonstrated a verifiable capability in management such that they are enabled to undertake the discipline-specific learning contained in this Masters-level program. This criterion is impacted directly by the requirements of a curriculum that addresses AQF Level 9 knowledge and skill outcomes including a stipulation that graduates have cognitive skills to demonstrate mastery of theoretical knowledge in management and to reflect critically on theory and professional practice or scholarship.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 80 credit points which includes eight core subjects.

| Subject | Title | Credit Points |

Master of Humanitarian and Development Studies (1866)

Approved Abbreviation: MHumanDevSt
Western Sydney University Program Code: 1866
AQF Level: 9

CRICOS Code: 096600D

NOTE: Program 1866 Master of Humanitarian and Development Studies is no longer available. From Spring session 2022, if you're interested in completing the replacement program, please apply for 1895 Master of Humanitarian and Development Studies (<https://hbook.westernsydney.edu.au/programs/master-humanitarian-development-studies-1895/>).

This program applies to students who commenced in 2018 or later.

The Master of Humanitarian and Development Studies (M.HADS) responds to the need for qualified workers in disaster relief and development, in government and non-government agencies involved in humanitarian operations and development practice; addressing challenges and opportunities associated with various forms of national and international migration; public health programming, preparedness and response; and building the resilience of vulnerable populations. The

purpose of the programme is for the practical application of specialised theoretical knowledge in humanitarian and development contexts. This is complemented by pathways to advanced research, and by career development support through extensive networks and partnerships, including with International non-government organisations. M.HADS graduates will complete 120 credit points to develop specific skills that are situated in practice and geared towards further learning. They will be able to act with autonomy and accountability in complex areas of risk, equipped with the knowledge derived from substantial research in the coursework, and a placement experience with an industry partner. The structure of the M.HADS is tailored towards individual needs and interests, and is linked to the specific industry requirements of humanitarian and development practitioners.

The M. HADS has both entry and exit points for the Graduate Diploma in Humanitarian and Development Studies (Grad. Dip. HADS) and the Graduate Certificate in Humanitarian and Development Studies (Grad. Cert. HADS).

Early Exits

Students may exit this program on completion of 40 credit points with a 1868 Graduate Certificate in Humanitarian and Development Studies (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-humanitarian-development-studies/>) or on completion of 80 credit points with a 1867 Graduate Diploma in Humanitarian and Development Studies (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-humanitarian-development-studies/>)

Study Mode

One and a half years full-time or three years part-time.

| HUMN 7055 | Social Science Training Placement | |
| Credit Points | | 40 |
| Total Credit Points | | 120 |

Equivalent core subjects

The core subjects listed below count towards completion of this course for students who passed these subjects in 2020 or earlier.

HUMN 7036 - Research in the Social Sciences
 HUMN 7052 - Humanitarian and Development Research Project, Replaced by HUMN 7054 Social Science Research Project
 HUMN 7053 - Humanitarian and Development Training Placement, Replaced by HUMN 7055 Social Science Training Placement

Master of Inclusive Education (1720)

Approved Abbreviation: MInclEd

Western Sydney University Program Code: 1720

AQF Level: 9

This program applies to students who commenced in 2022 or later.

For Commencement Year 2H 2019 to 2H 2021 - please refer to 1720.3 Master of Inclusive Education (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1720.3>) For Commencement Year 2016 to 1H 2019 - please refer to 1720.2 Master of Inclusive Education (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1720.2>)

The Master of Inclusive Education is a post-initial teaching qualification designed to allow teachers to apply their learning to their current workplace and interests in the rapidly changing landscape of inclusive education and person-centred practice. Through a deep examination of current research and theory, teachers not only develop the skills and knowledge necessary to work effectively with students, their families and other professionals but themselves become practitioner researchers. Available to teachers from Australia and overseas, qualified primary and secondary teachers with the Master of Inclusive Education are recognised as Special Education teachers for K-12 by the NSW Department of Education.

Early Exit(s)

Students may exit this program on completion of 40 credit points with a 1721 Graduate Certificate in Inclusive Education (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-inclusive-education/>) or on completion of 80 credit points with a 1722 Graduate Diploma in Inclusive Education (EX) (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-inclusive-education-exit-only/>)

Study Mode

One to one and a half years full-time or two to three years part-time

Program Advice

Dr Roberto Parada (PGSpecialistACA@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/>)

future/) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Online | Part Time | Online | See above |

Accreditation

Qualified primary or secondary teachers who complete the Master of Inclusive Education will become recognised Special Education teachers across K-12 with the NSW Department of Education.

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

Admission

Applicants for admission into the Master of Inclusive Education must have successfully completed an undergraduate degree, or higher, in teaching/education that leads to a professional teaching qualification. An undergraduate degree in teaching includes the historical 2-3 year Diploma of Teaching/Education prior to 1987.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

The program is not available to onshore international student visa holders.

Additional Information for Applicants

International applicants who are non-student visa holders, and are in a permissible visa category, must apply directly to the University of Western Sydney via WSU International.

<https://www.westernsydney.edu.au/international> (<https://www.westernsydney.edu.au/international/>) |

International students who did not complete their undergraduate degree in Australia must also meet English Language proficiency requirements:

- IELTS (Academic) - 6.5 overall score with a minimum 6.0 in each subtest
- TOEFL - 575 (minimum 4.5 in TWE)
- TOEFL computer based test - 232 (minimum 4.5 in essay writing)
- TOEFL Internet based test - 89 (writing = 21 and all subtests = 18)
- Cambridge Certificate in Advanced English - (CAE)
- Grade = B
- Cambridge Certificate of Proficiency in English
- Grade = C

The IELTS test scores must appear on a single IELTS TRF and be the result of a test undertaken during the 12-month period prior to submitting an application.

Special Requirements Prerequisites

Prior to enrolling to subject TEAC 7101 Professional Experience (Additional Needs) students must satisfactorily complete the Special Requirements listed below.

1. Students are required to complete the TWO components of the Working with Children Check (WWCC) process leading to
 - a) the issuance of a clearance number under the category of volunteer and
 - b) verification of the clearance number with the NSW Department of Education.

a) Students will need to:

- i. Access the Commission for Children and Young People website and complete an online application form to generate an application number.
- ii. Present an application number and identification to a Service NSW office who will issue a Working with Children Check number via mail or email.
- iii. Submit the letter with a valid Working With Children Check number via Western Now portal where the document will be recorded against your academic record.

b) Students will need to:

- i. Access the NSW Department of Education WWCC Verification webpage
- ii. Carefully read the information about Identity Documents and obtain a copy of the relevant ID documents
- iii. Complete the Practicum Students Declaration form
- iv. Submit the Practicum Students Declaration form and copy of the relevant ID documents to wwcc@det.nsw.edu.au using your student email account. In the Subject of the email write your name and Pre-service Teacher WWCC verification. e.g. Mina Smith Primary Preservice Teacher WWCC verification. Once your WWCC verification is complete you will receive an email reply from the DoE Probity Unit confirming your WWCC number has been verified.
- v. Submit this verification confirmation email via Western Now portal
- vi. Both your WWCC number and date and WWCC verification will be trimmed and recorded on your student record as Special Requirements.

2. Students must complete the TWO components of the NSW Department of Education's Child Protection Awareness Training (CPAT)

- i. Access the NSW Department of Education's MyPL website <https://mypl.education.nsw.gov.au/> (<https://mypl.education.nsw.gov.au/auth/login/?returnUrl=%2F>)
- ii. Complete the online Child Protection Awareness Training
- iii. Save certificate of completion

- iv. Submit Certificate of completion via WesternNow portal
- v. Complete the Annual Child Protection Awareness Training (CPAT)
- vi. Save certificate of completion
- vii. Submit certificate of completion via WesternNow portal
- viii. Both certificates will be recorded on your student record as Special Requirements with the end date for the Annual CPAT which will need to be renewed and submitted on an annual basis.

Students who have not completed Child Protection Awareness Training will need to withdraw from the subject.

3. Students must complete the ASCIA anaphylaxis e-training and email their certificate to Anaphylaxis@westernsydney.edu.au

Advanced Standing

Students with a postgraduate (Level 8) qualification OR a bachelor qualification (Level 7) plus 3 years full-time work (or part-time equivalent) experience in the fields of teaching/education, can apply for up to 40 credit points of Advanced Standing.

Program Structure

Qualification for this award requires the successful completion of 120 credit points – by completing 3 core subjects and 9 subject from the list of alternate subjects.

Students may exit with a Graduate Diploma after the successful completion of 80 credit points of study or Graduate Certificate after the successful completion of 40 credit points of study of the relevant subjects, selected from a restricted list of the Master of Inclusive Education subjects. Refer to Exit Awards listed below.

Recommended Sequence

Students successfully complete three core subjects and nine alternate subjects from the Alternate subjects listed below.

| Subject | Title | Credit Points |
|--|---|---------------|
| Core Subjects | | |
| TEAC 7115 | Researching Practice | 10 |
| TEAC 7111 | Professional Project | 10 |
| TEAC 7101 | Professional Experience (Additional Needs) | 10 |
| Alternate Subjects | | |
| Select nine subjects of the following (the first ten subjects below are only on offer once every two years): | | 90 |
| TEAC 7051 | Inclusive Environments | |
| TEAC 7029 | Disability in Context | |
| TEAC 7084 | Person-Centred Practice | |
| TEAC 7144 | Technology Assisting Learning | |
| TEAC 7041 | Effective Working Relationships | |
| TEAC 7010 | Assessing to Support Learning | |
| TEAC 7072 | Managing Challenging and Diverse Behaviour | |
| TEAC 7150 | Universal Design for Learning | |
| TEAC 7068 | Learning and Teaching in Challenging Contexts | |
| TEAC 7100 | Principles and Practices of Evaluation | |
| TEAC 7002 | Addressing Diversity in Mathematics Teaching and Learning | |
| TEAC 7011 | Assessment and Intervention for Mathematics and Numeracy Learning | |
| Total Credit Points | | 120 |

Exit Awards

Graduate Diploma in Inclusive Education (p. 550)

Graduate Certificate in Inclusive Education (p. 502)

Master of Information and Communications Technology (3699)

Approved Abbreviation: MICT

Western Sydney University Program Code: 3699

AQF Level: 9

CRICOS Code: 063546M

This program applies to students who commenced in 2018 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year Spring 2017, please refer to: 3699.3 Master of Information and Communications Technology (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3699.3>)

For Commencement Year Autumn 2017, please refer to: 3699.2 Master of Information and Communications Technology (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3699.2>)

Master of Information and Communications Technology (MICT) sets the foundation for students to advance their careers in ICT and/or continue further learning in this discipline. Students will be required to complete a work experience component in addition to a number of core and elective subjects. Students may also chose to complete a field of study out of the available fields for this program. This program is focused on getting students engaged in enquiry-based learning to acquire knowledge in established theories and recent state-of-the-art developments. Students are also expected to develop skills in problem solving and research practice and apply those skills in a professional and ethical framework to develop themselves as lifelong learners.

Early Exits

Students may exit this program on completion of 80 credit points with a 3701 Graduate Certificate in Information and Communications Technology (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-information-communications-technology/>) or on completion of 120 credit points with a 3700 Graduate Diploma in Information and Communications Technology (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-information-communications-technology/>)

Study Mode

Two years full-time or one and a half years full time depending upon entry qualifications (see Pathways listed under Program Structure below) or the equivalent part-time.

Accreditation

The Master of Information and Communication Technology is accredited at Professional Level by the Australian Computer Society.

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

Minimum admission requirements to this program are: An undergraduate degree or Masters degree in any discipline.

Additional Information

This program has three Pathways (A, B and C) that vary in length and structure based on previous study and work experience.

Pathway A - Applicants must have successfully completed an undergraduate degree in any discipline.

Pathway B - Applicants must have successfully completed an Honours or Master degree in any discipline.

Pathway C - Applicants must have successfully completed an Australian Computer Society accredited (or equivalent) undergraduate degree in Information and Communication Technologies, Computing or Information Systems

Or

An undergraduate degree in any discipline AND a Graduate Certificate or Graduate Diploma in ICT.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Sydney City Campus

Click here for the recommended sequence at Sydney City Campus. (https://www.westernsydney.edu.au/city/courses/postgraduate/master_of_information_and_communications_technology/)

Parramatta Campus

The program length and structure varies based on the student's previous study background and level, and work experience.

Students are categorised into three Pathways based on their previous study background and work experience as indicated below and program structure and length is set accordingly. See individual links for detailed program structure.

Pathway A Core subjects

| Subject | Title | Credit Points |
|-----------|--|---------------|
| INFO 7005 | IT Project Management | 10 |
| INFO 7016 | Postgraduate Project A | 10 |
| COMP 7013 | Network Technologies | 10 |
| ENGR 7017 | Professional Practice and Communication | 10 |
| NATS 7057 | Research Preparation in Post Graduate Studies | 10 |
| INFO 7003 | Advanced Topics in User System Interaction | 10 |
| COMP 7015 | Programming Proficiency | 10 |
| INFS 7007 | Systems Analysis and Database Management Systems | 10 |

Pathway A - students complete one of the listed Majors below.

And select four subjects from Foundation, Specialised or Multi-disciplinary subject lists in addition to those completed for a Major.

Additional Completion Requirements

Students must complete a four week full-time or part-time equivalent industry placement as a Work Integrated Learning (WIL) component and must enrol in the ICT Practicum subject to receive recognition for WIL.

| Subject | Title | Credit Points |
|-----------|---------------|---------------|
| INFO 7004 | ICT Practicum | 0 |

Students must also complete one of the listed Majors below.

Artificial Intelligence, Testamur Major (T002) (p. 761)
 Cloud and Distributed Computing, Testamur Major (T121) (p. 793)
 Cybersecurity, Testamur Major (T003) (p. 813)
 Data Analytics, Testamur Major (T004) (p. 814)
 Digital Futures, Testamur Major (T005) (p. 818)
 Health Informatics, Testamur Major (T007) (p. 867)
 Information Governance, Testamur Major (T122) (p. 892)
 Innovation and Entrepreneurship, Testamur Major (T008) (p. 894)
 Management, Testamur Major (p. 912)
 Networking, Testamur Major (p. 950)
 Web and Mobile Computing, Testamur Major (p. 1017)

Pathway B Core subjects

| Subject | Title | Credit Points |
|-----------|--|---------------|
| INFO 7005 | IT Project Management | 10 |
| INFO 7016 | Postgraduate Project A | 10 |
| COMP 7013 | Network Technologies | 10 |
| ENGR 7017 | Professional Practice and Communication | 10 |
| NATS 7057 | Research Preparation in Post Graduate Studies | 10 |
| INFO 7003 | Advanced Topics in User System Interaction | 10 |
| COMP 7015 | Programming Proficiency | 10 |
| INFS 7007 | Systems Analysis and Database Management Systems | 10 |

Pathway B - students complete one of the listed Majors below.

Subjects for the Majors are included in the Foundation, Specialised or Multi-disciplinary subject lists.

Additional Completion Requirements

Students must complete a four week full-time or part-time equivalent industry placement as a Work Integrated Learning (WIL) component and must enrol in the ICT Practicum subject to receive recognition for WIL.

| Subject | Title | Credit Points |
|-----------|---------------|---------------|
| INFO 7004 | ICT Practicum | 0 |

Students must also complete one of the listed Majors below.

Artificial Intelligence, Testamur Major (T002) (p. 761)
 Cloud and Distributed Computing, Testamur Major (T121) (p. 793)
 Cybersecurity, Testamur Major (T003) (p. 813)
 Data Analytics, Testamur Major (T004) (p. 814)
 Digital Futures, Testamur Major (T005) (p. 818)

Health Informatics, Testamur Major (T007) (p. 867)
 Information Governance, Testamur Major (T122) (p. 892)
 Innovation and Entrepreneurship, Testamur Major (T008) (p. 894)
 Management, Testamur Major (p. 912)
 Networking, Testamur Major (p. 950)
 Web and Mobile Computing, Testamur Major (p. 1017)

Pathway C Core subjects

| Subject | Title | Credit Points |
|-----------|---|---------------|
| INFO 7005 | IT Project Management | 10 |
| INFO 7016 | Postgraduate Project A | 10 |
| COMP 7013 | Network Technologies | 10 |
| ENGR 7017 | Professional Practice and Communication | 10 |
| NATS 7057 | Research Preparation in Post Graduate Studies | 10 |

Pathway C - students complete one of the listed Majors below.

And one subject from Foundation or Specialised subject lists in addition to those completed for a Major.

And two subjects from Foundation, Specialised or Multi-disciplinary subject lists in addition to those completed for a Major.

Additional Completion Requirements

Students must complete a four week full-time or part-time equivalent industry placement as a Work Integrated Learning (WIL) component and must enrol in the ICT Practicum subject to receive recognition for WIL.

| Subject | Title | Credit Points |
|-----------|---------------|---------------|
| INFO 7004 | ICT Practicum | 0 |

Students must also complete one of the listed Majors below.

Artificial Intelligence, Testamur Major (T002) (p. 761)
 Cloud and Distributed Computing, Testamur Major (T121) (p. 793)
 Cybersecurity, Testamur Major (T003) (p. 813)
 Data Analytics, Testamur Major (T004) (p. 814)
 Digital Futures, Testamur Major (T005) (p. 818)
 Health Informatics, Testamur Major (T007) (p. 867)
 Information Governance, Testamur Major (T122) (p. 892)
 Innovation and Entrepreneurship, Testamur Major (T008) (p. 894)
 Management, Testamur Major (p. 912)
 Networking, Testamur Major (p. 950)
 Web and Mobile Computing, Testamur Major (p. 1017)

Foundation subjects

Note: Subjects in this list may be included in the program structure as Core Subjects and cannot be selected as one of the list subjects.

| Subject | Title | Credit Points |
|-----------|--|---------------|
| INFO 7003 | Advanced Topics in User System Interaction | 10 |

| COMM 7011 | Researching Convergent Media | 10 |
| BUSM 7084 | Start-up | 10 |
| BUSM 7086 | Strategic Business Management | 10 |
| BUSM 7099 | Understanding Contemporary Organisations | 10 |

Equivalent Subjects

The subjects listed below count towards completion of the program for students who may have passed subjects in the list in 2020 or earlier.

BUSM 7094 - The Contemporary Business Environment
 MECH 7004 - Advanced Mobile Robotics
 MECH 7005 - Advanced Robotics
 MECH 70008 - Genomic Data Science
 INFO 7008 - Modern Software Architectures

The core subjects listed below count towards completion of this program for students who passed these subjects in 2020 or earlier.
 ENGR 7018 - Research Preparation in Post Graduate Studies, replaced by NATS 7057 Research Preparation in Post Graduate Studies

COOM 7007 - Media Project Proposal, replaced by COMM 7013 Ideate, Develop: Makerspace 1
 ENGR 7014 - Master Project 1

The subjects listed below count towards completion of this program for students who passed these subjects in 2021 or earlier.

MATH 7011 Predictive Analytics, replaced by COMP 7023 Predictive Analytics

Replaced Testamur Majors

The Testamur Majors listed below count towards completion of this program for students who began studying these testamur majors prior to the years indicated below.

ST3064 Artificial Intelligence, Testamur Major (<http://handbook.westernsydney.edu.au/hbook/specialisation.aspx?unitset=ST3064.1>), replaced by Artificial Intelligence, Testamur Major in 2021 (listed above).

ST3054 Distributed Computing, Testamur Major (<http://handbook.westernsydney.edu.au/hbook/specialisation.aspx?unitset=ST3054.1>), replaced by Cloud and Distributed Computing, Testamur Major in 2021 (listed above).

ST3055 Health Informatics, Testamur Major (<http://handbook.westernsydney.edu.au/hbook/specialisation.aspx?unitset=ST3055.1>), replaced by Health Informatics, Testamur Major in 2021 (listed above).

ST3050 (<http://handbook.westernsydney.edu.au/hbook/specialisation.aspx?unitset=ST3050.1>) Web and Mobile Computing (<http://handbook.westernsydney.edu.au/hbook/specialisation.aspx?unitset=ST3050.1>), Testamur Major (<http://handbook.westernsydney.edu.au/hbook/specialisation.aspx?unitset=ST3055.1>), replaced by Web and Mobile Computing, Testamur Major in 2021 (listed above).

Recommended Sequence

Students are categorised into three Pathways based on their previous study background and work experience as indicated below and

program structure and length is set accordingly. See individual links for detailed program structure.

Additional Completion Requirements

Students must complete a four week full-time or part-time equivalent industry placement as a Work Integrated Learning (WIL) component and must enrol in the ICT Practicum subject to receive recognition for WIL.

| Subject | Title | Credit Points |
|-----------|---------------|---------------|
| INFO 7004 | ICT Practicum | 0 |

Pathway A - Two Years

Students who have been admitted with non-Computing, non-ICT or non-Information Systems with Bachelor Qualifications are eligible to complete the two year Pathway below.

Qualification for this award requires the successful completion of 160 credit points including the subjects listed below plus 120 hours (full time or part-time equivalent) of work experience component.

Full-time start-year intake

| Course | Title | Credit Points |

Master of Information and Communications Technology (Advanced) (3698)

Approved Abbreviation: MICTAdv
Western Sydney University Program Code: 3698
AQF Level: 9

CRICOS Code: 063545A

This program applies to students who commenced in 2018 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2015 and 2016, please refer to: 3698.1 Master of Information and Communications Technology (Advanced) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3698.1>)

Master of Information and Communications Technology - Advanced (MICT-Adv) program is for students seeking to progress their knowledge in ICT discipline. This program is designed to provide in-depth knowledge in a range of theories and state-of-the-art developments in ICT. Students will be required to complete a work experience component and a field of study, in addition to a number of core and elective subjects. The program aims to develop students with knowledge and skills required in problem solving and research practice and provide opportunities to apply those skills and knowledge in a

professional and ethical framework to develop themselves as lifelong learners.

Early Exits

Students may exit this program on completion of 80 credit points with a 3701 Graduate Certificate in Information and Communications Technology (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-information-communications-technology/>) or on completion of 120 credit points with a 3700 Graduate Diploma in Information and Communications Technology (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-information-communications-technology/>) or on completion of 160 credit points with a 3699 Master of Information and Communications Technology (<https://hbook.westernsydney.edu.au/programs/master-information-communications-technology/>)

Study Mode

Two and a half years full-time or two years full time depending upon entry qualifications (see Pathways listed under Program Structure below) or the equivalent part-time.

Program Advice

Program Advice (CDMS@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Campus | Attendance | Mode | Advice |
|-----------------------------------|------------|----------|-----------|
| Parramatta Campus - Victoria Road | Full Time | Internal | See above |
| Parramatta Campus - Victoria Road | Part Time | Internal | See above |

Accreditation

The Master of Information and Communications Technology (Advanced) is accredited at Professional Level by the Australian Computer Society.

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

Minimum admission requirements to this program are: An undergraduate degree or Masters degree in any discipline.

This program has three Pathways (A, B and C) that vary in length and structure based on previous study and work experience.

Pathway A - Applicants must have successfully completed an undergraduate degree in any discipline.

Pathway B - Applicants must have successfully completed an Honours or Master degree in any discipline.

Pathway C - Applicants must have successfully completed an Australian Computer Society accredited (or equivalent) undergraduate degree in Information and Communication Technologies, Computing or Information Systems

Or

An undergraduate degree in any discipline and a Graduate Certificate or Graduate Diploma in ICT.

Additional Information

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

The program length and structure varies based on the student's previous study background and level, and work experience.

Pathway A Core subjects

| Subject | Title | Credit Points |
|-----------|--|---------------|
| INFS 7003 | Advanced Topics in ICT | 10 |
| COMP 7003 | Big Data | 10 |
| INFO 7005 | IT Project Management | 10 |

| BUSM 7084 | Start-up | 10 |
| BUSM 7086 | Strategic Business Management | 10 |
| BUSM 7099 | Understanding Contemporary Organisations | 10 |

Equivalent Subjects

The subjects listed below count towards completion of the program for students who may have passed subjects in the list in 2020 or earlier.

BUSM 7094 - The Contemporary Business Environment
 MECH 7005 - Advanced Robotics
 MECH 7004 - Advanced Mobile Robotics
 MECH 70008 - Genomic Data Science
 INFO 7008 - Modern Software Architectures

The core subjects listed below count towards completion of this program for students who passed these subjects in 2020 or earlier.
 ENGR 7018 - Research Preparation in Post Graduate Studies, replaced by NATS 7057 Research Preparation in Post Graduate Studies

COOM 7007 - Media Project Proposal, replaced by COMM 7013 Ideate, Develop: Makerspace 1

ENGR 7014 - Master Project 1
ENGR 7015 - Master Project 2

The subjects listed below count towards completion of this program for students who passed these subjects in 2021 or earlier.

MATH 7011 Predictive Analytics, replaced by COMP 7023 Predictive Analytics

Replaced Testamur Majors

The Testamur Majors listed below count towards completion of this program for students who began studying these testamur majors prior to the years indicated below.

ST3064 Artificial Intelligence, Testamur Major (<http://handbook.westernsydney.edu.au/hbook/specialisation.aspx?unitset=ST3064.1>), replaced by Artificial Intelligence, Testamur Major in 2021 (listed above).

ST3054 Distributed Computing, Testamur Major (<http://handbook.westernsydney.edu.au/hbook/specialisation.aspx?unitset=ST3054.1>), replaced by Cloud and Distributed Computing, Testamur Major in 2021 (listed above).

ST3055 Health Informatics, Testamur Major (<http://handbook.westernsydney.edu.au/hbook/specialisation.aspx?unitset=ST3055.1>), replaced by Health Informatics, Testamur Major in 2021 (listed above).

ST3050 (<http://handbook.westernsydney.edu.au/hbook/specialisation.aspx?unitset=ST3055.1>) Web and Mobile Computing (<http://handbook.westernsydney.edu.au/hbook/specialisation.aspx?unitset=ST3050.1>), Testamur Major (<http://handbook.westernsydney.edu.au/hbook/specialisation.aspx?unitset=ST3055.1>), replaced by Web and Mobile Computing, Testamur Major in 2021 (listed above).

Recommended Sequence

Students are categorised into three Pathways based on their previous study background and work experience as indicated below and program structure and length is set accordingly. See individual links for detailed program structure.

Additional Completion Requirements

Students must complete a four week full-time or part-time equivalent industry placement as a Work Integrated Learning (WIL) component and must enrol in the ICT Practicum subject to receive recognition for WIL.

| Subject | Title | Credit Points |
|-----------|---------------|---------------|
| INFO 7004 | ICT Practicum | 0 |

Pathway A - Two and a Half Years

Students who have been admitted with non-Computing, non-ICT or non-Information Systems with Bachelor Qualifications are eligible to complete the two and a half year Pathway below.

Qualification for this award requires the successful completion of 200 credit points including the subjects listed below plus 120 hours (full time or part-time equivalent) of work experience component.

Full-time start-year intake

Master of Interpreting and Translation (1777)

Approved Abbreviation: MInterp&Trans

Western Sydney University Program Code: 1777

AQF Level: 9

CRICOS Code: 084736J

This program applies to students who commenced in 2020 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2018 and 2019 - Please refer to 1777.3 Master of Interpreting and Translation (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1777.3>)

For Commencement Year 2017 - please refer to 1777.2 Master of Interpreting and Translation (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1777.2>)

For Commencement Year 2015 and 2016 - please refer to 1777.1 Master of Interpreting and Translation (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1777.1>)

The Master of Interpreting and Translation provides suitably qualified graduates with training in interpreting and translation leading to eligibility to sit for certification by the National Accreditation Authority for Translators and Interpreters (NAATI) at the Certified Interpreter and Translator level. The Master of Arts Translation and Interpreting Studies is also available as an exit award for students who are unable to pass LANG 7030 Preparation for NAATI Certification (PG) and who undertake an additional PG subject instead. The Graduate Certificate in Interpreting and Translation (p. 506), the Graduate Diploma in Interpreting Studies (p. 555), and the Graduate Diploma in Translation Studies (p. 569) are available as early exit points from this program. Subject to demand, the following languages are available: Arabic, Japanese, Mandarin, Korean, Vietnamese and Spanish.

- Director of Academic Program - Assoc Prof Robert Mailhammer

Early Exits

Students may exit this program on completion of 40 credit points with a 1602 Graduate Certificate in Interpreting and Translation (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-interpreting-translation/>) or on completion of 80 credit points with a 1778 Graduate Diploma in Interpreting Studies (exit only) (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-interpreting-studies-exit-only/>) or 1779 Graduate Diploma in Translation Studies (exit only) (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-translation-studies-exit-only/>)

Study Mode

Two years full-time or four years part-time.

Program Advice

Dr Kenny Wang (<https://directory.westernsydney.edu.au/search/email/enquiriesHCA@westernsydney.edu.au>)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

|--|-----------|----------|-----------|

Accreditation

This program is an Endorsed Qualification for the National Accreditation Authority for Translators and Interpreters (NAATI) at the Certified Interpreter and Translator level (formerly Level 3). Students who wish to sit for NAATI Certification must pass the subject LANG 7030 Preparation for NAATI Certification (PG). Students who are unable to pass this subject will be able to graduate with the Master of Arts in Translation and Interpreting Studies as an alternative exit, provided they pass an alternative subject of 10 credit points.

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

Applicants must have successfully completed an undergraduate degree or postgraduate qualification in any discipline; and Applicants must have an IELTS score of 6.5 or equivalent, with a minimum 6.0 in each subtest, and have native or near-native proficiency in one of the following languages: Arabic, Mandarin, Japanese, Korean, Spanish or Vietnamese.

There are 2 pathways for entry

The native or near-native language proficiency requirement applies to both pathways.

Pathway 1

Pathway 1 is for students from cognate disciplines. Students entering the program with an undergraduate degree or postgraduate qualification in Interpreting and/or Translation, or a substantial component of Interpreting and/or Translation in their previous studies (major, etc), will receive advanced standing of 40 credit points. Students then complete 120 credit points.

Credit will be awarded for:

- LANG 7020 Introduction to Interpreting PG
- LANG 7021 Introduction to Translation PG
- LANG 7025 Languages and Linguistics Special Project

And one from the following two subjects:

- TEAC 7005 Advanced Academic English Skills
- TEAC 7044 English Linguistics for TESOL

Pathway 2

Pathway 2 is for students from non-cognate disciplines. Students entering the program with an undergraduate or postgraduate qualification in a non-cognate discipline must complete 160 credit points in the Master of Interpreting and Translation.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Advanced standing

Students who enter with a degree in a cognate discipline will receive 40 credit points in advanced standing. These students will need to complete the remaining 120 credit points from the Interpreting and Translation pool.

