Reporting questionnaire

Gender equality indicator 1: Gender composition of workforce

This indicator seeks information about the gender composition of relevant employers in a standardised format, to enable the aggregation of data across and within industries. The aggregated data in your workplace profile assists relevant employers in understanding the characteristics of their workforce, including in relation to occupational segregation, the position of women and men in management within their industry or sector, and patterns of potentially insecure employment.

NB. IMPORTANT:

- References to the Act mean the Workplace Gender Equality Act 2012.
- A formal 'policy' and/or 'formal strategy' in this questionnaire refers to formal policies and/or strategies that are either standalone or contained within another formal policy/formal strategy.
- Data provided in this reporting questionnaire covers the TOTAL reporting period from 1 April 2017 to 31 March 2018. (This differs from the workplace profile data which is taken at a point-in-time during the reporting period).
- Answers need to reflect ALL organisations covered in this report.

SAGE Pilot Program

The University is a participant in the Australian pilot of the project Science in Australia Gender Equity (SAGE) program to promote gender equity and gender diversity in science, technology, engineering, mathematics and medicine (STEMM).

The program is based on the Athena Swan Charter, a UK-based evaluation and accreditation framework, which uses a bronze, silver or gold award rating system to assess the gender equity policies and practices of participating institutions. The awards are extremely rigorous and are cumulative, with each award only current for four years.

The pilot program requires a thorough self-assessment of University gender equity policy and practices, and the development of a plan to address any future opportunities for promoting and retaining women in STEMM. The University will use the SAGE program to go beyond gathering data and statistics, and paint an in-depth, qualitative picture on how the University is identifying and developing an inclusive culture. It is envisaged that the insights and initiatives will flow beyond gender equity in science and into non-STEMM disciplines and across professional staff fields. The Application and Action plan will be submitted in March 2019.

Vice Chancellor's Gender Equality Committee

The Vice-Chancellor's Gender Equality Committee is an Advisory Committee to the Vice-Chancellor. The role of the Committee is to promote and improve gender equality at Western Sydney University by:

- developing, implementing and monitoring a Western Sydney University Gender Equality Strategy
- commissioning works and reports and gathering data on gender equality
- recommending targets for improving the representation of women in management and leadership positions
- undertaking policy reviews and special projects
- reviewing and making recommendations to the VC on the Employer of Choice application.

The Committee is also responsible for coordinating reviewing and actioning findings from research undertaken as part of the Gender Equality Fund grants (see below). Stemming from this research the Committee is currently overseeing a project to gain formal accreditation for our University as an ABA breastfeeding friendly workplace. A new staff induction kit, with a focus on gender equity initiatives, has also been developed and a review has been undertaken of access and information around parental leave supports for staff.

Vice Chancellor's Gender Equality Fund

The Vice Chancellor's Gender Equality Fund was established with the aim of facilitating gender equality initiatives and promoting workplace inclusion across our University. Funding is provided for projects that would not normally be funded by Divisions and Schools and provides awards for applicants in two areas: Gender and Equity Research at WSU and Gender Equity Education and Promotion. These grants are promoted and awarded on an annual basis. The current round of applications has seen 6 successful grants which will focus on:

- Listening to and incorporating the voices of casual staff from a diverse range of backgrounds, and building a welcoming, supportive and sustainable workplace
- Exploring ways to elevate women's leadership voices in Higher Education to achieve career longevity and gender parity
- What matters in Academic career progression
- A Gender Unlimited Seminar Series