Program Structure

All students must complete the two subjects listed below and 140 credit points from the Interpreting and Translation pool.

| Subject | Title | Credit Points |
|----------------------------|--|---------------|
| LANG 7017 | Interpreting and Translation Professional Practicum (PG) | 10 |
| LANG 7030 | Preparation for NAATI Certification (PG) | 10 |
| Total Credit Points | | 20 |

Interpreting and Translation Pool

| Subject | Title | Credit Points |
|-----------|--|---------------|
| TEAC 7005 | Advanced Academic English Skills | 10 |
| LANG 7004 | Audiovisual Translation: Subtitling and Captioning | 10 |
| LANG 7006 | Business Interpreting | 10 |
| LANG 7007 | Community and Social Services Translation (PG) | 10 |
| LANG 7008 | Conference Interpreting | 10 |
| TEAC 7044 | English Linguistics for TESOL | 10 |

| LANG 7030 | Preparation for NAATI Certification (PG) | 10 |

| | |
|--|------------|
| Select two subjects from the Interpreting and Translation Pool | 20 |
| Credit Points | 40 |
| Total Credit Points | 160 |

Master of Laws (2824)

Approved Abbreviation: LLM

Western Sydney University Program Code: 2824

AQF Level: 9

CRICOS Code: 0101780

Program Status:

This program applies to students who commenced in 2020 or later.

The Master of Laws (LLM) provides law and non-law graduates with a flexible postgraduate opportunity to develop advanced, integrated and contemporary knowledge in one or more areas of legal study. The LLM is a sophisticated degree with substantial consideration of relevant international, professional and transdisciplinary aspects of the law which will enhance student career expertise and prospects. The program develops advanced legal research and writing skills and enhances the ability of students to critically evaluate complex legal issues within a global context. All students will have the opportunity to apply their legal knowledge and skills by conducting independent research and by engaging in analytical studies on specialised topics in the student's areas of interest.

The program offers an invaluable opportunity for law graduates without experience in a legal environment to be supervised and mentored by experienced legal practitioners through a legal placement subject. There is no tuition fee associated with this subject and the subject may be undertaken at the same time as the academic subjects.

Students may select a major in International Governance. This major enables students to enhance their knowledge and skills of both private and public law issues related to corporate governance, with a strong theoretical core, and a series of subjects providing specialist information and skills.

Study Mode

Two years full-time, one and a half years full-time or one year full-time depending upon entry qualifications (see Pathways listed under Program Structure) or the equivalent part-time.

Program Advice

Work Integrated Learning

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is an optional work component available in this program. Please contact the Program Advisor listed above for information.

International students should be aware that if an elective is a requirement of the program but the work itself was not registered with CRICOS, students can still complete these electives but it would be counted towards the work limitation. For more details, refer to the 'Work Integrated Learning (WIL) for international students' website.

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

The Master of Laws (LLM) is open to graduates with or without a law degree. Different admission pathways, based on recognition of prior learning, apply to law and non-law graduates.

Program duration is typically one year for an 80 credit point pathway, one and a half years for a 120 credit point pathway and two years for a 160 credit point pathway.

Applicants with a Law Degree

On enrolment in this program, based on previous study and work experience, students can follow either an 80 or 120 credit point entry pathway.

Entry Pathway 1 (80 credit points)

Applicants must have successfully completed, in any jurisdiction, any one of the following:

Bachelor of Laws (Honours) degree or Juris Doctor degree, at honours standard, or equivalent

Or

Graduate Certificate, or higher, in Law

Or

Bachelor of Laws degree or Juris Doctor degree, or equivalent, without honours and two years' full time equivalent of documented relevant professional experience.

The applicant does not have to be admitted to practice as a lawyer in a jurisdiction.

Entry Pathway 2 (120 credit points)

Applicants must have successfully completed, in any jurisdiction, a:

Bachelor of Laws degree or Juris Doctor degree, or equivalent, without honours and without at least two years documented relevant professional experience.

The applicant does not have to be admitted to practice as a lawyer in a jurisdiction.

Applicants with a Non-law Degree

On enrolment in this program, based on previous study and work experience, students can follow an 80 or 120 credit point entry pathway.

Entry Pathway 3 (80 credit points)

Applicants must have successfully completed any one of the following:

Bachelor (Honours) degree in any discipline or equivalent, **and** two years full-time equivalent relevant professional experience

Or

Graduate Certificate, or higher, in any discipline and two years full-time equivalent documented relevant professional experience

Or

Bachelor degree in any discipline, or equivalent, without honours, and five years full-time equivalent relevant professional experience

Entry Pathway 4 (120 credit points)

Applicants must have successfully completed

Bachelor degree in any discipline, or equivalent, and two years full-time equivalent relevant professional experience

Or

Bachelor degree in any discipline, or equivalent, and five years full-time equivalent general work experience.

Applicants With or Without a Law Degree

On enrolment in this program, based on previous study, students can follow a 160 credit point entry pathway.

Entry Pathway 5 (160 credit points)

Applicants must have successfully completed a Bachelor degree in any discipline, or equivalent.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>

<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Special Requirements Prerequisites

Students enrolling in work placement subjects may need to have a National Police Certificate and consent or prohibited employment declarations as they may be conducting their placement in circumstances where they work with minors. This would be managed on an as needs basis.

Program Structure

The program length and structure varies based on the student's previous study background and work experience.

Master of Laws (Law Graduate) - 80cp pathway

Qualification for this award requires the successful completion of 80 credit points comprising 20 credit points of core subjects plus 60 credit points of Major and/or alternate subjects as specified below.

Core Subjects (20 credit points)

| Subject | Title | Credit Points |
|----------------------------|---------------------------------------|---------------|
| LAWS 7027 | Legal Philosophy and Methodology | 10 |
| LAWS 7021 | International Governance Dissertation | 10 |
| Total Credit Points | | 20 |

Major (40 credit points) optional

Completion of the major is optional.

International Governance, Testamur Major

Alternate Subjects

Students who choose to undertake the International Governance (p. 900) major are required to complete 40 credit points from the pool of alternate subjects below. (Note: two of the subjects in the major are also core subjects in 2824 Master of Laws)

Students who do not choose to undertake the International Governance major are required to complete 60 credit points from the pool of alternate subjects below.

| Subject | Title | Credit Points |
|------------------------------------|--|---------------|
| LAWS 5006 | Law and Literature | 10 |
| LAWS 7018 | International Corporate Governance | 10 |
| LAWS 7013 | Global Governance and Sustainability | 10 |

Optional Major

Students may select an optional testamur major in International Governance (p. 900) (refer to the pathways listed above for details)

International Governance, Testamur Major (p. 900)

Master of Management (2797)

Approved Abbreviation: MMgt

Western Sydney University Program Code: 2797

AQF Level: 9

CRICOS Code: 092788G

This program applies to students who commenced in Q3, 2016 or later.

Through the Master of Management, Western Sydney University offers a study of contemporary management theory and practice in a global and Australian context. Within a program of integrated study, students utilise strategic analysis and examine strategic options, to assess how individuals, systems and procedures, can most effectively operate. Throughout the program students examine and reflect upon the management techniques and strategies required for effective leadership. Our program of learning encourages students to take responsibility for their learning and to engage with the wider community, business and government.

Study Mode

One year full-time or two years part-time.

Program Advice

Dr Hilal Hurriyet (<https://directory.westernsydney.edu.au/search/profile/12178/>)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Campus | Attendance | Mode | Advice |

| Parramatta City Campus- Macquarie Street | Full Time | Internal | See above |
| Parramatta City Campus- Macquarie Street | Part Time | Internal | See above |

Accreditation

This program is accredited by the Association to Advance Collegiate Schools of Business (AACSB).

Admission

Applicants must have successfully completed a graduate certificate, or higher, in a business discipline;

Or

Successfully completed an undergraduate degree in a Business discipline (specifically management, operations management, entrepreneurship, managing the environment, business analytics, compliance management, leadership, strategic business management, organisational development or related discipline) with a GPA of 5.0 or WAM (Weighted Average Mark) of 65+ (if provided on the academic record);

Or

Successfully completed an undergraduate degree, or higher, in any discipline and a minimum of two years full-time equivalent senior managerial work experience in roles determining or facilitating an organisation's goals or strategies, resource management and business control, directing a part of a business, managing the environment, developing resources across organisation units and divisions, or in related roles;

Or

Successfully completed an undergraduate degree, or higher, in any discipline and a minimum of five years management work experience in unit and project management and supervision, managing stakeholders or in related roles.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Work experience will require validation by the relevant employer and cannot be used both as a means of admission and as the basis of an application for advanced standing. Work experience will be evaluated to assess whether prospective students have demonstrated a verifiable capability in management such that they are enabled to undertake the discipline-specific learning contained in this Masters-level program. This criterion is impacted directly by the requirements of a curriculum that addresses AQF Level 9 knowledge and skill outcomes including a stipulation that graduates have cognitive skills to demonstrate mastery of theoretical knowledge in management and to reflect critically on theory and professional practice or scholarship.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-

NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 80 credit points which includes six core subjects and a choice of two alternate subjects.

| Subject | Title | Credit Points |

Master of Marketing (2817)

Approved Abbreviation: MMkt

Western Sydney University Program Code: 2817

AQF Level: 9

CRICOS Code: 099241 J

This program applies to students who commenced in 2019 or later.

Technology has dramatically changed the way marketing professionals design, implement and evaluate marketing strategies. With an emphasis on digital marketing, this program prepares suitably qualified people for positions in marketing through an industry informed and applied education approach. The program is ideally suited for those wanting to cultivate their marketing knowledge to perform as managerial and professional marketers in a digitally informed environment.

Early Exit

Students may exit this program on completion of 40 credit points with a 2818 Graduate Certificate in Marketing (exit only) (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-marketing-exit-only/>)

Study Mode

Two years full time or four years part-time. One and a half years full time (three years part-time) or one year full time (two years part-time)

programs are also available, depending upon entry qualifications (see Pathways listed under Program Structure).

Master of Medicine (Allergic Diseases) (4753)

Approved Abbreviation: MMed(AllergicDis)
Western Sydney University Program Code: 4753
AQF Level: 9

Master of Medicine (Allergic Diseases)

The Master of Medicine (Allergic Diseases) equips medical practitioners in clinical practice with advanced theoretical knowledge and clinical expertise in allergic diseases and core epidemiological research methods. Students will build on and integrate skills through online and face to face learning activities over a three year program. The program will enable students to competently diagnose and manage patients with allergic diseases, and critically appraise new concepts and evidence for clinical and research use. Students will gain the fundamental epidemiological and statistical concepts and skills required to design and conduct studies and pursue further research training in allergic diseases.

Director of Academic Program - Dr Kate McBride

Early Exit

Students may exit this program on completion of 40 credit points with a 4755 Graduate Certificate in Allergic Diseases (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-allergic-diseases/>) or on completion of 80 credit points with a 4754 Graduate Diploma in Allergic Diseases (exit only) (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-allergic-diseases-exit-only/>)

Study Mode

Three years part-time

Program Advice

Dr Miriam Codarini (medicine@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Admission

Applicants must be qualified and registered medical practitioners (doctors) in current clinical practice in Australia or New Zealand. Only local applicants who are citizens or permanent residents of Australia or citizens of New Zealand will be eligible to enrol in this program.

Applicants for the Masters program will follow one of three admission pathways

1. Applicants with no prior postgraduate qualification or training in allergic diseases will enrol through the standard admission pathway.
2. Applicants with a Graduate Certificate in Allergic Diseases qualification from Western Sydney University will enrol through one of two pathways
 - a. Students who completed the degree between 2012 and 2017 must apply for recognition of prior learning for 40 credit points (Allergic Sciences, Clinical Allergy). If approved, students will be eligible to enrol in Year 2 of the Masters program, and must successfully complete Reflective Clinical Allergy Practice before undertaking successive subjects (Nutritional Aspects of Allergic Diseases, Mental Health Aspects of Allergic Diseases) MEDI 7002 Allergic Sciences 1

MEDI 7009 Clinical Allergy

- b. Students who completed the degree from 2018 onwards with a minimum credit grade average must apply for recognition of prior learning for 40 credit points (Allergic Sciences 1, Allergic Sciences 2). If approved, students will be eligible to enrol in Year 2 of the Masters program.
3. Applicants with prior postgraduate qualifications or training in allergic diseases from a tertiary institution other than Western Sydney University or an accredited professional organisation (e.g. Royal Australasian College of Physicians) must apply for recognition of prior learning. If approved, students will be eligible to enrol in the Masters program at the level determined by their prior learning.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Special Requirements Prerequisites

Students must supply a certified copy of their medical degree (MBBS, MBChB or equivalent qualification) and current medical registration, and proof of proficiency in English (if medical qualification was obtained overseas) at the time of application. In addition, students for the Graduate Diploma in Allergic Diseases (exit only) and Master of Medicine (Allergic Diseases) must be qualified and registered medical practitioners in clinical practice, and be able to access a specialist Immunology and Allergy clinic.

Program Structure

Qualification for this award requires the successful completion of 120 credit points which include the subjects listed in the recommended sequence.

Note: The yearlong subject MEDI 7009 Clinical Allergy will consist of 50 hours of supervised consultation of patients with allergic disease within the setting of a specialist Immunology/Allergy clinic. Students will also need to attend the Australasian Society of Clinical Immunology and Allergy (ASCI) Annual Scientific Meeting and the annual MacArthur Series in Immunology and take part in two program-specific workshops.

Recommended Sequence

Qualification for this award requires the successful completion of 120 credit points as per the recommended sequence below.

| Course | Title | Credit Points |
|---|---|---------------|
| Year 1 | | |
| 1H session | | |
| MEDI 7002 | Allergic Sciences 1 | 20 |
| Credit Points | | 20 |
| 2H session | | |
| MEDI 7003 | Allergic Sciences 2 | 20 |
| Students may exit with a Graduate Certificate in Allergic Diseases ¹ | | |
| Credit Points | | 20 |
| Year 2 | | |
| 1H session | | |
| For new students: | | |
| MEDI 7022 | Nutritional Aspects of Allergic Diseases | 10 |
| MEDI 7009 | Clinical Allergy | 10 |
| For students with existing Graduate Certificate in Allergic Diseases qualification: | | |
| MEDI 7029 | Reflective Clinical Allergy Practice | |
| Credit Points | | 20 |
| 2H session | | |
| MEDI 7021 | Mental Health Aspects of Allergic Diseases (for all students) | 10 |
| Select one of the following: | | |
| | | 10 |
| For new students: | | |
| MEDI 7009 | Clinical Allergy | |
| For students with existing Graduate Certificate in Allergic Diseases: | | |
| MEDI 7022 | Nutritional Aspects of Allergic Diseases | |
| Students may exit with a Graduate Diploma in Allergic Diseases ² | | |
| Credit Points | | 20 |
| Year 3 | | |
| 1H session | | |
| Select one of the following: | | |
| PUBH 7015 | Introduction to Clinical Epidemiology | |
| PUBH 7016 | Introduction to Epidemiology | |
| And select one of the following | | |
| PUBH 7011 | Health Advancement and Health Promotion (Capstone subject) | |
| HLTH 7015 | Qualitative Research Methodology in Health (Capstone subject) | |
| Select one alternate subject from the list below | | |
| | | 10 |
| Credit Points | | 30 |
| 2H session | | |
| HLTH 7008 | Introduction to Biostatistics | 10 |
| And select one of the following capstone subject (if not done in 1H session) | | |
| AGEN 7005 | Research Protocol Design and Practice | |

Or choose one alternate subject from the list below

| Credit Points | 10 |
|---------------------|-----|
| Total Credit Points | 120 |

¹ 4755 Graduate Certificate in Allergic Diseases (p. 481)

² 4754 Graduate Diploma in Allergic Diseases (p. 524)

Alternate Subjects

| Subject | Title | Credit Points |
|-----------|--|---------------|
| PUBH 7002 | Analytic Approaches in Epidemiology | 10 |
| PUBH 7006 | Data Management and Programming for Epidemiology | 10 |
| PUBH 7008 | Environmental Epidemiology | 10 |
| PUBH 7010 | Epidemiology of Non-Communicable Diseases | 10 |
| HLTH 7015 | Qualitative Research Methodology in Health | 10 |
| PUBH 7025 | Statistical Methods in Epidemiology | 10 |
| PUBH 7033 | The Social Determinants of Health | 10 |

Master of Medicine (Pathology) (4750)

Approved Abbreviation: MMed(Path)

Western Sydney University Program Code: 4750

AQF Level: 9

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2019 - please refer to 4750.2 Master of Medicine (Pathology) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4750.2>)

For Commencement Year 2017 to 2018 - please refer to 4750.1 Master of Medicine (Pathology) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4750.1>)

The Masters of Medicine (Pathology) program by coursework is offered to local and international medical graduates who are undertaking specialist training in Anatomical Pathology. It is a 2 year program with online learning modules covering both surgical pathology and cytopathology, and is aimed to endow the candidates with the necessary level of diagnostic knowledge which will aid in their successful completion of specialist training in Pathology. Recently qualified pathologists may also find the program useful to consolidate their knowledge and diagnostic skills. All the assessments are online. There is 2 weeks of a non-compulsory conference held every year at the university. Students are urged to attend however the entire content of this conference is available to all students online.

Director of Academic Program - Dr Kate McBride

Study Mode

Two years part-time.

Program Advice

Dr Tristan Rutland (<https://directory.westernsydney.edu.au/search/email/medicine@westernsydney.edu.au>)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Campus | Attendance | Mode | Advice |
|--------|------------|--------|-----------|
| Online | Part Time | Online | See above |

Accreditation

The program is designed to help meet the expectations required to obtain Fellowship to practice as a qualified Anatomical Pathologist either locally or overseas.

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

Inherent requirements for Medicine (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_medicine_courses/)

Admission

Applicants must have

Completed Bachelor of Medicine/Bachelor of Surgery (MBBS) or equivalent Australian or overseas degree in Medicine and current employment in a supervised training position in Anatomical Pathology as approved by The Royal College of Pathologist of Australasia (RCPA) or equivalent overseas college. The student must remain in such employment for the 2 year duration of this program.

Or

For applicants who are qualified pathologists, proof of fellowship with Royal College of Pathologist of Australasia (RCPA) or international equivalent and registration with AHPRA or other appropriate regulatory body.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service (<https://www.westernsydney.edu.au/future/study/how-to-apply/postgraduate-students.html>)

For off-shore international students, IELTS 6.5 overall or equivalent is also required.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

It will be required that a candidate is currently in a supervised specialist training in Pathology, and hence be working clinically in a hospital/laboratory setting. In order to be enrolled in the program it is a requirement to have full-time employment in the cognate professional area and as such students will be engaged in cognate informal learning at their workplace. This workplace based learning will be assessed through case studies based on cases that the candidate encounters during their employment.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Program Structure

Qualification for this award requires the successful completion of 80 credit points including the subjects listed below.

Please note, the program is 2-year program and cyclic. The candidates either start at Year 1 1H or Year 2 1H.

| Course | Title | Credit Points |
|----------------------|---|---------------|
| Year 1 | | |
| 1H session | | |
| MEDI 7070 | General Surgical and Central Nervous System Pathology | 10 |
| MEDI 7068 | Cytopathology, Small Biopsy and Cardiorespiratory Pathology | 10 |
| Credit Points | | 20 |
| 2H session | | |
| MEDI 7073 | Surgical Pathology of the Genito-urinary Uract, Salivary Gland and Endocrine System | 10 |
| MEDI 7071 | Surgical Pathology of Skin, Bone and Soft Tissue | 10 |
| Credit Points | | 20 |
| Year 2 | | |
| 1H session | | |
| MEDI 7069 | General Surgical Pathology and Gastrointestinal Pathology | 10 |
| MEDI 7067 | Cytopathology, Small Biopsy and Breast Pathology | 10 |
| Credit Points | | 20 |

2H session

| | | |
|----------------------------|--|-----------|
| MEDI 7074 | Surgical Pathology of the Head and Neck, Haematopathology and Paediatric Pathology | 10 |
| MEDI 7072 | Surgical Pathology of the Female Genital Tract | 10 |
| Credit Points | | 20 |
| Total Credit Points | | 80 |

Equivalent Core Subjects

The core subjects listed below count towards completion of this program for students who passed these subjects in 2021 or earlier.

MEDI 7032 Surgical Pathology 1, replaced by MEDI 7070 General Surgical and Central Nervous System Pathology

MEDI 7013 Cytopathology and Small Biopsy Pathology 1, replaced by MEDI 7068 Cytopathology, Small Biopsy and Cardiorespiratory Pathology

MEDI 7033 Surgical Pathology 2, replaced by MEDI 7073 Surgical Pathology of the Genito-urinary Uract, Salivary Gland and Endocrine System

MEDI 7034 Surgical Pathology 3, replaced by MEDI 7071 Surgical Pathology of Skin, Bone and Soft Tissue

MEDI 7035 Surgical Pathology 4, replaced by MEDI 7069 General Surgical Pathology and Gastrointestinal Pathology

MEDI 7014 Cytopathology and Small Biopsy Pathology 2, replaced by MEDI 7067 Cytopathology, Small Biopsy and Breast Pathology

MEDI 7036 Surgical Pathology 5, replaced by MEDI 7074 Surgical Pathology of the Head and Neck, Haematopathology and Paediatric Pathology

MEDI 7037 Surgical Pathology 6, replaced by MEDI 7072 Surgical Pathology of the Female Genital Tract

Master of Mental Health Nursing (4719)

Approved Abbreviation: MMentHlthNurs

Western Sydney University Program Code: 4719

AQF Level: 9

Program Status:

This program applies to students who commenced in 2015 or later.

This program provides students with the theoretical knowledge and critical thinking skills to prepare them for advanced practice in mental health nursing, across a range of health care settings. Graduates will be able to apply advanced practice, concepts and analysis in mental health nursing to promote optimal health outcomes for clients with mental illness. Opportunities will be provided for students to undertake in-depth study into aspects of mental health and mental illness relevant to their specific area of practice.

Early Exits

Students may exit this program on completion of 40 credit points with a 4721 Graduate Certificate in Mental Health Nursing (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-mental-health-nursing/>) or on completion of 80 credit points with a 4720 Graduate Diploma in Mental Health Nursing (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-mental-health-nursing/>)

hbook.westernsydney.edu.au/programs/graduate-diploma-mental-health-nursing/)

Study Mode

One and a half years full-time or three years part-time.

| Online | Part Time | Online | See above |

Admission

All applicants must meet the following criteria to be eligible for entry:

Registered Nurse or Midwife (currently registered to practise with the Australian Health Practitioner Regulation Agency - Nursing and Midwifery). Any other type of registration (non-practising, limited, or student) is not acceptable for this program.

And

Completion of an undergraduate degree in health-related sciences (AQF Level 7 or equivalent), such as health science, human science, midwifery, naturopathy, nursing, nutrition, psychology or Completion of a Graduate Diploma in Mental Health Nursing (AQF Level 8 or equivalent).

And

One year full-time equivalent work experience as a registered nurse or registered midwife within the last five years.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC). Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

<https://westernsydney.uac.edu.au/ws/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-

NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 120 credit points including the subjects listed below

| Subject | Title | Credit Points |
|------------------------------|---|---------------|
| NURS 7006 | Biological Considerations in Mental Health and Mental Illness for Advanced Practice | 10 |
| NURS 7013 | Clinical Supervision in Health Care | 10 |
| NURS 7018 | Contemporary Professional Practice in Mental Health Nursing | 10 |
| NURS 7023 | Evidence Based Health Care | 10 |
| NURS 7029 | Mental Health Assessment and Application | 10 |
| NURS 7030 | Mental Health Nursing Practice 1 | 10 |
| NURS 7031 | Mental Health Nursing Practice 2 | 10 |
| NURS 7041 | Psychopharmacology for Advanced Practice Mental Health Nurses | 10 |
| Select two electives | | 20 |
| Select one of the following: | | 20 |
| NURS 7065 | Capstone Experience in Health Care | |
| NURS 7042 | Research Project in Health Care | |
| Or two of | | |
| NURS 7043 | Scholarship for Practice Change in Health Care | |
| NURS 7045 | Writing for Publication | |
| Total Credit Points | | 120 |

Master of Nurse Practitioner (Mental Health) (4745)

Approved Abbreviation: MNursPract(MentHlth)

Western Sydney University Program Code: 4745

AQF Level: 9

Nurse Practitioners are expected to be clinical leaders who work autonomously from a sound evidence base, instigate diagnostic investigations, prescribe medication within an approved formulary, and refer judiciously. Students of this program undertake subjects that will prepare them for the role of Nurse Practitioner in the specialist area of mental health. This study program incorporates areas of advanced health assessment, clinical leadership, evidence-based nursing, diagnostic skills, therapeutic management, psychopharmacology, evaluation and collaboration in care. Students also have the opportunity to complete specialist electives to suit their particular practice setting.

Early Exit

Students may exit this program on completion of 80 credit points with a 4746 Graduate Diploma in Nursing Leadership (Mental Health) (exit only (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-nursing-leadership-mental-health-exit-only/>))

Study Mode

Three years part-time.

Master of Nursing (4722)

Approved Abbreviation: MNurs

Western Sydney University Program Code: 4722

AQF Level: 9

CRICOS Code: 085665M

This program applies to students who commenced in Spring 2021 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2017, please refer to 4722.2 Master of Nursing (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4722.2>)

For Commencement Year 2015, please refer to: 4722.1 Master of Nursing (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4722.1>)

The aim of the Master of Nursing is to provide Registered Nurses with the theoretical knowledge and critical thinking skills to prepare them for advanced practice in the clinical setting. Students will be able to align their career goals with one of a number of professional pathways. Majors available include include clinical leadership, clinical teaching, or tuberculosis management. Opportunities will be provided for students in their final sessions of study to synthesise and apply advanced nursing concepts through a capstone experience or research project relevant to their professional goals.

Early Exits

Students may exit this program on completion of 40 credit points with a 4724 Graduate Certificate in Nursing (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-nursing/>) or on completion of 80 credit points with a 4723 Graduate Diploma in Nursing (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-nursing/>)

Study Mode

One and a half years full-time or three years part-time.

One year full-time (two years part-time) program is also available, depending on entry qualifications (see Pathway details).

Program Advice

Dr Linda Gregory (l.gregory@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

naturopathy, nursing, nutrition, psychology OR completion of a Graduate Diploma in Nursing (AQF Level 8 or equivalent), or higher, in a health-related discipline

and
Two years full-time equivalent work experience as a registered nurse or registered midwife within the last five years.

Additional Information

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 120 credit points (1.5 year Pathway) or 80 credit points (1 year Pathway).

Students may complete the Master of Nursing (Postgraduate Nursing - no major) or may enrol in and complete one of three Majors.

- Clinical Leadership
- Clinical Teaching
- Tuberculosis Management

See individual links below for detailed program structure.

Master of Nursing (no specialisation) 1 and 1.5 year pathways
Postgraduate Nursing, Major (p. 958)

Master of Nursing (Clinical Leadership) 1 and 1.5 year pathways
Clinical Leadership, Testamur Major (T013) (p. 789)

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

Inherent Requirements (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_postgraduate_nursing_courses/)

Admission

Candidature for admission to the Master of Nursing and the various majors are detailed below:

Master of Nursing 1.5-year Pathway (120 credit points)

Registered Nurse (currently registered with the Australian Health Practitioner Regulation Agency – Nursing and Midwifery), or eligibility for same, or certificate of registration of nursing, within the last five years, in their own country. Any other type of registration (non-practicing, limited, or student) is not acceptable for this program

and

Completion of an undergraduate degree in health-related sciences (AQF Level 7 or equivalent), in health science, human science, midwifery, naturopathy, nursing, nutrition, psychology.

Master of Nursing 1 year Pathway (80 credit points)

Registered Nurse (currently registered with the Australian Health Practitioner Regulation Agency – Nursing and Midwifery), or eligibility for same, or certificate of registration of nursing, within the last five years, in their own country. Any other type of registration (non-practicing, limited, or student) is not acceptable for this program

and

Completion of an undergraduate degree in health-related sciences (AQF Level 7 or equivalent), in health science, human science, midwifery,

Master of Nursing (Clinical Teaching) 1 and 1.5 year pathways

Clinical Teaching, Testamur Major (T014) (p. 792)

Master of Nursing (Tuberculosis Management) 1 and 1.5 year pathways

Tuberculosis Management, Testamur Major (p. 1015)

Master of Nursing (Professional Studies) (4735)

Approved Abbreviation: MNurs(ProfStudies)

Western Sydney University Program Code: 4735

AQF Level: 9

CRICOS Code: 086213J

This program applies to students who commenced in 2015 or later.

The aim of the Master of Nursing (Professional Studies) is to provide students who hold an undergraduate nursing degree with the theoretical knowledge and critical thinking skills to enhance their practice in the contemporary clinical setting. Opportunities will be provided for students in their final sessions of this qualification to synthesise and apply advanced nursing concepts through their capstone experience.

Early Exits

Students may exit this program on completion of 40 credit points with a 4737 Graduate Certificate in Nursing (Professional Studies) (exit only) (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-nursing-professional-studies-exit-only/>) or on completion of 80 credit points with a 4736 Graduate Diploma in Nursing (Professional Studies) (exit only) (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-nursing-professional-studies-exit-only/>)

Study Mode

Two years full time or four years part-time.

Program Advice

Admission

Candidature for admission to the Master of Nursing (Professional Studies) is based on admission requirements detailed below.

Completion of an undergraduate degree in nursing (AQF Level 7 or equivalent).

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

International students currently completing an Australian Year 12 in or outside Australia, an International Baccalaureate in Australia or a New Zealand National Certificate of Educational Achievement (NCEA) level 3 must apply via UAC International.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 160 credit points including the subjects listed below.

| Subject | Title | Credit Points |
|--|--|---------------|
| Required Programs | | |
| NURS 7019 | Cultural and Social Diversity in Health Care | 10 |

| NURS 7040 Perspectives on Nursing | 10 |
| PUBH 7020 Policy, Power and Politics in Health Care Provision | 10 |
| Select two electives | 20 |
| Capstone Subject | |
| NURS 7065 Capstone Experience in Health Care | 20 |
| Total Credit Points | 160 |

Elective subjects

Students may select their electives from any program offered by the university, provided any requisite requirements are met.

Master of Planning (1712)

Approved Abbreviation: MPlan

Western Sydney University Program Code: 1712

AQF Level: 9

CRICOS Code: 080224K

This program applies to students who commenced in 2020 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2015 to 2019 - Please refer to 1712.2 Master of Planning (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1712.2>)

For Commencement Year 2014 - Please refer to 1712.1 Master of Planning (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1712.1>)

This program is offered at the Parramatta City campus. However, some subjects may be offered at other campuses or by alternative modes of delivery.

The Master of Planning is a two year program in urban and regional planning. The degree equips the students with professional and scholarly education to take a leadership role in statutory town planning practice as well as policy development. This program has a strong emphasis on research rooted in social sciences and in the fast growing Greater Western Sydney Region. The coursework includes learning and training in history and theory, governance, professional practice, economic development, sustainability, transport planning, spatial analysis, and legal frameworks for planning.

Study Mode

Two years full-time or four years part-time.

Equivalent Core Subjects

The Core Subjects listed below counts towards completion of this course for students who passed this subject in 2020 or earlier.

ARCH 7013 - Green Urbanscapes: Bio-Physical Functions and Services, replaced by ARCH 7020 Cool Green Cities

Master of Professional Accounting (2689)

Approved Abbreviation: MProfAcc

Western Sydney University Program Code: 2689

AQF Level: 9

CRICOS Code: 021362M

This program applies to students who commenced in 2018 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

Commencement Years Quarter 3, 2016 to Quarter 4, 2017 - 2689.4 Master of Professional Accounting (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=2689.4>)

The Master of Professional Accounting (MPA) program is specifically designed to comply with the accreditation requirements of CPA Australia, the Chartered Accountants Australia and New Zealand (CAANZ) and the Institute of Public Accountants (IPA). This program combines an in-depth theoretical knowledge of accounting with relevant skills and expertise that enable students to become professional accounting practitioners. The program delivers a contemporary education in accounting principles and procedures supported by knowledge of the associated disciplines of law, economics and finance. Students will learn to apply accounting concepts, theories and models through a range of individual and collaborative means, including industry relevant projects and realistic business problems.

Early Exit

Students may exit this program on completion of 40 credit points with a 2790 Graduate Certificate in Accounting (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-accounting/#text>)

Study Mode

One and a half years full-time or three years part-time.

Master of Professional Psychology (1814)

Approved Abbreviation: MProfPsy

Western Sydney University Program Code: 1814

AQF Level: 9

CRICOS Code: 088715D

This program applies to students who commenced in 2021 or later.

For Commencement Year 2020 - please refer to 1814.4 - Master of Professional Psychology (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1814.4>)

For Commencement Year 2019 - please refer to 1814.3 - Master of Professional Psychology (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1814.3>)

For Commencement Year 2018 - please refer to 1814.2 Master of Professional Psychology (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1814.2>)

The Master of Professional Psychology is designed to develop competent professional psychologists.

The objective of the Master of Professional Psychology is to provide one year of full time training in the professional practice of psychology sufficient to prepare students for a final year of supervised internship to complete registration requirements.

This program provides key training in ethics, psychopathology and psychological assessment, and therapeutic interventions. These are tailored to a range of mental health care issues, experienced within diverse contexts and across the lifespan and other professional skills including comprehensive training in disability, for the achievement of 50% of the requirements towards full registration as a generalist psychologist. To achieve full registration after the completion of this one-year degree, students must undertake additional appropriately supervised placement hours which students themselves arrange in the following year.

Study Mode

One year full-time or two years part-time.

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

Admission to the Master of Professional Psychology program is based on academic merit, two referee reports and performance at a selection interview to determine capability for practitioner competency. For domestic students, selection interviews are held between October and December each year; for international students these are held once the application has been received.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via Universities Admissions Centre (UAC) by 31 October at the following link:<http://www.uac.edu.au> (<http://www.uac.edu.au/>)

Late or incomplete applications will not be considered.

International applicants must apply directly to Western Sydney University via the International Office

International Office (<https://www.westernsydney.edu.au/international/>)

Admission Criteria for Master of Professional Psychology

Places will be offered to qualified applicants based on academic merit and interview performance according to the following admission criteria.

- Completion of an Australian Psychology Accreditation Council (APAC) accredited four-year undergraduate Psychology degree within the last 10 years, with an indicative academic achievement, based on entry in previous years, of a grade point average of 5.0 or higher (counting Year 2 to 3 as 50% and Year 4 as 50%).
- Submission of two referees reports; and
- Participation in an interview, by invitation, with the School of Psychology.

No deferrals will be accepted for this program.

Academic and Professional Referee Reports

Academic and Professional referee reports are to be provided via the Post-Graduate Programs Reference Request System.

Post-Graduate Program Reference Request System (<https://www.psychologyreference.org/>)

Additional Requirements for Successful Applicants

There are some additional requirements you must meet before you can commence the program as detailed in the Western Sydney University inherent requirements for the Master of Professional Psychology program. These are detailed at the following link:https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_master_of_professional_psychology (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_master_of_professional_psychology/)

Additional Requirements for Domestic Applicants with International Qualifications

- International qualifications must be assessed by the Australian Psychological Society (APS) and deemed equivalent to an Australian 4 year sequence in psychology (including an honours equivalent research thesis component);
- Applicants who have undertaken studies in other countries may have to provide proof of proficiency in English. Details of minimum English proficiency requirements and acceptable proof can be found on the international office website and include the additional admission requirements of:

IELTS (Academic) - 7.0 overall score with a minimum 7.0 in each subtest

TOEFL Internet based test - 100 (writing = 27 and all other subtests = 22)

International Applicants

Places will be offered to qualified applicants based on academic merit and interview performance according to the following admission criteria.

- International qualifications must be assessed by the Australian Psychological Society (APS) and deemed equivalent to an Australian 4 year sequence in psychology (including an honours equivalent research thesis component);
- International qualifications will be assessed by the International office at Western Sydney University
- Details of minimum English proficiency requirements and acceptable proof can be found on the international office website (International Office) and include the additional admission requirements of:

IELTS (Academic) - 7.0 overall score with a minimum 7.0 in each subtest

TOEFL Internet based test - 100 (writing = 27 and all other subtests = 22)

Additional information for international applicants

Assessment of international qualifications by the APS can be applied for at the following: <https://www.psychology.org.au/membership/qualifications/>

International students applying to the University through the International Office need to have their applications submitted no later than 31 October of each year. Late or incomplete applications will not be considered.

Positions for the Master of Professional Psychology program will be offered based on outcomes from academic criteria, English proficiency and the interview process, including consideration of referee reports and professional experience and capacity as for other applicants.

Special Requirements

Full or provisional registration with the Psychology Board of Australia; A Criminal Record Check; A National Police Certificate; Prohibited Employment Declaration or a Working with Children Check Student Declaration; Child Protection training seminar.

Program Structure

Qualification for this award requires the successful completion of 80 credit points which include the subjects listed below.

Recommended Sequence

| Course | Title | Credit Points |
|----------------------------|---|---------------|

Master of Project Management (3752)

Approved Abbreviation: MProjMgt

Western Sydney University Program Code: 3752

AQF Level: 9

CRICOS Code: 096605K

Program Status: CURRENT

This program applies to students who commenced in 2021 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For commencement year Spring 2020, please refer to: 3752.3 Master of Project Management (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3752.3>)

For commencement year Spring 2019, please refer to: 3752.2 Master of Project Management (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3752.2>)

For commencement year 2018, please refer to: 3752.1 Master of Project Management (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3752.1>)

This program is aimed at preparing students for a future workforce by cultivating their competencies, knowledge and application of key project management concepts and practices in various related professions.

It is expected that graduates from the program will be proficient in customising a domain specific project management life cycle and developing comprehensive project plans involving cost and quality control, managing risks and stakeholders in addition to developing efficient schedules while being able to act as effective communicators within a project team setting. Students have the option to graduate with core project management skills only (Graduate Certificate), to continue to obtain generic or discipline-specific project management

skills (Graduate Diploma), or to continue to progress with advanced research skills with a Masters' degree.

Early Exits

Students may exit this program on completion of 60 credit points with a 3787 Graduate Certificate in Project Management (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-project-management/>) or on completion of 120 credit points with a 3786 Graduate Diploma in Project Management (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-project-management/>)

Study Mode

Two years full time or four years part-time.

Program Advice

Dr Ali Al-Ashwal (A.Al-Ashwal@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Campus | Attendance | Mode | Advice |
|--|------------|----------|-----------|
| Parramatta City Campus- Macquarie Street | Full Time | Internal | See above |
| Parramatta City Campus- Macquarie Street | Part Time | Internal | See above |

Accreditation

This program has accreditation with Australian Institute of Project Management (AIPM). Accreditation with Project Management Institute (PMI), Australian Institute of Building (AIB), Engineers Australia (EA), Australian Computer Society (ACS), Royal Institution of Chartered Surveyors (RICS) and Chartered Institute of Building (CIOB) will be sought.

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

Admission

Minimum admission requirements to this course are an undergraduate degree or higher in any discipline.

This course has three Pathways (A: Research, B: Coursework, C: Work Placement) with two streams per pathway (generic or specialisation) based on previous study.

Applicants seeking to specialise in the Construction, Engineering or Information Technology Majors must have successfully completed an undergraduate degree or higher degree in the construction, engineering or information technology discipline areas.

Studies in related areas will be considered by the Director of Academic Program.

Additional Information

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 160 credit points

Core subjects - 60 credit points

Pathway subjects - 40 credit points

Testamur Major or Generic Stream subjects - 40 credit points

Students must complete six 10 credit point core subjects (total of 60 credit points)

| Subject | Title | Credit Points |
|-----------|---|---------------|
| BUSM 7064 | Managing Project Teams and Stakeholders | 10 |
| MGMT 7003 | Financial Management of Projects | 10 |
| BUSM 7097 | Time and Quality Management | 10 |
| BLDG 7013 | Project Procurement Systems | 10 |
| BUSM 7082 | Risk Management and Decision Making | 10 |
| BUSM 7090 | Strategic Project Management | 10 |

All students must also choose one of the following Pathways (40 credit points).

Master of Project Management - Pathway A - Research (Testamur major stream)

In addition to the core subjects, students must complete 100 credit points as follows.

| Subject | Title | Credit Points |
|--|--------------------|---------------|
| INFO 7010 | Research Project A | 20 |
| INFO 7011 | Research Project B | 20 |
| Select three Management alternate subjects | | 30 |

| | |
|--|------------|
| Select three Testamur major alternate subjects from the enrolled major | 30 |
| Total Credit Points | 100 |

Construction, Testamur Major (T034) (p. 802)

Engineering, Testamur Major (T012) (p. 836)

Health, Testamur Major (T140) (<https://hbook.westernsydney.edu.au/majors-minors/health-pg-testamur-major/>)

Information Technology, Testamur Major (T011) (p. 893)

Master of Project Management - Pathway A - Research (Generic stream)

In addition to the core subjects, students must complete 100 credit points as follows.

| Subject | Title | Credit Points |
|--|--------------------|---------------|
| INFO 7010 | Research Project A | 20 |
| INFO 7011 | Research Project B | 20 |
| Select three Management alternate subjects | | 30 |
| Select three Generic alternate subjects | | 30 |
| Total Credit Points | | 100 |

Project Management (Generic Program), Major (p. 959)

Master of Project Management - Pathway B - Coursework (Testamur major stream)

In addition to the core subjects, students must complete 100 credit points as follows.

30 credit points of Management alternate subjects.

30 credit points of Testamur major alternate subjects from their enrolled major.

40 additional credit points of Testamur major alternate units from their enrolled major. This is in addition to the abovementioned 30 credit points of Testamur major alternate subjects.

Construction, Testamur Major (T034) (p. 802)

Engineering, Testamur Major (T012) (p. 836)

Health, Testamur Major (T140) (<https://hbook.westernsydney.edu.au/majors-minors/health-pg-testamur-major/>)

Information Technology, Testamur Major (T011) (p. 893)

Master of Project Management - Pathway B - Coursework (Generic stream)

In addition to the core subjects, students must complete 100 credit points as follows.

30 credit points of Management alternate subjects.

30 credit points of Generic alternate subjects

40 additional credit points of any alternate subjects (Management, Generic or Testamur major). This is in addition to the abovementioned 30 credit points of Management alternate subjects and 30 credit points of Generic alternate subjects.

Project Management (Generic Program), Major (p. 959)

Master of Project Management - Pathway C - Work Placement (Testamur major stream)

In addition to the core subjects, students must complete 100 credit points as follows.

| Subject | Title | Credit Points |
|--|--|---------------|
| BLDG 7011 | Work-Integrated Learning in Project Management A | 20 |
| BLDG 7012 | Work-Integrated Learning in Project Management B | 20 |
| Select three Management alternate subjects | | 30 |
| Select three Testamur major alternate subjects from the enrolled major | | 30 |
| Total Credit Points | | 100 |

Construction, Testamur Major (T034) (p. 802)

Engineering, Testamur Major (T012) (p. 836)

Health, Testamur Major (T140) (<https://hbook.westernsydney.edu.au/majors-minors/health-pg-testamur-major/>)

Information Technology, Testamur Major (T011) (p. 893)

Master of Project Management - Pathway C - Work Placement (Generic stream)

In addition to the core subjects, students must complete 100 credit points as follows.

| Subject | Title | Credit Points |
|--|--|---------------|
| BLDG 7011 | Work-Integrated Learning in Project Management A | 20 |
| BLDG 7012 | Work-Integrated Learning in Project Management B | 20 |
| Select three Management alternate subjects | | 30 |
| Select three Generic alternate subjects | | 30 |
| Total Credit Points | | 100 |

Project Management (Generic Program), Major (p. 959)

Testamur Majors and Generic Stream

All students must also choose either a Testamur major stream or a Generic stream (60 credit points).

For the Testamur major stream students must complete three 10 credit point Management alternate subjects and three 10 credit point major alternate subjects.

For the Generic stream, students must complete three 10 credit point Management alternate subjects and three 10 credit point generic alternate subjects.

Construction, Testamur Major (T034) (p. 802)

Engineering, Testamur Major (T012) (p. 836)

Health, Testamur Major (T140) (<https://hbook.westernsydney.edu.au/majors-minors/health-pg-testamur-major/>)

Information Technology, Testamur Major (T011) (p. 893)

Project Management (Generic Program), Major (p. 959)

Exit Awards

Students may exit with 3786 - Graduate Diploma in Project Management (120 credit points) or 3787 - Graduate Certificate in Project Management (60 credit points) on completion of the relevant

subjects as specified in the program structure. Please refer to the links below for details.

Graduate Diploma in Project Management (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-project-management/>)

Graduate Certificate in Project Management (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-project-management/>)

Equivalent Subjects

The subjects listed below count towards completion of this program for students who passed these subjects in 2021 or earlier.

BLDG 7009 Project Procurement Systems, replaced by BLDG 7013 Project Procurement Systems

Recommended Sequence

Students must choose one of the following Pathways.

The Structure tab includes information regarding the core subjects and the requirements of the Research and Generic streams for each Pathway.

Master of Project Management - Pathway A - Research, full-time start-year intake

| Course | Title | Credit Points |
|---|---|---------------|
| Year 1 | | |

Testamur Majors and Generic Stream

Construction, Testamur Major (T034) (p. 802)
 Engineering, Testamur Major (T012) (p. 836)
 Health, Testamur Major (T140) (<https://hbook.westernsydney.edu.au/majors-minors/health-pg-testamur-major/>)

Information Technology, Testamur Major (T011) (p. 893)
Project Management (Generic Program), Major (p. 959)

Equivalent Subjects

The subjects listed below count towards completion of this program for students who passed these subjects in 2021 or earlier.

BLDG 7009 Project Procurement Systems, replaced by BLDG 7013 Project Procurement Systems

Master of Property Investment and Development (2813)

Approved Abbreviation: MPropInv&Devt
Western Sydney University Program Code: 2813
AQF Level: 9

CRICOS Code: 097590D

This program applies to students who commenced in Q3, 2018 or later.

This program provides the opportunity for advanced level study in property investment, development and valuation. Graduates will comprehend the multi-disciplinary nature of the property industry and be equipped with the analytical and decision making skills necessary for adaptable careers in the changing and dynamic property investment, development and valuation industry.

Early Exit

Students may exit this program on completion of 40 credit points with a 2814 Graduate Certificate in Property Investment (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-property-investment/>)

Study Mode

Two years full-time or four years part-time.

Program Advice

Dr Sharon Yam (sgsmclientservices@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Accreditation

This program is accredited for the following Australian Property Institute Certifications (depending on subjects completed):

- 160 Credit Point Pathway - Depending on elective chosen, students may be eligible for API Certified Asset Manager, Certified Property Manager, Certified Development Practitioner, Certified Funds Manager, Certified Practising Valuer, Certified Property Practitioner and Residential Property Valuer.
- 120 Credit Point Pathway - Depending on elective chosen, students may be eligible for API Certified Asset Manager, Certified Property Manager, Certified Development Practitioner, Certified Practising Valuer, Certified Property Practitioner and Residential Property Valuer.
- 80 Credit Point Pathway - Depending on subject achieved, students may be eligible for API Certified Asset Manager, Certified Development Practitioner, Certified Property Practitioner.

Note - Certifications achieved by any graduate of the Master of Property Investment and Development will be impacted (reduced) where specified subjects are substituted for electives. None of these certifications apply to the Graduate Certificate in Property Investment.

Association to Advance Collegiate Schools of Business (AACSB)

This program is accredited by the Association to Advance Collegiate Schools of Business (AACSB)

Admission

160 Credit Point Pathway

Applicants must have successfully completed an undergraduate degree, or higher, in any discipline.

120 Credit Point Pathway

Applicants must have successfully completed an undergraduate degree, or higher, in:

- a business or Australian Property Institute (API)-recognised cognate discipline, for example: property, town planning, construction, architecture or quantity surveying; Or
- any discipline and a minimum of two years full-time equivalent managerial/professional work experience in roles property valuation, property management, property investment and analysis, property development, property fund management or associated roles; Or
- Students who have completed the Graduate Certificate in Property Investment at Western Sydney University should take the 120 credit point pathway.

80 Credit Point Pathway

Applicants must have successfully completed:

- a graduate diploma, or higher, in a property related discipline; Or (NO UG or GC); Or
- an undergraduate degree in a property related discipline (such as property, town planning, construction, architecture, quantity surveying or related); AND with a GPA of 5.0 or WAM (Weighted Average Mark) of 65+ (if provided on the academic record); Or
- an undergraduate degree, or higher, in a business or Australian Property Institute (API)-recognised cognate discipline, for example town planning, construction, architecture, quantity surveying or related) AND a minimum of two years full-time equivalent managerial/professional work experience in roles property valuation, property management, property investment and analysis, property development, property fund management or associated roles;

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Recommended Sequence

The program length and structure varies based on the student's previous study background and work experience.

Master of Property Investment and Development (160 credit point pathway)

Qualification for this award requires the successful completion of 160 credit points as per the recommended sequence below.

To achieve all available accreditation certifications, students must complete the listed numbered subjects. The taking of electives will reduce the number of certifications attainable. The capstone project cannot be undertaken until 120cp have been successfully completed.

Elective subjects must be postgraduate subjects offered by the School of Business.

Recommended Sequence For Students Commencing in Quarter 1

| Course | Title | Credit Points |

Master of Property Investment and Development (120 credit point entry pathway)

Qualification for this award requires the successful completion of 120 credit points as per the recommended sequence below.

To achieve all available accreditation certifications, students must complete the listed numbered subjects. The taking of electives will reduce the number of certifications attainable. The capstone project cannot be undertaken until 80 credit points have been successfully completed.

To achieve all Australian Property Institute accreditation certifications, available for this program, students must complete the listed numbered subjects. Choosing electives instead of listed numbered subjects will reduce the number of accreditation certifications attainable (Seek advice from Academic Program Adviser).

Replaced Subject

The subject listed below counts towards completion of this program for students who passed this subject in 2021 or earlier.

MKTG 7003 - Applied Project (Finance and Property), replaced by FINC 7022 Applied Project (Finance and Property)

Master of Psychotherapy and Counselling (1817)

Approved Abbreviation: MPsychother&Couns
Western Sydney University Program Code: 1817

AQF Level: 9

CRICOS Code: 088713F

This program applies to students who commenced in Spring 2018 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2016 to Autumn 2018 - please refer to 1817.1 Master of Psychotherapy and Counselling (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1817.1>)

The Master of Psychotherapy and Counselling is a cross-disciplinary pathway into a career in helping people in distress. In counselling and psychotherapy, clients gain self-understanding, expand interpersonal capacities and become more able to change through a dedicated helping relationship. This program focuses on the process of creating of a therapeutic environment for clients and on cultivating the high levels of skill, sensitivity, self-knowledge and ethical conduct required of the counselling and psychotherapy professional. Theories and approaches are taught and critically examined in the light of their contribution to a contemporary relational understanding and practice of counselling and psychotherapy. A research component introduces students to the systematic study of the counselling experience from a variety of methodological perspectives. This program is open to graduates in any discipline who can demonstrate the personal and reflective qualities required for this demanding profession.

Study Mode

Two years full-time or four years part-time.

Program Advice

Penny Gardner (p.gardner@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

| Parramatta Campus - Victoria Road | Full Time | Internal | See above |
| Parramatta Campus - Victoria Road | Part Time | Internal | See above |

Accreditation

This program is accredited with the Psychotherapy and Counselling Federation of Australia (PACFA) and the Australian Counselling Association (ACA).

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

1. An undergraduate degree or higher in any discipline and submission of a Statement of Intent and CV detailing voluntary and paid work, relevant life experiences, education and training, and interests, to the satisfaction of the School of Social Sciences, **and** achieving an interview score of 70% or above in a group applicant interview.
Or
2. Achievement of a GPA of 5.5 (high credit) or above in the University's Graduate Diploma in Counselling.

Applications and supporting documentation must be submitted by the final UAC closing date of 31 January.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Special Requirements Prerequisites

NSW Health Compliance, National Police Check and Working with Children Check are required for subjects WELF 7002 Clinical Studies in Psychotherapy and Counselling and WELF 7012 Further Clinical Studies in Psychotherapy and Counselling and successful applicants need to complete these checks on or soon after enrolment in the program.

Special Requirements - NSW Health Legislative Pre-requisites

Student Compliance Information for all Health-Related Placements

To enrol in this program, students must meet Western Sydney University program requirements. To attend a health-related placement in this program, Special Legislative Requirements will be assessed from the first year of study.

Western Program Requirements

Visit the Special Requirements webpage for details about your program.

Special Requirements (https://www.westernsydney.edu.au/currentstudents/current_students/enrolment/special_requirements/)

Mandatory NSW Health student placement policy requirements

To be able to undertake placement in any NSW Health facility you must be assessed as compliant with NSW Health student placement policy in the first year of your program, regardless of when you expect to go on your first placement. Access and read the NSW Student Compliance Information Booklet

NSW Student Compliance Information Booklet (https://issuu.com/uwspublications/docs/ws_u_student_compliance_booklet_2020_v6/)

Please ensure that you

1. Find your existing National Police Check or apply for one
2. Gather documentary evidence of your vaccination history
3. Print and complete all relevant NSW Health forms relevant to the campus you are enrolled at or online enrolment requirements
4. Follow booklet instructions on how to have your compliance documents assessed by NSW health staff.

International students have additional requirements: the link to the booklet will inform you of these requirements.

School Requirements

Contact your School for further details regarding your School's requirements, if any, such as

- If you live outside of NSW or Australia and need to meet your state, territory or country's compliance requirements
- If you need to meet different state, territory or country compliance requirements.
- NSW Working with Children Check (WWCC) or other state equivalent, valid for your entire program.
- Current approved first aid certificate valid for your entire program - approved program providers can be found at the Government Training website
- <http://training.gov.au>
- Other non-health related requirements

Student Compliance Resources are also available on the Placements Hub web page (NSW students only)

https://www.westernsydney.edu.au/learning_futures/home/placements_hub/placements_hub/student_compliance (https://www.westernsydney.edu.au/learning_futures/home/placements_hub/placements_hub/student_compliance/)

Recommended Sequence

Equivalent Core Subject

The subjects listed below count towards completion of this program for students who passed these subjects in 2021 or earlier.

WELF 7008 - Ethics and Diversity in Research and Therapy, replaced by WELF 6001 Ethics and Diversity in Counselling

Master of Public Health (4702)

Approved Abbreviation: MPubHlth

Western Sydney University Program Code: 4702

AQF Level: 9

CRICOS Code: 014002E

This program applies to students who commenced in Spring 2021 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

Commencement Year 2020 - 4702.3 Master of Public Health (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4702.3>)

Commencement Year 2016 - 4702.2 Master of Public Health (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4702.2>)

Commencement Year 2015 - 4702.1 Master of Public Health (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4702.1>)

Commencement Year 2010 - 2014 - 4571.3 Master of Public Health (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=4571.3>)

The Master of Public Health focuses on the comprehensive assessment of all determinants of health, which include broader social and environmental factors in addition to physical risk factors. Learning opportunities are aimed at developing the essential knowledge and required skills to effectively assess and respond to emerging public health issues, including evaluation of public health programs and disaster planning and management. Graduates of this program will be exposed to academic and industry leaders who share their experience and knowledge to facilitate insight into the contemporary public health issues. Students will develop skills, scholarship and professional development in the fields of health policy, social determinants of health, epidemiology, biostatistics, applied research and evidenced-based practice, as well as an understanding of recent developments in the discipline.

The Master of Public Health is a 2-year program, however, students may seek advanced standing to enrol in 1-year or 1.5-year programs, based on an assessment of their undergraduate degree and professional experience.

Study Mode

Two years full-time, four years part-time. One and a half years full time or one year full time programs are also available, depending upon entry qualifications (see Pathways listed under Program Structure below).

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations

and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is an optional work component available in this program. Please contact the Program Advisor listed above for information.

International students should be aware that if an elective is a requirement of the program but the work itself was not registered with CRICOS, students can still complete these electives but it would be counted towards the work limitation. For more details, refer to the 'Work Integrated Learning (WIL) for international students' website.

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

Master of Public Health (160 credit points)

Applicants must have either

An undergraduate, master or doctoral degree in any discipline

Or

A Graduate Diploma or Graduate Certificate in any discipline and three years full-time equivalent work experience in a relevant health-related discipline.

Master of Public Health (120 credit points)

Applicants must have

An undergraduate degree in a health-related discipline

Master of Public Health (80 credit points)

Applicants must have

An undergraduate honours, master or doctoral degree in a relevant health-related discipline.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Special Requirements - NSW Health Legislative Pre-requisites

Student Compliance Information for all Health-Related Placements

To enrol in this program, students must meet Western Sydney University program requirements. To attend a health-related placement in this program, Special Legislative Requirements will be assessed from the first year of study.

Western Program Requirements

Visit the Special Requirements webpage for details about your program.

Special Requirements (https://www.westernsydney.edu.au/currentstudents/current_students/enrolment/special_requirements/)

Mandatory NSW Health student placement policy requirements

To be able to undertake placement in any NSW Health facility you must be assessed as compliant with NSW Health student placement policy in the first year of your program, regardless of when you expect to go on your first placement. Access and read the NSW Student Compliance Information Booklet

NSW Student Compliance Information Booklet (https://issuu.com/uwspublications/docs/wsu_student_compliance_booklet_2020_v6/)

Please ensure that you

1. Find your existing National Police Check or apply for one
2. Gather documentary evidence of your vaccination history
3. Print and complete all relevant NSW Health forms relevant to the campus you are enrolled at or online enrolment requirements
4. Follow booklet instructions on how to have your compliance documents assessed by NSW health staff.

International students have additional requirements: the link to the booklet will inform you of these requirements.

School Requirements

Contact your School for further details regarding your School's requirements, if any, such as

- If you live outside of NSW or Australia and need to meet your state, territory or country's compliance requirements
- If you need to meet different state, territory or country compliance requirements.
- NSW Working with Children Check (WWCC) or other state equivalent, valid for your entire program.
- Current approved first aid certificate valid for your entire program - approved program providers can be found at the Government Training website

- <http://training.gov.au>
- Other non-health related requirements

Student Compliance Resources are also available on the Placements Hub web page (NSW students only)

https://www.westernsydney.edu.au/learning_futures/home/placements_hub/placements_hub/student_compliance (https://www.westernsydney.edu.au/learning_futures/home/placements_hub/placements_hub/student_compliance/)

Special Requirements

For students who elect to undertake the HLTH 7030 Professional Internship in Health (Part-time)/HLTH 7026 Professional Internship in Health subject, please be aware that if you are undertaking the placement in; (1) a public hospital, you must meet the necessary legislative requirements as part of their employment conditions. (2) a private hospital, you must meet any special requirements of the hospital which may differ from public institutions, (3) an organisation either in or outside of NSW, you will need to comply with the requirements of the relevant state-based body and the organisation.

Program Structure

Master of Public Health - 1 year program

Students must complete 80 credit points, as listed below.

| Subject | Title | Credit Points |
|--|---|---------------|
| Domain Subjects | | |
| PUBH 7016 | Introduction to Epidemiology | 10 |
| PUBH 7033 | The Social Determinants of Health | 10 |
| PUBH 7031 | Health Systems and Policy | 10 |
| PUBH 7011 | Health Advancement and Health Promotion | 10 |
| Focus Subjects | | |
| HLTH 7008 | Introduction to Biostatistics | 10 |
| PUBH 7004 | Communicable Diseases | 10 |
| PUBH 7010 | Epidemiology of Non-Communicable Diseases | 10 |
| Plus any 10 credit point Level 7 subject offered across the university | | 10 |
| Total Credit Points | | 80 |

Further information on recommended progression is available on the Postgraduate Health Science progression page.

Postgraduate Public Health Progression (https://www.westernsydney.edu.au/__data/assets/pdf_file/0010/1628290/Proposed_Progression_Postgraduate_Public_Health.pdf)

Master of Public Health - 1.5 year program

Students must complete 120 credit points, including all the Domain and Focus Subjects.

| Subject | Title | Credit Points |
|------------------------|---|---------------|
| Domain Subjects | | |
| PUBH 7016 | Introduction to Epidemiology | 10 |
| PUBH 7033 | The Social Determinants of Health | 10 |
| PUBH 7031 | Health Systems and Policy | 10 |
| PUBH 7011 | Health Advancement and Health Promotion | 10 |
| Focus Subjects | | |
| HLTH 7008 | Introduction to Biostatistics | 10 |
| AGEN 7005 | Research Protocol Design and Practice | 10 |
| PUBH 7004 | Communicable Diseases | 10 |

| | | |
|--|---|------------|
| PUBH 7010 | Epidemiology of Non-Communicable Diseases | 10 |
| Capstone / Applied Subjects | | |
| Please note that the following subjects have Enrolment Restrictions. | | |
| Select one of the following 40 credit point subjects | | 40 |
| HLTH 7004 | Dissertation | |
| HLTH 7020 | Dissertation (Part Time) | |
| HLTH 7026 | Professional Internship in Health | |
| OR complete the two following 20 credit point subjects | | |
| HLTH 7027 | Professional Project in Health 1 | |
| HLTH 7028 | Professional Project in Health 2 | |
| OR the following combination of subjects to make up 40 credit points | | |
| HLTH 7027 | Professional Project in Health 1 | |
| PLUS any two 10 credit point level 7 subjects across the university that are available without enrolment restrictions or pre-requisites. | | |
| Total Credit Points | | 120 |

Further information on recommended progression is available on the Postgraduate Health Science progression page.

Postgraduate Public Health Progression (https://www.westernsydney.edu.au/__data/assets/pdf_file/0010/1628290/Proposed_Progression_Postgraduate_Public_Health.pdf)

Master of Public Health - 2 year program

Students must complete 160 credit points, including all the Domain and Focus Subjects.

| Subject | Title | Credit Points |
|------------------------|--|---------------|
| Domain Subjects | | |
| PUBH 7016 | Introduction to Epidemiology | 10 |
| PUBH 7033 | The Social Determinants of Health | 10 |
| PUBH 7031 | Health Systems and Policy | 10 |
| PUBH 7011 | Health Advancement and Health Promotion | 10 |
| Focus Subjects | | |
| HLTH 7008 | Introduction to Biostatistics | 10 |
| PUBH 7028 | Surveillance and Disaster Planning | 10 |
| PUBH 7004 | Communicable Diseases | 10 |
| PUBH 7010 | Epidemiology of Non-Communicable Diseases | 10 |
| HLTH 7015 | Qualitative Research Methodology in Health | 10 |
| AGEN 7005 | Research Protocol Design and Practice | 10 |

Special Focus Group: Research

| | | |
|-----------|---|----|
| HUMN 4001 | Researcher Development 1: Reading, Writing, and the Business of Research | 10 |
| HUMN 4003 | Writing Beyond the Academy: Knowledge Translation and Public Audience Communication | 10 |

Students who do not wish to pursue a special focus may choose any two 10 credit point level 7 subjects across the university that are available without enrolment restrictions or pre-requisites.

Capstone / Applied Subjects

| | | |
|---|-----------------------------------|----|
| Select one of the following 40 credit point subjects | | 40 |
| HLTH 7004 | Dissertation | |
| HLTH 7020 | Dissertation (Part Time) | |
| HLTH 7026 | Professional Internship in Health | |
| OR complete the two following 20 credit point subjects | | |
| HLTH 7027 | Professional Project in Health 1 | |

| | |
|--|------------|
| HLTH 7028 Professional Project in Health 2 | |
| Total Credit Points | 160 |

Further information on recommended progression is available on the Postgraduate Health Science progression page.

Postgraduate Public Health Progression (https://www.westernsydney.edu.au/_data/assets/pdf_file/0010/1628290/Proposed_Progression_Postgraduate_Public_Health.pdf)

Replaced Subjects

The subjects listed below count towards completion of this program for students who passed these units in 2019 or earlier.

HUMN 4009 - Research Design 1: Theories of Enquiry, replaced by HUMN 4001 Researcher Development 1: Reading, Writing, and the Business of Research

HUMN 4012 - Research Literacies, replaced by, replaced by HUMN 4003 Writing Beyond the Academy: Knowledge Translation and Public Audience Communication

Master of Research (8086)

Approved Abbreviation: MRes

Domestic and International students are requested to use the below 'Bachelor of Research Studies' link with regard to the program structure.

In Year 1, domestic students are enrolled in the Bachelor of Research Studies as a Commonwealth supported student and are liable for student contribution amounts which can be deferred through the HECS-HELP scheme if they are eligible. In Year 2, domestic students are enrolled in the Master of Research.

Bachelor of Research Studies (p. 305)

For information regarding the Master of Research, please use the following link.

Master of Research (<https://www.westernsydney.edu.au/future/study/courses/research/master-of-research.html>)

Location

| Campus | Attendance | Mode | Advice |

Master of Science (3749)

Approved Abbreviation: MSc

Western Sydney University Program Code: 3749

AQF Level: 9

CRICOS Code: 098472B

This program applies to students who commenced in 2020 or later

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2018 - 2019 - please refer to 3749.1 Master of Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3749.1>)

The Master of Science is an advanced program that can be taken in a number of specialisations: Public Health Nutrition, Food Science, Greenhouse Horticulture or Agriculture. The program builds on students' professional experience and/or prior qualifications to develop advanced expertise and critical understanding in science and in these disciplines. The program is completed with a capstone unit that is designed to integrate the various themes that flow throughout the program and develop research skills in science. Depending on the majors, students may find employment at a senior level in a wide range of destinations, including federal, state and local government bodies, universities, research organisations, food and agriculture industries, private companies, health facilities, science-based industries, or private consultancies.

Students should note that travel to different campuses may be required depending on the specialisation chosen.

Early Exits

Students may exit this program on completion of 40 credit points with a 3776 Graduate Certificate in Science (exit only) (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-science-exit-only/>) or on completion of 80 credit points with a 3777 Graduate Diploma in Science (exit only) (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-science-exit-only/>)

Study Mode

Two years full-time or the equivalent part-time. Students will be required to attend the Hawkesbury campus for some learning experiences.

Program Advice

science@westernsydney.edu.au

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Accreditation

On completion of this Program graduates with the Food Science Specialisation will be eligible for professional membership of the Australian Institute of Food Science and Technology. On completion of this Program graduates with the Public Health Nutrition Specialisation will be eligible for apply to be an Associate Nutritionist (Anutr) or a Registered Public Health Nutritionist (RPHNutr) if combined with three

years of suitable work experience with the Nutrition Society of Australia and/or a Certified Public Health Nutritionist (cPHN) with the World Public Health Nutrition Association. Students may also be eligible to apply for professional membership of Public Health Association of Australia and Australian Health Promotion Association.

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is an optional work component available in this program. Please contact the Program Advisor listed above for information.

International students should be aware that if an elective is a requirement of the course but the work itself was not registered with CRICOS, students can still complete these electives but it would be counted towards the work limitation. For more details, refer to the 'Work Integrated Learning (WIL) for international students' website.

The course uses workplaces as a source of learning, with site excursions for some Specialisations. Some students may undertake an industry project as part of 301374 Professional Topic or 301361 Industry Project or 301362 Industry Project Extended. Students will be supervised on site visits by arrangement with the industry partner and overseen by an academic staff member.

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

Applicants must have successfully completed an undergraduate degree, or higher, in natural or physical science, medical science, environmental studies, agriculture, horticulture, food science, food technology, nutrition or dietetics.

If you have completed relevant prior study or have relevant professional experience, you may be eligible for credit towards your Master of Science which can reduce the duration of your program. Applicants should consult the Director of Academic Programs for further information.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Special Requirements Prerequisites

Subject HLTH 7014 Professional Topic has enrolment restrictions: Student must have permission from the Subject Coordinator to enrol in the subject.

Program Structure

Qualification for this award requires the successful completion of 160 credit points comprising:

20 credit points of core units and 20 credit points of research capstone units and 40 credit points of specialisation units and at least 40 credit points from Alternate Pool 1 and up to 40 credit points from Alternate Pool 2.

Please note that the full course structure is shown in each of the specialisation documents and handbook links.

Core subjects

All students are required to complete the following two Subjects:

| Subject | Title | Credit Points |
|-----------|--|---------------|
| MATH 7016 | The Nature of Data | 10 |
| NATS 7055 | Experiment Design and Project Management | 10 |

Research Capstone Pool

All students are required to complete 20 credit points from:

| Subject | Title | Credit Points |
|-----------|---|---------------|
| NATS 7033 | MSc Research Project | 20 |
| HORT 7004 | Industry Project | 10 |
| HORT 7005 | Industry Project (Extended) | 10 |
| NATS 7054 | Professional Topic | 10 |
| NATS 7057 | Research Preparation in Post Graduate Studies | 10 |

Equivalent Research Capstone Pool Subjects

The subjects listed below count towards completion of this program for students who passed these subjects in 2021 or earlier.

ENGR 7018 - Research Preparation in Post Graduate Studies, replaced by NATS 7057 Research Preparation in Post Graduate Studies

Major Testamurs

Students are required to complete four major core units from one of the following majors. Students may only select one Major

Agriculture, Testamur Major (T108) (p. 744)
Food Science, Testamur Major (T059) (p. 854)
Greenhouse Horticulture, Testamur Major (T107) (p. 864)
Public Health Nutrition, Testamur Major (p. 966)

Alternate Pool

Complete 80 credit points comprising:

at least 40 credit points from Alternate Pool 1 and up to 40 credit points from Alternate Pool 2.

Graduate Diploma in Science (Exit only)

Qualification for this award requires the successful completion of 80 credit points comprising: 10 credit points of core units and 70 credit points of alternate units comprising at least 30 credit points from Alternate Pool 1 and up to 40 credit points from Alternate Pool 2.

Core Subject

All students are required to complete the following core unit:

| Subject | Title | Credit Points |
|-----------|--------------------|---------------|
| MATH 7016 | The Nature of Data | 10 |

Alternate Pool

Students are required to complete 70 credit points comprising: at least 30 credit points from Alternate Pool 1 and up to 40 credit points from Alternate Pool 2.

Graduate Certificate in Science (Exit only)

Qualification for this award requires the successful completion of 40 credit points as follows: 10 credit points of core subjects and at least 10 credit points from Alternate Pool 1 and up to 20 credit points from Alternate Pool 2.

Core Subject

All students are required to complete the following core unit:

| Subject | Title | Credit Points |
|-----------|--------------------|---------------|
| MATH 7016 | The Nature of Data | 10 |

Alternate Pool

Students are required to complete 30 credit points as follows: Choose at least 10 credit points from Alternate Pool 1 and choose up to 20 credit points from Alternate Pool 2.

Alternate Pool 1

| Subject | Title | Credit Points |
|-----------|---|---------------|
| NATS 7053 | MSc Research Project (extended) | 20 |
| HORT 7004 | Industry Project | 10 |
| NATS 7054 | Professional Topic | 10 |
| NATS 7016 | Food Preservation and Packaging Technologies | 10 |
| NATS 7015 | Food Evaluation | 10 |
| NATS 7018 | Food Quality Management | 10 |
| NATS 7017 | Food Product Design | 10 |
| HLTH 7003 | Community and Public Health Nutrition | 10 |
| HLTH 7011 | Nutritional Assessment Methods | 10 |
| PUBH 7022 | Public Health, Policy and Society | 10 |
| HLTH 7010 | Nutrition Promotion | 10 |
| HORT 7006 | Plant-Climate Interactions in Controlled Environments | 10 |
| HORT 7001 | Advanced Greenhouse Technology | 10 |
| HORT 7002 | Greenhouse Control Systems | 10 |
| HORT 7003 | Greenhouse Crop Production | 10 |
| AGRI 7001 | Agricultural Biosecurity | 10 |

| | | |
|-----------|---|----|
| AGRI 7002 | Agricultural Biotechnology | 10 |
| AGRI 7003 | Agricultural Technologies | 10 |
| AGRI 7004 | Livestock Production Systems | 10 |
| PHYS 7001 | A Cosmic Perspective | 10 |
| PHYS 7002 | Space Instrumentation, Technology and Communication | 10 |
| PHYS 7003 | Space Science, Planetary Science and Meteorology | 10 |
| BIOS 7001 | Emerging Technologies for Biological Science | 10 |
| AGEN 7002 | Ecosystems in a Changing World | 10 |
| COMP 7006 | Data Science | 10 |
| COMP 7023 | Predictive Analytics | 10 |
| COMP 7024 | Programming for Data Science | 10 |
| COMP 7025 | Social Media Intelligence | 10 |
| COMP 7016 | Visualisation | 10 |

Equivalent Subjects

The subjects listed below count towards completion of this program for students who passed these subjects in 2021 or earlier.

MATH 7011 Predictive Analytics, replaced by COMP 7023 Predictive Analytics

MATH 7012 Programming for Data Science, replaced by COMP 7024 Programming for Data Science

MATH 7014 Social Media Intelligence, replaced by COMP 7025 Social Media Intelligence

Alternate Pool 2

This pool comprises units from other fields that add breadth to your studies.

| Subject | Title | Credit Points |
|-----------|--|---------------|
| ACCT 7015 | Financial Reports for Decision Making | 10 |
| BUSM 7099 | Understanding Contemporary Organisations | 10 |

| PUBH 7025 | Statistical Methods in Epidemiology | 10 |

Please note that the availability of Alternate Subjects may vary from year to year. New subjects may become available and some others discontinued. The most recent version of program Master of Science indicates which units are offered in the course. The School will publish information on which units are available in a session

Replaced Subjects

The subjects listed below count towards completion of this program for students who passed these subjects in 2020 or earlier.

MATH 7013 Scientific Informatics

Master of Social Work (Qualifying) (1792)

Approved Abbreviation: MSocWrk(Qual)

Western Sydney University Program Code: 1792

AQF Level: 9

CRICOS Code: 088712G

This program applies to students who commenced in 2020 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

The Master of Social Work (Qualifying) (MSW(Q)) is aimed at graduates of Social Sciences and other Human Services programs who wish to achieve a professional qualification in social work. It combines the academic rigour, including research training required for a Masters level qualification, with 1008 hours of field education. The combination of blended and work-based learning is a distinguishing feature of this degree.

Study Mode

Two years full-time or four years part-time.

Program Advice

Dr Hong-Jae Park (h.park@westernsydney.edu.au)

Accreditation

This program is accredited by the Australian Association of Social Workers (AASW).

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

The existing Bachelor of Social Work Inherent Requirements will be used for the MSW (Q). Published at:

Inherent Requirements (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_bachelor_of_social_work/)

Work Integrated Learning

Two placements: first placement 408 hours; and second placement 600 hours. Students are directly supervised by qualified staff in the human services sector, and are supported by the Social Work academic team.

Admission

Applicants must have successfully completed an undergraduate degree in the areas of Health, Education or Society and Culture, with a minimum of eight (8) subjects completed in Social Sciences or Psychology

Or

Applicants must have completed the Western Sydney University Postgraduate Bridging Program (Social Work) program.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Special Requirements Prerequisites

Students must have completed a Working With Children Check and a Criminal Record Check for students undertaking field education subjects.

Program Structure

Qualification for this award requires the successful completion of 160 credit points which include the subjects listed below.

| Course | Title | Credit Points |
|----------------------------|--|---------------|
| Year 1 | | |
| Autumn session | | |
| WELF 7023 | Social Work Practice Methods 1 | 10 |

Master of Surgery (Advanced Gynaecological Surgery) (4770)

Approved Abbreviation: MSurgAdvGyn

Western Sydney University Program Code: 4770

AQF Level: 9

Program Status:

This program applies to students who commenced in 2020 or later.

This program replaces 4690 Master of Surgery in Advanced Gynaecological Surgery from 1H 2020

Students should follow the program structure for the session start date relevant to the year they commenced.

This program is available to specialist trainees in Obstetrics & Gynaecology who are undertaking a Fellowship in Advanced Gynaecological Surgery. This program aims to build on the foundations set in the Graduate Diploma in Advanced Gynaecological Surgery, with an emphasis on evidence based best practice with respect to surgical techniques for various gynaecological pathologies. Students will reflect on personal experiences in gynaecological surgery, empowering continued self-improvement, appraisal and audit to enhance professional practice in advanced gynaecological surgery. This program is expected to take a further 1-year full time to complete after satisfactory completion from the Graduate Diploma in Advanced Gynaecological Surgery (2 years in total).

Early Exit

Students may exit this program on completion of 60 credit points with a 4766 Graduate Diploma in Advanced Gynaecological Surgery (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-advanced-gynaecological-surgery/>)

Study Mode

Two years full-time

Program Advice

Assoc. Professor Harry Merkur (<https://directory.westernsydney.edu.au/search/email/medicine@westernsydney.edu.au>)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Accreditation

While this program does not require accreditation, the clinical component is recognised for advanced trainees in Obstetrics and Gynaecology by RANZCOG (The Royal Australian and New Zealand College of Obstetricians and Gynaecologists).

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_medicine_courses (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_medicine_courses/)

Admission

All students must be:

1. Advanced Trainees or Specialists in Obstetrics & Gynaecology (RANZCOG or other accredited college).
2. Undertaking a Surgical Fellowship (minimum 1 year full time) in Advanced Gynaecological Surgery at an accredited site.
3. A minimum of 4 Gynaecology operating lists per week.
4. Satisfactory completion of the Graduate Diploma in Advanced Gynaecological Surgery.

Special Requirements Prerequisites

Students undertaking the Master Surgery (Advanced Gynaecological Surgery) must be registered medical practitioners undertaking or completed specialist Obstetrics & Gynaecology training through RANZCOG (or other accredited college). In addition, they must be undertaking a surgical fellowship (minimum 1 year) in Advanced Gynaecological Surgery at an accredited site.

Recommended Sequence

| Course | Title | Credit Points |
|--|---|---------------|
| Year 1 | | |
| MEDI 7046 | Advanced Gynaecological Surgery 1 | 20 |
| HLTH 7008 | Introduction to Biostatistics | 10 |
| Select three alternate pool subjects of the following: | | 30 |
| MEDI 7026 | Power Modalities | |
| MEDI 7017 | Gynaecological Surgery Ergonomics | |
| MEDI 7023 | Pelvic Anatomy | |
| MEDI 7025 | Port Entry | |
| Students may exit at this point with a Graduate Diploma in Advanced Gynaecological Surgery | | |
| Credit Points | | 60 |
| Year 2 | | |
| MEDI 7047 | Advanced Gynaecological Surgery 2 | 20 |
| MEDI 7050 | Advanced Practice in Gynaecological Surgery | 10 |
| Select three alternate pool subjects of the following: | | 30 |
| MEDI 7016 | Endometriosis | |
| MEDI 7060 | Adnexal Surgery | |
| MEDI 7061 | Hysterectomy | |
| MEDI 7062 | Pelvic Floor Surgery | |
| Credit Points | | 60 |
| Total Credit Points | | 120 |

Master of Teaching (Birth - 5 Years) (exit only) (1784)

Approved Abbreviation: MTeach(Birth-5Yrs)
Western Sydney University Program Code: 1784
AQF Level: 9

CRICOS Code: 067917A

The Master of Teaching (Birth - 5 Years) is an exit point on completion of 160 credit points of study selected from the 1783 - Master of Teaching (Birth - 5 Years/Birth - 12 Years) subjects as indicated in the program structure.

1783 - Master of Teaching (Birth - 5 Years/Birth - 12 Years) (p. 700)

Study Mode

Two years full-time.

Program Advice

Denise Fraser (<https://directory.westernsydney.edu.au/search/email/Enquirieseducation@westernsydney.edu.au>)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Master of Teaching (Birth - 5 Years/ Birth - 12 Years) (1783)

Approved Abbreviation: MTeach(Bir-5/Bir-12)

Western Sydney University Program Code: 1783

AQF Level: 9

CRICOS Code: 071442G

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2H 2018 to Spring 2021 - please refer to: 1783.3 Master of Teaching (Birth - 5 Years/Birth - 12 Years) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1783.4>)

For Commencement Year 2H 2018 - please refer to: 1783.3 Master of Teaching (Birth - 5 Years/Birth - 12 Years) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1783.3>)

For Commencement Year 2H 2017 - please refer to: 1783.2 Master of Teaching (Birth - 5 Years/Birth - 12 Years) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1783.2>)

For Commencement Year 2015 to 1H 2017 - please refer to: 1783.1 Master of Teaching (Birth - 5 Years/Birth - 12 Years) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1783.1>)

The Master of Teaching (Birth – 5 Years / Birth – 12 Years) is a post graduate initial teaching qualification. It provides students with the flexibility of a teaching qualification for early childhood or a combined early childhood and primary teaching qualification. Students can choose to focus on teaching in the prior to school areas with an early exit point of a Master of Teaching (Birth – 5 Years) or they can undertake an additional six months of study to complete a teaching qualification for early childhood and primary school teaching with the Master of Teaching (Birth – 12 Years). This program would be appropriate for people wanting to work as a qualified teacher in preschool and early childhood services and also in a primary school setting.

The Master of Teaching (Birth-12 Years) incorporates a minimum of 55 days of professional experience in early childhood settings and 30 days professional experience in primary schools (Birth – 12 years).

Early Exit

Students may exit this program on completion of 160 credit points with a 1784 Master of Teaching (Birth - 5 Years) (Exit only) (<https://hbook.westernsydney.edu.au/programs/master-teaching-birth-5-years-exit-only/>)

Study Mode

Two and a half years full-time or five years part-time.

Accreditation

The Master of Teaching (Birth-5 years/ Birth-12 years) is a professional teaching qualification for students possessing a recognised and relevant bachelor degree. It has been accredited by the NSW Education Standards Authority (NESA) as meeting all initial teacher education accreditation standards including the Australian Professional Standards for Teachers at the Graduate Teacher level. This program has also been approved by the Australian Children's Education and Care Quality Authority (ACECQA).

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

Inherent Requirements (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_teaching_courses_postgraduate/master_of_teaching_birth_to_5_yearsbirth_to_12_years/)

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

Applicants must have successfully completed an undergraduate degree in any discipline. Applicants wishing to graduate with a Master of Teaching (Birth – 12 Years) must have at least eight subjects of study in a curriculum area (equivalent of one year of study) in their

undergraduate degree in order to meet the curriculum requirements of the NSW Education Standards Authority (NESA). Where these requirements are not met, applicants may be offered concurrent enrolment in up to four undergraduate subjects of study.

Applicants must have achieved a minimum GPA of 4 in undergraduate study. Current students transitioning from approved Western Sydney Pathway to teaching programs are not included in the GPA requirement.

Additional Information for Applicants

Current WSU students in the Bachelor of Arts (Pathway to Teaching Birth – 5 / Birth – 12), Bachelor of Social Science (Pathway to Early Childhood Teaching) and Bachelor of Education (Birth – 5 Years) can apply via the WSU Transition to Teaching. All other local applicants must apply via the Universities Admission Centre (UAC), see <http://www.uac.edu.au>

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

International students who did not complete their undergraduate degree in Australia must also meet English Language proficiency requirements and must provide evidence to satisfy the Australian Institute of Teaching and School Leadership (AITSL) as in the following

1. An Academic version of the International English Language Testing System (IELTS) Test Report Form (TRF) that shows:
 - Overall score of 7.5 with:
 - a score of at least 7.0 for Reading and Writing; and
 - a score of at least 8.0 for Speaking and Listening.

The IELTS test scores must appear on a single IELTS TRF and be the result of a test undertaken during the 24-month period prior to submitting an application.

Or

2. An applicant has completed study assessed by AITSL as comparable to at least four years of full-time (or part-time

equivalent) higher education (university) study, that results in a qualification/s comparable to the education level of an Australian bachelor degree or higher (must include a recognised initial teacher education qualification) undertaken in Australia, Canada, the Republic of Ireland, New Zealand, the United Kingdom or the United States. Details of acceptable proof are available on The University's International website

International - Entry requirements (https://www.westernsydney.edu.au/international/home/apply/admissions/entry_requirements/)
Special Requirements Prerequisites

Prior to enrolling, students in subjects TEAC 7104 Professional Experience Birth - 2 Years, TEAC 7103 Professional Experience 3 - 5 Years, TEAC 7106 Professional Experience K - 6 must

- Satisfactorily complete Child Protection Awareness training
Link to Child Protection Awareness Training (https://www.westernsydney.edu.au/schools/soed/special_requirements/)
- Satisfactorily complete Working with Children Check
Link to Working with Children Check (https://www.westernsydney.edu.au/schools/soed/special_requirements/#newworkingcheck)
- Satisfactorily complete Anaphylaxis training
Link to Anaphylaxis training (https://www.westernsydney.edu.au/schools/soed/special_requirements/)

QuEST - Non-Academic Capabilities Selection

Students with an offer to enrol in an accredited initial teacher education program are required to complete an online interview to assess your capabilities, in other words, your talents and personal attributes that are relevant to the teaching profession. Western Sydney University refer to this compulsory assessment as QuEST about which you will receive an email prior to the start of the teaching session.

Refer to the Australian Institute for Teaching and Leadership (AITSL) website for more information and the Selection Guidelines: Factsheet.

Additional Requirement

Satisfactorily complete the School of Education Academic Literacy Assessment Task for subject TEAC 7104 Professional Experience Birth - 2 Years

Program Completion Prerequisites

Prior to graduating and prior to enrolment in subject TEAC 7106 Professional Experience K - 6, students must

- Satisfactorily complete the National Literacy and Numeracy TEST.
Link to National Literacy and Numeracy TEST (https://www.westernsydney.edu.au/schools/soed/special_requirements/)

Program Structure

Qualification for this award requires the successful completion of 200 credit points including the core subjects listed in the recommended sequence below.

Recommended Sequence

Start-year intake

| Course | Title | Credit Points |
|-----------------------|------------------------------------|---------------|
| Year 1 | | |
| Autumn session | | |
| TEAC 7114 | Research and Professional Practice | 10 |
| TEAC 7030 | Diverse Literacies | 10 |

| | | |
|----------------------|---------------------------------|-----------|
| TEAC 7015 | Children, Families, Communities | 10 |
| TEAC 7147 | Theorising Play | 10 |
| Credit Points | | 40 |

Spring session

| | | |
|----------------------|--|-----------|
| TEAC 7022 | Creative Teaching and Learning | 10 |
| TEAC 7156 | Aboriginal Education: Past, Present and Future | 10 |
| TEAC 7057 | Introduction to Pedagogical Leadership | 10 |
| TEAC 7037 | Early Learning Environments | 10 |
| Credit Points | | 40 |

Year 2

Autumn session

| | | |
|----------------------|---|-----------|
| TEAC 7061 | Leadership and Management | 10 |
| TEAC 7071 | Literacy in the Early Years | 10 |
| TEAC 7112 | Prosocial Learning Environments | 10 |
| TEAC 7104 | Professional Experience Birth - 2 Years | 10 |
| Credit Points | | 40 |

Spring session

| | | |
|-----------|---|----|
| TEAC 7038 | Early Mathematics and Numeracy | 10 |
| TEAC 7087 | Practising Pedagogical Leadership | 10 |
| TEAC 7103 | Professional Experience 3 - 5 Years | 10 |
| TEAC 7153 | Inclusive Education: Principles and Practices | 10 |

Students may apply to graduate at this point with the 1784 - Master of Teaching (Birth - 5 Years) Or complete the following subjects to obtain a Master of Teaching (Birth - 12 Years).

Credit Points **40**

Year 3

Autumn session

| | | |
|----------------------|------------------------------------|-----------|
| TEAC 7099 | Primary Science & Technology | 10 |
| TEAC 7090 | Primary English and Literacy 2 | 10 |
| TEAC 7094 | Primary Mathematics and Numeracy 2 | 10 |
| TEAC 7106 | Professional Experience K - 6 | 10 |
| Credit Points | | 40 |

Total Credit Points **200**

1784 - Master of Teaching (Birth – 5 Years) exit only (p. 698)

Mid-year Intake

| Course | Title | Credit Points |
|-----------------------|--|---------------|
| Year 1 | | |
| Spring session | | |
| TEAC 7030 | Diverse Literacies | 10 |
| TEAC 7156 | Aboriginal Education: Past, Present and Future | 10 |
| TEAC 7057 | Introduction to Pedagogical Leadership | 10 |
| TEAC 7147 | Theorising Play | 10 |
| Credit Points | | 40 |

Year 2

Autumn session

| | | |
|----------------------|---|-----------|
| TEAC 7114 | Research and Professional Practice | 10 |
| TEAC 7015 | Children, Families, Communities | 10 |
| TEAC 7112 | Prosocial Learning Environments | 10 |
| TEAC 7104 | Professional Experience Birth - 2 Years | 10 |
| Credit Points | | 40 |

Spring session

| | | |
|----------------------|---|-----------|
| TEAC 7038 | Early Mathematics and Numeracy | 10 |
| TEAC 7022 | Creative Teaching and Learning | 10 |
| TEAC 7037 | Early Learning Environments | 10 |
| TEAC 7153 | Inclusive Education: Principles and Practices | 10 |
| Credit Points | | 40 |

Year 3**Autumn session**

| | | |
|-----------|-------------------------------------|----|
| TEAC 7061 | Leadership and Management | 10 |
| TEAC 7071 | Literacy in the Early Years | 10 |
| TEAC 7087 | Practising Pedagogical Leadership | 10 |
| TEAC 7103 | Professional Experience 3 - 5 Years | 10 |

Students may apply to graduate at this point with the 1784 - Master of Teaching (Birth - 5 Years) Or complete the following subjects to obtain a Master of Teaching (Birth - 12 Years).

| | |
|----------------------|-----------|
| Credit Points | 40 |
|----------------------|-----------|

Spring session

| | | |
|-----------|------------------------------------|----|
| TEAC 7094 | Primary Mathematics and Numeracy 2 | 10 |

Master of Teaching (Primary) (1781)

Approved Abbreviation: MTeach(Prim)

Western Sydney University Program Code: 1781

AQF Level: 9

CRICOS Code: 067904F

This program applies to students who commenced in 2H 2018 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2H 2017 to 1H 2018 - please refer to: 1781.2 Master of Teaching (Primary) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1781.2>)

For Commencement Year 2015 to 1H 2017 - please refer to: 1781.1 Master of Teaching (Primary) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1781.1>)

The Master of Teaching (Primary) is a professional teaching qualification for students possessing an appropriate bachelor's degree. It prepares graduates for careers in primary school settings and other educational fields in New South Wales for professional program accreditation with NSW Education Standards Authority. The degree provides deep engagement in primary education, on campus and in schools, through innovative approaches to teaching and learning. It

involves students in engaged learning and work integrated learning, through placements in agencies and schools. There are two exit points, the Graduate Diploma in Educational Studies (Primary) and Master of Educational Studies, for students not seeking a professional teaching qualification.

Early Exit

Students may exit this program on completion of 80 credit points with a 1782 Graduate Diploma in Educational Studies (Primary) (exit only) (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-educational-studies-primary-exit-only/>)

Study Mode

Two years full-time or four years part-time.

Program Advice

Dr Lynde Tan (Enquirieseducation@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Accreditation

The Master of Teaching (Primary) is a professional teaching qualification for students possessing a relevant bachelor's degree. It has been professionally accredited by the NSW Education Standards Authority. Graduates will meet the Australian Professional Standards for Graduate Teachers.

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

Inherent Requirements (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_teaching_courses_postgraduate/master_of_teaching_primary/)

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

Applicants must have successfully completed an undergraduate degree with at least eight subjects (equivalent of one year) of study in at least one area relevant to primary teaching in order to meet the curriculum requirements of the NSW Education Standards Authority. Where these requirements are not met, applicants may be offered concurrent enrolment in up to four undergraduate subjects of study.

From 2021: Prospective students apply for admission to the online version of the course directly through WSU Online. A student's eligibility will be assessed according to the existing admission criteria.

Additional Information for Applicants:

Current Western Sydney University students in WSU Bachelor of Arts (Pathway to Teaching Primary) and Bachelor of Science (Pathway to Teaching Primary) can apply via the Western Sydney University Transition to Teaching. Applicants must have achieved a minimum GPA of 4.0 in undergraduate study. Current students transitioning from approved Western Sydney Pathway to Teaching programs are not included in this GPA requirement.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

International students who did not complete their undergraduate degree in Australia must also meet English Language proficiency requirements and must provide evidence to satisfy the Australian Institute of Teaching and School Leadership (AITSL) as in the following:

1. An Academic version of the International English Language Testing System (IELTS) Test Report Form (TRF) that shows:

- Overall score of 7.5 with:
- a score of at least 7.0 for Reading and Writing; and
- a score of at least 8.0 for Speaking and Listening.

The IELTS test scores must appear on a single IELTS TRF and be the result of a test undertaken during the 24-month period prior to submitting an application.

Or

2. An applicant has completed study assessed by AITSL as comparable to at least four years of full-time (or part-time equivalent) higher education (university) study, that results in a qualification/s comparable to the education level of an Australian bachelor degree or higher (must include a recognised initial teacher education qualification) undertaken in Australia, Canada, the Republic of Ireland, New Zealand, the United Kingdom or the United States. Details of acceptable proof are available on The University's International website

International - Entry requirements (https://www.westernsydney.edu.au/international/home/apply/admissions/entry_requirements/)

Special Requirements Prerequisites

Prior to enrolling, students in subjects TEAC 7154 Professional Experience 1 and TEAC 7155 Professional Experience 2 must:

- Satisfactorily complete Child Protection Awareness training

Link to Child Protection Awareness Training (https://www.westernsydney.edu.au/schools/soed/special_requirements/)

- Satisfactorily complete Working with Children Check

Link to Working with Children Check (https://www.westernsydney.edu.au/schools/soed/special_requirements/)

- Satisfactorily complete Anaphylaxis training

Link to Anaphylaxis training (https://www.westernsydney.edu.au/schools/soed/special_requirements/)

QuEST - Non-Academic Capabilities Selection

From 2018 students with an offer to enrol in an accredited initial teacher education program are required to complete an online interview to assess your capabilities, in other words, your talents and personal attributes that are relevant to the teaching profession. Western Sydney University refer to this compulsory assessment as QuEST about which you will receive an email prior to the start of the teaching session. Refer to the Australian Institute for Teaching and Leadership (AITSL) website for more information and the Selection Guidelines: Factsheet

Additional Requirement

Satisfactorily complete the School of Education Academic Literacy and Numeracy TASK for subject TEAC 7154 Professional Experience 1

Program Completion Prerequisites

Prior to graduating and prior to enrolment in subject TEAC 7155 Professional Experience 2, students must:

- Satisfactorily meeting the standard on the Literacy and Numeracy TEST for Initial Teacher Education students (LANTITE).

Link to National Literacy and Numeracy TEST (https://www.westernsydney.edu.au/schools/soed/special_requirements/)

Program Structure

Qualification for this award requires the successful completion of 160 credit points including the subjects listed in the recommended sequence below.

Students should note that core subjects are now taught in semesters, rather than half yearly sessions.

Students can exit with the Graduate Diploma in Educational Studies (Primary) on completion of 80 credit points of study selected from the Master of Teaching (Primary) subjects.

Graduate Diploma in Educational Studies (Primary) (exit only) (p. 538)

National Literacy and Numeracy TEST for Initial Teacher Education students

Requirements from 2H 2018 to Autumn 2020

Students who do not pass the National Literacy and Numeracy TEST will not be able to complete the following two subjects: TEAC 7098 Primary Professional Practice 2 and TEAC 7119 Researching and Developing Engaging Pedagogies in Module 4 of the recommended sequence below.

These students should complete two subjects from the list as advised after the recommended sequence below to be eligible to graduate with a Master of Educational Studies.

Master of Educational Studies (p. 617)

Requirements from Spring 2020

Students who do not pass the National Literacy and Numeracy TEST will not be able to complete subjects TEAC 7098 Primary Professional Practice 2 / TEAC 7155 Professional Experience 2 in the recommended sequence below.

These students should complete one subject from the Master of Educational Studies list below and be eligible to graduate with the alternate award of Master of Educational Studies.

Master of Educational Studies (p. 617)

Recommended Sequence - On campus Program Structure for BA Pathway to Teaching Primary students who complete 40 credit points of the Master of Teaching as part of the Education Studies Major in the Bachelor of Arts Accelerated Full-time (1 year)

Note: Only those students with a GPA 5 for their first four subjects of study will be eligible to enrol in the accelerated mode. Students are to maintain a GPA of 5 in order to enrol in their subsequent accelerated semester of study. That is, only students with GPAs of 5 or above can undertake 5 subjects of study in a semester.

| TEAC 7043 | Engaging Communities | 10 |
| HUMN 7027 | Leading Change | 10 |
| CEDS 7001 | Education Policy, Practice and Global Knowledge Co-construction | 10 |
| TEAC 7029 | Disability in Context | 10 |
| TEAC 7144 | Technology Assisting Learning | 10 |
| HUMN 7018 | Ecopsychology and Cultural Change | 10 |
| TEAC 7041 | Effective Working Relationships | 10 |

Replaced Subjects

The subjects listed below counts towards completion of this program for students who passed the units in 2020 or earlier.

TEAC 7097 Primary Professional Practice 1, replaced by TEAC 7154 Professional Experience 1
 TEAC 7098 Primary Professional Practice 2, replaced by TEAC 7155 Professional Experience 2

TEAC 7118 Researching Teaching and Learning 1, replaced by TEAC 7158 Researching Teaching and Learning
 TEAC 7016 Classrooms Without Borders, replaced by TEAC 7156 Aboriginal Education: Past, Present and Future
 TEAC 7053 Inclusive Teaching for Effective Learning, replaced by TEAC 7153 Inclusive Education: Principles and Practices
 TEAC 7142 Teaching and Learning with Adults, replaced by TEAC 7144 Technology Assisting Learning

Master of Teaching (Secondary) (1714)

Approved Abbreviation: MTeach(Sec)

Western Sydney University Program Code: 1714

AQF Level: 9

CRICOS Code: 057369G

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2021 to 2021 - please refer to: 1714.4 Master of Teaching (Secondary) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1714.4>)

For Commencement Year 2018 to 2020 - please refer to: 1714.3 Master of Teaching (Secondary) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1714.3>)

For Commencement Year 2H 2017 - please refer to: 1714.2 Master of Teaching (Secondary) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1714.2>)

For Commencement Year 2015 to 1H 2017 - please refer to: 1714.1 Master of Teaching (Secondary) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1714.1>)

The Master of Teaching (Secondary) is an accredited professional teaching qualification for students possessing an appropriate bachelor's degree. It prepares graduates for careers in secondary school settings and other educational fields in NSW, other Australian states and internationally. The degree provides a professional qualification in secondary education, and is taught on campus and in schools, through innovative blended teaching and learning approaches. Graduates meet the Australian Professional Standards for Graduate Teachers, required for registration with the NSW Education Standards Authority. There are two exit points: the Graduate Diploma in Educational Studies (Secondary) and Master of Educational Studies for students not seeking a professional teaching qualification. The Graduate Certificate in Educational Studies (Secondary) is a Professional Development qualification for currently accredited teachers.

Early Exits

Students may exit this program on completion of 40 credit points with a 1716 Graduate Certificate in Educational Studies (Secondary) (exit only) (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-educational-studies-secondary-exit-only/>) or on completion of 80 credit points with a 1715 Graduate Diploma in Educational Studies (Secondary) (exit only) (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-educational-studies-secondary-exit-only/>)

Study Mode

Two years full-time or four years part-time.

Program Advice

Assoc. Prof. David Cole (<https://directory.westernsydney.edu.au/search/email/david.cole@westernsydney.edu.au>)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Campus | Attendance | Mode | Advice |

| Penrith Campus | Full Time | Internal | See above |
| Penrith Campus | Part Time | Internal | See above |

Accreditation

The Master of Teaching (Secondary) is a professional teaching qualification for students possessing an appropriate bachelor's degree. It has been fully accredited by the NSW Education Standards Authority. Graduates meet the Australian Professional Standards for Graduate Teachers.

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

Inherent requirements (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_teaching_courses_postgraduate/master_of_teaching_secondary/)

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

Applicants must have successfully completed an undergraduate degree in any discipline. The completed subjects in the undergraduate degree must match with the secondary subject content requirements of the NSW Education Standards Authority for the subject(s) the applicant is intending to teach.

NESA Subject Content Knowledge Requirements (<https://educationstandards.nsw.edu.au/wps/wcm/connect/1bea4323-19a6-4af6-b657-95ae4cea954b/subject-content-knowledge-requirements-policy.pdf?MOD=AJPERES&CVID>)

Where these requirements are not met, applicants may be offered concurrent enrolment in up to four undergraduate subjects of study. (Please note: from 2023 this requirement is no longer available)

Applicants must have achieved a minimum GPA of 4 in undergraduate study. Current students transitioning from approved Western Sydney Pathway to Teaching programs are not included in this GPA requirement.

Additional Information for Applicants:

Current Western Sydney University students in the programs listed below can apply via the Western Sydney University Transition to Teaching:

- Bachelor of Arts (Pathway to Teaching Secondary),
- Bachelor of Science (Pathway to Teaching Secondary),
- Bachelor of Health Science (Health and Physical Education) – Pathway to Teaching (Secondary),
- Bachelor of Business (Pathway to Teaching Secondary),
- Bachelor of Graphic Design (Pathway to Teaching Secondary)

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

International students who did not complete their undergraduate degree in Australia must also meet English Language proficiency requirements and must provide evidence to satisfy the Australian Institute for Teaching and School Leadership (AITSL) as in the following:

1. An Academic version of the International English Language Testing System (IELTS) Test Report Form (TRF) that shows an overall score of at least 7.5 and:
 - a. a score of at least 7.0 for Reading and Writing; and
 - b. a score of at least 8.0 for Speaking and Listening.
 The IELTS test scores must appear on a single IELTS TRF and be the result of a test undertaken during the 24-month period prior to submitting an application.
 Or

Achieved a score of Level 4 in the International Second Language Proficiency Rating (ISLPR) in all four skill areas of listening, speaking, reading and writing, undertaken at approved testing sites where the assessment is teacher-focused.

2. An applicant has completed study assessed by AITSL as comparable to at least four years of full-time (or part-time equivalent) higher education (university) study, that results in a qualification/s comparable to the education level of an Australian bachelor degree or higher (must include a recognised initial teacher education qualification) undertaken in Australia, Canada, the Republic of Ireland, New Zealand, the United Kingdom or the United States. Details of acceptable proof are available in the WSU International website:

International - Entry requirements (https://www.westernsydney.edu.au/international/home/apply/admissions/entry_requirements/)

Special Requirements Prerequisites

Prior to enrolling, students in subjects TEAC 7154 Professional Experience 1, TEAC 7155 Professional Experience 2, TEAC 7108 Professional Practice Community Engagement must:

- Satisfactorily complete the two components of the NSW Department of Education's Child Protection Awareness Training (CPAT)
- Satisfactorily complete the two components of the Working with Children Check (WWCC)
- Satisfactorily complete ASCIA Anaphylaxis e-training
- From 2H/Spring 2022, students must be COVID-19 fully vaccinated as per the NSW Public Health Order and NSW Department of Education requirement.

Link to Child Protection Awareness Training, Working with Children Check, COVID-19 and Anaphylaxis training (https://www.westernsydney.edu.au/schools/soed/special_requirements/)

QuEST - Non-Academic Capabilities Selection

Students with an offer to enrol in an accredited initial teacher education program are required to complete an online interview to assess your capabilities, in other words, your talents and personal attributes that are relevant to the teaching profession. Western Sydney University refer to this compulsory assessment as QuEST about which you will receive an email prior to the start of the teaching session.

Refer to the Australian Institute for Teaching and Leadership (AITSL) website for more information and the Selection Guidelines: Factsheet.

Additional Requirement

Satisfactorily complete the School of Education Academic Literacy and Numeracy TASK for subject TEAC 7154 Professional Experience 1

Program Completion Prerequisites

Prior to graduating and prior to enrolment in subject TEAC 7155 Professional Experience 2, students must:

- Satisfactorily complete the National Literacy and Numeracy TEST.

Link to National Literacy and Numeracy TEST (https://www.westernsydney.edu.au/schools/soed/special_requirements/)

Program Structure

Qualification for this award requires the successful completion of 160 credit points including the subjects listed in the recommended sequence below.

Students can exit with the 1715 - Graduate Diploma in Educational Studies (Secondary) on completion of 80 credit points of study (excluding Professional Practice units) selected from the Master of Teaching (Secondary) subjects.

1715 Graduate Diploma in Educational Studies (Secondary) (exit only) (p. 538)

Students can exit with the 1716 - Graduate Certificate in Educational Studies (Secondary) on completion of 40 credit points of study selected from the Master of Teaching (Secondary) units.

1716 Graduate Certificate in Educational Studies (Secondary) (exit only) (p. 493)

Note: A Graduate Certificate in Educational Studies (Secondary) would be an appropriate exit point for an already accredited teacher, whilst the Graduate Diploma in Educational Studies (Secondary) would be for a student not wishing to pursue classroom teaching as a career. Please note, that these are not teaching qualifications.

National Literacy and Numeracy TEST

Students who do not pass the National Literacy and Numeracy TEST will not be able to complete the following subject: TEAC 7155 Professional Experience 2.

These students should complete one subject from the Master of Educational Studies list advised after the recommended sequence to be eligible to graduate with the alternate award of Master of Educational Studies.

1859 - Master of Educational Studies (p. 617)

Recommended Sequence

Full-time start-year intake

| Course | Title | Credit Points |
|--|---|---------------|
| Year 1 | | |
| Autumn session | | |
| TEAC 7004 | Adolescent Development and Teaching | 10 |

Master of Educational Studies list advised after the recommended sequence below to be eligible to graduate with the alternate award of Master of Educational Studies.

Recommended Elective Subjects

Recommended elective options are subject to semester offerings and availability. Students can choose one or more subjects from each elective area.

Educational Research

| Subject | Title | Credit Points |
|-----------|--|---------------|
| TEAC 7158 | Researching Teaching and Learning | 10 |
| TEAC 7116 | Researching STEM Education for Future Leadership | 10 |

Curriculum, Assessment and Reporting

| Subject | Title | Credit Points |
|-----------|--|---------------|
| TEAC 7100 | Principles and Practices of Evaluation | 10 |
| TEAC 7026 | Designing Curriculum Futures | 10 |

STEM

| Subject | Title | Credit Points |
|-----------|--|---------------|
| TEAC 7121 | STEM foundations | 10 |
| TEAC 7120 | STEM Pedagogies in Practice | 10 |
| TEAC 7116 | Researching STEM Education for Future Leadership | 10 |
| TEAC 7152 | Applied Robotics and Programming in Secondary STEM Education | 10 |

Leadership, Care & Wellbeing

| Subject | Title | Credit Points |
|-----------|---|---------------|
| TEAC 7020 | Contemporary Teacher Leadership | 10 |
| TEAC 7063 | Leadership, Mentoring and Professional Growth | 10 |
| TEAC 7068 | Learning and Teaching in Challenging Contexts | 10 |
| TEAC 5023 | Mental Health in Educational Contexts | 10 |

Inclusive Education

| Subject | Title | Credit Points |
|-----------|-------------------------------|---------------|
| TEAC 7150 | Universal Design for Learning | 10 |
| TEAC 7084 | Person-Centred Practice | 10 |
| TEAC 7051 | Inclusive Environments | 10 |

National Literacy and Numeracy TEST

Students who do not pass the National Literacy and Numeracy TEST will not be able to complete the following subject: TEAC 7155 Professional Experience 2 in the recommended sequence above.

These students should complete one subject from the following **Master of Educational Studies list** to be eligible to graduate with a Master of Educational Studies.

1859 - Master of Educational Studies (p. 617)

Note: Students who do not pass the National Literacy and Numeracy TEST will not be able to complete the subject: TEAC 7155 Professional Experience 2. These students should complete one subject from the

| Subject | Title | Credit Points |
|---|---|---------------|
| Select one of the following subjects if on offer in alternate years in Autumn Session | | |
| TEAC 7026 | Designing Curriculum Futures | 10 |
| TEAC 7051 | Inclusive Environments | 10 |
| TEAC 7068 | Learning and Teaching in Challenging Contexts | 10 |
| TEAC 7100 | Principles and Practices of Evaluation | 10 |

| HUMN 7027 | Leading Change | 10 |
| TEAC 7144 | Technology Assisting Learning | 10 |

Master of Teaching (Secondary) STEM (1848)

Approved Abbreviation: MTeach(Sec)STEM

Western Sydney University Program Code: 1848

AQF Level: 9

CRICOS Code: 095774A

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2018 to 2021 - please refer to 1848.1 Master of Teaching (Secondary) STEM (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1848.1>)

This program is an accredited professional teaching qualification for students possessing an appropriate bachelor's degree. It prepares graduates for careers in secondary school settings in particular science, technology, engineering and/or mathematics (STEM) in NSW, other Australian states and internationally. The program provides a strong qualification in secondary STEM education, and is taught on campus and in schools, through innovative blended teaching and learning approaches. Graduates meet the Australian Professional Standards for Graduate Teachers, required for registration with the NSW Education Standards Authority (NESA). The Graduate Diploma in Teaching (Secondary) STEM is an early exit point for students not seeking a professional teaching qualification.

Early Exit

Students may exit this program on completion of 80 credit points with a 1853 Graduate Diploma in Teaching (Secondary) STEM (exit only) (<https://handbook.westernsydney.edu.au/programs/graduate-diploma-teaching-secondary-stem-exit-only/>)

Study Mode

Two years full-time.

Program Advice

Dr Kay Carroll (<https://directory.westernsydney.edu.au/search/email/Enquirieseducation@westernsydney.edu.au>)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Campus | Attendance | Mode | Advice |
|----------------|------------|----------|-----------|
| Penrith Campus | Full Time | Internal | See above |
| Penrith Campus | Part Time | Internal | See above |

Accreditation

The Master of Teaching (Secondary) STEM is a professional teaching qualification for students possessing an appropriate bachelor's degree. It has been fully accredited by the NSW Education Standards Authority (NESA). Graduates meet the Australian Professional Standards for Graduate Teachers.

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

Applicants must have successfully completed an undergraduate degree in the disciplines of science, technology, engineering and/or mathematics (STEM) and these subjects must match with the secondary STEM subject content requirements of the NSW Education Standards Authorities (NESA).

NESA Subject Content Knowledge Requirements (<https://educationstandards.nsw.edu.au/wps/wcm/connect/1bea4323-19a6-4af6-b657-95ae4cea954b/subject-content-knowledge-requirements-policy.pdf?MOD=AJPERES&CVID>)

Where these undergraduate STEM study requirements are not met, applicants may be offered concurrent enrolment in up to four undergraduate subjects of study. (Please note: from 2023 this requirement is no longer available)

Applicants must have a minimum GPA of 5 in undergraduate study.

Applicants are required to successfully complete the non-academic capability assessment.

Additional Information for Applicants

Applicants are required to commit to attend a school two days per week during each semester in order to complete the Professional Experience in schools' requirement, in addition to lectures and tutorials.

Current students transitioning from Western Sydney Bachelor of Science (Pathway to Teaching Secondary/Primary) are required to meet all of the above admission requirements.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

International students currently completing an Australian Year 12 in or outside Australia, an International Baccalaureate in Australia or a New Zealand National Certificate of Educational Achievement (NCEA) level 3 must apply via UAC International.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

International students who did not complete their undergraduate degree in Australia must also meet English Language proficiency requirements and must provide evidence to satisfy the Australian Institute for Teaching and School Leadership (AITSL) as in the following

- An Academic version of the International English Language Testing System (IELTS) Test Report Form (TRF) that shows an overall score of at least 7.5 and:
- a score of at least 7.0 for Reading and Writing; and
- a score of at least 8.0 for Speaking and Listening.
- The IELTS test scores must appear on a single IELTS TRF and be the result of a test undertaken during the 12-month period prior to submitting an application.

Or

An applicant has completed study assessed by AITSL as comparable to at least four years of full-time (or part-time equivalent) higher education (university) study, that results in a qualification/s comparable to the education level of an Australian bachelor degree or higher (must include a recognised initial teacher education qualification) undertaken in Australia, Canada, the Republic of Ireland, New Zealand, the United

Kingdom or the United States. Details of acceptable proof are available on the University's International website

English Language Entry Requirements (https://www.westernsydney.edu.au/international/home/apply/admissions/entry_requirements/)

Special Requirements Prerequisites

Prior to enrolling in subjects TEAC 7154 Professional Experience 1, TEAC 7155 Professional Experience 2 students must:

- Satisfactorily complete the two components of the NSW Department of Education's Child Protection Awareness Training (CPAT)
- Satisfactorily complete the two components of the Working with Children Check (WWCC)
- Satisfactorily complete ASCIA Anaphylaxis e-training
- From 2H/Spring 2022, students must be COVID-19 fully vaccinated as per the NSW Public Health Order and NSW Department of Education requirement.

Link to Child Protection Awareness Training, Working with Children Check, COVID-19 and Anaphylaxis training (https://www.westernsydney.edu.au/schools/soed/special_requirements/)

QuEST – NON-ACADEMIC CAPABILITIES SELECTION

Students with an offer to enrol in an accredited initial teacher education program are required to complete an online interview to assess your capabilities, in other words, your talents and personal attributes that are relevant to the teaching profession. Western Sydney University refer to this compulsory assessment as QuEST about which you will receive an email prior to the start of the teaching session.

Refer to the Australian Institute for Teaching and Leadership (AITSL) website for more information and the Selection Guidelines: Factsheet.

Additional Requirement

Satisfactorily complete the School of Education Academic Literacy TASK and Numeracy TASK for:

TEAC 7154 Professional Experience 1

Program Completion Prerequisites

Prior to enrolling in TEAC 7155 Professional Experience 2 students must have:

- Satisfactorily completed the national Literacy and Numeracy TEST which pre-service teachers are required to pass prior to their final professional experience placement (NSW Education Standards Authority (NESA)).

Link to National Literacy and Numeracy TEST (https://www.westernsydney.edu.au/schools/soed/special_requirements/)

Recommended Sequence

Qualification for this award requires the successful completion of 160 credit points as per recommended sequence below.

Start-year intake

| Course | Title | Credit Points |
|-----------------------|--|---------------|
| Year 1 | | |

Master of Translation and TESOL (1816)

Approved Abbreviation: MTrans&TESOL

Western Sydney University Program Code: 1816

AQF Level: 9

CRICOS Code: 088716C

This program applies to students who commenced in 2020 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2018 - Please refer to 1816.3 Master of Translation and TESOL (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1816.3>)

The Master of Translation and TESOL provides professional education in two related and complementary disciplines, translation and TESOL (Teaching English to Speakers of Other Languages). The TESOL component is consistent with the industry standard in the Australian and international contexts. The translation component consists of

theoretical and practical training in translation, leading to eligibility to sit for certification by the National Accreditation Authority for Translators and Interpreters (NAATI) at the Certified Translator level. The program is designed for graduates in any field wishing to develop a long-term career in TESOL as well as in Translation. Subject to demand, translation training is offered in English and one of the following languages: Arabic, Mandarin, Japanese, Korean, Spanish or Vietnamese.

Director of Academic Program - Associate Professor Robert Mailhammer

Early Exits

Students may exit this program on completion of 60 credit points with a 1802 Graduate Certificate in TESOL (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-tesol/>) or on completion of 80 credit points with a 1801 Graduate Diploma in TESOL (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-tesol/>)

Study Mode

Two years full-time or four years part-time.

Program Advice

Dr Ping Yang (enquiriesHCA@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>) |

Location

| Campus | Attendance | Mode | Advice |
|--|------------|----------|-----------|
| Parramatta City Campus- Macquarie Street | Full Time | Internal | See above |
| Parramatta City Campus- Macquarie Street | Part Time | Internal | See above |

Advanced Standing

Graduates of a Bachelor in Translation and TESOL (with cognate subjects or equivalent), graduates of a Graduate Certificate in Translation and TESOL (with cognate subjects or equivalent), and graduates of a Graduate Diploma in Translation and TESOL (with cognate subjects or equivalent) may be eligible for 25% up to 50% Advanced Standing.

Accreditation

This program is an Endorsed Qualification for the National Accreditation Authority for Translators and Interpreters (NAATI) at the Certified Translator level (formerly Level 3). Students who wish to sit for NAATI Certification must pass the subject LANG 7030 Preparation for NAATI Certification (PG). Students who are unable to pass this subject will be able to graduate with one of the following awards provided they pass the relevant subjects: Graduate Diploma in TESOL, Graduate Certificate in TESOL, Graduate Certificate in Interpreting and Translation, Graduate Diploma in Translation Studies or Graduate Diploma in Translation.

Inherent Requirements

Inherent requirements for TESOL (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_tesol_courses/)

Inherent requirements for Interpreting and Translation (https://www.westernsydney.edu.au/ir/inherent_requirements/inherent_requirements_for_interpreting_and_translation_courses/)

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

International students should also refer to the link below for more information and a link to the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Work Integrated Learning (WIL) for international students (https://www.westernsydney.edu.au/currentstudents/current_students/services_and_facilities/international_student_support/working_in_australia/work_integrated_learning/)

Admission

Applicants must have successfully completed an undergraduate degree or postgraduate qualification in any discipline.

Applicants must have an overall IELTS score of 6.5 or equivalent, with a minimum 6.0 in each subtest, and have native or near-native proficiency in one of the following languages: Arabic, Japanese, Korean, Mandarin, Spanish or Vietnamese.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Program Structure

Qualification for this award requires the successful completion of 160 credit points which include the subjects listed below.

Recommended Sequence

Qualification for this award requires the successful completion of 160 credit points as per the recommended sequence below.

The following is a recommended sequence. However, students may choose to undertake the translation subjects of the program in the first year and the TESOL subjects in the second year after consulting the TESOL program advisor and receiving approval. It is essential that students do not enrol in a mixture of TESOL and translation subjects in any one of the four semesters as not all subjects are offered in each semester.

Master of Urban Management and Planning (1873)

Approved Abbreviation: MUrbMgt&Plan
Western Sydney University Program Code: 1873
AQF Level: 9

CRICOS Code: 067913E

Program Status:

This program applies to students who commenced in 2018 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

Commencement Year 2014 to 2017 -1674.2 Master of Urban Management and Planning (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1674.2>)

The Master of Urban Management and Planning gives students the professional and scholarly education to take a leadership role in urban management, strategic planning and policy development. The coursework includes preparation in professional practice, history and the theoretical and legal frameworks for planning. Students will develop skills in a range of relevant areas including governance, urban finance and sustainable strategies. The program also includes sizeable research and industry placement components.

Early Exit

Students may exit this program on completion of 40 credit points with a 1676 Graduate Certificate in Urban Management and Planning (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-urban-management-planning/>)

Study Mode

One year full-time or two years part-time.

Program Advice

Masters Qualifying Program with Concurrent English (2812)

Approved Abbreviation: MQP/EEP

Western Sydney University Program Code: 2812

AQF Level: 7

CRICOS Code: 097010G

This program applies to students who commenced in 2019 or later.

In the Masters Qualifying Program (MQP) with Concurrent English you will participate in an intensive program of learning to prepare you for study at postgraduate level. This non-award program comprises four subjects designed to ensure you have the skills, competencies and knowledge necessary to undertake postgraduate study in business along with the English Enhancement Program. The English Enhancement Program enables students to hone their language skills, in academic writing, reading, listening and speaking, to a high level and prepares them for study in a university environment. Students who successfully pass this program, delivered in conjunction with the MQP program, satisfy the English entry requirements to Western Sydney University. In the MQP program, you will further develop your skills in a range of contemporary business areas including finance and accounting, marketing, management and verbal and written communication skills. You will be required to demonstrate a sound appreciation of the ethical and professional practice in business enterprises, and you will demonstrate practical business communication skills. To complete the Masters Qualifying Program students must pass all four subjects.

Study Mode

Six months full-time or one year part-time.

Program Advice

Dr Laurel Jackson (<https://hbook.westernsydney.edu.au/programs/masters-qualifying-program-concurrent-english/la.jackson@westernsydney.edu.au>)

Prospective students should visit the following websites for general enquiries about this program.

Admission

For entry in to the MQP component of this program, applicants must have achieved one of the following:

- an Associate Degree, or higher in any discipline; Or
- a three (3) year post-secondary qualification, or higher in any discipline; Or
- a minimum of three (3) years full-time equivalent managerial/professional work experience; Or

- submitted other evidence of qualifications that demonstrate potential to pursue graduate studies.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form (https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF)

As a guide to international applicants the following additional information is provided regarding admission:

- India/Pakistan - 3 year qualification post Standard/Class XII
- China - 3 year qualification post Senior High School Certificate

International applicants who do not meet the University's minimum English Language requirements for postgraduate programs and have an IELTS equivalent of 6.0, with a minimum of 5.5 in all bands will be eligible to study the Masters Qualifying Program concurrently with the English Enhancement Program.

English Language Entry Requirements (https://www.westernsydney.edu.au/international/home/apply/admissions/entry_requirements/)

For entry in to the EEP (English Enhancement Program) component of this program, applicants must have achieved one of the following:

- IELTS 6 with 5.5 in all areas
- TOEFL PBT 540/ IBT 75
- Pearson PTE 54
- The College English Entrance Test 70%+
- Pass in The College EAP 4 program

Students who successfully complete the English Enhancement Program will also be eligible for a Certificate in English.

Students who need to further develop their English language skills can complete one of the English language programs offered by Western Sydney University The College. Students who successfully complete English Academic Program 5 (EAP5) with The College do not need to take any further English language tests to gain entry to their study at Western Sydney University.

Western Sydney The College English Language Programs (<https://www.westernsydney.edu.au/future/study/application-pathways/the-college/english-programs.html>)

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Recommended Sequence Sydney City Campus

Accounting, Testamur Major (T046)

Western Sydney University Major Code: T046

Previous Code: MT2030.1

Available to students in other Western Sydney University programs?

No

The Accounting major equips you with the expert skills to create a career as an accounting specialist. You will be prepared to succeed in a range of roles in accounting practices, and also in both public and private enterprises. In this major you will develop in-depth knowledge of accounting, supported by knowledge of law, economics, and finance. Accounting major subjects focus on the fundamentals of financial and management accounting, as well as accounting information and corporate systems. If you are seeking professional accreditation, you will also undertake specialised subjects in taxation and audit and assurance. The core subjects in the Bachelor of Business will provide you a foundation of business knowledge and develop your skills in innovation, career planning, and numeracy. The Accounting major builds on this knowledge and skills in an applied discipline based context. Accountants are in high global demand by enterprises in corporate, public, and not-for-profit sectors. The Bachelor of Business (Accounting) (including online) is accredited with and satisfies the pre-admission educational requirements for membership of CPA Australia (CPA), Chartered Accountants Australia and New Zealand (CAANZ) and the Institute of Public Accountants (IPA). Completion of this degree will

allow students to claim a number of exemptions from the Chartered Institute of Management Accountants (CIMA) in obtaining the CIMA Professional Qualification.

Location

| Campus | Mode | Advice |
|---|----------|---|
| Bankstown Campus | Internal | Program Advice (https://directory.westernsydney.edu.au/search/email/business.courses@westernsydney.edu.au) |

| Sydney City Campus | Internal | Neelam Goela (https://directory.westernsydney.edu.au/search/email/n.goela@city.westernsydney.edu.au) |
| WSU Online | Online | Program Advice (https://directory.westernsydney.edu.au/search/email/business.courses@westernsydney.edu.au) |

Major Structure

Students must successfully complete 80 credit points including all of the core subjects listed below.

| Subject | Title | Credit Points |
|----------------------------|-------------------------------------|---------------|
| ACCT 1005 | Accounting in Context | 10 |
| ACCT 3001 | Accounting Information Systems | 10 |
| ACCT 3003 | Accounting Standards and Governance | 10 |
| ACCT 3006 | Auditing and Assurance Services | 10 |
| ACCT 3007 | Corporate Accounting Systems | 10 |
| ACCT 1007 | Financial Accounting Applications | 10 |
| ACCT 1010 | Management Accounting Fundamentals | 10 |
| ACCT 2005 | Techniques in Financial Accounting | 10 |
| Total Credit Points | | 80 |

Accreditation Subjects

Students seeking accreditation with the Australian professional accounting bodies must complete the following four subjects as part of their elective pool:

| Subject | Title | Credit Points |
|-----------|------------------------------------|---------------|
| ACCT 2001 | Contemporary Management Accounting | 10 |
| ECON 2002 | Corporate Financial Management | 10 |
| LAWS 2010 | Law of Business Organisations | 10 |
| LAWS 3070 | Taxation Law | 10 |

Note: Students must also complete the Bachelor of Business core subjects, the Accounting Major as well as a numeracy subject (either MATH 1030 Statistics for Business or ECON 1006 Introduction to

Economic Methods) and the Enterprise Engaged subject ACCT 3011 The Accountant as a Consultant to be eligible to apply for professional recognition.

Professional Subjects for Careers in Money

Students planning to progress to the major in Accounting are advised to take the following four subjects to satisfy the requirements for their professional core:

| Subject | Title | Credit Points |
|------------------------------|------------------------------------|---------------|
| BUSM 3028 | Innovation, Enterprise and Society | 10 |
| ACCT 3011 | The Accountant as a Consultant | 10 |
| BUSM 2041 | Working in Professions | 10 |
| Select one of the following: | | 10 |
| ECON 1005 | Introduction to Economic Methods | |
| MATH 1030 | Statistics for Business | |

Recommended Sequence

Qualification for the award of Bachelor of Business with a major in Accounting requires the successful completion of 240 credit points as per the recommended sequence below.

| Course | Title | Credit Points |
|--|-------------------------------------|----------------------|
| Full-time | | |
| Year 1 | | |
| Autumn session | | |
| BUSM 1008 | Financing Enterprises | 10 |
| LAWS 1001 | Enterprise Law | 10 |
| ACCT 1005 | Accounting in Context | 10 |
| Select one of the following: | | 10 |
| ECON 1006 | Introduction to Economic Methods | |
| MATH 1030 | Statistics for Business | |
| | | Credit Points |
| | | 40 |
| Spring session | | |
| BUSM 1008 | Enterprise Leadership | 10 |
| ACCT 1007 | Financial Accounting Applications | 10 |
| BUSM 1006 | Enterprise Innovation and Markets | 10 |
| Select one elective | | 10 |
| This may include the Accreditation elective subject ECON 2002 Corporate Financial Management | | |
| | | Credit Points |
| | | 40 |

Advanced Manufacturing, Testamur Major (T126)

Western Sydney University Major Code: T126

Previous Code: MT3048.1

Available to students in other Western Sydney University programs?

No

Manufacturing is continuously transforming as it integrates automation, analytics, intelligence, digitalisation, and Internet of Things (IoT) into physical operations. In this major, you integrate techniques and methods to improve the sustainability and efficiency of manufacturing taking advantage of digitisation tools. You tackle complex problems, propose innovative solutions, and apply critical thinking to industry problems considering social, ethical and environmental factors. Job opportunities are varied and include Digital Product Design Engineer, Digital Process Engineer, Additive Manufacturing Engineer, Digital Twins Engineer, Systems Engineer, Automation Specialist, Robotics Specialists, Advanced Sensors Specialists, Industry 4.0 Transformation Specialist, etc. This major includes a mandatory 300 to 450 hour industrial placement as a completion requirement.

Recommended Sequence

This major is included in Bachelor of Engineering Science, Bachelor of Engineering (Honours), Bachelor of Engineering Advanced (Honours) and Bachelor of Engineering (Honours)/Bachelor of Business.

Please follow the recommended sequence for your program as noted below.

Select the link for your program below to see details of the major

Bachelor of Engineering (Honours)

Qualification for this award requires the successful completion of 320 credit points, which include the subjects listed in the recommended sequence below.

*** All students undertaking the Bachelor of Engineering (Honours) are required to enrol in MATH 1021 Mathematics for Engineers Preliminary and undertake a readiness test at the beginning of their study.**

The readiness test will be conducted at the beginning of the first semester of enrolment and the result will be used to determine whether a student will remain in MATH 1021 Mathematics for Engineers Preliminary or be transferred by the School to MATH 1016 Mathematics for Engineers 1.

Students remaining in MATH 1021 Mathematics for Engineers Preliminary will be required to complete MATH 1016 Mathematics for Engineers 1 during second semester and will be encouraged to complete MATH 1019 Mathematics for Engineers 2 during the Summer session.

Start-year intake

| Course | Title | Credit Points |
|---|---------------------------------------|---------------|
| Year 1 | | |
| Autumn session | | |
| ENGR 1011 | Engineering Physics | 10 |
| ELEC 1006 | Engineering Computing | 10 |
| ENGR 1024 | Introduction to Engineering Practice | 10 |
| Select one of the following: | | 10 |
| MATH 1021 | Mathematics for Engineers Preliminary | |
| MATH 1016 | Mathematics for Engineers 1 | |
| Credit Points | | 40 |
| Spring session | | |
| ENGR 1018 | Fundamentals of Mechanics | 10 |
| ELEC 1003 | Electrical Fundamentals | 10 |
| Select one elective | | 10 |
| • Electives can be any Level for Year 1 Elective | | |
| Select one of the following: | | 10 |
| MATH 1016 | Mathematics for Engineers 1 | |
| MATH 1019 | Mathematics for Engineers 2 | |
| Credit Points | | 40 |
| Year 2 | | |

The subjects listed below count towards completion of this program for students who passed these subjects in 2021 or earlier.

MECH 4005 Advanced Engineering Thesis 1: Preliminary Investigations, replaced by ENGR 4037 Advanced Engineering Thesis 1: Preliminary Investigations

MECH 4006 Advanced Engineering Thesis 2: Detailed Investigations, replaced by ENGR 4036 Advanced Engineering Thesis 2: Detailed Investigations

The subjects listed below count towards completion of this program for students who passed these subjects in Autumn 2022 or earlier.

ENGR 1008 - Engineering Materials, replaced by PROC 1008 - Introduction to Materials Engineering

Bachelor of Engineering (Honours)/ Bachelor of Business

Qualification for this award requires the successful completion of 400 credit points, which include the subjects listed in the recommended sequence below.

Start-year intake

| Course | Title | Credit Points |
|-----------------------------|---------------------------------------|---------------|
| Year 1 | | |
| Autumn session | | |
| MATH 1016 | Mathematics for Engineers 1 | 10 |
| ENGR 1011 | Engineering Physics | 10 |
| BBus Core Subject 1 | | 10 |
| BBus Core Subject 2 | | 10 |
| Credit Points | | 40 |
| Spring session | | |
| MATH 1019 | Mathematics for Engineers 2 | 10 |
| ENGR 1018 | Fundamentals of Mechanics | 10 |
| BBus Core Subject 3 | | 10 |
| BBus Core Subject 4 | | 10 |
| Credit Points | | 40 |
| Year 2 | | |
| Autumn session | | |
| ELEC 1006 | Engineering Computing | 10 |
| BBus Professional Subject 1 | | 10 |
| BBus Professional Subject 2 | | 10 |
| BBus Major Subject 1 | | 10 |
| Credit Points | | 40 |
| Spring session | | |
| PROC 1008 | Introduction to Materials Engineering | 10 |
| ELEC 1003 | Electrical Fundamentals | 10 |
| BBus Major Subject 2 | | 10 |
| BBus Major Subject 3 | | 10 |
| Credit Points | | 40 |

Year 3

Autumn session

| | | |
|---|-------------------------------------|-----------|
| MECH 2001 | Kinematics and Kinetics of Machines | 10 |
| MECH 2003 | Mechanics of Materials | 10 |
| ELEC 2001 | Circuit Theory | 10 |
| Modern Digital Design and Development (not yet available) | | 10 |
| Credit Points | | 40 |

Spring session

| | | |
|----------------------|--------------------------------|-----------|
| ENGR 2001 | Automated Manufacturing | 10 |
| MECH 3004 | Dynamics of Mechanical Systems | 10 |
| ELEC 2008 | Microcontrollers and PLCs | 10 |
| MECH 4003 | Mobile Robotics | 10 |
| Credit Points | | 40 |

Year 4

Autumn session

| | | |
|--|---------------------------------------|-----------|
| PROC 3008 | Materials Processing and Applications | 10 |
| MECH 3005 | Mechanical Design | 10 |
| Digital Manufacturing and IIoT (not yet available) | | 10 |
| BBus Major Subject 4 | | 10 |
| Credit Points | | 40 |

Spring session

| | | |
|---|-------------------------------------|-----------|
| Design for Advanced Manufacturing (not yet available) | | 10 |
| BBus Major Subject 5 | | 10 |
| BBus Major Subject 6 | | 10 |
| BBus Major Subject 7 | | 10 |
| Industrial Experience | | |
| ENGR 3017 | Industrial Experience (Engineering) | 0 |
| Credit Points | | 40 |

Year 5

Autumn session

| | | |
|-----------------------------|---------------------------------------|-----------|
| ENGR 4025 | Final Year Project 1 (UG Engineering) | 10 |
| MECH 4004 | Robotics | 10 |
| BBus Professional Subject 3 | | 10 |
| BBus Major Subject 8 | | 10 |
| Credit Points | | 40 |

Spring session

| | | |
|-----------------------------|---------------------------------------|------------|
| ENGR 4026 | Final Year Project 2 (UG Engineering) | 10 |
| MECH 4002 | Computer Aided Engineering | 10 |
| MECH 3006 | Mechatronic Design | 10 |
| BBus Professional Subject 4 | | 10 |
| Credit Points | | 40 |
| Total Credit Points | | 400 |

Equivalent Subjects

The subjects listed below count towards completion of this program for students who passed these subjects in Autumn 2022 or earlier.

ENGR 1008 - Engineering Materials, replaced by PROC 1008 - Introduction to Materials Engineering

Mid-year intake

| Course | Title | Credit Points |
|-----------------------|-----------------------------|---------------|
| Year 1 | | |
| Spring session | | |
| MATH 1016 | Mathematics for Engineers 1 | 10 |

| Credit Points | | 40 |
| Total Credit Points | | 400 |

Equivalent Subjects

The subjects listed below count towards completion of this program for students who passed these subjects in Autumn 2022 or earlier.

ENGR 1008 - Engineering Materials, replaced by PROC 1008 - Introduction to Materials Engineering

Bachelor of Engineering Science

Qualification for this award requires the successful completion of 240 credit points, which include the subjects listed in the recommended sequence below.

*** All students undertaking the Bachelor of Engineering Science are required to enrol in MATH 1021 Mathematics for Engineers Preliminary and undertake a readiness test at the beginning of their study.**

The readiness test will be conducted at the beginning of the first semester of enrolment and the result will be used to determine whether a student will remain in MATH 1021 Mathematics for Engineers Preliminary or be transferred by the School to MATH 1016 Mathematics for Engineers 1.

Students remaining in MATH 1021 Mathematics for Engineers Preliminary will be required to complete MATH 1016 Mathematics for Engineers 1 during second semester and will be encouraged to complete MATH 1019 Mathematics for Engineers 2 during the Summer session.

Students who finish MATH 1021 Mathematics for Engineers Preliminary will then use this subject as an elective.

Start-year intake

| Course | Title | Credit Points |
|--|---------------------------------------|---------------|
| Year 1 | | |
| Autumn session | | |
| ENGR 1011 | Engineering Physics | 10 |

Advertising Studies, Minor (0043)

Western Sydney University Minor Code: 0043

Previous Code: SM1125.1

Available to students in other Western Sydney University

Programs: Yes. Check that your program has the available credit points required to complete the subjects in this field of study. Any requisite requirements must also be met. Consult your Program Advisor for further advice.

The Advertising Studies minor equips students with skills, knowledge and hands-on experience in preparation for a career in an Advertising Creative or Media Agency. The minor provides the necessary foundation in the general principles and practices of the Advertising industry through project-based learning. Areas of study include advertising research, strategy, creative, media planning and buying, campaigns and client management.

Minor Structure

Bachelor of Design (Visual Communication) Students

Bachelor of Design (Visual Communication) (p. 141) students must complete 40 credit points as follows.

| Subject | Title | Credit Points |
|---------------------------|------------------------------|---------------|
| Compulsory Subject | | |
| MKTG 1001 | Advertising: An Introduction | 10 |

Select three of the following Level 2 and 3 subjects

Level 2

| Subject | Title | Credit Points |
|-----------|-------------------------------|---------------|
| COMM 2001 | Account and Client Management | 10 |
| COMM 2006 | Advertising: Media | 10 |
| MKTG 2001 | Advertising: Creative | 10 |
| COMM 2011 | Communication Strategies | 10 |

Level 3

| Subject | Title | Credit Points |
|-----------|------------------------|---------------|
| COMM 3045 | Advertising: Campaigns | 10 |
| COMM 3014 | Digital Communication | 20 |

All Other Students

Students must complete 40 credit points as follows.

| Subject | Title | Credit Points |
|----------------------------|-------------------------------|---------------|
| COMM 2001 | Account and Client Management | 10 |
| MKTG 1001 | Advertising: An Introduction | 10 |
| MKTG 2001 | Advertising: Creative | 10 |
| COMM 2006 | Advertising: Media | 10 |
| Total Credit Points | | 40 |

NOTE: Some of the pool subjects have pre-requisite requirements. Students should check the details of each subject prior to making their selection, and seek Program Advice if they are unsure which subjects to choose.

Equivalent Alternate Subjects

The subject listed below counts towards completion of this minor for students who passed this subject in 2019 or earlier.

COMM 3007 Communication Campaigns, replaced by COMM 3045 Advertising: Campaigns

Programs: Yes. Check that your program has the available credit points required to complete the subjects in this field of study. Any requisite requirements must also be met. Consult your Program Advisor for further advice.

The Advertising major gives students a thorough grounding in general principles of communication as well as practical skills in advertising. The external major can be completed by students enrolled in the Bachelor of Business. The major offers a balance of advertising theory and practice and focuses on real, project-based outcomes. Areas of study include advertising strategy, advertising creative and art direction, client and account management, digital and social media contexts, advertising campaigns.

Agriculture, Testamur Major (T108)

Western Sydney University Major Code: T108

Previous Code: ST3076.1

Available to students in other Western Sydney University

Programs: Yes, however the following restrictions apply.

Students must be enrolled in a postgraduate program. Please ensure your program structure allows space for enrolment in the subjects in this postgraduate major. Students must also meet any pre-requisite requirements. Consult your Program Advisor for further advice.

Increasing the sustainable production of food for a growing population, in an unpredictable and increasingly harsh environment, is a global priority. Agricultural systems that meet these social and environmental goals of sustainable development must be developed to ensure healthy

lives. This postgraduate major is designed for science graduates interested in agricultural careers in technological innovation, research and development, agricultural policy and senior management. It is expected that upon completion of the major students will have the cognitive, technical and critical thinking skills to analyse issues and articulate appropriate solutions in the ever-evolving field of agricultural science. A capstone subject involving either a research or professional industry project will allow students to integrate their knowledge and skills developed throughout the program.

Major Structure

Qualification for the award of Master of Science (Agriculture) requires the successful completion of 160 credit points including:

- 20 credit points of core subjects,
- 20 credit points of research capstone subjects,
- 40 credit points of major subjects as follows:

| Subject | Title | Credit Points |
|----------------------------|------------------------------|---------------|
| AGRI 7001 | Agricultural Biosecurity | 10 |
| AGRI 7002 | Agricultural Biotechnology | 10 |
| AGRI 7003 | Agricultural Technologies | 10 |
| AGRI 7004 | Livestock Production Systems | 10 |
| Total Credit Points | | 40 |

- and at least 40 credit points from Alternate Pool 1 and up to 40 credit points from Alternate Pool 2.

Students should note that the subjects available in Alternate Pool 1 and Alternate Pool 2 are listed under the Structure tab of the Master of Science (p. 693) page.

Agrifood, Testamur Major (T123)

Western Sydney University Major Code: T123

Previous code: MT3045.1

Available to students in other Western Sydney University Programs: Yes, however the following restrictions apply.

This testamur major is available as an elective major for Bachelor of Medical Science students only.

Opportunities are rapidly emerging for you to lead a new AgriFood future. Immersed in an approach that integrates social, economic and environmental values, students will view plant and animal production from consumer contexts to explore personal and community perceptions about food sustainability. This innovative degree merges topics of agriculture, food and health to empower you to design solutions for international development, community education and the urban–rural interface. The WSU AgriFood major is a hands-on experience, developing confidence and giving graduates an excellent foundation for careers in teaching, research, biotechnology and industry. The flexibility of the major also enables students to combine their interest with other disciplines including animal science, ecology, zoology, innovative foods, health and business. Throughout study, engagement with industry and community will inspire you to take

action towards a regenerative and more environmentally sustainable AgriFood future.

Anatomy and Physiology, Testamur Major (T084)

Western Sydney University Major Code: T084

Previous Code: MT3028.1

Available to students in other Western Sydney University programs?
No

This testamur major is available as an elective major for Bachelor of Medical Science students only.

This major focuses on human anatomy and physiology in relation to health and disease. You will develop detailed knowledge of how the human body functions, as well as practical skills. Your strong foundation in this discipline area will provide career opportunities in medical research, hospital pathology or medical imaging laboratories, pharmaceutical, medical sales, allied health companies, research and quality control laboratories, or further education, including graduate medicine degrees. Employment can be in other non-scientific areas such as insurance, government, law or publishing where science knowledge is valued. A variety of minors or free electives allow students to design their own learning journey. All students must complete 60 credit points of study at Level 3 to meet program requirements. Students will need to select at least 10 credit points of elective study at Level 3 to meet this requirement.

Ancient History, Minor (0262)

Western Sydney University Minor Code: 0262

Previous Code: SM1141.1

Available to students in other Western Sydney University

Programs: Yes. Check that your program has the available credit points required to complete the subjects in this field of study. Any requisite requirements must also be met. Consult your Program Advisor for further advice.

The Ancient History minor addresses the NESA requirements to prepare students who wish to teach Ancient History in secondary schools.

Students are required to take one unit of Modern History in their first year and then complete three units in Ancient History. Study of the ancient world introduces students to historical continuity through the experiences of people in different places and time periods. Historical analysis and interpretation draw on physical evidence as well as written materials to investigate the social, political, economic and cultural life in the ancient past.

Animal Science, Testamur Major (T054)

Western Sydney University Major Code: T054

Previous Code: MT3015.1

Available to students in other Western Sydney University programs?

No

As interactions with animals increase, so too does our need to effectively manage these populations. Animal scientists use scientific principles to solve problems associated with our relationship with and the management of animals in a changing world. In this major, you will develop a deep understanding of how we use animals for food,

companionship and recreation by applying core principles ranging from nutrition and reproduction, through to behaviour and welfare. You will have access to diverse on-campus animal facilities including reptiles, native mammals, sheep, cattle and deer and off-campus organisations such as wildlife parks, zoos and farms. A variety of exciting career paths are available to graduates of this program, including international opportunities in the management of wildlife, companion animals and livestock.

NOTE: Students in the Bachelor of Medical Science can choose this major as an elective major in their program.

Bachelor of Science

Qualification for the award of Bachelor of Science with a major in Animal Science requires the successful completion of 240 credit points as per the recommended sequence below

Full-time start-year intake

| Course | Title | Credit Points |
|------------------------------|----------------------------------|---------------|
| Year 1 | | |
| Autumn session | | |
| NATS 1019 | Scientific Literacy | 10 |
| BIOS 1001 | Biodiversity | 10 |
| CHEM 1008 | Introductory Chemistry | 10 |
| AGRI 1009 | Wildlife Studies | 10 |
| Credit Points | | 40 |
| Spring session | | |
| BIOS 1012 | Cell Biology | 10 |
| AGRI 1003 | Animal Science | 10 |
| Select one of the following: | | 10 |
| MATH 1026 | Quantitative Thinking | |
| MATH 1014 | Mathematics 1A | |
| MATH 1003 | Biometry | |
| Select one elective | | 10 |
| Credit Points | | 40 |
| Year 2 | | |
| Autumn session | | |
| NATS 2025 | Natural Science Research Methods | 10 |
| AGRI 1005 | Human Animal Interactions | 10 |
| Select two electives | | 20 |
| Credit Points | | 40 |
| Spring session | | |
| AGRI 2004 | Animal Reproduction | 10 |
| Select one of the following: | | 10 |

| | | |
|----------------------------|---|------------|
| NATS 3044 | Complex Case Studies in Science | |
| NATS 3045 | Work Internship for Science Professionals | |
| Select two electives | | 20 |
| Credit Points | | 40 |
| Year 3 | | |
| Autumn session | | |
| NATS 3015 | Field Project 1 | 10 |
| AGRI 3010 | Animal Health and Welfare | 10 |
| AGRI 3002 | Animal Nutrition and Feeding | 10 |
| Select one elective | | 10 |
| Credit Points | | 40 |
| Spring session | | |
| NATS 3017 | Field Project 2 | 10 |
| AGEN 3001 | Animal Behaviour | 10 |
| Select two electives | | 20 |
| Credit Points | | 40 |
| Total Credit Points | | 240 |

Bachelor of Science (Pathway to Teaching Primary/Secondary)

Qualification for the Bachelor of Science (Pathway to Teaching Primary/Secondary) with a major in Animal Science requires the successful completion of 240 credit points as per the recommended sequence below.

Full-time start-year intake

| Course | Title | Credit Points |
|------------------------------|---|---------------|
| Year 1 | | |
| Autumn session | | |
| NATS 1019 | Scientific Literacy | 10 |

| | |
|----------------------|-----------|
| Credit Points | 40 |
|----------------------|-----------|

| | |
|----------------------------|------------|
| Total Credit Points | 240 |
|----------------------------|------------|

In addition, all students must complete the mandatory 40 credit point minor in Education Studies.

Education Studies, Minor (p. 826)

Students must meet this requirement by choosing the subjects from the minor in Education Studies as electives within their Bachelor of Science program.

Bachelor of Advanced Science

Qualification for the award of Bachelor of Advanced Science with a major in Animal Science requires the successful completion of 240 credit points as per the recommended sequence below.

Full-time start-year intake

| Course | Title | Credit Points |
|------------------------------|----------------------------------|---------------|
| Year 1 | | |
| Autumn session | | |

Diploma in Science/Bachelor of Science

Qualification for this award requires the successful completion of 250 credit points which include the units listed in the recommended sequence below.

Full-time start-year intake

| Subject | Title | Credit Points |
|---|--|---------------|
| Year 1: College Subjects | | |
| Standard 3-term year | | |
| Preparatory subject | | |
| CHEM 0001 | Chemistry (WSTC Prep) | 10 |
| Plus eight University-level units as follows | | |
| BIOS 1003 | Biodiversity (WSTC) | 10 |
| BIOS 1014 | Cell Biology (WSTC) | 10 |
| CHEM 1006 | Essential Chemistry 2 (WSTC) | 10 |
| CHEM 1009 | Introductory Chemistry (WSTC) | 10 |
| MATH 1027 | Quantitative Thinking (WSTC) | 10 |
| NATS 1020 | Scientific Literacy (WSTC) | 10 |
| And two subjects from the following (depending on the testamur major chosen) | | 20 |
| NATS 1002 | Concepts in Human Anatomy (WSTC) | |
| NATS 1021 | Concepts in Human Physiology (WSTC) | |
| ENVL 1003 | Environmental Issues and Solutions (WSTC) | |
| PROC 1003 | Food Science 1 (WSTC) | |
| BIOS 1023 | Introduction to Human Biology (WSTC) | |
| BIOS 1034 | Management of Aquatic Environments (WSTC) | |
| AGEN 1002 | Water Quality Assessment and Management (WSTC) | |

| | |
|----------------------------|-----------|
| Total Credit Points | 90 |
|----------------------------|-----------|

| Course | Title | Credit Points |

Anthropology, Major (0002)

Western Sydney University Major Code: 0002

Previous Code: M1097.1

Available to students in other Western Sydney University

Programs: Yes. Check that your program has the available credit points required to complete the subjects in this field of study. Any requisite requirements must also be met. Consult your Program Advisor for further advice.

Social Anthropology is the study of humans and the cultures they create. The major in Anthropology within the Bachelor of Social Science offers students the opportunity to examine social patterns and practices across cultures, to discover similarities and differences between cultures, and to understand the processes by which humans

organise and create meaning. Areas of focus include the development of anthropology as a discipline; globalisation and culture; power and politics; gender and sexuality; identity and belonging; ethnography and ethnographic methods; indigenous peoples and nation states. Specific attention is given to cultures of Australasia, Southeast Asia and the Pacific, and to cross cultural interactions, at both global and local levels. This major seeks to equip students with multi-cultural knowledge as well as to provide a thorough grounding in research methods and ethics with utility in a variety of professional and academic contexts.

Applied Finance, Testamur Major (T038)

Western Sydney University Major Code: T038

Previous Code: MT2021.1

Available to students in other Western Sydney University programs?

No

The Applied Finance major equips you with the expert skills to create a career as a finance specialist. In this major you will develop in-depth knowledge of finance with a focus on investment and securities, economics, and banking and finance. The core subjects in the Bachelor of Business will provide you a foundation of business knowledge and develop your skills in innovation, career planning, and numeracy. The Applied Finance major builds on this knowledge and skills in an applied discipline based context. Finance specialists work in a range of roles within the rapidly growing finance sector. This major fulfils the educational requirements for admission as an Associate (A Fin) of the Financial Services Institute of Australasia (FINSIA) provided the applicant is at least working in the financial services industry. All other students are eligible to apply for Affiliate membership (no postnominals apply).

Applied Physics, Testamur Major (T078)

Western Sydney University Major Code: T078

Previous Code: MT3047.1

Available to students in other Western Sydney University programs?
No

This testamur major is available as an elective major for Bachelor of Medical Science students only.

Applied Physics uses the principles and tools of physics to understand and manipulate the world around us, and covers fields as diverse as astrophysics, biophysics, magnetic resonance (i.e., NMR and MRI), medical physics, remote sensing, semiconductor physics, space science and much more. In this major, the core principles of physics, mathematics and computing are taught and used to study specific applications of physics. Students have access to world class facilities (e.g. telescopes and onsite ultra-high field MRI), and the expertise of international researchers. Graduates of this major possess skills in problem-solving and critical thinking together with deep knowledge of Physics. This flexible set of skills, applied across many disciplines, enables students to seek career opportunities confidently in teaching, research or industry, in diverse fields such as medical physics, materials science, energy, geoscience, aerospace, data science, finance and more.

Arabic, Major (0003)

Western Sydney University Major Code: 0003

Previous Code: M1059.1

Available to students in other Western Sydney University

Programs: Yes. Check that your program has the available credit points required to complete the subjects in this field of study. Any requisite requirements must also be met. Consult your Program Advisor for further advice.

Language majors and minors aim to enable students to develop an appropriate level of proficiency in a second language, which may be used for professional purposes such as teaching, interpreting and translation, business or international relations. Students undertaking a language major or minor will be able to use the language in question according to its grammatical and pragmatic principles, communicate with native speakers appropriately in the spoken as well as the written mode, and demonstrate an understanding of the cultures and societies associated with the language.

Inherent Requirements

There are inherent requirements for this major that you must meet in order to complete the major and graduate. Make sure you read and understand the requirements for this major online.

Inherent Requirements (https://www.westernsydney.edu.au/ir/inherent_requirements/)

Major Structure

There are three entry levels into language majors. Beginner's level is for those with no previous study or minimal study of the language. Intermediate level is typically for students who: are non-native speakers with study of the language to HSC 2 Subject level or have a home background in the language but no comprehensive formal study, or who speak a non-standard variety (e.g. dialect). Post-Intermediate level is typically for students who are non-native speakers with substantial formal study and near-native competence; or are literate native speakers of a standard variety. Students should consult with the Languages staff regarding the progression sequence that best fits their level of skill. During the first two weeks of class, the lecturer will monitor the performance of students and advise students who need to transfer to a higher or lower class. Students may consult with the Languages Academic Program Advisor, if they are unsure of their entry level. Students should avoid enrolling in subjects at different levels at

the one time (e.g. you should not enrol in Arabic 201 and Arabic 301 at the same time). Please check the current timetable as some subjects may not be offered every year. Advanced (Level 3) subjects may be offered on a rotational basis.

A major in Arabic comprises a sequence of 80 credit points with 60 credit points at Level 2 and 3 (with no less than 30 credit points of these at Level 3), however students commencing at beginner's level, that is subjects 101 and 102, and who follow the recommended program structure, are only required to complete 20 credit points at Level 3.

Students should take subjects that reflect their level of competence in the language and they should not backtrack, i.e. they must not:

- take a Level 1 subject after passing a Level 2 subject in the same language; or
- take a Level 2 subject after passing a Level 3 subject in the same language.

Level 1 Subjects

| Subject | Title | Credit Points |
|-----------|------------|---------------|
| LANG 1002 | Arabic 101 | 10 |
| LANG 1003 | Arabic 102 | 10 |

Level 2 Subjects

| Subject | Title | Credit Points |
|-----------|------------|---------------|
| LANG 2004 | Arabic 201 | 10 |
| LANG 2006 | Arabic 202 | 10 |
| LANG 2007 | Arabic 203 | 10 |
| LANG 2008 | Arabic 204 | 10 |

Level 3 Subjects

| Subject | Title | Credit Points |
|-----------|---|---------------|
| LANG 3009 | Arabic 301 | 10 |
| LANG 3011 | Arabic 302 - Arabic Advanced Language and Grammar | 10 |
| LANG 3012 | Arabic 303: Advanced Writing Skills | 10 |
| LANG 3013 | Arabic 304: Arabic Advanced Speaking | 10 |
| LANG 3014 | Arabic 306: Arabic Novel and Short Story | 10 |
| LANG 3015 | Arabic 308: Language Past and Present | 10 |
| LANG 3045 | Intercultural Communication | 10 |
| LANG 3082 | Special Study in Languages and Linguistics | 10 |

Advanced entry level Arabic students may complete the following Level 1 pool subjects. The subjects will be recognised as Level 3 pool subjects for the purpose of specialisation completion.

| | | |
|-----------|------------------------------|----|
| LANG 1013 | Introduction to Interpreting | 10 |
| LANG 1017 | Introduction to Translation | 10 |

Equivalent Subjects

The subjects listed below count towards completion of the major for students who passed these subjects in 2015 or earlier.

LANG 3046 - Intercultural Pragmatics, replaced by LANG 3045 Intercultural Communication
 LANG 2052 - Language and Communication Skills 2A: Arabic, replaced by LANG 2006 Arabic 202
 LANG 2053 - Language and Communication Skills 2B: Arabic, replaced by LANG 2007 Arabic 203 and LANG 2008 Arabic 204

LANG 3057 - Languages and Grammatical Concepts 3A: Arabic, no longer offered as part of this major.

Advanced development of Artificial Intelligence (AI) and Robotics has resulted in increased AI applications in many industries as well as our everyday life. This major aims to introduce students to the foundations of AI as well as its modern practical applications. The major delivers solid knowledge, skills, techniques and practical applications in robotic programming, problem solving, expert systems, logic reasoning, knowledge representation, data visualization, data mining and machine learning. The objective of this major is to equip the students with AI capabilities that are in high demand in many aspects of modern industries and modern living.

Increasingly in the digital age data plays an important role in most, if not all, occupations. Extracting information from data has become a science in itself, blending skill sets from mathematics, statistics and computing. With a strong applications focus, this major covers the nature of data including Big and Unstructured Data, how to embark on data driven investigations and visual and computational analytics. Graduates will have the knowledge and skills required to operate effectively in a data driven world.

| COMP 7022 | Natural Language Understanding | 10 |
| Select one of the following: | | 10 |
| INFO 7001 | Advanced Machine Learning | |
| COMP 7021 | Knowledge Representation and Reasoning | |

bio-technology innovations. Biologists integrate principles from many disciplines, including chemistry, bio-physics, genetics, biochemistry, physiology and bioinformatics, for a more complete understanding of animal, plant and microbial cell function. Understanding these processes and the principles that govern the organization and function of cells are a necessary framework for creating the next advances in developmental biology and disease mitigation. At WSU, the strong emphasis on hands-on experience gives biology graduates an excellent foundation for careers in: teaching, academia, research, biotechnology, industry, law and administration. The flexibility of the major also enables students to combine their interest with other disciplines including ecology, environment, zoology and agriculture and environmental health..

Bachelor of Science (Pathway to Teaching Primary/Secondary)

Qualification for the Bachelor of Science (Pathway to Teaching Primary/Secondary) with a major in Biology requires the successful completion of 240 credit points as per the recommended sequence for the Bachelor of Science with a major in Biology, given above.

In addition, all students must complete the mandatory 40 credit point minor in Education Studies:

No results found.

Students must meet this requirement by choosing the subjects from the Education Studies minor as electives within their Bachelor of Science program.

Bachelor of Advanced Science

Qualification for the award of Bachelor of Advanced Science with a major in Biology requires the successful completion of 240 credit points as per the recommended sequence below.

Full-Time

| Course | Title | Credit Points |

Biomedical Science, Testamur Major (T086)

Western Sydney University Major Code: T086

Previous code: MT3030.1

Available to students in other Western Sydney University programs?
 No

This testamur major is available as an elective major for Bachelor of Science students only.

Biomedical science is a broad field that aims to understand the biology that underpins human health and disease. The coursework in this

major will give you an integrated foundation in physiology and anatomy, along with biochemistry, cell biology and genetics. It will equip you with knowledge from which you can embark on unlimited career choices from research laboratories to hospital pathology to biomedical engineering, medical technology, teaching and beyond. The degree also allows for enrolment in minors or flexible subjects, so students can design their own learning journey. All students must complete 60 credit points of study at Level 3 to meet program requirements. Students will need to select at least 10 credit points of elective study at Level 3 to meet this requirement.

Location

| Campus | Mode | Advice |
|-----------------------------------|----------|--|
| Campbelltown Campus | Internal | Dr Manisha Dayal (m.dayal@westernsydney.edu.au) |
| Parramatta Campus - Victoria Road | Internal | Dr Manisha Dayal (m.dayal@westernsydney.edu.au) |

Recommended Sequence

All students must complete 60 credit points of study at Level 3 to meet course requirements. Students will need to select at least 10 credit points of elective study at Level 3 to meet this requirement.

Biomedical, Testamur Major (T055)

Western Sydney University Major Code: T055

Previous Code: ST3098.1

Available to students in other Western Sydney University programs?
 No

Location

| Campus | Mode | Advice |
|---|----------|--------------------------------|
| Parramatta Campus - Victoria Road | Internal | Engineering@westernsydney.edu. |
| Parramatta City Campus - Macquarie Street | Internal | Engineering@westernsydney.edu. |

Major Structure

To complete some of the components within the units in this course, students may be required to travel to other Western Sydney University campuses.

Biomedical Specialised Alternate Subjects

Specialist alternate subject offerings are dependent on sufficient student demand and may not be offered annually.

Students enrolled in 3693 Master of Engineering (p. 623) select seven specialist subjects from the list below.

Students exiting with 3694 Graduate Diploma in Engineering (exit only) (p. 539) select six specialised alternate subjects.

Students enrolled in 3695 Graduate Certificate in Engineering (p. 493) select four specialised alternate subjects.

| Subject | Title | Credit Points |
|-----------|--|---------------|
| ELEC 7005 | Advanced Signal Processing | 10 |
| ELEC 7008 | Instrumentation and Measurement (PG) | 10 |
| ENGR 7024 | Advanced Biomedical Electronics | 10 |
| ENGR 7025 | Human Physiology and Biomedical Technologies | 10 |
| ENGR 7023 | Advanced Biomedical Data and Images | 10 |
| HLTH 7008 | Introduction to Biostatistics | 10 |

Business Analytics, Testamur Major (T130)

Western Sydney University Major Code: T130

Previous Code: MT2041.1

Available to students in other Western Sydney University programs?

No

Generating and communicating information and insight from increasingly diverse and growing sources of data for business decision-making is a crucial asset for any organisation. Starting with a framework for applying the tools of business analytics, this major develops a blend of skills from mathematics, statistics and computing. Students will acquire knowledge and understanding in the continually developing areas of artificial intelligence, data visualisation and applications of big data.

Major Structure

Qualification for this major requires the successful completion of 80 credit points including all of the core subjects listed below.

Core Subjects for this Major

(Note: Students enrolled in 3687/3688 will complete the core subjects for this major in their elective spaces)

| Subject | Title | Credit Points |
|--|------------------------------------|---------------|
| BUSM 1042 | Introduction to Business Analytics | 10 |
| COMP 1005 | Programming Fundamentals | 10 |
| Note: Students enrolled in 3687/3688 must complete BUSM 1008 Enterprise Leadership instead of COMP 1005 Programming Fundamentals in this major | | |
| COMP 1013 | Analytics Programming | 10 |
| COMP 2025 | Introduction to Data Science | 10 |
| COMP 3032 | Machine Learning | 10 |
| COMP 2026 | Visual Analytics | 10 |
| COMP 3002 | Applications of Big Data | 10 |
| COMP 3020 | Social Web Analytics | 10 |
| Total Credit Points | | 80 |

Equivalent Subjects

The subjects listed below count towards completion of this program for students who passed these subjects in 2021 or earlier.

MATH 1002 Analytics Programming, replaced by COMP 1013 Analytics Programming

MATH 2009 Introduction to Data Science, replaced by COMP 2025 Introduction to Data Science

MATH 2014 Visual Analytics, replaced by COMP 2026 Visual Analytics

Professional Subjects

Students undertaking the Business Analytics major are advised to take the following four subjects to satisfy the requirements for their professional core:

| Subject | Title | Credit Points |
|-----------|--------------------------------|---------------|
| BUSM 3006 | Design Thinking for Creativity | 10 |
| BUSM 3081 | Business Analytics Project | 10 |
| MATH 1030 | Statistics for Business | 10 |
| BUSM 2041 | Working in Professions | 10 |

Recommended Sequence

(Note: Students in 3687/3688 will only complete the core subjects for this major listed in the Structure tab)

Business Regulation, Governance and Compliance, Major (0165)

Western Sydney University Major Code: 0165

Previous Code: M2021.1

Available to students in other Western Sydney University programs?

No

A sound understanding of the legal framework of business regulation, governance and legal compliance is an increasingly important and expanding field of operation within a complex commercial world in which practitioners, to be effective and proactive, should acquire competencies of governance and risk assessment within a legal framework. The significant impact and interplay between law and business will be addressed with the objective of providing students with the skills to identify and critically evaluate the mandatory requirements for compliant business practice and the necessary strategies to minimise legal risk and maximise effective commercial governance. Students must be enrolled in Bachelor of Business or Diploma in Business/Bachelor of Business.

Business Studies for Secondary Teaching, Minor (0139)

Western Sydney University Minor Code: 0139**Previous Code:** SM2055.1

Available to students in other Western Sydney University programs?
No

This minor provides students with knowledge of contemporary business issues including the challenges that businesses face. Students investigate the role of accounting and its usefulness in business and society. They learn about the importance of leadership in the life-cycle of a business as well as its ethical, regulatory and sustainability dimensions. Students analyse the global business environment and the influences on business performance while developing skills in problem solving. They also discover tools for career development in relation to the Service Industry. This specialisation meets NESA requirements to teach Business Studies in NSW High Schools.

Cell and Molecular Biology, Major (0167)

Western Sydney University Major Code: 0167

Previous Code: M4007.1

Available to students in other Western Sydney University programs?
No

New discoveries in cell and molecular biology can translate into viable products in emerging biotech industries. This major will equip business students with knowledge and skills in fundamental biology and chemistry, biochemistry and molecular biology which will assist them in turning new findings in cell and molecular biology into productive business ventures. As knowledge and technologies expand in this area, the ability to read, critique and evaluate emerging research will be an important asset.

Chemistry, Testamur Major (T026)

Western Sydney University Major Code: T026

Previous Code: MT3027.1

Available to students in other Western Sydney University Programs: Yes, however the following restrictions apply.

This testamur major is available as an elective major for Bachelor of Medical Science students only.

Chemistry knowledge underpins all aspects of our modern society. Chemists can use an understanding of chemical structures and processes to adapt, control and manipulate systems involved in energy production, food safety, forensics, biomedical technology, and ecosystem. Indeed, there is not an area of our society that has not been impacted by chemical knowledge. At WSU we teach the theoretical and practical aspects of chemical sciences covering the sub-disciplines of physical, analytical, inorganic and organic chemistries. We have a particular focus on contemporary spectroscopy and separation methods that are required to solve big-picture problems in all areas of scientific discovery. Our graduates have opportunities to be closely mentored by experienced academics. We aim to produce scientists who are confident and self-directed, having gained independence in scientific discovery through an integrated theoretical and practical teaching programme that seeks to solve problems relating to societal needs.

Child and Community, Major (0045)

Western Sydney University Major Code: 0045

Previous Code: M1079.1

Available to students in other Western Sydney University

Programs: Yes. Check that your program has the available credit points required to complete the subjects in this field of study. Any requisite requirements must also be met. Consult your Program Advisor for further advice.

The Child and Community major provides a comprehensive introduction to a range of social sciences related areas and a strong grounding in contemporary issues facing children and their families from a critical perspective. This major provides a good foundation for people interested in a career in the human services with a particular interest in children.

Child and Community, Minor (0045)

Western Sydney University Minor Code: 0045

Previous Code: SM1099.1

Available to students in other Western Sydney University

Programs: Yes. Check that your program has the available credit points required to complete the subjects in this field of study. Any requisite requirements must also be met. Consult your Program Advisor for further advice.

The Child and Community minor provides a comprehensive introduction to a range of social sciences related areas and a strong grounding in contemporary issues facing children and their families from a critical perspective. This minor provides a good foundation for people interested in a career in the human services with a particular interest in children.

Language majors aim to enable students to develop an appropriate level of proficiency in a second language which may be used for professional purposes such as teaching, interpreting and translation, business or international relations. Students undertaking a language major will be able to use the language in question according to its grammatical and pragmatic principles, communicate with native speakers appropriately in the spoken as well as the written mode, and demonstrate an understanding of the cultures and societies associated with the language.

Inherent Requirements

There are inherent requirements for this major that you must meet in order to complete the major and graduate. Make sure you read and understand the requirements for this major online.

Inherent Requirements (http://www.uws.edu.au/ir/inherent_requirements/inherent_requirements_for_languages_courses/)

Major Structure

There are three entry levels into language majors. Beginner's level is for those with no previous study or minimal study of the language. Intermediate level is typically for students who: are non-native speakers with study of the language to HSC 2 Subject level or have a home background in the language but no comprehensive formal study, or who speak a non-standard variety (eg dialect). Post-Intermediate level is typically for students who are non-native speakers with substantial formal study and near-native competence; or are literate native speakers of a standard variety. Students should consult with the Languages staff regarding the progression sequence that best fits their level of skill. During the first two weeks of class, the lecturer will monitor the performance of students and advise students who need to transfer to a higher or lower class. Students may consult with the Languages Program Advisor, if they are unsure of their entry level. Students should avoid enrolling in subjects at different levels at the one time (eg: you should not enrol in Chinese 201 and Chinese 301 at the same time). Please check the current timetable as some subjects may not be offered every year. Advanced (Level 3) subjects may be offered on a rotational basis.

A major in Chinese comprises a sequence of 80 credit points with 60 credit points at Level 2 and 3 (with no less than 30 credit points of these at Level 3), however students commencing at beginners level, that is units 101 and 102, and who follow the recommended program structure, are only required to complete 20 credit points at Level 3.

Students should take subjects that reflect their level of competence in the language and they should not backtrack, i.e. they must not:

- take a Level 1 subject after passing a Level 2 subject in the same language; or

- take a Level 2 subject after passing a Level 3 subject in the same language.

Level 1 Subjects

| Subject | Title | Credit Points |
|-----------|-------------|---------------|
| LANG 1005 | Chinese 101 | 10 |
| LANG 1006 | Chinese 102 | 10 |

Level 2 Subjects

| Subject | Title | Credit Points |
|-----------|-------------|---------------|
| LANG 2009 | Chinese 201 | 10 |
| LANG 2010 | Chinese 202 | 10 |
| LANG 2011 | Chinese 203 | 10 |
| LANG 2012 | Chinese 204 | 10 |

Level 3 Subjects

| Subject | Title | Credit Points |
|-----------|---|---------------|
| LANG 3020 | Chinese 301 | 10 |
| LANG 3021 | Chinese 302 | 10 |
| LANG 3022 | Chinese 303: Twentieth-Century Chinese Literature | 10 |
| LANG 3023 | Chinese 304: Chinese Classical Literature | 10 |
| LANG 3024 | Chinese 305: Chinese Cinema | 10 |
| LANG 3025 | Chinese 306: Traditional Chinese Thought | 10 |
| LANG 3026 | Chinese 307: The Cultural Context of China | 10 |
| LANG 3045 | Intercultural Communication | 10 |
| LANG 3082 | Special Study in Languages and Linguistics | 10 |

Advanced entry level Chinese students may complete the following Level 1 pool subjects. The subjects will be recognised as Level 3 pool subjects for the purpose of major completion.

| Subject | Title | Credit Points |
|-----------|------------------------------|---------------|
| LANG 1013 | Introduction to Interpreting | 10 |
| LANG 1017 | Introduction to Translation | 10 |

Equivalent Subjects

The Level 2 and Level 3 subjects listed below count towards completion of the major for students who may have passed subjects in the list below in 2015 or earlier.

LANG 3008 - Applied Critical Methods
 LANG 3046 - International Pragmatics
 LANG 3058 - Languages and Grammatical Concepts 3A: Chinese
 101668 - World Cinema

Civil and Environmental, Testamur Major (T111)

Western Sydney University Major Code: T111

Previous Code: ST3084.1

Available to students in other Western Sydney University programs?

No

Location

| Campus | Mode | Advice |
|-----------------------------------|----------|-----------------------------|
| Parramatta Campus - Victoria Road | Internal | pg-enq@westernsydney.edu.au |

Major Structure

Students must complete 100 credit points as follows.

| Subject | Title | Credit Points |
|---------|-------|---------------|
|---------|-------|---------------|

Complete the following core double major subjects:

| | | |
|-----------|--|----|
| ENGR 7020 | Sustainability and Risk Engineering (PG) | 10 |
| CIVL 7008 | Advanced Waste Management | 10 |
| CIVL 7017 | Wastewater Treatment and Recycling | 10 |
| CIVL 7018 | Water Treatment and Distribution | 10 |

Select three of the following Civil alternate major subjects: **30**

| | |
|-----------|-------------------------------|
| CIVL 7001 | Advanced Applied Mechanics |
| CIVL 7002 | Advanced Composite Structures |

| | |
|-----------|---|
| CIVL 7003 | Advanced Geotechnical Engineering |
| CIVL 7006 | Advanced Structural Analysis |
| EART 7001 | Advanced Hydrogeology |
| EART 7002 | Advanced Statistical Hydrology |
| CIVL 7005 | Advanced Numerical Methods in Engineering |
| CIVL 7007 | Advanced Timber Structures |
| CIVL 7009 | Advanced Water Engineering |
| CIVL 7015 | Water Resources Systems Analysis |
| CIVL 7004 | Advanced Highway Infrastructure |

Select three of the following Environmental major subjects: **30**

| | |
|-----------|---------------------------------------|
| BLDG 7004 | Building in Bushfire Prone Areas |
| ENVL 7002 | Planning and Environmental Regulation |
| ENGR 7027 | Spatial Tools and Mapping |
| PUBH 7034 | Workplace Safety and Risk Management |

Total Credit Points **100**

Civil Engineering, Testamur Major (T131)

Western Sydney University Major Code: T131

Previous Code: MT3051.1

Available to students in other Western Sydney University programs?
No

Civil engineering covers the fields of structural design, geotechnical engineering and water engineering, together with infrastructure design and environmental engineering. Graduates may pursue career paths in the fields of design, construction and management of engineering structures and be associated with private industry, government departments, or in city, municipal or shire councils. These career paths may include engineering projects related to residential and commercial buildings, highways and airports, water supply and sewerage schemes, etc. This major includes a mandatory 300 to 450 hour industrial placement as a completion requirement.

Recommended Sequence

This major is included in Bachelor of Engineering Science, Bachelor of Engineering (Honours), Bachelor of Engineering Advanced (Honours) and Bachelor of Engineering (Honours)/Bachelor of Business.

Please follow the recommended sequence for your course as noted below.

Select the link for your program below to see details of the major

Bachelor of Engineering Advanced (Honours)

This Major will be offered at Engineering Innovation Hub – Hassall St, Parramatta City Campus.

Qualification for this award requires the successful completion of 320 credit points, which include the subjects listed in the recommended sequence below.

Start-year intake

| Course | Title | Credit Points |
|--|--|---------------|
| Year 1 | | |
| Autumn session | | |
| MATH 1034 | Mathematics for Engineers 1 (Advanced) | 10 |
| ENGR 1047 | Advanced Engineering Physics 1 | 10 |
| ELEC 1006 | Engineering Computing | 10 |
| ENGR 1024 | Introduction to Engineering Practice | 10 |
| Credit Points | | 40 |
| Spring session | | |
| MATH 1035 | Mathematics for Engineers 2 (Advanced) | 10 |
| ENGR 1018 | Fundamentals of Mechanics | 10 |
| PROC 1008 | Introduction to Materials Engineering | 10 |
| Select one elective | | 10 |
| • Elective must be Level 1 or higher | | |
| Credit Points | | 40 |
| Year 2 | | |
| Autumn session | | |
| CIVL 1001 | Surveying for Engineers | 10 |
| MECH 2003 | Mechanics of Materials | 10 |
| CIVL 2003 | Fluid Mechanics | 10 |
| CIVL 2012 | Soil Mechanics | 10 |
| Credit Points | | 40 |
| Spring session | | |
| ENGR 2016 | Pavement Materials and Design | 10 |
| CIVL 2007 | Introduction to Structural Engineering | 10 |
| CIVL 2002 | Environmental Engineering | 10 |
| CIVL 3011 | Hydraulics | 10 |
| Students may transfer to 3740 Bachelor of Engineering (Honours) or 3691 Bachelor of Engineering Science at the end of Year 2 of study. | | |
| Students who fail to maintain a minimum GPA of 5.0 at the end of completion of 160 Credit Points, and again at the completion of 200 Credit points will be automatically transferred to the B. Engineering (Honours) (3740) program. | | |
| Credit Points | | 40 |
| Year 3 | | |
| Autumn session | | |
| CIVL 3014 | Structural Analysis | 10 |
| CIVL 4017 | Surface Water Hydrology | 10 |
| CIVL 3002 | Concrete Structures (UG) | 10 |
| One Alternate subject | | 10 |
| Credit Points | | 40 |

Spring session

| | | |
|-----------------------|----------------------------------|----|
| CIVL 3012 | Steel Structures | 10 |
| CIVL 3007 | Engineering Geomechanics | 10 |

| One Alternate subject | | 10 |
| Select one elective | | 10 |
| • Elective subjects must be Level 2 or higher | | |
| Credit Points | | 40 |
| Total Credit Points | | 320 |

Alternate Subjects

| Subject | Title | Credit Points |
|-----------|-------------------------------|---------------|
| ENGR 3001 | Advanced Engineering Topic 1 | 10 |
| ENGR 4001 | Advanced Engineering Topic 2 | 10 |
| CIVL 4001 | Applied Mechanics | 10 |
| CIVL 4002 | Composite Structures | 10 |
| CIVL 3010 | Highway Infrastructure | 10 |
| CIVL 3018 | Hydrogeology | 10 |
| CIVL 4008 | Pile Foundations | 10 |
| EART 3005 | Statistical Hydrology | 10 |
| CIVL 3020 | Sustainable Waste Engineering | 10 |
| CIVL 4009 | Timber Structures (UG) | 10 |
| CIVL 4012 | Water Resource Engineering | 10 |
| CIVL 2018 | Water Supply Systems Design | 10 |

Optional Electives

| Subject | Title | Credit Points |
|-----------|---------------------------------|---------------|
| BLDG 4006 | Modern Construction Enterprises | 10 |
| BLDG 4007 | Modern Construction Projects | 10 |

The following subject is an optional elective subject offered to students who are engaged in a School approved project. This subject can be taken during the third year of this program, however, permission is required to enrol in the subject.

| | | |
|-----------|---------------------------|----|
| ENGR 3022 | Special Technical Project | 10 |
|-----------|---------------------------|----|

Minors

Alternate subjects may be used to complete one of the minors listed below.

Geotechnical, Minor (p. 861)

Structures, Minor (p. 999)

Water and Environment, Minor (p. 1017)

Equivalent Subjects

The subjects listed below count towards completion of this program for students who passed these subjects in 2021 or earlier.

MECH 4005 Advanced Engineering Thesis 1: Preliminary Investigations, replaced by ENGR 4037 Advanced Engineering Thesis 1: Preliminary Investigations

MECH 4006 Advanced Engineering Thesis 2: Detailed Investigations, replaced by ENGR 4036 Advanced Engineering Thesis 2: Detailed Investigations

The subjects listed below count towards completion of this program for students who passed these subjects in Autumn 2022 or earlier.

ENGR 1008 - Engineering Materials, replaced by PROC 1008 - Introduction to Materials Engineering

Mid-year intake

| Course | Title | Credit Points |
|-----------------------|--|---------------|
| Year 1 | | |
| Spring session | | |
| MATH 1034 | Mathematics for Engineers 1 (Advanced) | 10 |
| ENGR 1018 | Fundamentals of Mechanics | 10 |
| PROC 1008 | Introduction to Materials Engineering | 10 |
| ENGR 1024 | Introduction to Engineering Practice | 10 |
| Credit Points | | 40 |

Autumn session

| | | |
|----------------------|--|-----------|
| MATH 1035 | Mathematics for Engineers 2 (Advanced) | 10 |
| MECH 2003 | Mechanics of Materials | 10 |
| ENGR 1047 | Advanced Engineering Physics 1 | 10 |
| ELEC 1006 | Engineering Computing | 10 |
| Credit Points | | 40 |

Year 2**Spring session**

| | | |
|---|--|-----------|
| CIVL 2007 | Introduction to Structural Engineering | 10 |
| CIVL 2002 | Environmental Engineering | 10 |
| ENGR 2016 | Pavement Materials and Design | 10 |
| Select one elective | | 10 |
| • Elective unit must be Level 2 or higher | | |
| Credit Points | | 40 |

Autumn session

| | | |
|---|---------------------|----|
| CIVL 3014 | Structural Analysis | 10 |
| CIVL 2003 | Fluid Mechanics | 10 |
| CIVL 2012 | Soil Mechanics | 10 |
| select one elective (level 2 or higher) | | 10 |

Students may transfer to 3740 Bachelor of Engineering (Honours) or 3691 Bachelor of Engineering Science at the end of Year 2 of study.

Students who fail to maintain a minimum GPA of 5.0 at the end of completion of 160 Credit Points, and again at the completion of 200 Credit points will be automatically transferred to the B. Engineering (Honours) (3740) program

Credit Points **40**

Year 3**Spring session**

Optional Electives

| Subject | Title | Credit Points |
|-----------|---------------------------------|---------------|
| BLDG 4006 | Modern Construction Enterprises | 10 |
| BLDG 4007 | Modern Construction Projects | 10 |

The following subject is an optional elective subject offered to students who are engaged in a School approved project. This subject can be taken during the third year of this program, however, permission is required to enrol in the subject.

| | | |
|-----------|---------------------------|----|
| ENGR 3022 | Special Technical Project | 10 |
|-----------|---------------------------|----|

Minors

Alternate subjects may be used to complete one of the minors listed below.

Geotechnical, Minor (p. 861)
Structures, Minor (p. 999)
Water and Environment, Minor (p. 1017)

Equivalent Subjects

The subjects listed below count towards completion of this program for students who passed these subjects in 2021 or earlier.

MECH 4005 Advanced Engineering Thesis 1: Preliminary Investigations, replaced by ENGR 4037 Advanced Engineering Thesis 1: Preliminary Investigations

MECH 4006 Advanced Engineering Thesis 2: Detailed Investigations, replaced by ENGR 4036 Advanced Engineering Thesis 2: Detailed Investigations

The subjects listed below count towards completion of this program for students who passed these subjects in Autumn 2022 or earlier.

ENGR 1008 - Engineering Materials, replaced by PROC 1008 - Introduction to Materials Engineering

Bachelor of Engineering Science

This Major will be offered at Parramatta, Penrith and Sydney City campuses.

Qualification for this award requires the successful completion of 240 credit points, which include the subjects listed in the recommended sequence below.

*** All students undertaking the Bachelor of Engineering Science are required to enrol in MATH 1021 Mathematics for Engineers Preliminary and undertake a readiness test at the beginning of their study.**

The readiness test will be conducted at the beginning of the first semester of enrolment and the result will be used to determine whether a student will remain in MATH 1021 Mathematics for Engineers Preliminary or be transferred by the School to MATH 1016 Mathematics for Engineers 1.

Students remaining in MATH 1021 Mathematics for Engineers Preliminary will be required to complete MATH 1016 Mathematics for Engineers 1 during second semester and will be encouraged to complete MATH 1019 Mathematics for Engineers 2 during the Summer session.

Students who finish MATH 1021 Mathematics for Engineers Preliminary will then use this subject as an elective.

Start-year intake

| Course | Title | Credit Points |
|-----------------------|-----------------------|---------------|
| Year 1 | | |
| Autumn session | | |
| ELEC 1006 | Engineering Computing | 10 |
| ENGR 1011 | Engineering Physics | 10 |

| | | |

Civil, Testamur Major (T033)

Western Sydney University Major Code: T033

Previous Codes: KT3123.1, KT3154.1, KT3159.1, KT7000.1, ST3092.1

Available to students in other Western Sydney University programs?
No

Civil engineering covers the fields of structural design, geotechnical engineering and water engineering, together with infrastructure design and environmental engineering. Graduates will work in the fields of design, construction and management of engineering structures. Projects may cover residential and commercial buildings, highways and airports, water supply and sewerage schemes, etc. You may be an engineer in private industry, government departments, or in city, municipal or shire councils.

Associate Degree in Engineering

Major Structure

| Subject | Title | Credit Points |
|--------------------------------|--|---------------|
| Select three of the following: | | |
| CIVL 2004 | Fluid Mechanics (WSTC AssocD) | 30 |
| CIVL 2008 | Introduction to Structural Engineering (WSTC AssocD) | |
| MATH 1020 | Mathematics for Engineers 2 (WSTC AssocD) | |
| MECH 2004 | Mechanics of Materials (WSTC AssocD) | |
| ENGR 2017 | Pavement Materials and Design (WSTC AssocD) | |
| CIVL 2013 | Soil Mechanics (WSTC AssocD) | |
| CIVL 1003 | Surveying for Engineers (WSTC AssocD) | |

Please note: Offerings of alternate units are dependent on there being sufficient student enrolment numbers. If enrolments are low, the College may cancel delivery of the alternate unit.

Total Credit Points **30**

Bachelor of Engineering (Honours)

Major Structure

Qualification for this award requires the successful completion of 320 credit points, which include the subjects listed in the recommended sequence below.

Full-time start-year intake

* All students undertaking the Bachelor of Engineering (Honours) are required to enrol in MATH 1021 Mathematics for Engineers Preliminary and undertake a readiness test at the beginning of their study.

The readiness test will be conducted at the beginning of the first semester of enrolment and the result will be used to determine whether a student will remain in MATH 1021 Mathematics for Engineers Preliminary or be transferred by the School to MATH 1016 Mathematics for Engineers 1

Students remaining in MATH 1021 Mathematics for Engineers Preliminary will be required to complete MATH 1016 Mathematics for Engineers 1 during second semester and will be encouraged to complete MATH 1019 Mathematics for Engineers 2 during the Summer session.

| Course | Title | Credit Points |
|---|--|---------------|
| Year 1 | | |
| Autumn session | | |
| ELEC 1006 | Engineering Computing | 10 |
| ENGR 1011 | Engineering Physics | 10 |
| ENGR 1024 | Introduction to Engineering Practice | 10 |
| Select one of the following: | | 10 |
| MATH 1021 | Mathematics for Engineers Preliminary | |
| MATH 1016 | Mathematics for Engineers 1 | |
| Credit Points | | 40 |
| Spring session | | |
| MATH 1019 | Mathematics for Engineers 2 | 10 |
| ENGR 1018 | Fundamentals of Mechanics | 10 |
| PROC 1008 | Introduction to Materials Engineering | 10 |

| Select one elective | | 10 |
| *Elective subjects must be level 2 or higher (an exception applies for students completing Mathematics for Engineers Preliminary subject) | | |
| Credit Points | | 40 |
| Total Credit Points | | 320 |

Alternate Subjects

Alternate subjects may be used to complete one of the minors listed below.

| Subject | Title | Credit Points |
|-----------|-----------------------------|---------------|
| CIVL 4001 | Applied Mechanics | 10 |
| CIVL 4002 | Composite Structures | 10 |
| CIVL 3010 | Highway Infrastructure | 10 |
| CIVL 3018 | Hydrogeology | 10 |
| CIVL 4008 | Pile Foundations | 10 |
| CIVL 4010 | Transportation Engineering | 10 |
| CIVL 4009 | Timber Structures (UG) | 10 |
| EART 3005 | Statistical Hydrology | 10 |
| CIVL 4011 | Waste Management | 10 |
| CIVL 4012 | Water Resource Engineering | 10 |
| CIVL 2018 | Water Supply Systems Design | 10 |

Minors

Structures, Minor (p. 999)

Geotechnical. Minor (p. 861)

Water and Environment, Minor (p. 1017)

Replaced Subjects

The subjects listed below count towards completion of this major for students who passed these subjects in 2021 or earlier.

EART 4001 - Surface Water Hydrology (Core unit)

EART 3004 - Hydrogeology (Alternate unit)

CIVL 4014 - Water and Wastewater Treatment (Alternate unit)

Equivalent Subjects

The subjects listed below count towards completion of this program for students who passed these subjects in Autumn 2022 or earlier.

ENGR 1008 - Engineering Materials, replaced by PROC 1008 - Introduction to Materials Engineering

Bachelor of Engineering Science

Optional Elective

The following subject is an optional elective subject offered to students who are engaged in a School approved project. This subject can be taken during the third year of this major, however, permission is required to enrol in the subject.

ENGR 3022 Special Technical Project

Replaced Subjects

The subjects listed below count towards completion of this major for students who passed these subjects in 2019 or earlier.

EART 4001 - Surface Water Hydrology

- Graduate Certificate in Engineering
- Graduate Diploma in Engineering (exit only)
- Master of Engineering

Postgraduate Major Structure

To complete some of the components within the subjects in this major, students may be required to travel to other Western Sydney University campuses.

Civil Major Alternate Subjects

Specialist alternate subject offerings are subject to sufficient student demand and may not be offered annually.

Students enrolled in 3693 Master of Engineering choose seven major subjects from the list below

Students exiting with 3694 Graduate Diploma in Engineering (exit only) choose six major alternate subjects

Students enrolled in 3695 Graduate Certificate in Engineering choose four major alternate subjects

| Subject | Title | Credit Points |
|-----------|---|---------------|
| CIVL 7001 | Advanced Applied Mechanics | 10 |
| CIVL 7002 | Advanced Composite Structures | 10 |
| CIVL 7003 | Advanced Geotechnical Engineering | 10 |
| CIVL 7004 | Advanced Highway Infrastructure | 10 |
| EART 7001 | Advanced Hydrogeology | 10 |
| CIVL 7005 | Advanced Numerical Methods in Engineering | 10 |
| EART 7002 | Advanced Statistical Hydrology | 10 |
| CIVL 7006 | Advanced Structural Analysis | 10 |
| CIVL 7007 | Advanced Timber Structures | 10 |
| CIVL 7008 | Advanced Waste Management | 10 |

| | | |
|-----------|--|----|
| CIVL 7009 | Advanced Water Engineering | 10 |
| CIVL 7013 | Deep Foundations | 10 |
| ENGR 7020 | Sustainability and Risk Engineering (PG) | 10 |
| CIVL 7015 | Water Resources Systems Analysis | 10 |
| CIVL 7017 | Wastewater Treatment and Recycling | 10 |
| CIVL 7018 | Water Treatment and Distribution | 10 |

Clinical Leadership, Testamur Major (T013)

Western Sydney University Major Code: T013

Previous Codes: A4016.1, A4017.1, A4028.1, A4029.1

Available to students in other Western Sydney University programs?
No

The Clinical Leadership major provides students with an opportunity for clinical nurse leaders (nurse clinicians, nurse managers) and aspiring nurse leaders to gain formal education in contemporary clinical leadership to support them to facilitate nursing excellence within the clinical practice environment. Graduates who complete the Clinical Leadership major will be prepared to take on clinical leadership roles such as clinical nurse specialist and clinical nurse consultant.

Graduate Diploma in Nursing (Clinical Leadership) - 60 cp 1 year Pathway

60 credit point Pathway Structure

Qualification for this award requires the successful completion of 60 credit points including the subjects listed below.

| Subject | Title | Credit Points |
|----------------------------|---|---------------|
| HLTH 7002 | Building Organisational Capacity in Health Care | 10 |
| NURS 7019 | Cultural and Social Diversity in Health Care | 10 |
| NURS 7023 | Evidence Based Health Care | 10 |
| PUBH 7018 | Leadership for Quality and Safety in Health Care | 10 |
| NURS 7028 | Leadership in Clinical Practice | 10 |
| PUBH 7020 | Policy, Power and Politics in Health Care Provision | 10 |
| Total Credit Points | | 60 |

Graduate Diploma in Nursing (Clinical Leadership) - 80 cp 1 year Pathway

80 credit point Pathway Structure

Qualification for this award requires the successful completion of 80 credit points including the subjects listed below.

| Subject | Title | Credit Points |
|----------------------------|---|---------------|
| HLTH 7002 | Building Organisational Capacity in Health Care | 10 |
| NURS 7019 | Cultural and Social Diversity in Health Care | 10 |
| NURS 7023 | Evidence Based Health Care | 10 |
| PUBH 7018 | Leadership for Quality and Safety in Health Care | 10 |
| NURS 7028 | Leadership in Clinical Practice | 10 |
| NURS 7040 | Perspectives on Nursing | 10 |
| PUBH 7020 | Policy, Power and Politics in Health Care Provision | 10 |
| Select one elective | | 10 |
| Total Credit Points | | 80 |

Master of Nursing (Clinical Leadership) - 1 year pathway

1 year Pathway

Qualification for this award requires the successful completion of 80 credit points including the subjects listed below.

| Subject | Title | Credit Points |
|--|--|---------------|
| HLTH 7002 | Building Organisational Capacity in Health Care | 10 |
| NURS 7019 | Cultural and Social Diversity in Health Care | 10 |
| NURS 7023 | Evidence Based Health Care | 10 |
| PUBH 7018 | Leadership for Quality and Safety in Health Care | 10 |
| NURS 7028 | Leadership in Clinical Practice | 10 |
| Select one elective | | 10 |
| Select one of the following 20 credit point subjects: | | 20 |
| NURS 7065 | Capstone Experience in Health Care | |
| NURS 7042 | Research Project in Health Care | |
| OR complete the two following 10 credit point subjects: | | |
| NURS 7043 | Scholarship for Practice Change in Health Care | |
| NURS 7045 | Writing for Publication | |
| Total Credit Points | | 80 |

Replaced Subjects

The subjects listed below count towards completion of this major for students who passed these subjects in Autumn 2021 or earlier.

NURS 7008 - Capstone Experience in Health Care, replaced by NURS 7065 Capstone Experience in Health Care

Master of Nursing (Clinical Leadership) - 1.5 year pathway

1.5 year Pathway

Qualification for this award requires the successful completion of 120 credit points including the subjects listed below.

| Subject | Title | Credit Points |
|-----------|--|---------------|
| HLTH 7002 | Building Organisational Capacity in Health Care | 10 |
| NURS 7019 | Cultural and Social Diversity in Health Care | 10 |
| NURS 7023 | Evidence Based Health Care | 10 |
| PUBH 7018 | Leadership for Quality and Safety in Health Care | 10 |
| NURS 7028 | Leadership in Clinical Practice | 10 |
| NURS 7040 | Perspectives on Nursing | 10 |

| | | |
|---|---|------------|
| PUBH 7020 | Policy, Power and Politics in Health Care Provision | 10 |
| Select three electives | | 30 |
| Select one of the following 20 credit point subjects: | | 20 |
| NURS 7065 | Capstone Experience in Health Care | |
| NURS 7042 | Research Project in Health Care | |
| OR complete the two following 10 credit point subjects: | | |
| NURS 7043 | Scholarship for Practice Change in Health Care | |
| NURS 7045 | Writing for Publication | |
| Total Credit Points | | 120 |

Replaced Subjects

The subjects listed below count towards completion of this major for students who passed these subjects in Autumn 2021 or earlier.

NURS 7008 - Capstone Experience in Health Care, replaced by NURS 7065 Capstone Experience in Health Care

Master of Nursing (4722) (p. 669)

Clinical Sciences, Testamur Major (T109)

Western Sydney University Major Code: T109

Available to students in other Western Sydney University programs?
No

The Clinical Sciences testamur major offers study in a suite of clinical health sciences subjects, that prepares students for a clinical health career via additional bachelor or postgraduate study. The subjects have been specifically selected based on the assumed knowledge requirements of graduate-entry clinical health courses such as in physiotherapy, occupational therapy, podiatric medicine and speech pathology. Completion of the Bachelor of Health Science (Clinical Sciences) provides eligibility for admission, to most post-graduate health courses. The subjects in this testamur major are not equivalent to the clinical science subjects of the medicine courses. The Clinical Sciences testamur major is attached to a core suite of health science subjects that focus on professional and ethical conduct, social determinants of health, psychology and evidence-based practice. This ensures a comprehensive foundation for practice in the health sector. Students also complete 80 credit points of electives which they can use to complete a second major, or minors in public health, recreation, exercise and sport development or health management. These flexible study options help diversify the knowledge base and skill set of graduates. The health science core subjects and electives may be available to students online. The program is interdisciplinary in nature and travel between campuses for classes may be required.

Clinical Teaching, Testamur Major (T014)

Western Sydney University Major Code: T014

Previous Codes: A4070.1, A4071.1, A4072.1, A4073.1

Available to students in other Western Sydney University programs?
No

The Clinical Teaching major provides students with an opportunity to gain formal education in clinical teaching to either enhance their existing teaching experience or provide skill development in this area. Graduates who complete the Clinical Teaching major will be prepared to take on a leadership role in clinical teaching in the roles such as clinical nurse educator, nurse educator, clinical nurse specialist and undergraduate placement facilitator.

Major Structure

Graduate Diploma in Nursing (Clinical Teaching) - 60 cp 1 year pathway**60 credit point Pathway Structure**

Qualification for this award requires the successful completion of 60 credit points including the subjects listed below.

| Subject | Title | Credit Points |
|-----------|---|---------------|
| NURS 7064 | Clinical Teaching and Workplace Learning for Competent Practice | 10 |
| NURS 7015 | Clinical Teaching for Learning | 10 |
| NURS 7019 | Cultural and Social Diversity in Health Care | 10 |
| NURS 7023 | Evidence Based Health Care | 10 |
| NURS 7003 | Applied Clinical Practice using Simulation | 10 |
| PUBH 7020 | Policy, Power and Politics in Health Care Provision | 10 |

Total Credit Points 60

Graduate Diploma in Nursing (Clinical Teaching) - 80 cp 1 year pathway**80 credit point Pathway Structure**

Qualification for this award requires the successful completion of 80 credit points including the subjects listed below.

| Subject | Title | Credit Points |
|-----------|---|---------------|
| NURS 7064 | Clinical Teaching and Workplace Learning for Competent Practice | 10 |
| NURS 7015 | Clinical Teaching for Learning | 10 |
| NURS 7019 | Cultural and Social Diversity in Health Care | 10 |
| NURS 7023 | Evidence Based Health Care | 10 |
| NURS 7003 | Applied Clinical Practice using Simulation | 10 |
| NURS 7040 | Perspectives on Nursing | 10 |
| PUBH 7020 | Policy, Power and Politics in Health Care Provision | 10 |

Select one elective 10

Total Credit Points 80

Master of Nursing (Clinical Teaching) - 1 year pathway

Qualification for this award requires the successful completion of 80 credit points including the subjects listed below.

| Subject | Title | Credit Points |
|---|---|---------------|
| NURS 7064 | Clinical Teaching and Workplace Learning for Competent Practice | 10 |
| NURS 7015 | Clinical Teaching for Learning | 10 |
| NURS 7019 | Cultural and Social Diversity in Health Care | 10 |
| NURS 7023 | Evidence Based Health Care | 10 |
| NURS 7003 | Applied Clinical Practice using Simulation | 10 |
| Select one elective | | 10 |
| Complete one of the following 20 credit point subjects: | | 20 |
| NURS 7065 | Capstone Experience in Health Care | |
| NURS 7042 | Research Project in Health Care | |
| OR complete the two following 10 credit point subjects | | |
| NURS 7043 | Scholarship for Practice Change in Health Care | |
| NURS 7045 | Writing for Publication | |
| Total Credit Points | | 80 |

Master of Nursing (Clinical Teaching) - 1.5 year pathway

1.5 year pathway

Qualification for this award requires the successful completion of 120 credit points including the subjects listed below.

| Subject | Title | Credit Points |
|---|---|---------------|
| NURS 7064 | Clinical Teaching and Workplace Learning for Competent Practice | 10 |
| NURS 7015 | Clinical Teaching for Learning | 10 |
| NURS 7019 | Cultural and Social Diversity in Health Care | 10 |
| NURS 7023 | Evidence Based Health Care | 10 |
| NURS 7003 | Applied Clinical Practice using Simulation | 10 |
| NURS 7040 | Perspectives on Nursing | 10 |
| PUBH 7020 | Policy, Power and Politics in Health Care Provision | 10 |
| Select three electives | | 30 |
| Complete one of the following 20 credit point subjects: | | 20 |
| NURS 7065 | Capstone Experience in Health Care | |
| NURS 7042 | Research Project in Health Care | |
| OR complete the two following 10 credit point subjects | | |
| NURS 7043 | Scholarship for Practice Change in Health Care | |
| NURS 7045 | Writing for Publication | |
| Total Credit Points | | 120 |

Cloud Computing, Minor (0128)

Western Sydney University Minor Code: 0128

Previous Code: SM3101.1

Available to students in other Western Sydney University programs?

No

This minor equips graduates with technical skills and theoretical knowledge in the area of cloud computing. This will enable graduates to act not only as operators of cloud infrastructures but also to design cloud solutions for clients based on best practices in the field and deep understanding of underlying technologies and concepts.

Location

| Campus | Mode | Advice |

Composition, Minor (0067)

Western Sydney University Minor Code: 0067

Previous Code: SM1015.1

Available to students in other Western Sydney University programs?

No

Composition develops the creative voice of the composer as distinctive within industry contexts and eclectic in its skill basis and cultural/genre engagement. It does this through developing creative voice awareness, wide contemporary notated composition skills, orchestration and songwriting abilities, as well as improvisation techniques, intercultural awareness, interdisciplinary readiness and collaborative abilities. Collaborative skills are developed including: composer-performer interactivity skills, and songwriting/composition collaborative abilities (lyricists, visual media, dance). Other skills developed include: industry-style pitching abilities, studio sound recording and screen media production skills. Reflective-practice writing skills are honed to identify and resource creativity.

Computational Mathematics, Testamur Major (T118)

Western Sydney University Major Code: T118

Previous Code: MT3040.1

Available to students in other Western Sydney University programs?

No

The power of modern computers adds substantial clout to traditional mathematical and statistical techniques – provided that you know how to make use of the opportunities that computers offer. Building on the Bachelor of Mathematics, this major equips graduates with the skills to make the best use of computational tools. You will learn how to use computers effectively as a mathematician or a statistician, with a focus on efficiency, reliability, and security. These skills are absolutely indispensable if you consider enrolling for an HDR degree, but they will also help you make a case in your next job application.

Construction Engineering, Testamur Major (T132)

Western Sydney University Major Code: T132

Previous Code: MT3052.1

Available to students in other Western Sydney University programs?
No

Construction Engineering consists of core subjects in structural engineering, project management and construction technologies. Graduates will work in the fields of construction, structural design, and project management. Career opportunities include those in the private or public sector on projects covering highways, airports, and residential & commercial buildings. This major includes a mandatory 300 to 450 hour industrial placement as a completion requirement.

Recommended Sequence

This major is included in Bachelor of Engineering Science, Bachelor of Engineering (Honours), Bachelor of Engineering Advanced (Honours) and Bachelor of Engineering (Honours)/Bachelor of Business.

Please follow the recommended sequence for your course as noted below.

Select the link for your program below to see details of the major

Bachelor of Engineering Advanced (Honours)

This Major will be offered at Engineering Innovation Hub – Hassall St, Parramatta City Campus.

Qualification for this award requires the successful completion of 320 credit points, which include the subjects listed in the recommended sequence below.

Start-year intake

| Course | Title | Credit Points |
|-----------------------|--|---------------|
| Year 1 | | |
| Autumn session | | |
| MATH 1034 | Mathematics for Engineers 1 (Advanced) | 10 |

| | | |
|-----------|--------------------------------------|----|
| ELEC 1006 | Engineering Computing | 10 |
| ENGR 1047 | Advanced Engineering Physics 1 | 10 |
| ENGR 1024 | Introduction to Engineering Practice | 10 |

| | |
|----------------------|-----------|
| Credit Points | 40 |
|----------------------|-----------|

Spring session

| | | |
|---------------------|--|----|
| MATH 1035 | Mathematics for Engineers 2 (Advanced) | 10 |
| ENGR 1018 | Fundamentals of Mechanics | 10 |
| PROC 1008 | Introduction to Materials Engineering | 10 |
| Select one elective | | 10 |

- Elective must be Level 2 or higher

| | |
|----------------------|-----------|
| Credit Points | 40 |
|----------------------|-----------|

Year 2**Autumn session**

| | | |
|-----------|-------------------------|----|
| CIVL 1001 | Surveying for Engineers | 10 |
| MECH 2003 | Mechanics of Materials | 10 |
| BLDG 2002 | Building Measurement | 10 |
| CIVL 2012 | Soil Mechanics | 10 |

| | |
|----------------------|-----------|
| Credit Points | 40 |

| CIVL 4009 | Timber Structures (UG) | 10 |

Optional Electives

| Subject | Title | Credit Points |
|---|---------------------------------|---------------|
| BLDG 4006 | Modern Construction Enterprises | 10 |
| The following subject is an optional elective subject offered to students who are engaged in a School approved project. This subject can be taken during the third year of this program, however, permission is required to enrol in the subject. | | |
| ENGR 3022 | Special Technical Project | 10 |

Minors

Construction Economics, Minor (p. 795)
Structures, Minor (p. 999)

Equivalent Subjects

The subjects listed below count towards completion of this program for students who passed these subjects in 2021 or earlier.

MECH 4005 Advanced Engineering Thesis 1: Preliminary Investigations, replaced by ENGR 4037 Advanced Engineering Thesis 1: Preliminary Investigations

MECH 4006 Advanced Engineering Thesis 2: Detailed Investigations, replaced by ENGR 4036 Advanced Engineering Thesis 2: Detailed Investigations

The subjects listed below count towards completion of this program for students who passed these subjects in Autumn 2022 or earlier.

ENGR 1008 - Engineering Materials, replaced by PROC 1008 - Introduction to Materials Engineering

Bachelor of Engineering Science

This Major will be offered at Parramatta, and Penrith campuses.

Qualification for this award requires the successful completion of 240 credit points, which include the subjects listed in the recommended sequence below.

* All students undertaking the Bachelor of Engineering Science are required to enrol in MATH 1021 Mathematics for Engineers Preliminary and undertake a readiness test at the beginning of their study.

The readiness test will be conducted at the beginning of the first semester of enrolment and the result will be used to determine whether a student will remain in MATH 1021 Mathematics for Engineers Preliminary or be transferred by the School to MATH 1016 Mathematics for Engineers 1.

Students remaining in MATH 1021 Mathematics for Engineers Preliminary will be required to complete MATH 1016 Mathematics for Engineers 1 during second semester and will be encouraged to complete MATH 1019 Mathematics for Engineers 2 during the Summer session.

Students who finish MATH 1021 Mathematics for Engineers Preliminary will then use this subject as an elective.

Start-year intake

| Course | Title | Credit Points |
|------------------------------|--|---------------|
| Year 1 | | |
| Autumn session | | |
| ELEC 1006 | Engineering Computing | 10 |
| ENGR 1011 | Engineering Physics | 10 |
| ENGR 1024 | Introduction to Engineering Practice | 10 |
| Select one of the following: | | 10 |
| MATH 1021 | Mathematics for Engineers Preliminary | |
| MATH 1016 | Mathematics for Engineers 1 | |
| Credit Points | | 40 |
| Spring session | | |
| ENGR 1018 | Fundamentals of Mechanics | 10 |
| PROC 1008 | Introduction to Materials Engineering | 10 |
| Select one elective | | 10 |
| Select one of the following: | | 10 |
| MATH 1016 | Mathematics for Engineers 1 | |
| MATH 1019 | Mathematics for Engineers 2 | |
| Credit Points | | 40 |
| Year 2 | | |
| Autumn session | | |
| CIVL 1001 | Surveying for Engineers | 10 |
| MECH 2003 | Mechanics of Materials | 10 |
| BLDG 2002 | Building Measurement | 10 |
| ENGR 3029 | Specialisation Workshop 1 | 10 |
| Credit Points | | 40 |
| Spring session | | |
| ENGR 2016 | Pavement Materials and Design | 10 |
| CIVL 2007 | Introduction to Structural Engineering | 10 |
| BLDG 2001 | Building Estimates and Tendering | 10 |
| ENGR 3030 | Specialisation Workshop 2 | 10 |
| Credit Points | | 40 |

Year 3

Autumn session

| | | |
|----------------------|---------------------------------|-----------|
| ENGR 3013 | Engineering Science Project 1 | 10 |
| CIVL 2012 | Soil Mechanics | 10 |
| BUSM 3077 | Construction Project Management | 10 |
| BLDG 4007 | Modern Construction Projects | 10 |
| Credit Points | | 40 |

Spring session

| | | |
|--------------------------------------|-------------------------------|----|
| CIVL 3017 | Construction Scheduling | 10 |
| ENGR 3014 | Engineering Science Project 2 | 10 |
| CIVL 2002 | Environmental Engineering | 10 |
| Select one elective | | 10 |
| • Elective must be Level 2 or higher | | |

Industrial Experience

| | | |
|----------------------------|--|------------|
| ENGR 2033 | Industrial Experience (Engineering Technologist) | 0 |
| Credit Points | | 40 |
| Total Credit Points | | 240 |

Optional Elective

The following subject is an optional elective unit offered to students who are engaged in a School approved project. This subject can be taken during the third year of this program, however, permission is required to enrol in the subject.

ENGR 3022 Special Technical Project

Equivalent Subjects

The subjects listed below count towards completion of this program for students who passed these subjects in Autumn 2022 or earlier.

ENGR 1008 - Engineering Materials, replaced by PROC 1008 - Introduction to Materials Engineering

Mid-year intake

| Course | Title | Credit Points |
|---|--|---------------|
| Year 1 | | |
| Spring session | | |
| Select one of the following: | | 10 |
| MATH 1021 | Mathematics for Engineers Preliminary | |
| MATH 1016 | Mathematics for Engineers 1 | |
| ENGR 1018 | Fundamentals of Mechanics | 10 |
| PROC 1008 | Introduction to Materials Engineering | 10 |
| ENGR 1024 | Introduction to Engineering Practice | 10 |
| Credit Points | | 40 |
| Autumn session | | |
| Select one of the following: | | 10 |
| MATH 1019 | Mathematics for Engineers 2 | |
| MATH 1016 | Mathematics for Engineers 1 | |
| MECH 2003 | Mechanics of Materials | 10 |
| ENGR 1011 | Engineering Physics | 10 |

Recommended Sequence

Select the link for your program below to see details of the major

Bachelor of Engineering (Honours)

Qualification for this award requires the successful completion of 320 credit points, which include the subjects listed in the recommended sequence below.

*** All students undertaking the Bachelor of Engineering (Honours) are required to enrol in MATH 1021 Mathematics for Engineers Preliminary and undertake a readiness test at the beginning of their study.**

The readiness test will be conducted at the beginning of the first semester of enrolment and the result will be used to determine whether a student will remain in MATH 1021 Mathematics for Engineers Preliminary or be transferred by the School to MATH 1016 Mathematics for Engineers 1

Students remaining in MATH 1021 Mathematics for Engineers Preliminary will be required to complete MATH 1016 Mathematics for Engineers 1 during the Spring session and will be encouraged to complete MATH 1019 Mathematics for Engineers 2 during the Summer session.

Creative Writing, Major (0005)

Western Sydney University Major Code: 0005

Previous Code: M1113.1

Available to students in other Western Sydney University

Programs: Yes. Check that your program has the available credit points required to complete the subjects in this field of study. Any requisite requirements must also be met. Consult your Program Advisor for further advice.

The Creative Writing major provides students the opportunity to produce their own creative writing and to edit and publish their work. Students study with professional authors, editors and publishers from the Writing and Society Research Centre and staff from the School of Humanities and Communication Arts. In addition, students have the opportunity to study contemporary approaches to language and literary studies, including literary criticism and theory, linguistic analysis, genre and textual study, and to read and examine a wide selection of modern and classic literatures. Career prospects include publishing, editing, teaching, writing and advertising.

Major Structure

Students must successfully complete 80 credit points as follows.

Please note all Bachelor of Arts students including Pathways to Teaching, Dean's Scholars and double degrees must complete the structure under the heading Bachelor of Arts.

Please note all Bachelor of Creative Industries students including double degrees must complete the structure under the heading Bachelor of Creative Industries.

This major is available to students in other Western Sydney University programs. If the major is available on your campus, the program structure allows space for enrolment in the major and pre-requisite requirements can be met, please follow the structure under the heading Bachelor of Arts. Consult your Program Advisor for further advice.

Note: Not all subjects will be offered each year. Subjects will be offered on a rotational basis.

Bachelor of Arts Students

| Subject | Title | Credit Points |

Criminology and Criminal Justice, Major (0006)

Western Sydney University Major Code: 0006

Previous Code: M1069.1

Available to students in other Western Sydney University

Programs: Yes. Check that your program has the available credit points required to complete the subjects in this field of study. Any requisite requirements must also be met. Consult your Program Advisor for further advice.

This criminology major offers students the opportunity to study crime and criminal justice in a critical way that particularly stresses social and cultural definitions of criminality and the reactions to it. Areas of focus include criminal justice institutions and practices; the development of criminology as a discipline and its various strands; forms and patterns of victimisation; crime prevention strategies and debates; aspects of juvenile justice; First Peoples and criminal justice; the evolution of prisons and different forms of punishment; law enforcement and surveillance; violence, gender and crime; cultural depictions of crime and contemporary debates in criminology.

Criminology and Criminal Justice, Minor (0006)

Western Sydney University Minor Code: 0006

Previous Code: SM1091.1

Available to students in other Western Sydney University

Programs: Yes. Check that your program has the available credit points required to complete the subjects in this field of study. Any requisite requirements must also be met. Consult your Program Advisor for further advice.

This criminology minor offers students the opportunity to study crime and criminal justice in a critical way that particularly stresses social and cultural definitions of criminality and the reactions to it. Areas of focus include criminal justice institutions and practices; the development of criminology as a discipline and its various strands; forms and patterns of victimisation; crime prevention strategies and debates; aspects of juvenile justice; First Peoples and criminal justice; the evolution of prisons and different forms of punishment; law enforcement and surveillance; violence, gender and crime; cultural depictions of crime and contemporary debates in criminology.
